THE MINISTRY

The Ministry of Solicitor General and Public Security includes the Department of Solicitor General and Public Security, the Victims of Crime Fund, the Lottery Fund, and the Alberta Gaming and Liquor Commission as entities for budget reporting purposes, as well as the Law Enforcement Review Board, the Criminal Injuries Review Board, the Victims of Crime Programs Committee and the Racing Appeal Tribunal. The Department of Solicitor General and Public Security is comprised of two operational divisions – Correctional Services and Public Security. The Corporate Services Division, Communications, Information Technology, and Human Resources Services provide support services to the ministry. The Alberta Gaming and Liquor Commission (AGLC) ensures that gaming and liquor activities are conducted effectively and with integrity, and in a socially responsible manner. It also endeavours to maximize the economic benefits of gaming and liquor activities in the province for the benefit of Albertans. The AGLC publishes its own business plan and annual report, they can be found on the AGLC website at: www.aglc.ca. The Law Enforcement Review Board is an independent, quasi-judicial body established under the *Police Act* that hears appeals from citizens who have filed a complaint regarding the actions of a police officer and who are not satisfied with the disposition of their complaint. The Criminal Injuries Review Board considers requests for reviews

concerning decisions on applications for financial benefits under the *Victims of Crime Act*. The Victims of Crime Programs Committee makes recommendations on grant applications, with respect to programs and services that assist victims. The Racing Appeal Tribunal hears appeals arising from the rulings or directions of horse racing officials.

SOLICITOR GENERAL AND PUBLIC SECURITY DEPARTMENT SERVICES MODEL

The department delivers integrated services to achieve safe, secure communities by providing leadership, increasing collaboration and integration, and by ensuring accountability.

SIGNIFICANT OPPORTUNITIES AND CHALLENGES

Crime in general has decreased over the past decade. However, with the economic downturn in Alberta, there has been an increase in domestic violence calls to shelters and to police. Organized crime, e.g. gang violence, drug trafficking, and internet fraud is becoming increasingly visible in Alberta and western Canada, and human trafficking is emerging as a reported crime. Today's criminal activity is more complex and sophisticated than ever, with new technologies being used for fraud, identity theft and recruitment.

These trends are particularly challenging, as the government's plan for economic recovery has required a tightening of government spending. The ministry is working with partners, stakeholders and communities throughout the province to address criminal activity and the continued significant representation of Aboriginal people in the criminal justice system. Continued participation in multi-disciplinary justice responses is key to addressing the complex demographic and crime trends. The ministry participates in numerous cross-ministry initiatives and working groups, such as the Safe Communities Secretariat, the Interdepartmental Committee on Family Violence and Bullying, the Justice Policy Advisory Committee, the Oil Sands Secretariat, and the Land Use Secretariat. The ministry rolled out an in-depth pandemic plan and learnings from this initiative are expected to be valuable for ongoing pandemic and disaster planning.

Law Enforcement and Crime Prevention

Law enforcement labour availability will be impacted by officer retirements, enticing opportunities for employment in other sectors, enhanced skill-set requirements, the rising demand for experienced law enforcement personnel from the private sector. Yet, law enforcement personnel face growing public demand for heightened accountability and professionalism, and the stringent requirements of an increasingly complex judicial system.

Ensuring a high level of law enforcement service throughout the province requires cost effective, innovative and collaborative approaches as well as partnerships with other ministries, various law enforcement agencies, and communities. This includes integrated and coordinated delivery of specialized investigative services. The ministry will continue to incorporate provincial training standards and civilian oversight of police to address the public's concerns for enforcement and accountability.

Crime prevention is recognized as an essential part of law enforcement, especially when families and communities are dealing with the stress of increased unemployment. The ministry will continue to assist policing partners and community stakeholders in developing and delivering crime prevention initiatives and programs. This includes programs aimed at reducing criminal activity and victimization among youth, such as drug and alcohol awareness campaigns, protecting personal property, and teaching acceptance and respect for diversity.

Corrections

Inmate populations at provincial correctional centres have increased by nearly 60 per cent since 2000-01, primarily driven by the rising remand population. Supervision of remanded persons is more staff intensive due to unresolved acute addictions, mental health concerns, family conflict and gang-related issues, as well as the anxiety related to the outcome of the charges against them.

Increased enforcement and implemented or planned changes to federal legislation (reflecting the federal justice reform agenda) have increased pressure on Alberta's adult custody population, which is projected to rise another 37 per cent by 2015. The passing of Bill C-25 in late 2009 (limiting credit for time spent in pre-trial custody) may reduce remand pressures somewhat, but will increase sentenced inmate offender populations. Other changes to the Criminal Code will increase pressures in centres housing sentenced inmates, such as the proposed Bill C-42 (restricting eligibility for conditional sentences).

To address current and future population pressures, and changing inmate profiles, the ministry continues implementation of recommendations from the Blueprint for the Future of Corrections. The recommendations include implementing offender behaviour management best practices, training staff in new offender risk and needs assessment tools, replacing current legacy offender management information systems with a new, integrated system, and using innovative technology to expand videoconferencing. Many of these best practices are included in the design of the new Edmonton Remand Centre, scheduled to open in 2012, for which construction is now well underway.

Victims

The ministry continues to collaborate with stakeholders, such as community partners, to increase the province's capacity to deliver specialized services to victims of crime with unique needs, and to provide consistent, timely and relevant services to victims. Alberta has a high number of visible minorities, and the third highest immigrant population in Canada (16 per cent) and has seen an increase in hate crime. Recognizing cultural diversity and creating educational opportunities around tolerance can reduce hate crime violence. As the "baby boomers" age, Alberta may see an increase in elder abuse, although this group is the least likely to be victims of violent crime.

The ministry will continue to focus on increasing public awareness of services available, supporting programs that meet the needs of culturally and linguistically diverse Albertans and increasing the capacity to provide resources to underserved communities. Crime prevention, restorative justice, diversion programs and victim services are all key to reducing reoffending and victimization.

The critical importance of engaging Aboriginal communities to build capacity for safety and security is evident with their rapidly expanding populations, high risk of victimization, and overrepresentation in the criminal justice system. The generally younger age of the Aboriginal population and the high number of risk factors means early intervention and crime prevention programs will help prevent crime and reduce victimization.

Alberta Gaming and Liquor Commission

The economic downturn has impacted the province's gaming and liquor industries as Albertans may be less willing to spend their disposable income purchasing liquor or participating in gaming activities, however the ministry's commitment to social responsibility will continue.

The responsible service and consumption of liquor products will be promoted through programs like ProTect Security Staff training and the ProServe program for staff working in licensed premises. The ministry will continue to promote the safety of patrons in and around licensed premises by working with partners to implement initiatives like the Alberta Alcohol Strategy.

For gaming, the ministry will ensure that charities and communities continue to benefit from the changing gaming landscape in Alberta. Initiatives that encourage responsible gambling will be developed and implemented in conjunction with partners, and current initiatives, like the Voluntary Self Exclusion Program and Responsible Gambling Information Centres, will continue to be offered.

STRATEGIC PRIORITIES

Through the ministry's review of environmental factors, the strategic priorities described below have been identified. These are in addition to the important ongoing core activities of the ministry.

- 1. Law Enforcement Framework**

Linkage:

Goals 1, 2, 3, 4 and 5

Develop a law enforcement framework to more effectively and efficiently coordinate enforcement activities. The framework will address the dimensions of service delivery, governance and funding. Work with stakeholders to implement innovative technology approaches to improve intelligence sharing across programs, linking of first responder radio systems, and increased information sharing through the Alberta Police Integrated Information Initiative. Improve civilian oversight and governance to ensure police and peace officer accountability and to increase public confidence in the criminal justice system.
- 2. Additional police officers**

Linkage:

Goals 1 and 2

Continue to increase the number of police officers in the province to reach the 2008-11 target of 300 additional police officers. Discuss options for achieving this priority with the various policing agencies in the province.
- 3. Reduce crime and support safe communities**

Linkage:

Goals 1, 2, 3, 4, 5 and 7

Through the Safe Communities Secretariat, work with partners, stakeholders and communities to develop a long-term crime reduction and prevention framework that balances prevention, treatment and enforcement. This strategy will include implementation of approved recommendations from the Crime Reduction and Safe Communities Task Force to achieve a future in which Albertans will experience less crime, feel less fearful of crime and have safer communities to live and work.
- 4. Alberta Gang Reduction Strategy**

Linkage:

Goals 1, 2 and 4

As part of the long-term crime reduction and prevention framework, the Safe Communities Secretariat will work with communities, community agencies, educational institutions, law enforcement, and various levels of government to implement the Alberta Gang Reduction Strategy to reduce gang-related crime and violence in Alberta, as well as reduce the influence of gangs within our communities through awareness, prevention, intervention and enforcement strategies.
- 5. Implement the Blueprint for the Future of Corrections**

Linkage:

Goals 4 and 5

Continue the implementation of enhanced offender risk and needs assessment tools and support other risk reduction initiatives in community corrections. Implement leading practices for offender behaviour management, including the use of innovative technology and ensure that inmate programming, discipline and management are consistent with best practices. Continue to address current and projected population pressures in remand and correctional centres and work with justice partners to identify possible solutions to reduce adult custody populations without negatively impacting public safety.

6. Ensure victims of crime have a meaningful role in the criminal justice system

Assist victim service organizations and partners to provide a more meaningful role for victims in the criminal justice system. Work with community partners to improve community resource capacity to respond to victims of crime.

Linkage:

Goal 6

7. Ensure the province's liquor and gaming industries meet the expectations of Albertans

Work with stakeholders and partners to develop and implement initiatives aimed at reducing violence in and around licensed premises and to support a culture of moderation for alcohol consumption in Alberta. Explore all possible technology options regarding the delivery of gaming products while promoting gambling practices and programs that reduce the risk of problem gambling. Consider policy implications from research on the socio-economic impacts of gaming.
