

Alberta Aids to Daily Living

Bulletin #146

Approved product list updates

Alberta Aids to Daily Living (AADL) has made updates to several approved product lists.

Update details

Approved Product List E – Mattress overlays, transfer aids and accessories

- The quantity and frequency of AADL catalogue number E420 was corrected to one every four years.

New: Approved Product List KR – Pediatric recycle equipment and Approved Product List K – Pediatric bathing, toileting and seats

- Pediatric recycle equipment such as standing frames and walkers, which were once part of Approved Product List K – Pediatric equipment, were moved to a new list: Approved Product List KR – Pediatric recycle equipment.
- Approved Product List K was renamed as Approved Product List K – Bathing toileting and seats to more accurately reflect its content.

Approved Product List L – Lifters and accessories

- AADL catalogue number L348 – The name was corrected to Mackworth CP440 portable lift.
- AADL catalogue number L309C – The model was revised to HPL450-S2 HD and the weight capacity adjusted to 450 lbs.

Approved Product List M – Medical-surgical supplies

- AADL catalogue number M023 – This new product is a two-piece high-output ostomy pouch for volumes greater than 500mL. This product can only be authorized by a nurse specializing in wound, ostomy and continence care.
- AADL catalogue number M024 – The description was updated to clarify the item is a one-piece pouch.
- AADL catalogue number M049 – The quantity and frequency limit were corrected to one per ostomy or fistula site every two months.
- Herni-Pro was added as an ostomy pouch approved manufacturer.

Approved Product List W – Wheelchairs: Manual and power

- AADL catalogue number W849 and W116 – Updated information about the manufacturer specification sheet was added.
- AADL catalogue number W324 – The description was updated to remove a reference to the recline option to avoid confusion when ordering.
- AADL catalogue number W752 – The description was updated to remove a reference to the recline option to avoid confusion when ordering.
- AADL catalogue number W753 – The item name was updated to Physipro NEOX, maximum weight capacity and tilt information was updated in the description, and the seat width was updated to 14 – 22”.
- NEW: AADL catalogue number W754 – A new product, Physipro NEOX Dynamic, was added.
- NEW: AADL catalogue number W326A – The product was split into two categories, adult and pediatric. W326A is for adult clients.
- NEW: AADL catalogue number W326P – Previously W326. W326P is for pediatric clients and has the same AADL maximum price as other pediatric manual wheelchairs.
- AADL catalogue number W688 – The product name was updated to Permobil F3 Corpus.
- AADL catalogue number W751 – The product name was updated to Pride Mobility Quantum 4-Front.
