

Alberta Aids to Daily Living

Bulletin #147

Equipment repair labour rates and shipping prices increased

As per the contract between AADL and vendors who repair equipment, Alberta Aids to Daily Living (AADL) has updated the maximum prices it will pay for equipment repair services including labour, shipping and generic parts costs, effective October 1, 2022.

The updated maximum prices can be found in the [AADL Approved Product List ZN – Repair services: Wheelchair and large equipment](#).

The Alberta Blue Cross online health portal has been updated to accept claims up to the new maximum prices.

Retroactive to October 1, 2022

The updated pricing applies to claims with service dates on or after October 1, 2022. Claims already submitted in this time period using the old maximum prices are eligible for adjustment.

Alberta Blue Cross will contact vendors in the coming weeks to process adjustments where applicable. For any questions about claim adjustments please contact the Alberta Blue Cross Provider Support team at 587-756-8629, toll-free at 1-888-828-8738 or by email at HealthServicesAADLInquiries@ab.bluecross.ca.
