Alberta Ambulatory Care Reporting Manual

Introduction

Background

The Ambulatory Care Classification System (ACCS) was developed in Alberta through the Ambulatory Care Classification Project which was in existence from April 1994 – September 1995. The intent of the project was to create a fully integrated ambulatory care patient classification system for acute care facilities. The project began with a review of existing groupers and used these in combination with Alberta data to develop ACCS. In addition to advice and input from ambulatory care clinical experts, Alberta data from several hospitals were used in the grouper development. Data have been collected by the regions for ACCS and submitted to Alberta Health and Wellness since 1997.

The data collected for the ACCS grouper are used to classify ambulatory service recipients into clinical groups with similar resource needs and clinical profiles. The collection of data for the ACCS grouper does not replace MIS (Management Information System) reporting of workload statistics and costs nor does it replace data collection of additional elements required for purposes of management, service recipient satisfaction results or quality assurance.

The major reason underlying ACCS grouper/Minimum Data Set development and subsequent data collection is to provide useful information for utilization analyses and management, for both hospitals and the provincial government. Consistent and accurate collection of these data elements is integral to the ACCS grouper, which is used to develop the Ambulatory Care relative value index (RVI) and subsequently resource allocation through the population based funding formula.

Purpose of the Manual

This manual is intended to outline reporting requirements for Regional Health Authorities (RHAs) collecting the Alberta Ambulatory Care Minimum Data Set, and should be used at information sessions covering the data elements. This manual should be referred to throughout the development, implementation, and maintenance phases of collecting the data elements. The defined set of common data elements collected by the RHAs is described in the Data Elements section where both mandatory and optional elements are outlined.

In addition to the data elements, a fairly extensive listing of coding guidelines and reporting examples is provided. As well, Sections 1 – 7 outline:

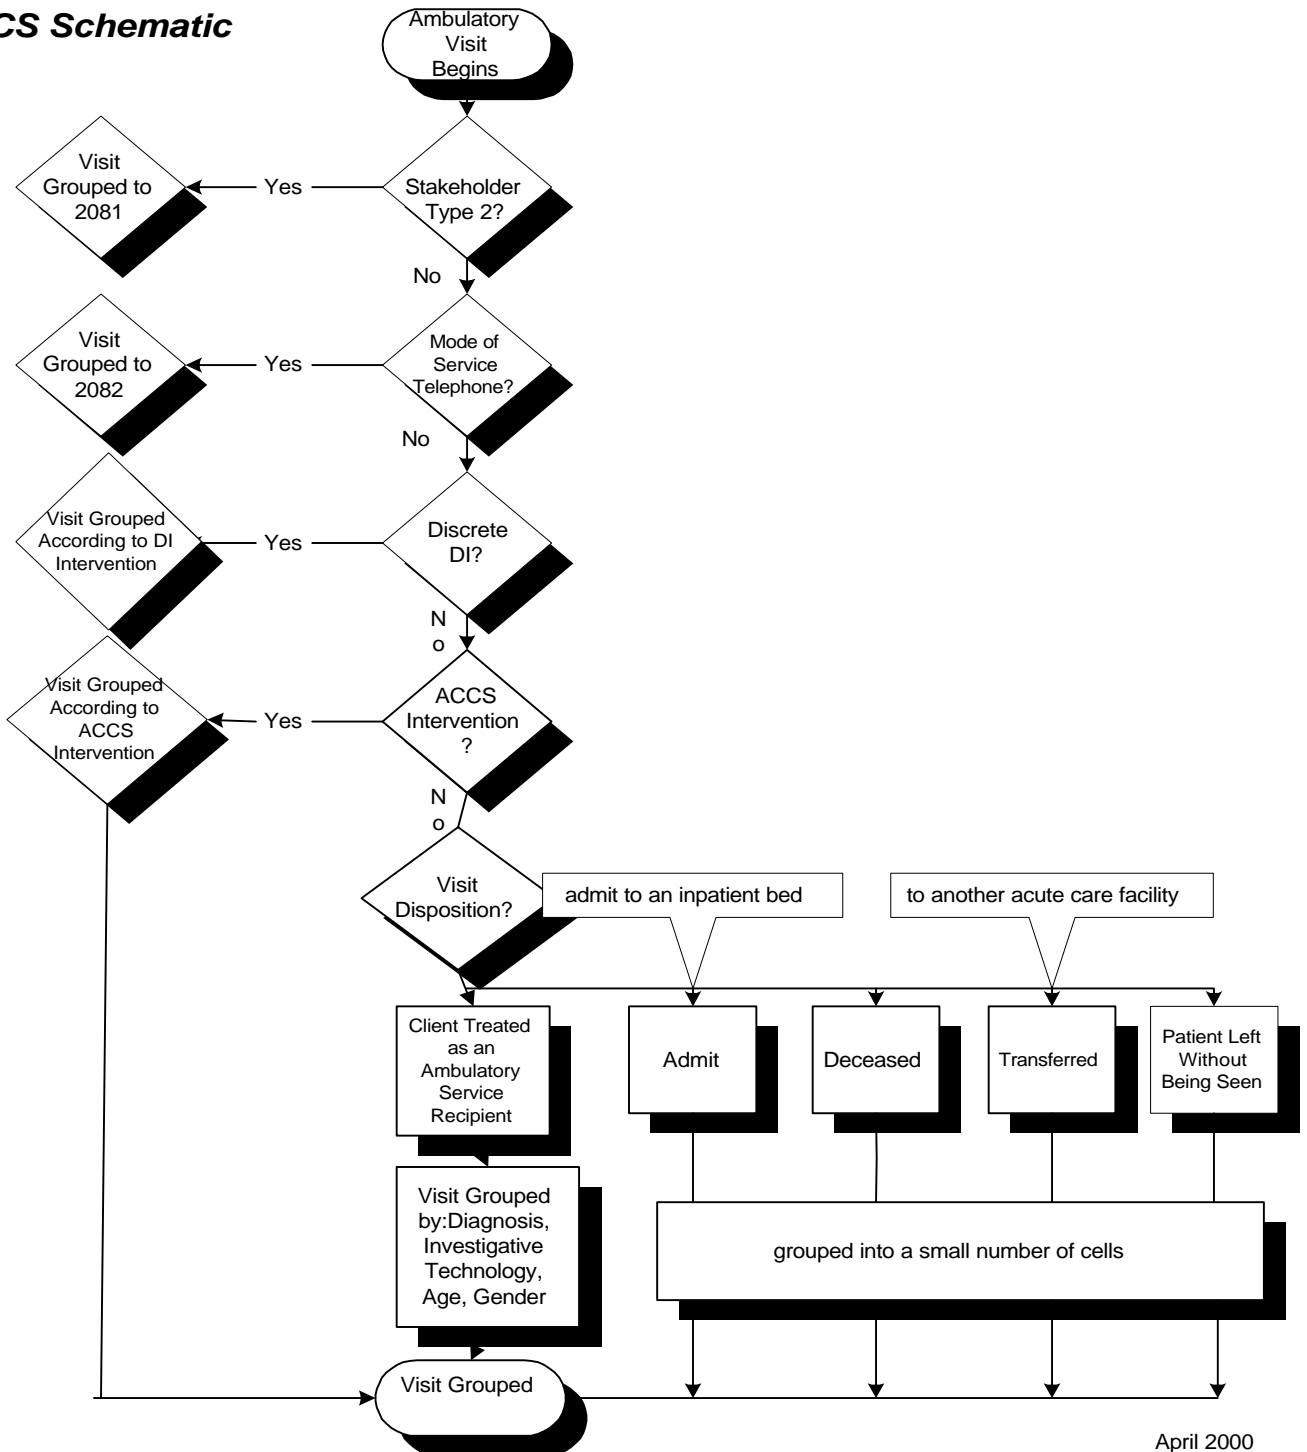

- List of ACCS Grouper Cells and Names
- List of Developed Interventions & Descriptions
- List of ACCS Investigative Technologies
- ICD-9-CM Intervention Codes Valid for use in ACCS
- MIS Primary Accounts Valid for ACCS Reporting

Introduction

- Delivery Organization Listing and the
- ACCS Grouper Logic Schematic

For clarification or further information on any of the reporting requirements, contact Alberta Health & Wellness at (780) 427-7040

ACCS Schematic

April 2000

Introduction

Data Set

The elements included in the data set were chosen to provide maximum flexibility. The goal was to build a data set that could be linked with other data systems. Three kinds of data are required to classify ambulatory care service recipients and evaluate ambulatory care programs:

1. Data required to classify service recipients according to clinical homogeneity (ACCS grouper). All hospitals will submit these data elements in order to have their visits grouped. Examples of these data elements include age, gender intervention/diagnosis code and service recipient disposition.
2. Data needed to develop predicted resource needs. A relative value index (RVI) has been developed for funding and other resource allocation decisions. These RVIs are based on the patient specific costs in ambulatory care programs collected by some costing regions participating in the Alberta Costing partnership.

These costing data include provider type, time taken for service recipient care, resources consumed in terms of diagnostic/supplies/drugs, and other costs in providing care that affect resource needs.

3. The developed RVIs are provincial in nature and applicable to all hospitals.

To enable the Ambulatory Care activity data to be useful in population based funding, additional information regarding patient demographics, service date and provider location are also required to be collected.

Introduction

ALBERTA AMBULATORY CARE MINIMUM DATA SET ELEMENTS

revised: April 2000

MANDATORY ACCS GROUPER DATA ELEMENTS	REQUIRED FOR GROUPING	COMMENTS
Administrative		
1. Province Code		<ul style="list-style-type: none"> Necessary for submission of data.
2. Delivery Organization		
3. Submission Period		
4. Submission Number		
5. Submission Type		
Demographic		
6. Personal Health Number		<ul style="list-style-type: none"> Linkage to claims database and linkage of episode of care in hospitals
7. Responsibility for Payment		<ul style="list-style-type: none"> Used to exclude federal government, WCB, etc.
8. Postal Code		<ul style="list-style-type: none"> Used at regional level Track service flow between regions
9. Birth Date	✓	<ul style="list-style-type: none"> YYYYMMDD Used to calculate age in conjunction with visit date and also for per capita calculations
10. Gender	✓	<ul style="list-style-type: none"> Male Female Other
11. Institution From		<ul style="list-style-type: none"> Indicates service recipients referred in from acute care facility, also tracks service flows between regions
Clinical		
12. Service Visit Date	✓	<ul style="list-style-type: none"> YYYYMMDD Used to calculate age for service recipient classification
13. Physician Number		<ul style="list-style-type: none"> The facility assigned physician number or ULI of doctor responsible for care/treatment of the service recipient
14. Provider Types		<ul style="list-style-type: none"> Mandatory for mental health service recipients; optional for all others
15. MIS Primary Code		<ul style="list-style-type: none"> Identifies the ambulatory care services provided
16. Mode of Service	✓	<ul style="list-style-type: none"> Indicates service is provided face to face, off site, in group therapy, etc.
17. Disposition	✓	<ul style="list-style-type: none"> Identifies service recipient's type of separation
18. Diagnosis Prefix		<ul style="list-style-type: none"> Blank or Q for questionable or query diagnosis

Introduction

MANDATORY ACCS GROUPER DATA ELEMENTS	REQUIRED FOR GROUPING	COMMENTS
19. Main Ambulatory Care Diagnosis	✓	<ul style="list-style-type: none"> • Diagnosis condition, problem or intervention that is the main reason for the visit • For multiple diagnosis, main is the one responsible for the greatest use of resources
20. Secondary Diagnoses	✓	<ul style="list-style-type: none"> • Conditions or problems influencing a service recipient's treatment – maximum of 5 occurrences
21. E-Codes		<ul style="list-style-type: none"> • Mandatory for Emergency service recipients
22. Anesthetic Type	✓	<ul style="list-style-type: none"> • Indicates general, spinal/ epidural, etc.
23. Main Intervention	✓	<ul style="list-style-type: none"> • Identifies intervention performed during a service recipient's visit
24. Other Interventions	✓	<ul style="list-style-type: none"> • Maximum of 9 occurrences
25. Intervention Suffix		<ul style="list-style-type: none"> • Used to further specify an intervention
26. Registration Time		<ul style="list-style-type: none"> • HHMM • Time service recipient registered at facility
27. Disposition Time		<ul style="list-style-type: none"> • HHMM • Time service provider discharges client

OPTIONAL ACCS GROUPER DATA ELEMENTS	COMMENTS
28. Date Visit Completed	<ul style="list-style-type: none"> • YYYYMMDD
29. Triage Level	<ul style="list-style-type: none"> • Applicable only to service recipients seen in Emergency Department
30. Residence Name	<ul style="list-style-type: none"> • First seven letters of the name of the place of residence of the service recipient
31. Doctor Type	<ul style="list-style-type: none"> • Describes role of physician associated with service recipient
32. Doctor Service	<ul style="list-style-type: none"> • Reflects level of training or specialty of physician • Not appropriate to report a doctor service without reporting physician number
33. Chart Number	<ul style="list-style-type: none"> • Aids in service recipient identification
34. Stakeholder Type	<ul style="list-style-type: none"> • Identifies whether the stakeholder is a person or an organization
35. Referral Source	<ul style="list-style-type: none"> • Identifies the type of person or agency making the referral
36. Referred-to Agency	<ul style="list-style-type: none"> • Identifies the type of person or agency to which a service recipient is referred to

Introduction

Progress Report

ACCS data collection has increased from 1998-99 to 1999-2000. The majority of RHAs have indicated they are collecting and submitting over 90% of their ambulatory care activity to Alberta Health and Wellness, with close to 100% collection of Emergency and Day Procedure visits. The following table lists the increases in data submissions on a regional basis from 1998-99 to 1999-2000.

ACCS Data Collection by Region

Region	1998/99 Records Submitted	1999/00 Records Submitted	Change over 1998/99
Chinook	208,899	289,771	80,872
Palliser	122,729	185,542	62,813
Headwaters	92,183	99,749	7,566
Calgary	536,317	696,836	160,519
Region 5	68,312	71,852	3,540
David Thompson	246,195	265,343	19,148

Northwestern	0	9,943	9,943
Total	3,669,667	4,215,085	545,418

Reporting Changes for 2001/2002

The following are the reporting changes for ambulatory care effective April 1, 2001:

- 1. Registration Time** – It is mandatory to report Registration Time for emergency room and day surgery service recipients.
- 2. Disposition Time** – It is mandatory to report Disposition Time for emergency room and day surgery service recipients.
- 3. Provider Type** – It is mandatory to report at minimum the main service provider for emergency room and day surgery service recipients.

Introduction

ACCS Reporting Contacts

Alberta Health & Wellness is fortunate to have two advisory groups to provide input into reporting and coding issues. These advisory groups include representatives from all Regional Health Authorities and should be considered as the first point of contact when reporting issues or questions arise. The two groups are:

- Provincial Ambulatory Care Advisory Group (PACAG)
- Health Record Advisory Committee (HRAC)

A listing of the members of each of these groups is included for your convenience and reference. Please consult these representatives on any issues that may arise. If the issue cannot be resolved at the Regional level, these representatives have the opportunity to bring the concern to the next meeting of the advisory group of which they are a member.

**Coding Guidelines
& Examples**

Coding Guidelines & Examples**Visit Definitions****Ambulatory Care Visit Definition (See Examples 1-13).**

A visit is defined as an attendance at an ambulatory care functional centre during which primary service activities are provided to the service recipient and/or significant other(s) on behalf of the service recipient. If a service recipient receives services from more than one ambulatory care functional centre within a 24 hour period, then each attendance is counted as a separate visit.

Valid codes for clinical data reporting are 713 and some 714 and 715 codes in the Alberta MIS - Primary Chart of Accounts, (see Section 5). There are two exceptions to this guideline:

7112060 Employee Health (valid code for reporting ambulatory care activity)
7135099 Clinical Administration (invalid code for reporting ambulatory care activity)

Mental Health Service Recipient Definition (See Examples 14-16).

Mental Health Service Recipient (for the purposes of reporting mental health intervention information): is an individual who seeks the services offered by a psychiatric or psychological outpatient or community based program under hospital jurisdiction, and as such, psychological or psychiatric treatment is provided by members within the aforementioned programs.

Based on the recommendation of the Provincial Ambulatory Care Advisory Group, data reporting for all mental health service recipients who seek the services offered by a psychiatric or psychological outpatient or community based program will be based on individual **CONTACTS**.

A contact is defined as the occurrence of a face to face or technologically mediated interaction with a mental health service recipient in which the MAJOR intent is to provide psychological or psychiatric treatment.

WHO SHOULD USE MENTAL HEALTH INTERVENTION CODES: The mental health six digit intervention codes developed for ACCS are to be used when care is provided out of an organized mental health program to a mental health service recipient by a mental health service provider.

Coding Guidelines & Examples

Visit Examples – Ambulatory Care

Ambulatory Care Visit Examples 1-13.

The following ambulatory visit examples apply to the reporting of data for the ACCS grouper.

1. Visit By A Service Recipient To Day/Night Care Area

The Day/Night Care area is identified with one ambulatory care functional center code that describes the care provided to the service recipient.

Example: A service recipient has a carpal tunnel release performed in Day/Night Care.

The functional center code is reported at the level the facility uses internally. Only one visit is reported.

INTENT: For ACCS grouper reporting, the services received are not fragmented into operating room, recovery room and pre/post care, and only one visit is reported.

2a. Multiple Visits By Same Service Recipient To Different Ambulatory Care Functional Centres

A service recipient may visit more than one ambulatory care service area within a 24 hour period. Separate visits must be reported for each area providing service recipient care.

Example (i): A service recipient is seen in Emergency with a gastrointestinal bleed. Service recipient is transferred to Day/Night Care for an esophagogastroduodenoscopy.

Report two visits; one for Emergency services and one for Endoscopy services.

Example (ii): A service recipient is seen in the morning at the Ophthalmology Clinic for a cataract. The service recipient went home, but returned later in the day to Emergency after slipping on the sidewalk, and sustaining a fractured thumb.

Report two visits; one for Ophthalmology services and one for Emergency services.

INTENT: A service recipient may attend multiple ambulatory care service areas during a 24-hour period. A separate visit is reported for each attendance at a different service area.

Coding Guidelines & Examples

Visit Examples – Ambulatory Care**2b. Multiple Visits By Same Service Recipient To Same Ambulatory Care Service Area**

A service recipient may visit the same ambulatory care service area more than once in a 24 hour period. Separate visits must be reported for each time an ambulatory care service area provides service recipient care.

Example (i): An elderly service recipient is seen in Emergency at 0700 hours for lightheadedness due to acute viral infection. The same service recipient is seen in Emergency at 1000 hours for laceration sustained in a fall when the service recipient fainted.

This service recipient is seen in Emergency twice within a 24 hour period. Report two visits.

Example(ii): A service recipient was seen 4 times in a 24 hour period for IV therapy treatment.

Report four visits.

INTENT: A service recipient may visit the same ambulatory care service area more than once in a 24 hour period. A separate visit is reported for each time the functional centre provides service to the service recipient.

Coding Guidelines & Examples

Visit Examples – Ambulatory Care

3a. Same Service Recipient Seen By Multiple Service Providers In A Multidisciplinary Clinic (Identified As One Functional Centre)

When a service recipient is seen in a multidisciplinary clinic, separate visits are reported when the clinical services provided are diverse.

Example: A service recipient is seen in a multidisciplinary Cardiac Rehabilitation Clinic. The service recipient is seen by a physician for assessment as well as by a physiotherapist and a clinical nutritionist.

Report three ambulatory care visits.

INTENT: Each contact in which clinical services provided are diverse should be reported as a visit in order to accurately reflect activity and allow for consistent data management.

3b. Same Service Recipient Seen By Multiple Service Providers In One Ambulatory Care Service Area

Generally, only one visit is reported when a service recipient sees several health service providers during an attendance at an ambulatory care area such as Emergency or Day/Night Care. An exception to this is when service providers who are not routinely involved in the provision of service recipient care in that service area, do deliver service recipient care.

Example (i): A service recipient is seen in Surgery clinic by a physician and nurse for assessment of uterine prolapse.

Report one ambulatory care visit.

Example (ii): A service recipient is seen in Emergency by an emergency physician, a nurse and a respiratory therapist for assessment and treatment of an asthma attack.

Report two visits.

Example (iii): A service recipient is seen in Emergency by a general practitioner and a psychologist for assessment and treatment of depression.

Report two visits.

INTENT: A visit to an ambulatory care service area may include contact with a number of service providers and generally only one visit is reported unless care is also provided by a health service provider not routinely involved in the provision of care in that area.

Coding Guidelines & Examples

Visit Examples – Ambulatory Care**4. Service Recipient Seen In Ambulatory Care Service Area And Admitted**

When a service recipient visits an ambulatory care service area and is subsequently admitted, an ambulatory care visit is reported.

Example: A service recipient is seen in Emergency with a diagnosis of myocardial infarction. The service recipient is then admitted to hospital.

This is considered an ambulatory care visit.

INTENT: If a service recipient visits an ambulatory care service area and is then admitted, a visit is reported for the ambulatory care service. The ACCS grouper recognizes unexpected admissions as a high resource element.

5. Service Recipient Left Without Being Seen Or No Show

Although a “true” service is not provided, a visit is reported if a service recipient is registered but leaves prior to being seen. A visit is not reported if a service recipient fails to show for treatment.

Example (i): A service recipient is registered in Emergency, however leaves prior to being seen.

Although a “true” ambulatory care service is not provided, a visit is reported for management purposes, to indicate the number of service recipients leaving prior to being seen. Report a disposition of “9” (Left without being seen) for these scenarios.

Example (ii): A service recipient is scheduled to visit the General Psychiatry Clinic, but fails to show.

This is not considered an ambulatory care visit.

Example (iii): A service recipient is seen in Emergency complaining of a severe headache and receives a comprehensive nursing examination, but leaves prior to seeing a physician.

This is considered an ambulatory care visit.

INTENT: The statistics of service recipients who leave without being seen or are no shows are important management information and provide critical information for quality assurance and service recipient satisfaction reviews. Cases reported with a disposition of “9” (Left without being seen) will not be used as a basis for funding. A visit is reported if the service recipient consumes resources in the ambulatory care service area.

Coding Guidelines & Examples

Visit Examples – Ambulatory Care

6. Service Recipient Referred In From Another Facility (Excluding Laboratory And Investigative Technology Services)

When an inpatient from another facility is seen at an ambulatory care functional center, a visit is reported. The delivery organization at which the service recipient is an inpatient must be identified (i.e. Institution From).

Example(i): A service recipient is an inpatient at one acute care hospital. He/she is referred to the Oncology ambulatory care service area at another acute care hospital.

This is considered an ambulatory care visit (at the ambulatory care service area of the second hospital).

Example(ii): A service recipient is an inpatient at your own acute care facility. He/she is referred to the Rheumatology ambulatory care service area at your facility.

This is not considered an ambulatory visit.

Workload associated with inpatients is captured under MIS for supporting inpatient costs. Inpatient funding "bundles" services provided for inpatients in all settings within the hospital during their stay.

Example(iii): A service recipient is a resident at a nursing home (attached to an acute care facility). He/she is referred to Emergency ambulatory care service area at your facility.

This is considered an ambulatory care visit.

INTENT: Report a visit for an inpatient from another facility to identify the ambulatory care services provided. Do not report a visit to an ambulatory care service area for an inpatient from your acute care facility. The ACCS grouper reporting is intended to record purely ambulatory care visits.

7. Visit By A Service Recipient To A Private Clinic Ambulatory Service Area

When a service recipient attends a private clinic ambulatory care service area, a visit is reported if hospital resources are consumed within the ambulatory care service area.

Example: A service recipient is seen in Dr. Smith's private cardiac clinic at Regional Hospital. Dr. Smith does utilize hospital nursing resources to assist him in assessment and treatment of his service recipients. A record is completed for the visit.

This is considered an ambulatory care visit.

INTENT: A visit is reported if the visit consumes regional resources within the ambulatory care service. If the private clinic is self-funded, ambulatory care visits are not reported. It is assumed that AHCIP will be billed directly by the clinic.

Coding Guidelines & Examples

Visit Examples – Ambulatory Care**8. Other Modes Of Contact - Telephone Visits, Videoconference Visits**

Telephone/videoconference visits are considered to be reportable ambulatory care visits when they replace a face-to-face visit and are worthy of clinical documentation.

Example: A service recipient is contacted by telephone to obtain pre-surgical information from staff in the Pre-Admission Clinic.

Report one visit.

INTENT: Report a telephone/videoconference call as an ambulatory care visit if clinical documentation occurs and all data elements including diagnosis can be completed, i.e. the telephone visit has replaced a face to face visit.

9. Service Recipient Seen By Physician In Consultation

When a service recipient is seen by a physician in consultation, a visit is not reported for the assessment completed by the consultant.

Example: A service recipient is seen in Emergency by an emergency physician for numbness in the left side of the body. A neurologist is called in to complete a consultation to assist in obtaining a definitive diagnosis.

Report one visit.

INTENT: Only the care provided by the emergency physician is reported. The consultation completed by the neurologist is not reported as a visit because the clinical services provided are not considered as diverse. Note that consultations completed by other service providers such as psychologists are reported as separate visits.

10. Service Recipient Seen By Multiple Physicians

When a service recipient is seen by multiple physicians in the same clinic, only the care provided by the service recipient's registered physician is reported as a visit.

Example: A service recipient has a diagnosis of lupus erythematosus and sees a rheumatologist and a dermatologist. The service recipient is registered under the rheumatologist.

Report one visit.

INTENT: A visit is reported only for the rheumatologist as this is the service recipient's registered physician. Other physician's care is not considered diverse.

Coding Guidelines & Examples

Visit Examples – Ambulatory Care

11. Lab Procedures

Laboratory Procedures are not required data elements for the ACCS grouper.

The ACCS grouper assumes the presence of laboratory services and the costs of these are "bundled" into the cells. Hence, clinics, emergencies and procedure rooms are not required to report laboratory tests ordered.

For the purposes of management and funding, Lab services will be bundled into the weights for inpatient and outpatient groupers.

Example: Service recipient is seen in the Family Medicine clinic and receives orders for laboratory work and a chest x-ray. The clinic would report the chest x-ray but not the laboratory work as part of the data elements required for the ACCS grouper.

12. Visits For Diagnostic Imaging Service Only (Discrete DI)

When a service recipient visits an ambulatory care service area and receives diagnostic imaging services only, an ambulatory care visit is reported.

Example (i): A service recipient is seen in a physician's office and asked to go to the hospital to have a DI service performed.

Report a visit when the DI service is performed using the standard ambulatory care minimum data set. Report Mode of Service category "9" – Discrete DI.

Example (ii): A service recipient is seen in hospital A and referred to Hospital B for DI service.

At Hospital A, report an ambulatory care visit. **Note:** Reporting the code for service is not required if the service recipient does not return to Hospital A.

At Hospital B, report a visit when the service is performed using the standard ambulatory care minimum data set. Report Mode of Service category "9" – Discrete DI.

Example (iii): A service recipient is a patient in a long term care facility and is sent to a hospital's Diagnostic Imaging Department for a DI service.

Report a visit when the DI service is performed using the standard ambulatory care minimum data set. Report Mode of Service category "9" – Discrete DI. **Note:** Reporting is the same regardless if the long term care facility is attached or is not attached to the hospital where the DI service is performed.

INTENT: Reporting visits for diagnostic imaging services results in a complete data set of ambulatory care diagnostic imaging activity being available for analysis and funding allocations.

Coding Guidelines & Examples

Visit Examples – Ambulatory Care**13. Visits For Private Clinics**

When a service recipient visits a private clinic for ambulatory care services, a visit is reported if the services provided are funded by the region.

Example (i): A service recipient is seen in a private rehabilitation clinic where services are provided for an injury covered by Workers' Compensation insurance.

A visit is not required to be reported, as regional dollars are not being used to cover the services provided. A visit may be reported by the private clinic if desired.

Example (ii): A service recipient is seen in a private physical therapy clinic for gait training post fracture. The services are covered through the region's funding received from Alberta Health and Wellness.

A visit is reported as regional dollars are used to cover the cost of the services provided.

INTENT: Only those visits seen in private clinics that are covered through regional funding are required to be reported. Reporting other service recipient activity is optional.

Visit Examples – Mental Health Care**Mental Health Care Visit Examples 14-16.**

The following mental health visit examples apply to the reporting of data for the ACCS grouper.

14. Data Reported On A Contact Basis

Example: Service recipient diagnosed with schizophrenia is seen in Psychiatric Ambulatory Care Services by a psychologist for individual therapy and a psychiatric nurse for medication administration.

Report two visits on a contact basis.

INTENT: If a service recipient receives services offered by a psychiatric or psychological outpatient program under hospital jurisdiction, data is reported on a contact basis for each service provider.

Coding Guidelines & Examples

Visit Examples – Mental Health Care

15. Data Reported On A Visit Basis

Example: Service recipient is seen in the Emergency Department by Family Practitioner and nursing personnel. Diagnosis of depression is made and medication prescribed.

Report one ambulatory care visit.

INTENT: If a service recipient receives services outside of a psychiatric or psychological outpatient program under hospital jurisdiction, data is reported on a visit basis. This is considered an ambulatory care service recipient, not a mental health service recipient.

16. Use Of Mental Health Intervention Codes

Example (i): An occupational therapist provides treatment to a mental health service recipient out of an organized mental health program.

This is considered as a mental health service recipient. The occupational therapist would use the six digit mental health intervention codes rather than the six digit rehabilitation intervention codes.

Example (ii): A General Practitioner treats a service recipient diagnosed with depression in the Emergency Department.

This is considered as a non mental health service recipient. The General Practitioner would not use the six digit mental health intervention codes.

INTENT: A mental health service provider working out of a mental health program, attending a mental health service recipient, should use the six digit mental health intervention codes.

Coding Guidelines & Examples

Coding Guidelines - Diagnoses Coding**I. Use the most pertinent ICD-9-CM code(s) from 001.0 to V82.9 to identify diagnoses, signs, symptoms, conditions, complaints, problems, or other reasons for the ambulatory care service being provided.**

- A. The Health care providers should document the service recipient's condition using terminology which best describes the specific diagnoses, symptoms, problems, or reason for the service.

The most frequently-used codes to describe the reason for the service will be the codes 001.0 to 999.9 from the section of *ICD-9-CM* for the classification of diseases and injuries.

When an **established** or probable diagnosis is not documented, codes 780.0-799.9 that identify symptoms and signs (as opposed to diagnoses) from Chapter 16 of *ICD-9-CM*, Symptoms, Signs and Ill-defined Conditions, are used.

- B. When circumstances other than a disease or injury are recorded as the reason for service, codes V01.0 to V82.9, Supplementary Classification of Factors Influencing Health Status and Contact with Health Services, are used. If known, coding the underlying condition requiring the service is encouraged.

Example (i):

Service recipient is seen for reprogramming of a cardiac pacemaker for Sick Sinus Syndrome.

Assign V53.31, Adjustment of cardiac pacemaker, first, then 427.81, Sick Sinus Syndrome, as a secondary diagnosis.

Example (ii):

Routine follow-up care following surgical intervention for change of dressings, checking wound healing process, or removal of sutures and no mention of infection or other complications.

Assign V58.3, Attention to surgical dressings and sutures.

Coding Guidelines & Examples

Coding Guidelines - Diagnoses Coding

Example (iii):

Service recipient is seen for prophylactic vaccination for rubella.

Assign V04.3, Need for prophylactic vaccination, rubella alone.

Example (iv):

Service recipient is seen after the initial treatment of a fracture during the fracture-healing period.

Assign V54.8, Other orthopedic aftercare, first, then the 800 fracture code as the secondary diagnosis.

II. Code diagnoses documented as probable, or to be ruled out but not established, with a diagnosis prefix of “Q”. (query diagnoses).

Example:

Service recipient is seen for headache at which time the physician notes a questionable right-sided weakness. A CT scan is ordered and physician documents “rule out brain tumor.”

Assign Q239.6, Neoplasms of unspecified nature, brain. (Do not code right-sided weakness in this instance.)

Signs and symptoms that are followed by contrasting or comparative diagnoses should be coded so that a symptom is the Main Ambulatory Care Diagnosis. Code also all the contrasting diagnoses as suspected diagnoses.

Example:

Service recipient is seen for chest pain. The physician is unsure of the cause of the pain and documents “chest pain, due to either angina or esophageal spasm.”

Assign 786.50, Chest pain, unspecified, first, then Q413.9, Other and unspecified angina pectoris, and Q530.5, Dyskinesia of esophagus, as secondary diagnoses.

Coding Guidelines & Examples

Coding Guidelines - Diagnoses Coding

- III. Code and report chronic diseases and conditions treated on an ongoing basis as many times as the service recipient receives related care.**

Example:

Service recipient with rheumatoid arthritis is seen repeatedly in Rheumatology Clinic.

Assign 714.0, Rheumatoid arthritis regardless of the number of visits recorded.

- IV. For ambulatory surgery, code the diagnosis for which the surgery was performed. If the postoperative diagnosis is different from the preoperative diagnosis, select the postoperative diagnosis for coding.**

Example:

Service recipient with clinical assessment of appendicitis has appendectomy. Results from surgery state a normal appendix.

Assign 789.0, Other symptoms involving abdomen and pelvis.

- V. For service recipients receiving therapeutic services¹ only, the appropriate V code for the service is sequenced first. If documented, the diagnosis or problem previously established is coded as a secondary diagnosis.**

Example (i):

Service recipient with obesity is seen for dietary counseling.

Assign V65.3, Dietary Surveillance and Counseling, first, then 278.00, Obesity, unspecified, as the secondary diagnosis.

Example (ii):

Cancer service recipient is seen solely for chemotherapy.

Assign V58.1, Chemotherapy, first, then code the malignancy second.

¹ Therapeutic services include those services provided by Clinical Nutrition, Physical Therapy, Occupational Therapy, Social Work, etc.

Coding Guidelines & Examples

Coding Guidelines - Diagnoses Coding

Example (iii):

Service recipient with chronic renal failure is seen solely for hemodialysis.

Assign V56.0, Extracorporeal dialysis, first, then 585, Chronic renal failure, as the secondary diagnosis.

Example (iv):

Service recipient is seen for physiotherapy after a current cruciate ligament tear.

Assign V57.1, Other physical therapy, first, then 844.2, Sprains and strains, cruciate ligament of knee, as the secondary diagnosis.

NOTE: The codes to be used as the main ambulatory care diagnosis for the rehabilitation disciplines are as follows:

Audiology	V721
Physical Therapy	V571
Occupational Therapy	V5721
Recreational Therapy	V5789
Speech Language Pathology	V573
Respiratory	V570

VI. For service recipients receiving diagnostic services² only, the appropriate V code for the examination is sequenced first. If documented, the diagnosis or problem for which the services are being performed is sequenced second.

Example:

Service recipient was referred to the hospital Diagnostic Imaging Department for an MRI of the head with the reason for the examination identified as query multiple sclerosis.

Assign V72.5, Radiological examination, not elsewhere classified, first then Q340, Multiple sclerosis, as the secondary diagnosis.

Note: All Discrete Diagnostic Imaging visits should have V72.5 reported as the main ambulatory care diagnosis.

² Diagnostic services include diagnostic testing such as diagnostic imaging, exercise stress test, Holter monitor, ECG, EMG, pulmonary function test, etc.

Coding Guidelines & Examples

Coding Guidelines - Diagnoses Coding

- VII Use the V-codes from category V72.8, Other specified examinations, for service recipients receiving preoperative evaluations only, sequenced first.**

The code(s) for the condition describing the reason for the surgery and any findings from the evaluation are sequenced as secondary diagnoses.

Example:

Service recipient diagnosed with cholelithiasis is seen in Preoperative Assessment Clinic and a preoperative chest x-ray is ordered.

Assign V72.83, Other specified preoperative examination, first, then 574.20, Cholelithiasis, as the secondary diagnosis.

- VIII. Code routine follow-up visits after completed treatment to category V67, Follow-up examinations. Assign the V-codes for history of the disease or status, if applicable, as secondary diagnoses.**

Example:

Service recipient 3-years' post-mastectomy is seen for routine check.

Assign V67.0, Follow up examination following surgery, first, then V10.3, Personal history of malignant neoplasm, breast.

Coding Guidelines & Examples

Coding Guidelines - Injury Coding

Current Injury

A newly diagnosed injury where intended initial intervention may or may not have commenced but has not yet been completed.

Aftercare

Care for service recipients who have already been treated for an injury and are receiving care to consolidate the treatment, to deal with residual states, or to prevent recurrence.

Follow-up

Surveillance only following completed treatment.

Late Effect

A current condition in the service recipient that is caused by a previous condition, illness or injury. The previous condition is no longer present.

Old/Non Current

Injury for which the initial intended treatment has been completed. Intended initial treatment can be medical or surgical and also can be a multi-stage process.

- **Determination of the correct category is based on the course of the treatment and is independent of time frames.**
- **Use of the terminology “follow-up” by physicians does not always indicate a follow-up code should be used.**
- **Often physicians will give a diagnosis of a current injury when the reason for the visit is aftercare or follow-up.**

Examples of Injury Coding

1. *Service recipient presents to the Emergency Department with a foreign body, eye. After assessment diagnosis of corneal abrasion is made, foreign body is removed and eye patch applied.*

CODE AS CURRENT INJURY

Service recipient presents to Emergency Department two days later for recheck. Patch is removed, eyedrops instilled and eye repatched.

CODE AS AFTERCARE (treatment has not yet been completed)

Coding Guidelines & Examples

Coding Guidelines - Injury Coding

Service recipient returns to Emergency Department the following day for reassessment. Patch is removed and abrasion is healing.

CODE AS FOLLOW-UP

- Service recipient presents to the Emergency Department with a foreign body, eye. After assessment diagnosis of corneal abrasion is made, foreign body is removed and eye patch applied.*

CODE AS CURRENT INJURY

Service recipient returns to Emergency Department the following day for reassessment. Patch is removed and rust ring is found. Eye is repatched.

CODE AS LATE EFFECT (following late effect coding guidelines)

Service recipient returns to Emergency Department the following day for reassessment. Patch is removed and abrasion is healing.

CODE AS FOLLOW-UP

- Service recipient presents to the Emergency Department with a foreign body, eye. After assessment diagnosis of corneal abrasion is made, foreign body is removed and eye patch applied.*

CODE AS CURRENT INJURY

Service recipient presents two weeks later to the Emergency Department with foreign body sensation. Examination reveals retained intraocular foreign body which is then removed.

CODE OLD/NON CURRENT INJURY

Service recipient returns to Emergency Department the following day for reassessment. Patch is removed and abrasion is healing.

CODE AS FOLLOW-UP

- Service recipient presents to Emergency Department with a knee injury following a skiing accident. On examination, diagnosed with a torn anterior cruciate ligament.*

CODE AS CURRENT INJURY

Service recipient is admitted as an inservice recipient and repair of ligament is performed. Four weeks later, service recipient attends orthopedic outservice recipient clinic for post-op check.

CODE AS AFTERCARE

Coding Guidelines & Examples

Coding Guidelines - Injury Coding

Two months following surgery, the brace is removed in the orthopedic outservice recipient clinic.

CODE AS AFTERCARE

Service recipient presents to clinic in two weeks for final assessment and no problems found.

CODE AS FOLLOW-UP

5. *Service recipient presents to the Emergency Department with a knee injury following a skiing accident. On examination, diagnosed with a torn anterior cruciate ligament. A Jones bandage is applied and service recipient is referred to family physician for follow-up*

CODE AS CURRENT INJURY

Eight months later, the service recipient is admitted to day surgery for repair of ligament.

CODE AS OLD/NON CURRENT INJURY

Coding Guidelines & Examples**Coding Guidelines - Intervention Coding***Intervention Definition*

Includes all therapeutic, (generally performed in an operating room), diagnostic and clinical interventions.

Fundamental Guidelines For Coding Interventions

1. Use the most pertinent *ICD-9-CM* code(s) from 00.01 to 99.99 and the ACCS developed interventions (see Section 2) to identify the interventions performed.
2. For data reporting purposes, interventions are sequenced in order of the most significant to least significant.
3. The intervention with the highest weight is the one *ICD-9-CM* code considered to be the most **significant** intervention performed during the service recipient's visit (the ACCS grouper will loop through interventions to determine the highest weighted intervention).
4. When two interventions are both considered to be most significant, select the intervention that relates to the Main Ambulatory Care Diagnosis as the most significant.
5. Additional interventions have been developed on a limited basis to supplement certain areas of *ICD-9-CM*. See Section 2.
6. Ten (10) interventions may be reported.

Example (i):

Service recipient admitted with a diagnosis of senile cataract; phacoemulsification of cataract and insertion of lens prosthesis was performed in the operating room.

Assign: 13.41, Phacoemulsification and aspiration of cataract
13.71, Insertion of intraocular lens prosthesis

Example (ii):

Service recipient admitted for menometrorrhagia and subsequent bilateral tubal ligation.

Assign: 69.09, Other dilation and curettage
66.32, Other bilateral ligation and division of fallopian tubes

Coding Guidelines & Examples

Coding Guidelines - Intervention Coding

Example (iii):

Service recipient admitted for gastroscopy, but intervention was not carried out as service recipient required immediate admission following a severe allergic reaction.

Assign: 00.01, Operation abandoned before onset
44.13, Gastroscopy (with an intervention suffix of “8”)

The following are the generic Investigative Technology ICD-9-CM codes that may be used for diagnostic imaging investigation.

(a) Chest x-ray is performed.

Assign: 87.44 – Routine Chest x-ray so described

(b) Other x-ray is performed.

Assign: 88.39 – X-ray, Other and Unspecified

(c) Ultrasound is performed

Assign: 88.79 – Other diagnostic ultrasound

(d) Mammogram is performed.

Assign: 87.37 – Other mammography

NOTE: As an alternative, the specific Investigative Technology ICD-9-CM codes in Section 3 may be assigned.

Insert Tab: Data Elements

Mandatory Data Elements

*Example (ii): The service recipient visited Day/Night care on May 06.
Submission Period = 02*

*Example (iii): The service recipient visited and was registered in Day/Night care on June 30 at 1800 hours and was discharged on July 1 at 0800 hours
Submission Period = 03*

4. SUBMISSION NUMBER

The submission number identifies the number of each abstract (visit) within a submission period. The abstracts must be consecutively numbered within a submission period, beginning with abstract 000001 and not exceeding 999999.

*Example : Abstract number 2
000002*

5. SUBMISSION TYPE

The one digit field identifies the type of data that is being submitted (on the abstract). There are three types of data submissions:

Legend

- A** Add record.
- C** Change record.
- D** Delete record.

6. PERSONAL HEALTH NUMBER

The Personal Health Number (PHN) is the service recipient's unique health care coverage number as assigned by the Provincial Government of Residence. This field is completed for all residents of Canada. The field may be 12 characters in length, and must be right justified.

There are two options for indicating that a PHN is not available:

Mandatory Data Elements

Option One

A one-digit code of 0 is entered (right justified):

- a. If a service recipient has forgotten his or her personal health number at home and the health number is not available.
- b. If the service recipient is from a country other than Canada.

Option Two

A one-digit code of 0 or 1 is entered (right justified):

- a. Enter 0 if a service recipient is from Alberta and does not have health insurance or if the PHN is not available.
- b. Enter 1 if a service recipient is from out of province with an unavailable PHN, out of country, Federal government coverage (eg. RCMP), or there is no health insurance from the province of residence.

Example (i): J. Blackburn's PHN (Alberta)
_____634571230

Example (ii): A. Peterson's PHN (Newfoundland)
987654321012

Example (iii): R. Johnson is an Alberta resident and forgot his PHN at home
_____0

Example (iv): P. Mathews is a Saskatchewan resident and does not have his PHN with him
_____1 (using option 2)

Mandatory Data Elements

The field length for each provincial health number is as follows:

Alberta	9 digit Personal Health Number
British Columbia	10 digit Personal Health Care Number
Manitoba	6 digit Manitoba Health Registration Number
New Brunswick	9 digit Medicare Number
Newfoundland	12 digit Medical Care Plan Number
Northwest Territories	7 digit Health Care Number
Nunavut	7 digit Health Care Number
Nova Scotia	10 digit Medical Insurance Number
Ontario	10 digit Health Care Number
Prince Edward Island	8 digit Health Care Number
Quebec	12 digit Health Care Number
Saskatchewan	9 digit Hospital Service Number
Yukon Territory	9 digit Health Care Number

7. RESPONSIBILITY FOR PAYMENT

The payment code is a one digit code which identifies the responsibility for payment.

- 0** Provincial Government
 - Residents of Alberta covered by Alberta Health Care Insurance Plan.
- 1** Federal Government
 - Service recipients fully covered by the Federal Government of Canada. This applies to RCMP, Canadian Armed Forces, Inmates of Federal Penitentiaries, Veterans hospitalized for recognized service - related conditions.
- 2** Workers' Compensation Board
 - Service recipients covered by the Workers' Compensation Board of Alberta or by any province/jurisdiction.

Mandatory Data Elements

- 3** Insured Non-Residents of Alberta/Residents of Canada
 - A non-resident of Alberta who is a resident of another province or territory of Canada, and whose payment is covered by another provincial plan. Also included are new residents of Alberta who are still covered by the hospitalization plan of the province or territory from which they came.

- 4** Non-Residents of Canada
 - Non-Residents of Alberta who are also non-residents of Canada. Included are those persons who are present in Alberta as tourists, transients or visitors from other countries.

- 5** Uninsured Residents of Alberta
 - Service recipients who are permanent residents of Alberta, but not covered under AHCIP because they opted out or failed to register.

- 6** Insured, Non-Provincial Responsibility
 - Hospitalization is charged directly to an insured resident because the Provincial Plan deems the care provided is not hospital care recognized by the plan.

- 7** Uninsured Non-Residents of Alberta/Residents of Canada
 - Non-resident of Alberta who is a resident of another province or territory of Canada and whose payment is not covered by another provincial plan.

- 9** Special Government Funded Program
 - Service recipients whose care is charged in part or in whole to a special government program (e.g. Program Unit Funding – PUF, Student Health Initiative Partnership – SHIP)

Mandatory Data Elements

8. POSTAL CODE

The service recipient's postal code is a catchment number as assigned by Canada Post. Field is six characters in length, and alphanumeric.

1. For residents of the province of Alberta the postal code should be completed, unless the resident is identified as having no fixed address, and does not have a general delivery mailing address. The postal code is then captured as T1T 1T1.
2. If the postal code cannot be obtained (and the service recipient does have an address), the postal code is then captured as 08.

The following two-digit codes are used to identify the province of residence (right-justified).

Newfoundland	00
Prince Edward Island	01
Nova Scotia	02
New Brunswick	03
Quebec	04
Ontario	05
Manitoba	06
Saskatchewan	07
Alberta - use only if unable to obtain a postal code	08
British Columbia	09
Northwest Territories	10
Yukon	11
United States	12
Other Country	13
Nunavut	15

Mandatory Data Elements

*Example (i): The service recipient is a resident of Alberta but has no fixed address. His general mailing address is T9H 3E2.
The code assignment is T9H 3E2.*

*Example (ii): The service recipient is a resident of Alberta but has no fixed address and no mailing address.
The code assignment is T1T 1T1.*

*Example (iii): The service recipient is a visitor from Saskatchewan and cannot remember his postal code.
The code assignment is 07.*

*Example (iv): The service recipient is a resident of Alberta, however, for whatever reason, the postal code cannot be obtained.
The code assignment is 08.*

9. BIRTH DATE

The service recipient's birth date identifies when the service recipient was born. Field is eight characters in length, and format is YYYYMMDD (year, month, day).

1. If the year of birth is known but not the month and day, record the first day of the first month.
2. If no part of the birth date is known and no estimate of the age can be made, assign the proxy date of January 01, 1901.

*Example (i): The service recipient was born on July 27, 1964.
1964 07 27*

*Example (ii): The service recipient was born in 1960. Month and day were unavailable.
1960 01 01*

Example (iii): No part of the service recipient's birth date is available, and no age was estimated.1901 01 01

10. GENDER

The gender is a one-digit code identified as follows:

- M** Male
- F** Female
- 0** Other

Mandatory Data Elements

11. INSTITUTION FROM

The institution from number is used when a service recipient is transferred from an acute care facility (by ambulance) to another acute care facility for treatment or hospitalization. (Ambulances include all licensed ambulances, interfacility transfer service units and air ambulances having the capability of providing medical intervention to a service recipient en route to the destination).

The acute care facility number must be a four digit, provincially assigned number indicating the facility the service recipient was transferred from. This **does not include** transfer of a service recipient from inpatient to an ambulatory care service in your own facility. (Please see Section 6 for delivery organization numbers).

Example (i): The service recipient is transferred from General Hospital Emergency Department to Sunshine Hospital Endoscopy Day/Night care. Sunshine Hospital records the General Hospital's ambulatory care number as institution from.

General Hospital Ambulatory Care # - 8150

Example (ii): The service recipient is transferred from General Hospital Inpatient Unit to Regional Hospital's Cardiac Clinic. Regional Hospital records General Hospital's inpatient number as institution from.

General Hospital's Inpatient # - 0150

12. SERVICE VISIT DATE (DATE OF SERVICE)

The visit date is the calendar date that a service recipient receives an ambulatory care service (year, month, day). In the case of service recipients seen multiple times (e.g. therapeutic specialties), the date the service recipient is seen is the visit date.

Example (i): The service recipient was registered in the Emergency Department at 2300 hours on June 30, 2000 and was assessed and treated at 0100 hours, July 1, 2000.

Visit date is 20000630

Example (ii): The service recipient was seen in Rehabilitation Services for treatment on consecutive days for a ten day period.

Each date the service recipient was seen is the visit date.

Mandatory Data Elements

13. PHYSICIAN NUMBER (may report a maximum of 5)

The Physician Number is the Personal Health Number (PHN) OR the region/facility assigned number of the physician responsible for the care and treatment of the service recipient at the ambulatory care service. The first Physician Number reported should be that of the physician considered the most responsible for the care of the service recipient, and is mandatory to report when the service recipient is seen by a physician. Reporting additional Physician Numbers, to a maximum of four, is optional.

If the service recipient is not seen by a physician, this field is left blank.

Example (i): Dr. Jones repaired Mr. Doe's hernia in Day/Night care. He is the physician responsible for Mr. Doe's care. His Physician number is 345678910. Enter 345678910

Example (ii): Mr. MacDonald was seen in the Diabetic clinic by Nurse Jones who is responsible for his diabetic education. Mr. MacDonald was not seen by a physician. The Physician Number is left blank.

**14. PROVIDER TYPES
(5 Provider Types allowed for non-mental health service recipients)**

The provider type is a four digit code which identifies providers responsible for providing a clinically relevant type of service during a visit. (See listing on following page).

Provider Type is mandatory to report for mental health, emergency room and day surgery service recipients and optional to report for all other service recipients. A maximum of five Provider Types may be reported for one ambulatory care visit for non-mental health service recipients.

Emergency room & day surgery visits– report at minimum the main service provider.

1. Include all multiple providers of the same profession.
2. The same provider should be recorded only once for a visit.
3. Exclude laboratory technicians.
4. Exclude clerk/secretarial support.
5. Exclude health service providers listed below if they are performing a support function.
6. The provider types in italics and bolded are the required providers to be reported for mental health service recipients.
7. Five provider types may be submitted to Alberta Health & Wellness.

Mandatory Data Elements

Valid primary and secondary provider types are identified as follows:

3141	Audiologist	5221	Ophthalmic Photographer
9988*	Audiology Aide/Assistant	3235	Ophthalmic Technician
3235	Audiology Technician	3414	Orthopaedic Technician
3217	Cardiology Technician	3219	Orthotist
6473	Child Care Assistant	4154	Pastoral Care
4164	Child Care Program Planning Officer	3131	Pharmacist
4212	Child Care Worker	3112	Physician
4165	Child Health Care Program Planning Officer	3142	Physical Therapist
3122	Chiropractor	6631	Physiotherapy Aide/Assistant
3132	Clinical Dietitian	3123	Podiatrist
3223	Dental Technician	9990*	Psychiatrist
3113	Dentist	4151	Psychologist
9993*	Dialysis Assistant	4169	Psychometrist
9994*	Dialysis Technician	3215	Radiation Therapist/Radiological Technician
6631	Dietary Aide	3111	Radiologist
3219	Dietary Technician	9992*	Recreational Aide/Assistant
3218	EEG Technician	3144	Recreational Therapist
3234	Emergency Medical Technician	3152	Registered Nurse
9995*	EMG Technician	9989*	Registered Psychiatric Nurse
9996*	ENG Technician	9991*	Resident
9985*	Kinesiologist	9987*	Respiratory Aide/Assistant
3413	Licensed Practical Nurse	3214	Respiratory Technician
9997*	Medical Student	3214	Respiratory Therapist
4212	Mental Health Therapist	4152	Social Worker
9984	Nursing Practitioner	3216	Sonographer
9999*	Other	9986*	Speech-Language Aide/Assistant
3143	Occupational Therapist	3141	Speech-Language Pathologist
6631	Occupational Therapy Aide/Assistant	9998*	Student (other than medical)

* Additional codes created where provider type not defined in national list.

NOTE: Some occupational titles classified within the same unit group are assigned the same numbers.

Example: Respiratory Technician: 3214; Respiratory Therapist: 3214

Mandatory Data Elements

15. MIS PRIMARY CODE

The MIS Primary code is a five to nine digit code which identifies the functional centre of each ambulatory care service event and/or relevant therapeutic functional centre for each ambulatory care therapeutic service event. Valid MIS Primary codes are 7112060 (Employee Health), 713, and some 714 and 715 codes under the Alberta MIS - Primary Chart of Accounts. MIS Primary codes must be left justified. (See Section 5 in this manual for valid MIS Primary codes).

Example (i): A service recipient attends Emergency for a sprained ankle where he is assessed by a physician and a nurse. A physical therapist is called to Emergency to provide crutch walking training.

Two ambulatory care visits are reported; one under the Emergency MIS Primary Code 71310 (for the physician/nurse services) and one under the Physiotherapy MIS Primary Code 71450 (for the physical therapist services).

Example (ii): A service recipient attends Emergency for a sprained ankle where he is assessed by a physician and a nurse. The service recipient then goes to the Physiotherapy area where a physical therapist provides crutch walking training.

Two ambulatory care visits are reported; one under the Emergency MIS Primary Code 71310 (for the physician/nurse services) and one under the Physiotherapy MIS Primary Code 71450 (for the physical therapist services).

Example (iii): A service recipient attends a Cardiac Clinic for consultation with a specialist. The Cardiac Clinic is located in the Emergency Department.

One ambulatory care visit is reported under the Cardiac Clinic MIS Primary Code 7135020.

16. MODE OF SERVICE

Mode of service is a one digit code which identifies the manner in which an ambulatory care service was provided to a service recipient. Please note that categories 1 through 7 and 9 refer to individually registered service recipients.

- 1 Service is face-to-face with a service recipient and a regional service provider at a regional health service site.
- 2 Service is face-to-face with a group of service recipients and a regional service provider at a regional health service site.

Mandatory Data Elements

- 3 Telephone/electronic communication service with a service recipient and a regional service provider which takes the place of face-to-face service and is worthy of clinical documentation.
- 4 Videoconference service with a service recipient and a regional service provider which takes the place of a face-to-face service and is worthy of clinical documentation.
- 5 Service with a service recipient and a regional service provider at the service recipient's home.
- 6 Service with a service recipient and a regional service provider at a location out of the region.
- 7 Service with a service recipient and a regional service provider at a regional non-health service site (eg. school, business setting).
- 8 Service is with a non-individually registered service recipient(s) and a regional service provider (Stakeholder Type 2).
- 9 Service is with a service recipient receiving discrete diagnostic imaging investigation.

NOTES: An ambulatory care visit must be reported for each mode of service provided to a service recipient.

In the event that a category is not available to reflect both mode of service and location of service accurately, choose the category that reflects the location of service.

Example : A service recipient meets face-to-face with a social worker and then receives services as part of a group.
Two ambulatory care visits are reported; one with Mode of Service (1) recorded, and the other with Mode of Service (2) recorded.

Mandatory Data Elements

17. DISPOSITION

The disposition is a one digit code which identifies the service recipient's type of separation from the ambulatory care service.

- 1 Discharged - visit concluded.
- 2 Discharged from program or clinic - will not return for further care. (This refers only to the last visit of a service recipient discharged from a treatment program at which he/she has been seen for repeat services).
- 3 Left against medical advice.
- 4 Service recipient admitted as an inpatient to Critical Care Unit or OR in own facility.
- 5 Service recipient admitted as an inpatient to other area in own facility.
- 6 Service recipient transferred to another acute care facility (includes psychiatric, rehab, oncology and pediatric facilities).
- 7 DAA - Service recipient expired in ambulatory care service.
- 8 DOA - Service recipient dead on arrival to ambulatory care service.
- 9 Left without being seen. (Not seen by a care provider).

18. DIAGNOSIS PREFIX (may report a maximum of 6)

An alpha prefix of "Q" may be added to further distinguish diagnoses as questionable or query diagnoses as appropriate.

19. MAIN AMBULATORY CARE DIAGNOSIS

Diagnoses are reported using ICD-9-CM codes.

1. The main ambulatory care diagnosis is the diagnosis, condition, problem, or in some cases, intervention that is the main reason for the ambulatory care services being provided to the service recipient.
2. The main ambulatory care diagnosis is medically assigned unless a physician has not been involved with the management and care of the service recipient. In instances where the diagnosis is not medically assigned, the main ambulatory care diagnosis may be assigned by the health care provider chiefly responsible for the care and treatment of the service recipient.
3. When multiple diagnoses are considered the main reason for the ambulatory care services being provided, the main ambulatory care diagnosis is the diagnosis responsible for the greatest use of resources.

See the Diagnoses Coding Guidelines on page 21 for more detail on coding the main ambulatory care diagnosis.

Mandatory Data Elements

20. SECONDARY DIAGNOSES (may report a maximum of 5)

Diagnoses are reported using ICD-9-CM codes.

1. Secondary diagnoses are conditions or problems which influence a service recipient's need for treatment, care, or health status and co-exist at the time of service.
2. Sequence secondary diagnoses based on their impact on the ambulatory care service being provided.

See the Diagnoses Coding Guidelines on page 21 for more detail on coding diagnoses.

21. E-CODES (may report a maximum of 4)

The associated External Cause of Injury and Place of Occurrence (E-codes) if the main ambulatory care diagnosis or secondary diagnoses are between the range of 800 to 999, Injury and Poisoning.

The associated external cause of injury/poisoning (E-code) is mandatory to report for service recipients being treated for a newly diagnosed condition reported with a code in the 800.0-999.9 range. Reporting E-Codes for other ambulatory care service recipients is optional.

Recording Place of Occurrence is also mandatory to report when an external cause of injury/poisoning E-code in ranges E850-E869 and E880-E928 is assigned.

*Example (i): The service recipient sustained injuries from a fall from a horse on a farm.
Code E828.2 Accident involving animal being ridden*

*Example (ii): The service recipient sustained a fracture from falling downstairs at home.
Code E880.9 Fall on or from other stairs or steps and E849.0 Place of occurrence – Home*

Mandatory Data Elements

22. ANESTHETIC TYPE

The anesthetic type is a one digit code which identifies the anesthetic type used for interventions. The anesthetic types are identified as:

- 1 General
- 2 Conscious Sedation
- 3 Spinal/Epidural
- 4 Regional Block (includes retrobulbar)
- 5 Local Infiltration (in O.R.)
- 6 Local Infiltration (includes local topical - not in O.R.)
- 7 Other

In the event that there is more than one anesthetic type used during a visit, only one anesthetic type is reported as per the following hierarchy: - General anesthetic will take precedence over any other anesthetic type, then conscious sedation, spinal/epidural, regional block, local infiltration (in O.R.), local infiltration (not in O.R.) and other, in that order.

23. MAIN INTERVENTION

The intervention performed and considered by the provider(s) to be the most clinically significant. The valid entries must be derived from the ICD-9-CM or ACCS list of interventions. See Sections 2 and 3 for lists of interventions.

See the Intervention Coding Guidelines on Page 29 for more details on coding interventions.

24. OTHER INTERVENTIONS (may report a maximum of 9)

Additional intervention codes, performed during a service recipient's visit. See Sections 2 and 3 for lists of interventions.

See the Intervention Coding Guidelines on Page 29 for more details on coding other interventions.

Mandatory Data Elements

**25. INTERVENTION SUFFIX
(may report a maximum of 10)**

The intervention suffix can be used to further specify an intervention with a one digit expansion code in the range of 0-9, A-V or blank.

Suffix	Standardized Definition
A-V, 1-3 & 7	available for service recipient specific designations
4	interventions performed by scope when the approach or method is not included in the code title
5	interventions performed by laser technique when the technique is not indicated in the code title or inclusions
6	interventions performed by a combination of scope and laser when the techniques are not indicated in the code title or inclusions
8	“canceled surgery” - this suffix is used with another intervention code in addition to 00.01 and 00.02 to identify the specific intervention that was canceled. Suffix 8 cannot be used with the main intervention
9	“previous surgery” - this suffix is used to indicate surgery that the service recipient had prior to this admission
0	“intervention performed out of hospital” - this suffix is used to record interventions performed on the service recipient during this admission but outside of the reporting hospital.

26. REGISTRATION TIME

The time (in hours/minutes) that the service recipient was registered at the facility on the day the ambulatory care service was provided. The hour is to be recorded using the 24 hour metric clock.

Example : The service recipient was registered in day surgery at 1145 hours. Enter 1145.

27. DISPOSITION TIME

The time (in hours/minutes) at which the service provider discharges the service recipient from the ambulatory care service. (The service recipient is now free to leave the service area.) The hour is to be recorded using the 24 hour metric clock.

NOTE: For service recipients who expire in ambulatory care services, report the disposition time as the time the service recipient is pronounced deceased. For service recipients dead on arrival to an ambulatory care service, report the disposition time as the time the service recipient was registered.

Example : The service recipient was discharged at 1515 hours. Enter 1515.

Optional Data Elements

28. DATE VISIT COMPLETED

The calendar date in year, month and day order, when the service recipient completed the current visit.

*Example (i): The service recipient is registered in Day Surgery on June 5, 2000 and following surgery returns home the same day.
Enter 20000605*

*Example (ii): The service recipient is registered in Day Surgery on June 5, 2000 at 2000 hours and returns home at 0600 hours June 6, 2000.
Enter 20000606*

29. TRIAGE LEVEL

The level of triage for the service recipient for this visit. The triage level was developed by the Canadian Association of Emergency Physicians and is applicable to ONLY those service recipients seen in an Emergency Department.

LEGEND	
TRIAGE LEVEL	LEVEL OF ILLNESS/ACUITY
1	Resuscitation
2	Emergency
3	Urgent
4	Semi-Urgent
5	Non-Urgent
9	Unavailable

Example : The service recipient presents to Emergency with seizures. He is alert on arrival.
The triage level is 3, urgent.

Optional Data Elements

Emergency Triage and Acuity Scale

Triage Level	Level of Illness/ Acuity	Time to Physician	Usual Presentation	Sentinel Diagnosis
1	Resuscitation	Immediate	Code/Arrest Major Trauma Shock States Near Death Asthma Severe Respiratory Distress Unconscious Seizures	Traumatic Shock Pneumothorax - Traumatic/ Tension Facial Burns with Airway Compromise Severe Burns >30% TBS Overdose with Hypotension/Unconscious AAA AMI with Complications/ CHF/ Low BP Status Asthmaticus Head Injury - Major/ Unconscious Status Epilepticus

Optional Data Elements

Triage Level	Level of Illness/ Acuity	Time to Physician	Usual Presentation	Sentinel Diagnosis
2	Emergency	Minutes (<15 Min)	<p>Head Injury with Altered Mental State Severe Trauma</p> <p>Chemical Exposure - Eyes</p> <p>Chest Pain - Visceral (\pm Assoc. Symptoms)</p> <p>Overdose (conscious)</p> <p>ABD Pain (Age >50) with Visceral Symptoms</p> <p>GI Bleed with Abnormal Vital Signs CVA with Major Deficit Asthma Severe (PEFR<40%) Moderate/ Severe Dyspnea/ Difficulty Breathing Vaginal Bleeding Acute (Pain scale >5\pm Abn Vital Signs) Fever (Age \geq 3 months) Temp \geq 39.5 Acute Psychotic Episode / Extreme Agitation Diabetic Hypoglycemia, Hyperglycemia</p> <p>Headache Keratitis Pain Scale 8 - 10/ 10</p>	<p>Head Injury</p> <p>Trauma, Multiple Sites Multiple Rib Fracture Neck Injury/ Spinal Cord Alkaline/ Caustic Occular Burns</p> <p>AMI, Unstable Angina, CHF Chest Pain NOS Gastroesophageal Reflux Unspecified Drug/ Medicinal Overdose AAA</p> <p>Appendicitis Gastrointestinal Bleed/ Hypotension CVA Severe Asthma/ COPD Croup</p> <p>Spontaneous Abortion Ectopic Pregnancy/ Rupture Epiglottitis, Meningitis, Sepsis Acute Psychotic Episode/ Agitation</p> <p>Diabetic Ketoacidosis Hypoglycemia/ Hyperglycemia Migraine, Renal Colic Keratitis</p>

Optional Data Elements

Triage Level	Level of Illness/ Acuity	Time to Physician	Usual Presentation	Sentinel Diagnosis
3	Urgent	<30 Min	Head Injury, Alert, Vomiting Moderate Trauma Signs of Serious Infection Mild/ Moderate Asthma (PEFR >40%) Mild/ Moderate Dyspnea Chest Pain, No Visceral Symptoms, Age >30 GI Bleed with Normal Vital Signs Vaginal Bleeding Acute, Normal Vital Signs Seizure, Alert on Arrival Acute Psychosis ± Suicidal Ideation Pain scale 8 - 10/10 with minor injuries	Head Injury Anterior Dislocated Shoulder Tibia/ Fibula Fracture Bimalleolar, Trimalleolar Ankle Fracture Pyelonephritis/ Sepsis Asthma without Status/ COPD Bronchiolitis/ Croup Pneumonia Chest Pain NOS (Msk,GI,Resp) GI Bleed, No complications Spontaneous Abortion Seizure Acute Psychosis ± Suicidal Ideation LBP/ Strain (Disc)
4	Semi-Urgent	<1 Hour	Head Injury, Alert, No Vomiting Minor Trauma ABD Pain (Acute) Headache Earache Chest Pain, No Visceral Symptoms, Age <30 Suicidal Ideation/ Depression Corneal Foreign Body Pain Scale 4 - 7	Head Injury, Alert, No vomiting Colles Fracture Ankle Sprain Appendicitis Cholecystitis Migraine Otitis Media/ Otitis External Gastroesophageal Reflux Suicidal Ideation/ Depression Corneal Foreign Body

Optional Data Elements

Triage Level	Level of Illness/ Acuity	Time to Physician	Usual Presentation	Sentinel Diagnosis
5	Non-Urgent	<2 Hours	Minor Trauma, Not Necessarily Acute Sore Throat, No Resp Symptoms Diarrhea Vomiting, Normal Mental State Menses Minor Symptoms Psychiatric complaints Pain Scale <4	LBP/ Strain URI Gastroenteritis Vomiting Disorders of Menstruation Dressing Changes/Cast Changes Symptoms/ Neurotic, personality and Non-psychotic Mental Disorders Unspecified Superficial Laceration(s)

Optional Data Elements

30. RESIDENCE NAME

The service recipient's residence is identified as the name of the place of residence where the service recipient lives. The first seven letters of the name of the residence are recorded. The field is seven characters in length and left justified. Special circumstances are listed immediately below. Places which must be abbreviated are identified on the following page.

If the name is shorter than seven letters, left justify the entry.

All blanks and periods are to be **ignored**.

Example (i): High Level = HIGHLEV Cold Lake = COLDLAK St. Paul = STPAUL

Apostrophes are to be **included** as one of the seven letters in the residence name

Example (ii): John D'Or Prairie = JOHND'O O'Chiese = O'CHIES

Street addresses, box numbers, RR, etc., are to be **excluded** from the residence name.

Non-resident of Alberta, but a resident of Canada, code the province or territory name only, left justified.

Example (iii): Regina, Saskatchewan = SASK or SK

Non-resident of Canada, but American resident, code as US or USA only, left justified.

Example (iv): Los Angeles, California = USA or US Dallas, Texas = USA or US

Non-resident of Canada, but resident of a country other than the USA, code as OTHER, left justified.

Example (v): Paris, France = OTHER London, England = OTHER

The following residence names must be abbreviated:

RESIDENCE	ABBREVIATION
Fort	FT
Fort Macleod	FTMACLE
Grande	GR
Grande Cache	GRCACHE
Buffalo Head Prairie	BUFFHEA
Buffalo Lake	BUFFLAK
Chinook Valley	CHINVAL
Edmonton Beach	EDMBEAC

Optional Data Elements

For the major centers listed below and non-residents, the following abbreviations may be used at the discretion of the reporting facility:

RESIDENCE	ABBREVIATION
Edmonton	EDM
Calgary	CALG
Medicine Hat	MEDHAT
Grande Prairie	GRPR
Lethbridge	LETH
Fort Saskatchewan	FTSASK
Rocky Mountain House	ROCKYMT or ROCKY
British Columbia	BC
Saskatchewan	SASK or SK
Manitoba	MAN or MB
Ontario	ONT or ON
Quebec	QUE or PQ
New Brunswick	NB
Nova Scotia	NS
Prince Edward Island	PEI or PE
Newfoundland	NFLD or NF
Northwest Territories	NWT or NT
Yukon Territory	YT
Nunavut Territory	NUNT
United States	US or USA
Other Countries	OTHER
Unspecified Non-resident	NONRES

Optional Data Elements

31. DOCTOR TYPE (may report a maximum of 5)

The Doctor Type describes the role of the physicians associated with the service recipient in any capacity.

Type	Title	Definition
M	Main Physician Responsible	this is the attending physician most responsible for the care of the service recipient.
3	Other Responsible Doctor	a physician who has assumed responsibility for the care of the service recipient but who would not be considered the main physician responsible.
4	Consultant	a physician who is requested to provide advice and or treatment regarding the service recipient's condition.
5	Resident	a physician in training including interns.
7	Optional	as determined by the facility.

32. DOCTOR SERVICES (may report a maximum of 5)

The Doctor Service reflects the level of training or the specialty of the physician. The service must always be accompanied by a doctor number; they are considered a pair and it is not appropriate to report a service without the corresponding doctor number.

Optional Data Elements

DOCTOR SERVICE NUMBERS

	Physician Specialty		Physician Specialty		Physician Specialty
00000	Physician Group	00037	Vascular Surgery	00074	Medical Oncology
00001	Family Practice	00038		00075	Radiation Oncology

00034	Orthopedic Surgery	00071			
00035	Plastic Surgery	00072	Medical Geriatrics		
00036	Thoracic Surgery	00073			

Optional Data Elements

33. CHART NUMBER

The chart number is the service recipient's unique identification number as assigned by the delivery organization. The fields must be right justified. The field is alphanumeric and may be 12 characters in length.

Example (i): Chart Number 234567891098

Example (ii): Chart Number ABC1234

34. STAKEHOLDER TYPE

The Stakeholder Type identifies whether the service recipient is a person or an organization.

- 1 A person is a registered service recipient receiving a service for which all applicable mandatory data elements are reported.

- 2 An organization is a group of non-registered service recipients receiving a service for which the following applicable mandatory data elements are reported:
 - Province Code
 - Delivery Organization
 - Submission Period
 - Submission Number
 - Submission Type
 - Service Event Date
 - Provider Types (mandatory for mental health service recipients)
 - MIS Primary Code
 - Mode of Service
 - Main Ambulatory Care Diagnosis
 - Secondary Diagnoses
 - Main Intervention
 - Other Interventions

Example (i): A registered service recipient attends a Physical Therapy clinic. The Stakeholder Type is 1.

Example (ii): A clinical nutritionist presents a health education session at a school. The students are not registered service recipients. The Stakeholder Type is 2.

Optional Data Elements

35. REFERRAL SOURCE

The referral source identifies the type of person or agency making the referral resulting in service recipient contact being initiated with a service provider.

- 0** No referral
- 1** Acute care facility including tertiary care and community health care facilities
- 2** Continuing care facility including extended care and nursing home facilities
- 3** Other health care service providers (funded by regional resources)
- 4** Home care
- 5** Services funded by non-regional resources (e.g. federal government, WCB)
- 6** Physician
- 7** Public health
- 8** Other individual/agency (e.g. private organizations)
- 9** Significant other
- 10** Educational institution
- 11** Self
- 12** Unknown

*Example (i): A service recipient is treated in emergency following a motor vehicle accident.
The Referral Source is 0.*

*Example (ii): A service recipient is treated in the Physical Therapy Department upon referral of her physician.
The Referral Source is 6.*

Optional Data Elements

36. REFERRED-TO AGENCY

The referred-to agency identifies the type of person or agency to which a service recipient is referred to by a service provider.

- 0** No referral
- 1** Acute care facility including tertiary care and community health care facilities
- 2** Continuing care facility including extended care and nursing home facilities
- 3** Other health care service providers (funded by regional resources)
- 4** Home care
- 5** Services funded by non-regional resources (e.g. federal government, WCB)
- 6** Physician
- 7** Public health
- 8** Other individual/agency (e.g. private organizations)
- 9** Community mental health or Psychiatric Facility

*Example (i): A service recipient has been treated in emergency and is sent home.
The Referred-To Agency is 0.*

*Example (ii): Upon completion of occupational therapy treatment, a service recipient is referred to Home Care.
The Referred-To Agency is 4.*

2. DEVELOPED AMCARE INTERVENTIONS

Effective April 2000

Developed Amcare Interventions

PRIVATE CLINIC INTERVENTION

INTERVENTION	INTERVENTION DESCRIPTION	INTERVENTION CODE
Medical Office Assessment	<p>Patient seeks treatment from his/her physician in the private offices in a clinic in the facility. Professional personnel paid by the facility <u>do not</u> provide assessment, diagnostic, consultative, treatment or teaching services to these patients.</p> <p>(*It is recognized that although professional personnel do not provide services to the patient, there may be indirect support provided by clerical staff.)</p>	890001

GASTROINTESTINAL INTERVENTIONS

INTERVENTION	INTERVENTION DESCRIPTION	INTERVENTION CODE
Gastrointestinal Motility Study	A measurement of pressure to check muscle movement in gastrointestinal system. (Includes esophageal, gastric and ano-rectal motility studies)	893901

GENETIC INTERVENTIONS

INTERVENTION	INTERVENTION DESCRIPTION	INTERVENTION CODE
Screening Exam – Genetics	Special screening examinations performed to determine genetic disorders	999901
Genetic Counselling	Counselling targeted to discuss genetic disorders	944901

NEPHROLOGICAL - DIALYSIS INTERVENTIONS

INTERVENTION	DEFINITION	INTERVENTION CODE
Hemodialysis	As per ICD-9-CM	39.95
Home Hemodialysis Teaching	Teaching and treatment services (includes hemodialysis) provided to patients learning to perform hemodialysis at home	399501
Self Care Hemodialysis	Patient performs hemodialysis and requires only minimal nursing assistance	399502
Peritoneal Dialysis	As per ICD-9-CM	54.98
Home Peritoneal Dialysis Teaching	Teaching and treatment services (includes peritoneal dialysis) provided to patients learning to perform peritoneal dialysis at home	549801

MENTAL HEALTH INTERVENTIONS

INTERVENTION	DEFINITION	INTERVENTION CODE
Assessment-Referral	Screening to determine initial type of services required. (Includes triage calls).	940001
Assessment-Intake	In-depth assessment of client requirements for services (may include, for example, mental status, history, etc.)	940002
Assessment-Collateral	Contact with a collateral person for the purpose of obtaining assessment information.	940003
Legal Assessment	Court ordered assessment.	
Half Day (4 hours)		940004
Full Day (> 4 hours)		940005
Assessment-Specialized	Specialized assessment such as vocational training, ECT work-up, other discipline specific assessments, community based crisis assessments.	940006

MENTAL HEALTH INTERVENTIONS

INTERVENTION	DEFINITION	INTERVENTION CODE
Crisis/Intervention Calls Telephone Crisis Call	Telephone crisis calls for the purposes of addressing immediate personal/familial crisis.	940007
Mobile Crisis Intervention Call	An unscheduled visit to a client's location to address an immediate mental health crisis.	940008
Individual Therapy	Therapy provided by any service provider type-therapeutic focus is not the couple or family unit.	940009
Couple Therapy	Therapy which has as its primary focus a relationship with a significant other but not on the remainder of the family. Significant other may or may not be present. A contact form is completed only for the program client.	940010
Family Therapy	Therapy which has as its primary focus the familial system. A contact form is completed only for the program client. Family may or may not be present.	94.42
Group Therapy	Contacts spent within a therapeutic group context. A group contact form will be completed.	940011
ECT	Contact to prepare for or administer ECT treatment.	94.27
Medication Administration/Assessment	Administration of an oral, topical or injected medication or medication assessment.	940012
Patient Specific/ Consultations Case Supervision	Consults with other professionals or collaterals for the purpose of case management and discharge planning. (For reporting purposes, each service professional reports ONLY on their own patients).	940013
Patient Specific Hearings	Testifying in legal hearing (eg., Court Appearance, Review Panels, Board of Review, WCB).	940014
Patient Specific Professional Reports and Applications	Occasional documentation required for legal, financial or clinical purposes. EG., writing reports and applications such as AISH applications, WCB reports, court reports. (Excludes routine documentation and charting.)	940015
Patient Specific Critical Incident Documentation	All formal reports required as a result of managing a specific critical incident.	940016

MENTAL HEALTH INTERVENTIONS

INTERVENTION	DEFINITION	INTERVENTION CODE
Diagnostic Testing/Scoring Testing Type 1 (2 hours)	Face to face contact for the purpose of administration of any professional testing or neuropsychological assessment intervention. Any reporting using this category must be accompanied by a write-up in the form of an assessment report.	940017
Testing Type 2 (Half Day)		940018
Testing Type 3 (Full Day)		940019
Therapeutic Milieu Programs Half Day (4 hours)	A non-structured or semi-structured activity for the purposes of observation and/or therapy including informal teaching and social interaction.	940020
Full Day (> 4 hours)		940021
Mental Health Education 0-120 minutes (2 hrs.) 121-240 minutes (4 hrs.) 241-360 minutes (6 hrs.) 361-480 minutes (8 hrs.)	Education of individuals or groups with the direct purpose of improving mental health status either now or in future (i.e., includes primary and secondary prevention, as well as promotion).	940022 940023 940024 940025

* NB: Routine documentation is included with each intervention.

ASSOCIATED MENTAL HEALTH DEFINITIONS

COLLATERAL

A person who is associated with a mental health client.

CONTACT

A contact is the occurrence of a face to face or technologically mediated (ie., telephone, teleconference, videoconference) contact with a mental health client/patient in which the **MAJOR** intent is to provide psychological or psychiatric treatment.

3. LIST OF ACCS INVESTIGATIVE TECHNOLOGIES

Effective April 2000

List of ACCS Investigative Technologies

ICD-9-CM Code	Inv Tech	Intervention Description
8701	XRAY	Pneumoencephalogram
8702	XRAY	Oth contr radiogram brain/skull
8705	XRAY	Contrast dacryocystogram
8706	XRAY	Contrast radiogram nasopharynx
8707	XRAY	Contrast laryngogram
8709	XRAY	Oth soft tiss xray face/hd/neck
8713	XRAY	Temporomandib contr arthrogram
8714	XRAY	Contrast radiogram of orbit
8715	XRAY	Contrast radiogram of sinus
8716	XRAY	Other xray of facial bones
8717	XRAY	Other xray of skull
8722	XRAY	Other xray of cervical spine
8723	XRAY	Other xray of thoracic spine
8724	XRAY	Other xray of lumbosacral spine
8729	XRAY	Other xray of spine
8731	XRAY	Endotracheal bronchogram
8732	XRAY	Other contrast bronchogram
8733	XRAY	Mediastinal pneumogram
8735	MAMM	Contrast radiogram mammary duct
8736	MAMM	Xerography of breast
8737	MAMM	Other mammography
8738	XRAY	Sinogram of chest wall
8739	XRAY	Oth soft tissue xray chest wall
8742	XRAY	Other tomography of thorax
8743	XRAY	Xray of ribs/sternum/clavicle
8744	CHEST	Routine chest xray so described
8749	XRAY	Other chest xray
8754	XRAY	Other cholangiogram
8759	XRAY	Other biliary tract xray
8761	XRAY	Barium swallow
8762	XRAY	Upper GI series
8763	XRAY	Small bowel series
8764	XRAY	Lower GI series
8765	XRAY	Other xray of intestine
8769	XRAY	Other digestive tract xray
8772	XRAY	Other nephrotomogram

ICD -9-CM Code	Inv Tech	Intervention Description
8773	XRAY	Intravenous pyelogram
8776	XRAY	Retrograde cystourethrogram
8777	XRAY	Other cystogram
8778	XRAY	Ileal conduitogram
8779	XRAY	Other xray of urinary system
8781	XRAY	Xray of gravid uterus
8782	XRAY	Gas contr hysterosalpingogram
8783	XRAY	Opaque dye contr hysterosalping
8784	XRAY	Percutaneous hysteroqram
8785	XRAY	Oth xray fallopian tubes/uterus
8789	XRAY	Oth xray female genital organs
8791	XRAY	Contrast seminal vesiculogram
8792	XRAY	Oth xray prost/seminal vesicles
8793	XRAY	Contrast epididymogram
8795	XRAY	Oth xray epididymis/vas deferen
8799	XRAY	Other xray male genital organs
8802	XRAY	Other abdominal tomography
8803	XRAY	Sinogram of abdominal wall
8809	XRAY	Oth soft tissue xray abdom wall
8811	XRAY	Pelv opaque dye contr radiogram
8812	XRAY	Pelvic gas contrast radiography
8813	XRAY	Other peritoneal pneumogram
8814	XRAY	Retroperitoneal fistulogram
8815	XRAY	Retroperitoneal pneumogram
8816	XRAY	Other retroperitoneal xray
8819	XRAY	Other xray of abdomen
8821	XRAY	Skeletal xray shoulder/upper arm
8822	XRAY	Skeletal xray elbow and forearm
8823	XRAY	Skeletal xray of wrist and hand
8824	XRAY	Skeletal xray of upper limb NOS
8825	XRAY	Pelvmetry
8826	XRAY	Other skeletal xray pelvis/hip
8827	XRAY	Skelet xray thigh/knee/low leg
8828	XRAY	Skeletal xray of ankle and foot
8829	XRAY	Skeletal xray of lower limb NOS
8831	XRAY	Skeletal series
8832	XRAY	Contrast arthrogram
8833	XRAY	Other skeletal xray
8835	XRAY	Oth soft tissue xray upper limb

ICD-9-CM	Inv Tech	Intervention Description
8837	XRAY	Oth soft tissue xray lower limb
8839	XRAY	Xray other and unspecified
8871	ULTRA	Diagnostic ultrasound head/neck
8872	ULTRA	Diagnostic ultrasound of Heart
8873	ULTRA	Dx ultrasound oth sites thorax
8874	ULTRA	Dx ultrasound digestive system
8875	ULTRA	Dx ultrasound urinary system
8876	ULTRA	Dx ultrasound abdomen/retroper
8877	ULTRA	Dx ultrasound periph vascu sys
8878	ULTRA	Dx ultrasound of gravid uterus
8879	ULTRA	Other diagnostic ultrasound
8890	XRAY	Diagnostic Imaging NEC
8910	EEG	Intracarotid amobarital test
8914	EEG	Electroencephalogram
8919	EEG	Video/Radio Electroenceph Montr
8941	STRES	CV stress test using treadmill
8942	STRES	Masters' two-step stress test
8943	STRES	CV stress test bicycle ergometr
8944	STRES	Oth cardiovascular stress test
9512	XRAY	Fluor angiography/angioscopy eye
9513	ULTRA	Ultrasound study of eye
9514	XRAY	Xray study of eye

4. ACCS INTERVENTION/ ICD-9-CM INTERVENTION CODES

Effective April 2000

ACCS Interventions (Designated With ➡)

ICD-9-CM Intervention Codes

(I =Investigative Technology from Section 3)

	Code #	Description
	0001	Operation Abandon Before Onset
	0002	Operat Not Completed(Aband Dur)
	0101	Cisternal Puncture
	0102	Ventriculopunct Thru Prev Cath
	0109	Other Cranial Puncture
	0111	Closed Biopsy Cerebral Meninges
	0112	Open Biopsy Cerebral Meninges
➡	0113	Closed Biopsy Of Brain
➡	0114	Open Biopsy Of Brain
➡	0115	Biopsy Of Skull
	0118	Oth Dx Proc Brain/Cereb Mening
	0119	Oth Diagnostic Procedures Skull
	0121	Incision/Drainage Cranial Sinus
	0122	Remov Intracran Neurostimulator
	0123	Reopening Of Craniotomy Site
	0124	Other Craniotomy
	0125	Other Craniectomy
	0131	Incision Of Cerebral Meninges
	0132	Lobotomy And Tractotomy
	0139	Other Incision Of Brain
	0141	Operations On Thalamus
	0142	Operations On Globus Pallidus
	0151	Excisn Les/Tiss Cereb Meninges
	0152	Hemispherectomy
	0153	Lobectomy Of Brain
	0159	Oth Excisn/Destr Les/Tiss Brain
➡	016	Excision Of Lesion Of Skull

	Code #	Description
	0201	Opening Of Cranial Suture
	0202	Elevat Skull Fracture Fragments
	0203	Formation Of Cranial Bone Flap
	0204	Bone Graft To Skull
	0205	Insertion Of Skull Plate
	0206	Other Cranial Osteoplasty
	0207	Removal Of Skull Plate
	0211	Simple Suture Dura Mater Brain
	0212	Other Repair Cerebral Meninges
	0213	Ligation Of Meningeal Vessel
	0214	Choroid Plexectomy
	022	Ventriculostomy
	0231	Ventricular Shunt To Head/Neck
	0232	Ventricular Shunt To Circ Sys
	0233	Ventricular Shunt To Thorac Cav
	0234	Ventricular Shunt Abdom Cav/Org
	0235	Ventricular Shunt To Urin Sys
	0239	Oth Operations Drain Ventricle
	0241	Irrigation Of Ventricular Shunt
➔	0242	Replacement Ventricular Shunt
	0243	Removal Of Ventricular Shunt
	0291	Lysis Of Cortical Adhesions
	0292	Repair Of Brain
	0293	Implant Intracranial Neurostim
	0294	Insert/Replac Skull Tongs/Halo
	0295	Removal Skull Tongs/Halo Device
	0296	Insertion Sphenoidal Electrodes
	0299	Oth Op Skull/Brain/Cereb Mening
	0301	Removal Fb From Spinal Canal
	0302	Reopening Of Laminectomy Site

	Code #	Description
	0309	Oth Explor/Decompres Spin Canal
➔	031	Division Intraspinal Nerve Root
➔	0321	Percutaneous Chordotomy
➔	0329	Other Chordotomy
➔	0331	Spinal Tap
➔	0332	Biopsy Of Spinal Cord/Meninges
	0339	Oth Dx Proc Spinal Cord/Struct
	034	Excis/Destr Les Spinal Cord/Men
	0351	Repair Of Spinal Meningocele
	0352	Repair Spinal Myelomeningocele
	0353	Repair Of Vertebral Fracture
	0359	Oth Repair/Plast Op Spin Struct
	036	Lysis Adhes Spinal Cord/Nrv Rts
	0371	Spin Subarach-Peritoneal Shunt
	0372	Spinal Subarach-Ureteral Shunt
	0379	Other Shunt Of Spinal Theca
➔	038	Inject Destr Agent Spinal Canal
➔	0390	Insrt Cath Spin/Infus Ther Subs
➔	0391	Injectn Anesthetic Spinal Canal
➔	0392	Inject Other Agent Spinal Canal
	0393	Insert/Replace Spinal Neurostim
➔	0394	Removal Spinal Neurostimulator
➔	0395	Spinal Blood Patch
➔	0396	Percutaneous Denervation Facet
	0397	Revision Of Spinal Thecal Shunt
	0398	Removal Of Spinal Thecal Shunt
	0399	Oth Operation Spinal Cord/Canal
	0401	Excision Of Acoustic Neuroma
➔	0402	Division Of Trigeminal Nerve

**5. MIS PRIMARY ACCOUNTS
VALID IN ACCS**

Effective April 2000

Account Number	Description
7112060	<p>EMPLOYEE HEALTH Pertains to the provision of medical examinations as required, from time to time, for facility personnel, in accordance with Federal and Provincial Legislation and Health Care Facility Policy; and to the maintenance of the associated records. Includes all similar services procured on a purchased service basis.</p>
713	<p>AMBULATORY CARE SERVICES</p>
71310	<p>EMERGENCY Pertains to the unit where assessment, diagnostic and treatment services are provided for patients with conditions requiring immediate attention. Includes data for services provided for registered scheduled outpatients receiving care in emergency.</p>
7131020	<p>GENERAL EMERGENCY Pertains to the area where assessment, diagnostic and treatment services are provided for registered patients with general injuries and disorders which require prompt attention. Treatment should not be delayed beyond 24 hours.</p>
7131040	<p>INTERIM ASSESSMENT Pertains to the area where observation and treatment services are provided for registered patients who require short-term serialized assessment and management. May include services for patients who are waiting for an inpatient bed or awaiting transfer to another facility.</p>
7131060	<p>TRAUMA Pertains to the area where assessment, diagnostic and treatment services are provided for patients with severe, multiple system disorders as the result of injury, which are a potential threat to life or limb.</p>
7131070	<p>EMERGENCY PSYCHIATRIC SERVICES Pertains to the unit where services are provided, usually on a consultation basis, for registered patients, who are referred to the service by physicians, and who have acute psychiatric problems requiring assessment, treatment and disposition. Can pertain to a unit or team dedicated to the provision of this service.</p>
7131080	<p>EMERGENCY ADVICE CENTRE (AB SPECIFIC)</p>
71320	<p>POISON INFORMATION CENTRE Pertains to a unit where a telephone answering service is provided by professional personnel, primarily for information or advice on the treatment of known or suspected cases of poisoning. Services are usually for people of all age groups. Telephone services include assessment, advice for treatment and prevention, and referral to appropriate facilities for treatment and follow-up.</p>

Account Number	Description
71330	TELEHEALTH The Functional Centre pertaining to providing or receiving consultative services by way of video or teleconference in order to diagnose or treat patients/clients/residents.
71340	DAY/NIGHT CARE Pertains to the units where services are provided for registered patients who attend for a number of hours of the day or the night.
7134005	GENERAL DAY/NIGHT CARE Pertains to the units where general, non-surgical services are provided for registered patients who attend for a number of hours of the day or the night.
7134010	MEDICAL (DAY/NIGHT CARE) Pertains to the units where medical, non-surgical services are provided for registered patients who attend for a number of hours of the day or the night.
7134020	SURGICAL/PROCEDURAL (OR/PARR EXCLUDED) Pertains to the units without self-contained operating room(s) and post-anaesthetic recover room(s) where scheduled surgical and diagnostic procedures are provided for registered patients who attend for a number of hours of the day or night. This unit provides pre and post-operative care only and utilizes operating room and recovery room facilities that serve inpatients.
7134025	SURGICAL/PROCEDURAL (OR/PARR INCLUDED) Pertains to the units with self-contained operating room(s) and post-anaesthetic recovery room(s) where scheduled surgical and diagnostic procedures are provided for registered patients who attend for a number of hours of the day or the night.
713402520	DAY/NIGHT CARE OPERATING ROOM(S) Pertains to the Operating Room where scheduled surgical and diagnostic procedures are provided only for registered patients who attend for a number of hours of the day or the night.
713402540	DAY/NIGHT CARE RECOVERY ROOM(S) Pertains to the Recovery Room where continuous observation, care and treatment is provided in the immediate post-operative and post-anaesthetic period, for registered patients who attend for a number of hours of the day or the night.
713402560	PRE AND POST OPERATIVE CARE Pertains to the unit where services are provided for surgical registered patients in the pre and post-operative stage and who attend for a number of hours of the day or the night.

Account Number	Description
7134030	<p>PEDIATRIC DAY/NIGHT CARE (AB SPECIFIC) Pertains to the units where services are provided for registered paediatric patients who attend for a number of hours of the day or night.</p>
7134035	<p>CARDIAC Pertains to the units where services are provided for registered patients with cardiac disorders who attend for a number of hours of the day or of the night.</p>
713403520	<p>GENERAL CARDIAC Pertains to the unit where services are provided for registered patients who have general cardiac disorders and who attend for a number of hours of the day or of the night.</p>
713403540	<p>HEMODYNAMIC Pertains to the unit where services are provided for registered patients who require cardiac investigation and who attend for a number of hours of the day or the night.</p>
7134050	<p>DIABETES Pertains to the units where teaching and treatment services are provided for registered patients who are diabetic. Can pertain to a unit or to a team dedicated to the provision of this service.</p>
7134055	<p>ENDOSCOPY Pertains to the units where services are provided for registered patients who require endoscopic procedures and who attend for a number of hours of the day or the night.</p>
7134060	<p>GERIATRICS Pertains to the units where treatment and counselling services are provided for elderly registered patients, sick or well who attend for a number of hours of the day or the night.</p>
713403520	<p>GENERAL CARDIAC Pertains to the unit where services are provided for registered patients who have general cardiac disorders and who attend for a number of hours of the day or of the night.</p>
713403540	<p>HEMODYNAMIC Pertains to the unit where services are provided for registered patients who require cardiac investigation and who attend for a number of hours of the day or the night.</p>
713406060	<p>REHABILITATION Pertains to the unit where rehabilitation services are provided for elderly registered patients who attend for a number of hours of the day or the night. Can pertain to a unit or to a team dedicated to the provision of this service.</p>

Account Number	Description
713406080	<p>SOCIAL Pertains to the unit where treatment and counselling services are provided for elderly registered patients who require social support and who attend for a number of hours of the day or the night. Can pertain to a unit or to a team dedicated to the provision of this service.</p>
7134065	<p>METABOLIC Pertains to the units where services are provided for registered patients who are undergoing metabolic studies and who attend a number of hours of the day or the night.</p>
7134070	<p>ONCOLOGY Pertains to the units where services are provided for registered patients with neoplastic tumours/diseases who attend for a number of hours of the day or the night.</p>
7134075	<p>PALLIATIVE Pertains to the unit where treatment and support services are provided for terminally ill registered patients who attend for a number of hours of the day or the night. Can pertain to a specific unit, or to a team dedicated to the provision of these services.</p>
7134080	<p>PSYCHIATRY Pertains to the units where assessment, treatment and counselling services are provided for registered patients with psychiatric/psychological disorders who attend for a number of hours of the day or the night.</p>
713408020	<p>GENERAL PSYCHIATRY Pertains to the units where assessment, treatment and counselling services are provided for registered patients with general psychiatric/psychological disorders who attend for a number of hours of the day or the night.</p>
713408040	<p>ACUTE Pertains to the units where services are provided for registered patients with acute psychiatric disorders and who attend for a number of hours of the day or of the night.</p>
713408060	<p>CHRONIC Pertains to the units where services are provided for registered patients with chronic psychiatric disorders and who attend for a number of hours of the day or of the night.</p>
713408080	<p>ADDICTION Pertains to the units where treatment and counselling services are provided for registered patients who are dependent on chemical agents and who attend for a number of hours of the day or of the night.</p>

Account Number	Description
7134085	<p>RENAL DIALYSIS Pertains to the units where observation, treatment, and teaching services are provided for registered patients with kidney diseases who require dialysis.</p>
713408510	<p>HEMODIALYSIS Pertains to the unit where continuous observation, care and treatment services are provided for registered patients who require hemodialysis and who attend for a number of hours of the day or the night.</p>
713408520	<p>HOME DIALYSIS (TEACHING) COMBINED HEMO/PERITONEAL DIALYSIS Pertains to the unit where teaching and treatment services are provided for registered patients who are learning to carry out hemodialysis and/or peritoneal dialysis at home and who attend for a number of hours of the day or night.</p>
713408530	<p>HOME HEMODIALYSIS (TEACHING) Pertains to the unit where teaching and treatment services are provided for registered patients who are learning to carry out hemodialysis at home and who attend for a number of hours of the day or night.</p>
713408540	<p>HOME PERITONEAL DIALYSIS (TEACHING) Pertains to the unit where teaching and treatment services are provided for registered patients who are learning to carry out peritoneal dialysis at home and who attend for a number of hours of the day or night.</p>
713408550	<p>PERITONEAL DIALYSIS Pertains to the unit where continuous observation and treatment services are provided for registered patients who require peritoneal dialysis and who attend for a number of hours of the day or the night.</p>
713408560	<p>SELF CARE HEMODIALYSIS Pertains to the unit where services are provided for registered patients who require hemodialysis but who need only minimal or no nursing assistance and who attend for a number of hours of the day or the night.</p>
7134090	<p>REHABILITATION Pertains to the units where rehabilitative services are provided for patients. These services are intended for registered patients with a relatively stable disability who require specialized rehabilitation programs to restore or improve functional ability. Can pertain to a unit or a team dedicated to the provision of this service.</p>
713409010	<p>PRESCHOOL SERVICES (AB SPECIFIC) Pertains to units where habilitation and integration services are provided for registered patients usually under age six who require specialized intensive habilitation programs, programs including parent and caregiver training.</p>
713409020	<p>SCHOOL TREATMENT PROGRAM (AB SPECIFIC) Pertains to units or teams where habilitation services are provided for patients who require segregated educational placement.</p>

Account Number	Description
71350	<p>CLINICS Pertains to all clinics where diagnostic, consultative, treatment and teaching services are provided, primarily for registered outpatients. Excludes data for services provided for scheduled outpatients receiving care in the emergency department.</p>
7135010	<p>MEDICAL Pertains to all clinics where diagnostic, treatment, teaching and counselling services are provided for registered patients requiring medical, non-surgical attention.</p>
713501010	<p>GENERAL MEDICAL Pertains to the clinic where diagnostic, consultative, treatment, and teaching services are provided for registered patients with general medical disorders.</p>
713501015	<p>SEXUALLY TRANSMITTED DISEASES Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with sexually transmitted diseases. Services include assessment and follow-up care.</p>
713501020	<p>ALLERGY Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with all types of allergies. Reports of findings and recommended treatment are sent to referring physicians. Treatment may be continued on request.</p>
713501025	<p>ANTICOAGULANT Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients requiring anticoagulant therapy. Services include assessment and follow-up care.</p>
713501030	<p>CHIROPODY Pertains to the clinic where diagnostic, consultative, treatment, and teaching services are provided for registered patients with disorders of the feet who require the services of a chiropodist. Services include assessment and follow-up care.</p>
713501032	<p>FOOT CARE CLINIC Pertains to services arising from the delivery of foot care services provided by a practitioner other than a chiropodist or podiatrist in clinics in the community.</p>
713501035	<p>COMMUNICABLE DISEASES Pertains to the clinic where follow-up services are provided for patients who have suffered from a severe communicable disease.</p>
713501040	<p>DERMATOLOGY Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with all types of skin disorders. Services include assessment and follow-up care.</p>

Account Number	Description
713501045	ENTEROSTOMAL SERVICES Pertains to the clinic where consultative, treatment and teaching services are provided for registered patients with enterostomal devices. Services include assessment and follow-up care.
713501050	GASTROENTEROLOGY Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with gastrointestinal disorders. Services include simple endoscopy procedures.
713501055	HEMATOLOGY Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with blood disorders. Services include assessment and follow-up care.
713501060	HYPERTENSION Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with hypertensive disorders. Services include assessment and follow-up care.
713501065	IMMUNOLOGY Pertains to the clinic where diagnostic, consultative, treatment, teaching and follow-up services are provided for registered patients with immune suppressed disorders.
713501070	PREADMISSION CLINICS, MEDICAL Pertains to the clinic where assessment and investigative services are provided for registered patients prior to a medical admission.
713501075	PAIN MANAGEMENT Pertains to the clinic where consultative, treatment, and teaching services are provided for registered patients with uncontrolled pain. Services include assessment and follow-up care.
713501080	PODIATRY Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with disorders of the feet who require treatment by a podiatrist. Services include assessment and follow-up.
713501085	RESPIROLOGY Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with disorders of the respiratory system and for patients with chronic pulmonary disease, cystic fibrosis and asthma. Services may include assessment and follow-up care.
713501087	CYSTIC FIBROSIS Pertains to the clinic where diagnostic, consultative, treatment, and teaching services are provided for registered patients with cystic fibrosis. Services include assessment and follow-up care.

Account Number	Description
713501090	<p>TRAVEL AND INOCULATION Pertains to the clinic where services are provided for registered patients who require inoculation against specific diseases prior to travelling abroad.</p>
713501095	<p>NEPHROLOGY Pertains to all clinics where diagnostic, consultative, treatment and teaching services are provided for registered patients with disorders of the kidney.</p>
7135015	<p>SURGICAL Pertains to all clinics where diagnostic, consultative, treatment and teaching services are provided for registered patients requiring surgical attention.</p>
713501510	<p>GENERAL SURGERY Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients requiring general surgical services. Services include assessment and follow-up.</p>
713501520	<p>DENTAL Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with dental disorders which required surgical attention. Services include assessment and follow-up care.</p>
713501525	<p>EAR, NOSE AND THROAT Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with disorders of the ear, nose and throat. Services include assessment and follow-up care.</p>
713501530	<p>MINOR SURGERY Pertains to the clinic where all types of minor surgical procedures are performed on registered patients.</p>
713501535	<p>ORAL/FACIAL SURGERY Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for patients with disorders of the face and mouth with require surgical attention. Services include assessment and follow-up care.</p>
713501540	<p>ORTHODONTIC Pertains to the clinic where consultative, treatment and teaching services are provided for registered patients with irregularities in the normal positioning of teeth, and/or improper bite contact between upper and lower jaw which require surgical attention. Services include assessment and follow-up care.</p>

Account Number	Description
713501545	<p>PREADMISSION CLINICS, SURGICAL Pertains to the clinic where assessment and investigative services are provided for registered patients prior to a surgical admission.</p>
713501550	<p>THORACIC CLINICS Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for patients with disorders of the thorax which require surgical attention. Services include assessment and follow-up care.</p>
713501555	<p>TRANSPLANT CLINICS Pertains to the clinic where follow-up services are provided for registered patients who have undergone transplant surgery.</p>
713501560	<p>UROLOGY CLINICS Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with disorders of the urinary tract and/or of the male reproductive system which require surgical attention. Services include assessment and follow-up care.</p>
713501570	<p>BONE MARROW TRANSPLANT (AB SPECIFIC) Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients involving bone marrow transplants. Includes assessment and follow-up care.</p>
7135017	<p>COMBINED MEDICAL/SURGICAL Pertains to the clinics where diagnostic, consultative, treatment and teaching services are provided to registered patients requiring medical and/or surgical attention. This functional centre is to be used where the volume of various medical or surgical services is so limited that separate functional centers cannot be established.</p>
7135020	<p>CARDIAC Pertains to all clinics where diagnostic, consultative, treatment and teaching services are provided for registered patients requiring medical or surgical attention for cardiac and major blood vessel disorders.</p>
713502010	<p>GENERAL CARDIOLOGY Pertains to the clinic where medical, non-surgical diagnostic, consultative, treatment and teaching services are provided for registered patients with cardiac disorders. Services include assessment and follow-up care.</p>
713502020	<p>CARDIOVASCULAR SURGERY Pertains to the clinic where surgical diagnostic, consultative, treatment and teaching services are provided for registered patients with disorders of the heart and major blood vessels. Services include assessment and follow-up care.</p>
713502030	<p>CONGENITAL Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with congenital cardiac disorders. Services include assessment and follow-up care.</p>

Account Number	Description
713502040	<p>PACEMAKER Pertains to the clinic where follow-up consultative, treatment and teaching services are provided for registered patients with pacemakers.</p>
713502060	<p>REHABILITATION Pertains to the clinic where services are provided for registered patients with coronary artery disease who require education and advice on exercise to increase levels of fitness and to identify safe exertion limits for general lifestyle or occupational activities.</p>
713502070	<p>VALVE Pertains to the clinic where follow-up consultative, treatment and teaching services are provided for registered patients who have been surgically treated for valve disorders.</p>
7135025	<p>FAMILY PRACTICE Pertains to all clinics where family practice services are provided for registered patients.</p>
7135030	<p>GERIATRIC (AB SPECIFIC) Pertains to the treatment and counselling services provided for geriatric patients.</p>
713503010	<p>GERIATRIC GENERAL (AB SPECIFIC) Pertains to the general health services for geriatric patients.</p>
713503020	<p>GERIATRIC ASSESSMENT (AB SPECIFIC) Pertains to specialized assessment services to geriatric patients.</p>
7135035	<p>GYNECOLOGY Pertains to all clinics where diagnostic, consultative, treatment and teaching services are provided for registered patients who have disorders of the female reproductive system and who require medical and/or surgical attention.</p>
713503510	<p>GENERAL GYNECOLOGY Pertains to the clinic where diagnostic, consultative, treatment, and teaching services are provided for registered patients with general disorders of the female reproductive system. Services include assessment and follow-up care.</p>
713503530	<p>COLPOSCOPY/LASER SURGERY/CRYOSURGERY Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered female patients requiring colposcopy. Services include assessment and follow-up care.</p>
713503540	<p>FAMILY PLANNING Pertains to the clinic where family planning consultative services are provided for registered female patients, and their partners.</p>

Account Number	Description
713503550	<p>INFERTILITY Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for both male and female registered patients who required investigation for infertility.</p>
713503560	<p>THERAPEUTIC ABORTION Pertains to the clinic where services are provided for registered patients who require assessment and counselling for therapeutic abortion, and who require follow-up services.</p>
713503570	<p>WELL WOMEN Pertains to the clinic where screening and teaching services are provided for registered well women.</p>
7135040	<p>METABOLIC Pertains to all clinics where diagnostic, consultative, treatment and teaching services are provided for registered patients with metabolic disorders.</p>
713504010	<p>GENERAL METABOLIC Pertains to all clinics where diagnostic, consultative, treatment and teaching services are provided for registered patients with general metabolic disorders.</p>
713504020	<p>DIABETES Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients who are diabetic. Services include assessment and follow-up care.</p>
7135043	<p>ENDOCRINOLOGY Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with endocrine disorders. Services include assessment and follow-up care.</p>
7135045	<p>NEUROLOGY Pertains to all clinics where diagnostic, consultative, treatment and teaching services are provided for registered patients who require medical and/or surgical attention for disorders of the nervous system.</p>
713504510	<p>GENERAL NEUROLOGY Pertains to the clinic where medical, non-surgical diagnostic, consultative, treatment and teaching services are provided for registered patients with disorders of the nervous system. Services include assessment and follow-up care.</p>
713504520	<p>GENERAL NEUROSURGERY Pertains to the clinic where surgical diagnostic, consultative, treatment and teaching services are provided for registered patients with disorders of the nervous system. Services include assessment and follow-up care.</p>

Account Number	Description
713504530	<p>CONVULSIVE DISORDERS Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with convulsive disorders. Services include assessment and follow-up care.</p>
713504540	<p>MIGRAINE Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients suffering from severe migraine. Services include assessment and follow-up.</p>
713504550	<p>NEUROMUSCULAR DISORDERS Pertains to the clinic where consultative, treatment and teaching services are provided for registered patients with neuromuscular disorders. Services include assessment and follow-up care.</p>
713504560	<p>VERTIGO Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients who suffer from debilitating dizziness. Services include assessment and follow-up care.</p>
713504580	<p>MULTIPLE SCLEROSIS Pertains to the clinic where consultative, treatment, and teaching services are provided for registered patients with multiple sclerosis. Services include assessment and follow-up care.</p>
7135050	<p>OBSTETRICS Pertains to all clinics where diagnostic, consultative, treatment and teaching services are provided for registered patients who require ante- and postpartum care.</p>
713505020	<p>GENERAL ANTEPARTUM Pertains to the clinic where consultative and treatment services are provided for registered patients in the antepartum stage.</p>
713505040	<p>ANTEPARTUM GENETIC Pertains to the clinic where consultative, investigative , and counselling services are provided for registered women in the antepartum stage who have a past or family history of genetic disorders, and/or mature women who have become pregnant later in life. Services include assessment and follow-up care.</p>
713505060	<p>HIGH RISK ANTE/POSTPARTUM Pertains to the clinic where consultative, treatment and teaching services are provided for registered patients with high risk scores, or for those who have shown indications of problems that may be encountered by either the mother or baby during pregnancy, delivery and early postnatal period. Includes ante- and postpartum care, and can include prenatal non-stress and/or stress testing.</p>
713505080	<p>POSTPARTUM Pertains to the clinic where consultative, treatment and teaching services are provided for registered patients in the postpartum stage.</p>

Account Number	Description
713505085	PERINATAL EDUCATION (AB SPECIFIC) Pertains to the clinic which provides perinatal education to registered patients.
7135055	ONCOLOGY Pertains to all clinics where follow-up, consultative, treatment and teaching services are provided for registered patients with neoplastic tumours/diseases.
713505520	GENERAL ONCOLOGY Pertains to the clinic where follow-up, consultative, treatment and teaching services are provided for registered patients with neoplastic tumours in any part of the body or body system.
713505530	LIP, ORAL CAVITY AND PHARYNX Pertains to all clinics where follow-up, consultative, treatment and teaching services are provided for registered patients with neoplastic tumours of the lip, oral cavity and pharynx.
713505540	DIGESTIVE ORGANS AND PERITONEUM Pertains to all clinics where follow-up, consultative, treatment and teaching services are provided for registered patients with neoplastic tumours of the digestive organs and peritoneum.
713505550	RESPIRATORY AND INTRATHORACIC ORGANS Pertains to all clinics where follow-up, consultative, treatment and teaching services are provided for registered patients with neoplastic tumours of the respiratory and intrathoracic organs.
713505560	BONE, CONNECTIVE TISSUE, SKIN AND BLOOD Pertains to all clinics where follow-up, consultative, treatment and teaching services are provided for registered patients with neoplastic tumours of the bone, connective tissue, skin and blood.
713505570	GENITO-URINARY ORGANS Pertains to all clinics where follow-up, consultative, treatment and teaching services are provided for registered patients with neoplastic tumours of the genito-urinary organs.
713505580	LYMPHATIC AND HEMATOPOIETIC TISSUE Pertains to all clinics where follow-up, consultative, treatment and teaching services are provided for registered patients with neoplastic tumours of the lymphatic and hematopoietic tissue.
713505590	EARLY DETECTION OF BREAST CANCER Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients who require early detection of breast cancer. Includes screen test program.
7135060	OPHTHALMOLOGY Pertains to all clinics where diagnostic, consultative, treatment and teaching services are provided for registered patients requiring medical and/or surgical attention for disorders of the eye.

Account Number	Description
713506010	<p>GENERAL OPHTHALMOLOGY Pertains to the clinics where diagnostic, consultative, treatment and teaching services are provided for registered patients with disorders of the eye. Services include assessment and follow-up care.</p>
713506020	<p>CONTACT LENS Pertains to the clinic where consultative, treatment and teaching services are provided for registered patients who require therapeutic fitting of a lens for vision and for cosmetic purposes. Services include assessment and follow-up care.</p>
713506030	<p>CRYOSURGERY Pertains to the clinic where freezing treatment is provided for registered patients with retinal disorders. Services include assessment and follow-up care.</p>
713506040	<p>FLUORESCEIN Pertains to the clinic where fluorescein studies of the retina are conducted on registered patients for diagnostic purposes.</p>
713506050	<p>GLAUCOMA Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients who have glaucoma. Services include assessment and follow-up care.</p>
713506060	<p>LASER Pertains to the clinic where laser treatment is provided for registered patients with retinal disorders and glaucoma. Services include assessment and follow-up care.</p>
713506070	<p>ORTHOPTIC Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with disorders in the support structure of the eye. Services include assessment and follow-up care.</p>
713506080	<p>TONOGRAPHY Pertains to the clinic where consultative and treatment services are provided for registered patients who require measurement of intraocular pressure. Services include assessment and follow-up care.</p>
713506090	<p>ULTRASOUND Pertains to the clinic where assessment, consultative, and follow-up services are provided for registered patients with eye disorders.</p>
7135065	<p>ORTHOPEDIC Pertains to all clinics where diagnostic, consultative, treatment and teaching services are provided for registered patients who require medical and/or surgical attention for disorders of the skeletal system.</p>

Account Number	Description
713506510	<p>GENERAL ORTHOPEDIC Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with general disorders of the skeletal system. Services include assessment and follow-up care.</p>
713506520	<p>FRACTURE Pertains to the clinic where consultative, treatment, teaching and follow-up services are provided for registered patients with fractures.</p>
713506530	<p>ORTHOTICS Pertains to the clinic where orthotic appliances including splints, shoes, braces, etc., are made and fitted for registered patients. Services include assessment and follow-up care.</p>
713506540	<p>PLASTER ROOM Pertains to the clinic where casts are applied and/or removed from registered patients.</p>
713506550	<p>SPORTS MEDICINE Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with sports-related injuries. Services include assessment and follow-up care.</p>
7135070	<p>PEDIATRIC Pertains to all clinics where diagnostic, consultative, treatment and teaching services are provided for registered paediatric patients requiring medical and/or surgical attention.</p>
713507010	<p>GENERAL PEDIATRIC Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered general paediatric patients. Services include assessment and follow-up care.</p>
713507020	<p>WELL BABY Pertains to the clinic where follow-up, consultative, and treatment services are provided for registered well babies.</p>
713507030	<p>CHILD PROTECTION Pertains to the clinic where consultative, counselling, and treatment services are provided for registered children who have been physically and/or mentally abused. Services include assessment and follow-up care.</p>
713507035	<p>SPINA BIFIDA (AB SPECIFIC)</p>
713507045	<p>GENETIC Pertains to the clinic where diagnostic and counselling services are provided for registered patients of any age who are concerned about hereditary diseases.</p>

Account Number	Description
713507050	<p>GROWTH AND DEVELOPMENT Pertains to the clinic where screening, diagnostic and treatment services are provided for registered paediatric patients with possible growth and development disorders. Services include assessment and long-term follow-up care.</p>
713507055	<p>SCOLIOSIS (AB SPECIFIC) Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with scoliosis.</p>
713507060	<p>PEDIATRIC PROSTHETICS (AB SPECIFIC) Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients who require pediatric prosthetics.</p>
713507062	<p>PEDIATRIC SEATING (AB SPECIFIC) Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients who require pediatric seating treatment.</p>
713507065	<p>NEONATOLOGY Pertains to the clinic where follow-up services are provided for registered infant patients who have received services in a neonatal intensive care unit after birth, and/or for infants who were at risk during delivery.</p>
713507075	<p>PEDIATRIC CONNECTIVE TISSUE (AB SPECIFIC) Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with pediatric connective tissue disorders.</p>
713507085	<p>JUVENILE CONVULSIVE DISORDER (AB SPECIFIC) Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with juvenile convulsive disorders.</p>
7135075	<p>PLASTIC Pertains to all clinics where diagnostic, consultative, treatment and follow-up services are provided for registered patients who require the services of a plastic surgeon.</p>
713507510	<p>GENERAL PLASTIC Pertains to the clinic where diagnostic, consultative and treatment services are provided for patients with injuries and disorders of any part of the body and who require the services of a plastic surgeon. Services include assessment and follow-up care.</p>
713507520	<p>BURN Pertains to the clinic where assessment, consultative, treatment and follow-up services are provided for patients with burns to the body.</p>

Account Number	Description
713507530	<p>COSMETIC Pertains to the clinic where assessment, consultative, treatment and follow-up services are provide for registered patients who require cosmetic surgery.</p>
713507540	<p>HAND Pertains to the clinic where diagnostic, consultative, and treatment services are provided for registered patients with injuries of the hand. Services include assessment and follow-up care.</p>
713507550	<p>RECONSTRUCTIVE Pertains to the clinic where assessment, consultative, treatment and follow-up services are provided for registered patients who require reconstructive surgery.</p>
7135080	<p>PSYCHIATRY Pertains to all clinics where diagnostic, consultative, treatment and teaching services are provided for registered patients with psychiatric/psychological disorders.</p>
713508010	<p>GENERAL PSYCHIATRY Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with general psychiatric disorders. Services include assessment and follow-up care.</p>
713508020	<p>ASSESSMENT Pertains to the clinic where assessment services are provided for registered patients with psychiatric disorders for the purpose of referring the patient to the appropriate care setting.</p>
713508030	<p>FORENSIC Pertains to the clinic where diagnostic, consultative, treatment and counselling services are provided for registered patients with behavioural, emotional and mental disorders who have been refereed by the criminal justice department. Services include assessment and follow-up care.</p>
713508040	<p>ADDICTION Pertains to all clinics where assessment, treatment, counselling and follow-up services are provided for registered patients who are dependent on chemical agents.</p>
713508060	<p>SPOUSAL BATTERING Pertains to the clinic where consultative, treatment and counselling services are provided for registered patients, male and female, who have been physically and/or mentally abused by their spouse. Services include assessment and follow-up care.</p>
713508065	<p>STRESS MANAGEMENT Pertains to the clinic where consultative, treatment and counselling services are provided for patients suffering from severe emotional stress. Services include assessment and follow-up care.</p>

Account Number	Description
713508070	<p>EATING DISORDERS Pertains to all clinics where consultative, treatment and counselling services are provided for registered patients with eating disorders. Services include assessment and follow-up care.</p>
7135085	<p>REHABILITATION Pertains to all clinics where assessment, consultative, treatment and teaching services are provided for registered patients requiring specialized rehabilitation programs to restore or to improve functional ability.</p>
713508510	<p>GENERAL REHABILITATION Pertains to the clinic where general rehabilitation services are provided for registered patients. Services include assessment and follow-up care.</p>
713508520	<p>AMPUTEE Pertains to the clinic where assessment, teaching, counselling and follow-up services are provided for registered patients with amputations. Patients may also require management of underlying disease, stump and prostheses management.</p>
713508530	<p>BACK INJURY (INCLUDING EDUCATION) Pertains to the clinic where services are provided for registered patients with chronic back pain. Services include teaching lifestyle adaptations, injury prevention and pain management, assessment and follow-up care.</p>
713508535	<p>HEAD INJURY Pertains to the clinic where assessment, treatment, physiological and psychological care, and follow-up services are provided for registered patients following head injuries.</p>
713508540	<p>BRAIN INJURY (AB SPECIFIC) Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with brain injuries.</p>
713508545	<p>ORTHOPEDIC Pertains to the clinic where treatment, teaching and counselling services are provided for patients with impairments of the skeletal system. Services include assessment and follow-up care.</p>
713508560	<p>SPINAL CORD Pertains to the clinic where assessment, psychological and physiological care, treatment, teaching, counselling, and follow-up services are provided for registered patients with spinal disorders.</p>

Account Number	Description
713508565	<p>STROKE Pertains to the clinic where assessment, diagnostic, treatment and follow-up services are provided for registered patients who have suffered a stroke and require physiological and psychological care and treatment, teaching and counselling.</p>
713508570	<p>URODYNAMIC Pertains to the clinic where diagnostic, consultative, treatment, assessment and follow-up services are provided for registered patients with bladder dystonia.</p>
7135095	<p>RHEUMATOLOGY Pertains to all clinics where diagnostic, consultative, treatment, and teaching services are provided for registered patients with collagen and joint diseases.</p>
713509520	<p>GENERAL RHEUMATOLOGY Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with general collagen and joint diseases. Services include assessment and follow-up care.</p>
713509540	<p>GOLD TREATMENT Pertains to the clinic where consultative, treatment, and teaching services are provided for registered patients who require gold treatment. Services include assessment and follow-up care.</p>
713509560	<p>LUPUS Pertains to the clinic where consultative, treatment and teaching services are provided for registered patients with systemic lupus erythematosus. Services include assessment and follow-up services.</p>
713509580	<p>SCLERODERMA Pertains to the clinic where consultative, treatment and teaching services are provided for registered patients with scleroderma. Services include assessment and follow-up care.</p>
71355	<p>PRIVATE CLINICS Pertains to all clinics where diagnostic, consultative, treatment, and teaching services are provided for patients who seek treatment from their physician, in private offices in the clinic. Includes free standing private clinics (ie. laser eye surgery, abortion and dental surgery). Private clinics usually contract service volumes with the RHA and are reimbursed by the RHA on a per patient basis. Does not include contracted Community CRP services (see 71495).</p>
7135510	<p>MEDICAL SPECIALTY PRIVATE CLINIC (AB SPECIFIC) Medical private clinics.</p>

Account Number	Description
7135515	SURGICAL SPECIALTY CLINIC (AB SPECIFIC) Surgical private clinics including abortion clinics.
713551510	GENERAL SPECIALTY CLINIC (AB SPECIFIC) General surgical private clinics.
713551520	DENTAL SPECIALTY CLINIC (AB SPECIFIC) Dental surgical private clinics.
713551560	THERAPEUTIC ABORTION SPECIALTY CLINIC (AB SPECIFIC) Therapeutic abortion private clinics.
7135520	CARDIAC SPECIALTY CLINIC (AB SPECIFIC) Cardiac private clinics.
7135560	OPHTHALMOLOGY SPECIALTY PRIVATE CLINIC (AB SPECIFIC) Ophthalmology private clinics including laser eye surgery.
7135565	ORTHOPEDIC SPECIALTY PRIVATE CLINIC (AB SPECIFIC) Orthopedic private clinics.
7135575	PLASTIC SPECIALTY PRIVATE CLINIC (AB SPECIFIC) Plastic private clinics.
71395	PSYCHIATRY AMBULATORY CARE SERVICES (AB SPECIFIC) The Functional Centers in which are recorded budget and actual data for the direct expenses, statistics and revenues (if any), pertaining to the service where diagnostic, consultative, assessment, treatment, counselling, teaching and/or follow-up services are provided to registered outpatients with psychiatric/behavioural disorders.
7139510	GENERAL PSYCHIATRY (AB SPECIFIC) Pertains to the area where services are provided to registered outpatients with relatively stable psychiatric/behavioural disorders. (This Functional Centre may include outpatients with a variety of psychiatric/behavioural disorders).
713951010	GENERAL PSYCHIATRIC TREATMENT (AB SPECIFIC) Pertains to the services to registered outpatients with relatively stable psychiatric/behavioural disorders. (This functional centre may include inpatients with a variety of psychiatric/behavioural disorders).
713951020	GENERAL PSYCHIATRY INDIVIDUAL TREATMENT (AB SPECIFIC) Pertains to services provided on an individual basis to registered outpatients with psychiatric/behavioural disorders.
713951030	GENERAL PSYCHIATRY GROUP TREATMENT (AB SPECIFIC) Pertains to services provided in a group setting to registered outpatients with psychiatric/behavioural disorders.
7139520	PSYCHIATRIC REHABILITATION (AB SPECIFIC) Pertains to the areas where services are provided to registered outpatients with relatively stable psychiatric/behavioural disorders who require specialized rehabilitation services to restore, or to reach, their optimum level of functioning.

Account Number	Description
713952010	GENERAL PSYCHIATRIC REHABILITATION (AB SPECIFIC) Pertains to the area where services are provided to registered outpatients with relatively stable psychiatric/behavioural disorders who require specialized rehabilitation services to reach or restore their optimum level of functioning.
713952020	RESPITE (AB SPECIFIC) Pertains to the area where services are provided to registered outpatients with a chronic psychiatric/behavioural disorder who are usually care for at home, but require temporary services while the primary care giver(s) are unable to provide care for a specific period of time.
713952030	LONG TERM REHABILITATION (AB SPECIFIC) Pertains to the area where services are provided to registered outpatients whose capacities are chronically impaired and who require psychiatric rehabilitation services for an extended period of time.
7139530	ADDICTION/SUBSTANCE ABUSE (AB SPECIFIC) Pertains to the area where services are provided to registered outpatients with addiction/substance abuse disorders.
713953010	ALCOHOL ADDICTION/ABUSE (AB SPECIFIC) Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with alcohol addiction/abuse disorders.
713953020	DRUG ADDICTION/ABUSE (AB SPECIFIC) Pertains to the clinic where diagnostic, consultative, treatment and teaching services are provided for registered patients with drug addiction/abuse disorders.
7139540	FORENSIC (AB SPECIFIC) Pertains to the area where services are provided to registered outpatients with a psychiatric/behavioural disorder who have been referred by the criminal justice system.
713954010	FORENSIC REHABILITATION (AB SPECIFIC) Pertains to the area where services are provided to registered forensic outpatients with a relatively stable disability who require specialized rehabilitation programs to reach or to restore their optimum level of functioning.
713954020	COURT ASSESSMENT/TREATMENT (AB SPECIFIC) Pertains to the area where assessment or treatment services are provided to registered outpatients with psychiatric/behavioural disorders who have been referred by the criminal justice system.

Account Number	Description
713954030	SEX OFFENDERS (AB SPECIFIC) Pertains to the area where services are provided to registered outpatients who have been convicted of sex offences.
713954040	FAMILY VIOLENCE (AB SPECIFIC) Pertains to the area where services are provided to registered forensic outpatients with psychiatric/behavioural disorders, who require services as a result of family violence.
7139550	GERO-PSYCHIATRY (AB SPECIFIC) Pertains to the area where services are provided to registered geriatric outpatients with psychiatric/behavioural disorders. May include physical care needs, but the primary reasons for treatment will be psychiatric in nature.
713955010	GENERAL GERO PSYCHIATRY (AB SPECIFIC) Pertains to the area where services are provided to registered geriatric outpatients with psychiatric/behavioural disorders.
713955020	GERO PSYCHIATRY REHABILITATION (AB SPECIFIC) Pertains to the area where services are provided to registered outpatients with a relatively stable disability who require specialized rehabilitation program to restore or to reach their optimum level of functioning.
713955030	RESPITE (AB SPECIFIC) Pertains to the are where services are provided to registered geriatric outpatients with a chronic psychiatric/behavioural disorder, who are usually cared for at home, but require temporary services while the primary caregiver(s) are unable to provide care for a specific period of time.
7139560	SPECIAL CARE (AB SPECIFIC) Pertains to the area where formalized single focus services are provided to registered outpatients with psychiatric/behavioural disorders.
713956010	MAJOR AFFECTIVE DISORDERS (AB SPECIFIC) Pertains to the area where services are provided to registered outpatients with major affective disorders.
713956020	ANXIETY DISORDERS (AB SPECIFIC) Pertains to the area where formalized services are provided to registered outpatients with anxiety disorders.
713956025	EATING DISORDERS (AB SPECIFIC) Pertains to the area where formalized services are provided to registered outpatients with eating disorders.

Account Number	Description
713956030	PERSONALITY DISORDERS (AB SPECIFIC) Pertains to the area where formalized services are provided to registered outpatients with personality disorders.
713956035	SCHIZOPHRENIC DISORDERS (AB SPECIFIC) Pertains to the area where formalized services are provided to registered outpatients with schizophrenic disorders.
713956040	DEVELOPMENTALLY DELAYED (AB SPECIFIC) Pertains to the area where formalized services are provided to registered outpatients who are developmentally delayed.
713956050	MEDICATION ADMINISTRATION (AB SPECIFIC) Pertains to the area where formalized services are provided to registered outpatients who require administration and/or monitoring of medication.
713956060	FAMILY VIOLENCE (AB SPECIFIC) Pertains to the area where formalized services related to family violence are provided to registered outpatients with psychiatric/behavioural disorders. Excludes patients referred by the criminal justice system.
713956070	FAMILY THERAPY (AB SPECIFIC) Pertains to the area where formalized services related to family dysfunction are provided to registered outpatients with psychiatric/behavioural disorders. May include marital therapy. Excludes family violence.
713956080	WOMEN'S MENTAL HEALTH SERVICES (AB SPECIFIC) Pertains to the area where formalized services related to women's health issues are provided to registered outpatients.
713956085	NEUROPHYSIOLOGICAL DISORDERS (AB SPECIFIC) Pertains to the area where formalized services are provided to registered outpatients with neurophysiological disorders.
7139570	BRAIN INJURY REHABILITATION (AB SPECIFIC) Pertains to the area where services are provided to registered outpatients with psychiatric/behavioural disorders resulting from injury to the brain and who may or may not have physical dysfunctions.
77139580	COMMUNITY PILOT PROJECT (AB SPECIFIC)
714	DIAGNOSTIC/THERAPEUTIC SERVICES: IDENTIFIES CLINICS IN SOME HOSPITALS.
71415	DIAGNOSTIC IMAGING Pertains to the production of visual records of body tissues and functions, and the interpretation of the records to assist in the clinical investigation and patient management.

Account Number	Description
7141510	<p>DIAGNOSTIC IMAGING – GENERAL Pertains to the provision of management and operational support to the entire diagnostic imaging service. Since this Functional Center provides management and operational support service to other functional centres within the diagnostic imaging functional centre, its costs must be distributed as indirect costs to those user functional centres. A suggested distribution base is the specific percentage of total units of service generated by the user functional centres.</p>
7141515	SPECIAL PROCEDURES (AB SPECIFIC)
714151520	SPECIAL PROCEDURES DIAGNOSTIC (AB SPECIFIC)
714151530	SPECIAL PROCEDURES THERAPY (AB SPECIFIC) (INCLUDES INTERVENTIONAL EXAMINATIONS)
7141520	<p>DIAGNOSTIC RADIOLOGY Pertains to the use of radiant energy from X-ray equipment for diagnostic purposes. (Includes radiography, fluoroscopy, tomography and mammography).</p>
7141525	<p>COMPUTED TOMOGRAPHY Pertains to the use of radiant energy from computed tomography equipment for diagnostic purposes. Computed Tomography is a modality which reconstructs images of tissues and organs by means of a computer, which produces either visual displays or a TV monitor or graphic presentations of the subject being studied.</p>
7141530	<p>DIAGNOSTIC ULTRASOUND Pertains to the production of a visual record of body tissues by means of high frequency sound-waves, and to provide an interpretation of the record to assist in the clinical investigation of the patient.</p>
714153010	<p>ULTRASOUND GENERAL Includes obstetrical, gynecological, abdominal and neurological ultrasound</p>
714153060	OPHTHALMOLOGICAL ULTRASOUND
714153070	ULTRASOUND CARDIAC (AB SPECIFIC)
7141540	<p>NUCLEAR MEDICINE (IN VIVO) Pertains to the utilization of the nuclear properties of radioactive and stable nucleides to make diagnostic evaluations of the anatomic and/or diagnostic evaluations of the anatomic and/or physiologic conditions of the body and to provide therapy with unsealed radioactive sources.</p>
714154010	NUCLEAR MEDICINE GENERAL (AB SPECIFIC)
714154020	NUCLEAR MEDICINE CARDIAC (AB SPECIFIC)

Account Number	Description
714154030	NUCLEAR MEDICINE THERAPY (AB SPECIFIC) (Includes interventional examinations)
7141550	CARDIAC CATH LABORATORY Pertains to the provision of invasive, hemodynamic, electro-physiologic, biomedical and angiographic study of the heart, through the use of such procedures as cardiac catheterization, HIS bundle studies, pulmonary angiography, myocardial biopsies, coronary sinus catheterization, electrophysiological studies (FICK) and transluminal angioplasty.
714155020	CARDIAC CATHETERIZATION DIAGNOSTIC (AB SPECIFIC)
714155030	CARDIAC CATHETERIZATION THERAPY (AB SPECIFIC) Includes interventional examinations.
7141580	OTHER DIAGNOSTICS
7141570	MAGNETIC RESONANCE IMAGING Pertains to the production of a visual record of body tissues and organs by use of radiant energy from magnetic resonance equipment; and to the provision of interpretation of the record to assist in the clinical investigation of the patient.
71420	RADIATION ONCOLOGY Pertains to the use of radiant energy from x-ray equipment and radioactive elements for their therapeutic purposes.
71425	ELECTRODIAGNOSIS Pertains to the measurement and recording of electrical impulses of the brain for the evaluation of the brain, and associated physiologic functions. Excludes data pertaining to electrocardiography (ECG) services.
7142510	ELECTROENCEPHALOGRAPHY (EEG) Pertains to the measurement and recording of electrical impulses of the brain for the evaluation of brain function.
7142520	ELECTROMYOGRAPHY (EMG) Pertains to the recording of electrical potential variations in muscles on an electromyograph, in order to facilitate the diagnosis of muscular and nervous disorders.
7142530	EVOKED POTENTIAL Pertains to the recording of responses of the brain to a variety of stimuli (auditory, visual, somata-sensory). In neurology, in particular, it is essentially a diagnostic tool used in the evaluation of brainstem function as well as the evaluation of the functional integrity of sensory projection pathways in the central nervous system.

Account Number	Description
7142540	<p>SLEEP STUDIES Pertains to the overnight recording of EEG with constant monitoring of EOG, EMGs, EKGs, multiple transducers for recording respiration, PO2 monitoring, etc. Sleep studies are a diagnostic tool used in the evaluation of patients suspected of movement disorders, sleep apnea, hypersomnias, organic insomnia, etc.</p>
7142550	<p>INTENSIVE MONITORING Pertains to the prolonged EEG recording (4-10) hours using video and radio telemetry systems for the purpose of documenting the EEG and certain electrophysiological characteristics of seizures of various types, ie. absences, status, unusual attacks and psychogenic seizures.</p>
7142560	<p>ELECTRONYSTAGMOGRAPHY/ELECTRO-OCULOGRAPHY (ENG/EOG) Pertains to the recording of various forms of eye movements including those under volitional control and those under vestibular control. They are used to help differentiate between dizziness due to inner ear problems versus that due to inner ear problems versus that due to brain pathology.</p>
71430	<p>OTHER DIAGNOSTIC LABORATORIES Pertains to the performance of highly specialized non-invasive procedures which determine the presence or extent of diseases of the heart and peripheral vascular system. Includes data pertaining to electrocardiography (ECG) services.</p>
7143020	<p>NON-INVASIVE CARDIOLOGY LABORATORY</p>
714302020	<p>ECHOCARDIOGRAPHY Pertains to the use of echocardiography equipment for the evaluation of the size, position, configuration and motion of structures of the heart; the assessment of anatomical relationships with the heart and the assessment of cardiac functions.</p>
714302040	<p>HOLTER Pertains to the continuous ECG monitoring of a patient over a prolonged period (6-24 hours) while the patient goes about his or her usual daily activities.</p>
714302060	<p>EXERCISE STRESS TESTING Pertains to the use of exercise, according to specific criteria, for the purpose of detecting heart disease or for quantifying cardiorespiratory function.</p>
714302080	<p>ELECTROPHYSIOLOGY Pertains to the study of the electrophysiological properties of the heart through non-invasive means.</p>
714302090	<p>ELECTROCARDIOGRAPHY Pertains to the measurement and recording of electrical impulses of the heart for the evaluation of heart and heart function.</p>

Account Number	Description
71431	ORTHOPTICS (AB SPECIFIC)
71435	RESPIRATORY THERAPY Pertains to the administration of gases, aerosols, tests as well as those speciality services that assist in the diagnosis and treatment of patients with respiratory and cardio respiratory-related conditions. Includes the maintenance and repair of respiratory therapy, anesthesia and perfusion associated equipment.
7143520	THERAPEUTICS
714352020	ROUTINE/CRITICAL CARE, RESPIRATORY Pertains to the assessment and treatment of patients with respiratory and related conditions. Includes the maintenance and repair of respiratory therapy equipment.
714352060	HYPERBARIC CHAMBER Pertains to treatment of specific medical conditions with the use of a recompression chamber that is pressurized with compressed air and in which 100% oxygen is administered to the patient.
7143540	DIAGNOSTIC SERVICES, RESPIRATORY Pertains to the clinical investigation of patients to detect or to assess the severity of known respiratory and respiratory-related disease disability or injury. Includes the maintenance and repair of diagnostic equipment.
714354010	PULMONARY FUNCTION LAB Pertains to the detection, localization and quantification of pulmonary disorders through the use of highly specialized diagnostic procedures. Includes the maintenance and repair of pulmonary function diagnostic equipment.
714354020	BRONCHOSCOPY (AB SPECIFIC)
714354030	BLOOD GASES LAB Pertains to the analysis of blood for the purpose of measuring PH and the pressure of physiological gases.
714403010	TOTAL PARENTERAL NUTRITION – TPN – SERVICE Pertains to the formulation, preparation, distribution and monitoring of parenteral nutrition therapy. In all cases, the products are returned to inventory on a value-added basis for subsequent use by various nursing inpatient and ambulatory care areas. Includes recovery from inventory of costs of raw materials on a value-added basis.

Account Number	Description
7144050	<p>OUTPATIENT PHARMACY SERVICES Pertains to the movement of drugs from pharmacy stores to the outpatient pharmacy and other ambulatory care areas. This function reflects the operation of health care facility's outpatient drug distribution system and includes the following activities: non-sterile compounding and pre-packaging dispensing, drug monitoring, medication history taking, medication counselling and conducting drug utilization reviews. Includes pharmacokinetic monitoring.</p>
71445	<p>CLINICAL NUTRITION Pertains to the provision of patient care and non-patient care activities as defined by the Clinical Workload Measurement System Conceptual Model. These activities are provided by clinical dieticians, dietary technologists, dietician assistance and/or food service providers.</p>
71450	<p>PHYSIOTHERAPY Pertains primarily to the prevention or alleviation of movement dysfunction in people.</p>
71455	<p>OCCUPATIONAL THERAPY Pertains to the analysis and application of activities especially related to occupational performance in areas of self-care, productivity and leisure.</p>
7145520	<p>PHYSICAL MEDICINE Pertains to the provision of occupational therapy services to patients with physical disabilities.</p>
7145540	<p>PSYCHIATRIC OCCUPATIONAL THERAPY Pertains to the provision of occupational therapy services to psychiatric patients.</p>
7146020	<p>SPEECH/LANGUAGE PATHOLOGY Pertains to the prevention, evaluation, treatment and management of language, speech, and speech voice disorders.</p>
7146040	<p>AUDIOLOGY Pertains to the assessment, diagnosis and treatment of patients with hearing disabilities.</p>
7146520	<p>PROSTHETICS Pertains to the design, fabrication and fitting of appliances to replace, in whole or in part, human organs and limbs amputated or congenitally deformed, in order to restore their function and appearance (also refer to 713507060 Pediatric Prosthetics).</p>
7146560	<p>SEATING SYSTEMS Pertains to the design, fabrication and fitting of seating needs destined to provide seating systems that accommodates individual needs.</p>

Account Number	Description
71470	<p>SOCIAL WORK Pertains to the assistance of the patient and his family in dealing with personal, socio-economic and environmental problems which influence the patient's condition.</p>
7147010	<p>GENERAL SOCIAL WORK</p>
7147020	<p>FAMILY THERAPY Pertains to family therapy for families who display disorganized or disturbed functioning.</p>
71475	<p>PSYCHOLOGY Pertains to the assessment and treatment of behavioral problems in patients and their families.</p>
7147520	<p>CLINICAL PSYCHOLOGY Pertains to the assessment and treatment of patient's behavioral problems other than those associated with known or suspected organic impairment of brain function.</p>
7147540	<p>NEUROPSYCHOLOGY Pertains to the utilization of special neuropsychological evaluation tools to assess the relationship between brain function and behaviour in-patients with known or suspected organ brain dysfunction. As well as the rehabilitation of such behaviours, through techniques based on the specific knowledge of the syndromes of focal and diffuse brain lesions.</p>
71480 Invalid as of Apr 98	<p>CHILD CARE WORK (AB SPECIFIC) Pertains to the social, play, behavioural and ADL needs of pre-school and school age children which facilitate the generalization and stabilization of skills.</p>
71480	<p>PASTORAL CARE Pertains to the provision and co-ordination of a religious ministry to patients and their families.</p>
71485	<p>RECREATION Pertains to the involvement of patients in activities such as sports and arts and crafts, in order to maintain and improve their physical, mental and social well-being.</p>
71490	<p>CHILD LIFE Pertains to the provision of a therapeutic program to meet the social, emotional, co-operative and physical activity needs of children in hospital, through education and recreation.</p>
71495	<p>COMMUNITY REHABILITATION PROGRAMS A multi-disciplinary functional centre where Physiotherapy, Occupational Therapy, Respiratory Therapy and Speech & Audiology services are provided. Also includes multidisciplinary externally contracted CRP clinics</p>

Account Number	Description
7149535	COMMUNITY RESPIRATORY THERAPY Respiratory therapy services provided to clients who are neither registered In-patients or Out-patients. Includes externally contracted clinics.
7149550	COMMUNITY PHYSIOTHERAPY Physiotherapy services provided to clients who are neither registered In-patients or Out-patients. Includes externally contracted clinics.
7149555	COMMUNITY OCCUPATIONAL THERAPY Occupational therapy services provided to clients who are neither registered In-patients or Out-patients. Includes externally contracted clinics.
714956020	COMMUNITY SPEECH LANGUAGE PATHOLOGY Speech Language Pathology services provided to clients who are neither registered In-patients or Out-patients. Includes externally contracted clinics.
714956040	COMMUNITY AUDIOLOGY Audiology services provided to clients who are neither registered In-patients or Out-patients. Includes externally contracted clinics.
71510	PRIMARY CARE CLINICS/PROGRAMS The Functional Centre pertaining to the provision of primary health services that do not require facilities, technology, and/or staff support typically found in an ambulatory care specialty clinic to self-referred patient/clients who attend for less than three hours on average. Includes: Walk-In Clinics, Dental and Nutritional Services etc.
71515	CRISIS INTERVENTION The Functional Centre pertaining to the provision of services in response to urgent individual medical, and/pr psychological needs of clients. Includes: crisis lines and lifeline services.
71520	PRIMARY DAY/NIGHT CARE The Functional Centre pertaining to the free-standing or attached units where treatment, counselling, rehabilitative/social and recreational services are provided for clients, who attend for three to twelve hours.
71530	HOME CARE
7153010	GENERAL HOME CARE
7153020	GERIATRIC HOME CARE
7153030	PALLIATIVE HOME CARE
7153040	HOME DIALYSIS
7153050	PSYCHIATRIC HOME CARE
7153060	POST NATAL HOME CARE
7153070	HOME PARENTERAL CARE
7153080	EARLY INTERVENTION
7153090	CASE COORDINATION

Account Number	Description
71535	HOME SUPPORT The Functional Centre pertaining to providing or co-ordinating assistance to clients with daily activities such as shopping, housekeeping, food preparation and laundry.
7153510	PROVISION OF MEDICAL EQUIPMENT
7153520	SELF MANAGED CARE
71538	HOME CARE/SUPPORT COMBINED The Functional Centre pertaining to clinical services provided in clients' residences to meet the acute, long term, rehabilitative, palliative and support needs of clients and their significant others, and providing or co-ordinating assistance with daily activities such as shopping, housekeeping and laundry.
71540	RESIDENTIAL SERVICES The Functional Centre pertaining to the provision of supportive living arrangements in a residential/group home setting. Includes respite care. Excludes nursing homes.
7154010	ASSISTED LIVING
7154020	ADULT FAMILY LIVING
7154030	CHOICE
7154040	GROUP HOMES
71550	HEALTH PROMOTION AND EDUCATION The Functional Centre pertaining to promoting health, and educating the community. Including the public, professionals, and other sectors which impact on the health of individuals and populations towards maintaining/improving health statistics.
7155010	FAMILY PLANNING
7155030	GENERAL HEALTH
7155035	WOMENS HEALTH
7155045	INNER CITY
7155050	PRE-ADMISSION
71555	DISEASE AND INJURY PREVENTION & CONTROL The Functional Centre pertaining to the activities associated with reducing injury or risk of injury and the prevention of disease for individuals, community and population including such activities as immunization, screening, communicable disease control and disease surveillance.
7155510	COMMUNICABLE DISEASE PREVENTION
7155530	SEXUALLY TRANSMITTED DISEASE PREVENTION
7155540	HEREDITARY DISEASES
7155550	DENTAL HEALTH Preventative and educational dental services. Including fluoride application, teeth cleaning, diagnosis and treatment.
71558	HEALTH PROMOTION & DISEASE & INJURY PREVENTION COMBINED

Account Number	Description
71560	ENVIRONMENTAL HEALTH & LICENSING The Functional Centre pertaining to the mandated environmental health protection services to ensure that the food supply, water and other aspects of the human environment are safe from disease, contaminants and other health and safety hazards. Also pertains to activities and support services which safeguard the well being of individuals for facilities such as day care facilities and adult and child residential facilities.
7156010	ENVIRONMENTAL HEALTH The Functional Centre pertaining to the mandated environmental health protection services to ensure that the food supply, water and other aspects of the human environment are safe from disease, contaminants and other health and safety hazards.
7156020	LICENSING The Functional Centre pertaining to activities for licensing and support services which safeguard the well being of individuals for facilities such as day care facilities and adult and child residential facilities.

ACCS GROUPE
Flowcharts, Diagnoses and Interventions

Effective April 2000

Ambulatory Care Classification Documentation

ACCS GROUPE: Flowcharts, Diagnoses and Interventions

Revised April 2000

In this section of the documentation, flowcharts and tables are presented for each of the ACCS intervention and clinical groups. The tables identify ICD-9-CM diagnoses, ICD-9-CM interventions or developed ACCS intervention codes that group to each of the ACCS cells.

ACCS Cell #	Intervention Group	Page #
1.1 – 1.4	Nerve and Other	240
2	Spinal	242
3	Nerve Injection	243
4	Orbital & Other Eye	244
5	Lens Interventions	246
6	Iris & Other Eye	247
7	Strabismus	248
8	External Eye	249
9	Bronch/Pharynx	251
10	Tympanoplasty	252
11	Sinus Interventions	253
12	Other Sinus	254
13 - 13.2	Tonsils and Adenoids	255
14	Nasal Interventions	256
15	Other Respiratory	257
16 - 16.4	External Ear	258
17	Respiratory Endoscopy - ENT	259
18	Pacemaker Implant	260
19 - 19.2	Cardiac Catheter	261
20 - 20.3	Angiography	263
21 - 21.1	Vascular Interventions	264
22	Other Vascular Interventions	265
23.1 - 23.4	Lymphatic Interventions	266
24	Minor Vascular	267
25	Cholecystectomy	268
26	Hernia	269
27	ERCP	270
28.1	Endoscopy GI - Low	271
28.2	Endoscopy GI - Medium	272
28.3	Endoscopy GI - High	274
29.1 - 29.4	Ano-Rectal Interventions	275
30.1 - 30.4	Minor Anal Interventions	277
31	Mechanical Implants	279
32	Lithotripsy	280
33	Upper Urinary Interventions	281
34.1	Lower Urinary & Genital	282

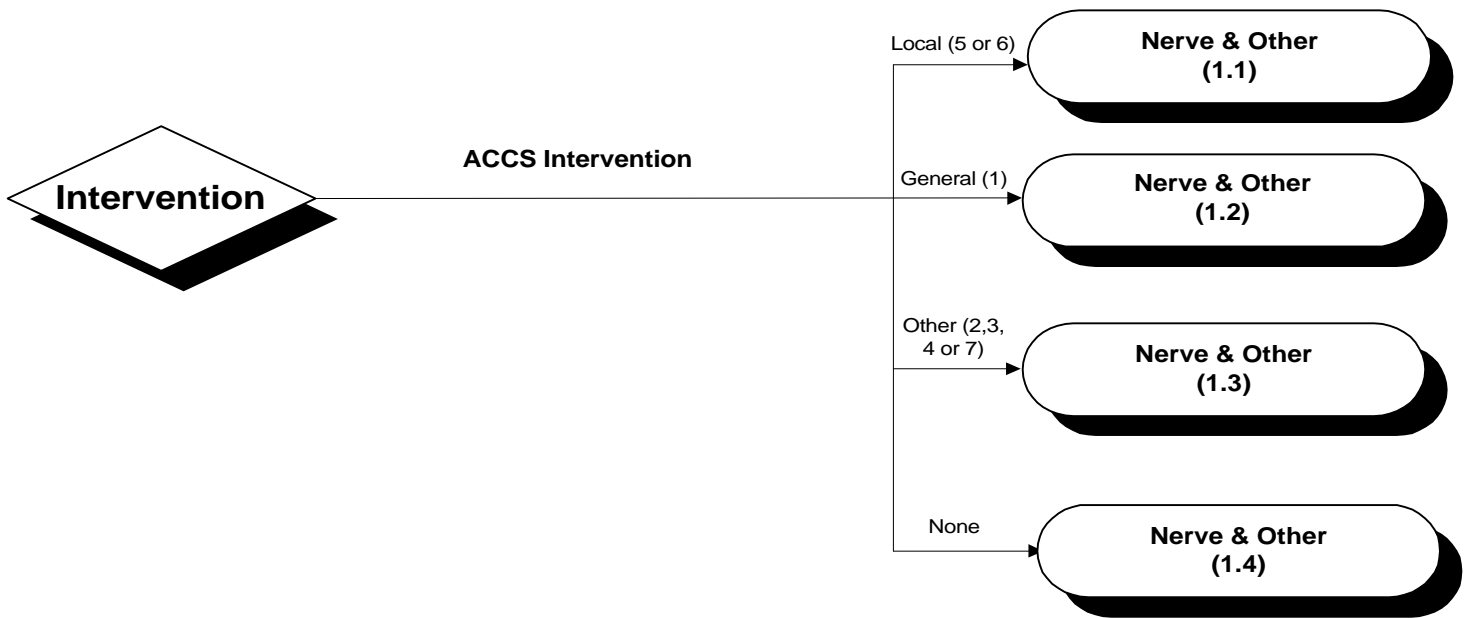

ACCS Cell #	Intervention Group	Page #
34.2	Reconstruction, Vas Deferens	283
35.1 - 35.4	Bladder & Urethral Interventions	284
36.1	Vasectomy	286
36.2	Other Male Genital Interventions	287
37 - 37.4	Circumcision	288
38	Uro Diagnostic Interventions	289
39	Uterus & Adnexal Interventions	290
40	Endo & Gyn Interventions	292
