

Notice of Application

Application No. 1899100
Suncor Energy Inc.
Athabasca Oil Sands Area

The Alberta Energy Regulator (AER) has received Application No. 1899100.

This application is being submitted as part of an integrated development application, allowing applicants to apply for multiple activities under a single application.

Description of the Applications

Suncor Energy Inc. (Suncor) has applied under the *Oil Sands Conservation Act* and the *Environmental Protection and Enhancement Act*, *Oil and Gas Conservation Act*, *Pipeline Act*, *Public Lands Act* and *Water Act* to construct, operate, and reclaim the Meadow Creek West Project. The project would recover 6359 cubic metres per day (40 000 barrels per day) from the McMurray Formation using steam-assisted gravity drainage (SAGD) technology. The project would include

- a central processing facility with associated facilities,
- cogeneration facilities,
- thermal injection wells,
- production wells,
- water source wells,
- disposal wells,
- well pads,
- stormwater ponds, and
- associated infrastructure, including multiuse corridors, pipelines, and roads, as well as land access.

Construction would start as early as 2022.

The project would be located in northeast Alberta about 30 kilometres (km) south of the city of Fort McMurray and about 35 km southwest of the hamlet of Anzac, within Townships 84 to 85, Ranges 9 to 12, West of the 4th Meridian in the Regional Municipality of Wood Buffalo.

Suncor has also submitted an environmental impact assessment report. This report forms part of the application to the AER

Contents of a Statement of Concern

For your submission to be considered a valid statement of concern, it must include

- a) why you believe that you may be directly and adversely affected by a decision of the AER on the application;
- b) the nature of your objection to the application;
- c) the outcome of the applications that you advocate;
- d) the location of your land, residence, or activity in relation to the location of the energy resource activity that is the subject of the applications; and
- e) your contact information, including your name, address in Alberta, telephone number, and email address or, if you do not have an email address, your fax number.

Confidentiality

Section 49 of the *Alberta Energy Regulator Rules of Practice (Rules of Practice)* requires that all documents and information filed in a proceeding be placed on the public record. If you file a submission, you must not include any personal information that you do not want to appear on or are not authorized to put on the public record. Section 49(2) of the *Rules of Practice* states how to apply to the AER for an order to keep information confidential. The *Rules of Practice* is available on the AER website at www.aer.ca.

Jurisdiction

Submissions relating exclusively to compensation for land use are not dealt with by the AER and should be referred to the Alberta Surface Rights Board.

Under section 21 of the *Responsible Energy Development Act*, the AER does not have the jurisdiction to assess the adequacy of Crown consultation associated with the rights of aboriginal peoples as recognized and affirmed under the *Constitution Act, 1982*.
