**Re: Proposed Robb Trend Project**  
**AER Application No. 1725257**

---

Dear Mr. Lafleur:

The Environmental Impact Assessment (EIA) report for the proposed Robb Trend Project has now been deemed complete pursuant to Section 53 of the *Environmental Protection and Enhancement Act* (EPEA).

This determination of EIA Completeness **does not** represent acceptance or approval of the proposed project. The EIA report has been referred to the AER, who will issue a decision as to whether the project may proceed further in the regulatory process. Coal Valley Resources Inc. may be required to provide additional project information to AER in order for the necessary regulatory decisions to be made and potential approvals issued.

We appreciate the time and effort your team has put in to complete the EIA process.

Sincerely,

**Original signed by:**

Corinne Kristensen  
Senior Manager, Environmental Assessment  
Provincial Programs  
(Designated Director, *Environmental Protection and Enhancement Act*)
