

NOTICE

Certification for Plumbing and Private Sewage Disposal Systems

This notice is to inform holders of Alberta Municipal Affairs certificates of competency of a change to the fee structure for Private Sewage, Restricted Private Sewage and Sewer and Water certificates.

Private Sewage (PS)

Renewals of Private Sewage certificates of competency will now be associated with the code cycle of the Private Sewage Standard of Practice. The fee of \$40 will remain the same, but renewal and the renewal fee will only be required when a new Private Sewage Standard of Practice is adopted (typically every 5 years). At that time upgrade training will be required and certifications will have to be renewed to reflect this.

Restricted Private Sewage (RPS) and Sewer and Water Services (R)

Certificates of competency for Restricted Private Sewage and Sewer and Water Services will now have a one-time fee of \$40 and will not require an annual renewal.

All of the above mentioned certificates with expiry dates of April 1, 2018 or later will be reissued to reflect this change. All other certificates will reflect this change upon renewal as they reach their expiry date.

September 18, 2017
