## Taxes

### Property Tax Assistance

On August 11, 2004, the Government of Alberta announced a program of assistance with education property taxes for senior homeowners beginning in the 2005 municipal taxation year. Details will be available in spring 2005.

## General Information

When filing a tax return, most forms of income are taxable (including amounts paid to deceased individuals). Seniors may qualify for any number of federal and/or Alberta provincial tax credits within the tax system. Seniors eligible for the disability tax credit may now be eligible to claim attendant care expenses. For more information, visit the Canada Revenue Agency website at [www.cra.gc.ca](http://www.cra.gc.ca) or phone the general inquiry line at 1-800-959-8281.

## Service for Seniors

Service for Seniors allows eligible seniors to file their tax returns for free using a touch-tone telephone. To be eligible to use the service, you must be over the age of 65 and meet the following requirements:

- Your only income is from Old Age Security, the Canada Pension Plan or the Guaranteed Income Supplement; and
- Your taxable income is less than the income limit established for this service.

For more information, call the Canada Revenue Agency at 1-800-959-8281.

## **Community Volunteer Income Tax Program**

If you need help completing your income tax return and have limited income, ask Canada Revenue Agency for a volunteer.

Volunteers are specially trained by Canada Revenue Agency staff, and are able to help you complete your tax return and necessary forms. You should maintain and provide all your information slips (e.g., medical receipts for glasses and dentures). Your pharmacist should be able to provide you with a computer printout of any prescription medication costs. Both you and your spouse/adult interdependent partner should file a return.

If you would like to get involved as a volunteer, Canada Revenue Agency will show you how to complete basic tax returns and provide a kit of reference material. With the training session and material, you will be ready to help others in your community.

For information about the Community Volunteer Income Tax Program call:

Calgary: (403) 691-6996  
Edmonton: (780) 495-4770  
Outside Calgary and Edmonton:  
1-800-959-8281

## **GST Credit**

The Goods and Services Tax (GST) Credit is designed to offset the cost of the GST for individuals and families with moderate or lower incomes.

To apply, you must file a tax return and complete the Goods and Services Tax Credit information section on page 1. If you are eligible, you will receive payments in July, October, January and April. Only one member of each family unit is eligible to apply.

### Last Post Fund

## Power of Attorney

Granting a Power of Attorney gives someone else (called your “Attorney”) the power to make decisions and act on your behalf. A Power of Attorney is voluntary and is limited to matters of property and finance. It does not allow someone to make personal or health decisions on your behalf.

### General vs Limited Power of Attorney

A *limited* Power of Attorney gives your Attorney the power to handle certain financial affairs only; for example, your affairs at a particular bank.

A *general* Power of Attorney gives your Attorney the power to handle all financial affairs, including applying for and administering federal or provincial benefits.

## Power of Attorney/Enduring Power of Attorney

The following is a brief description of the differences between a Power of Attorney and an Enduring Power of Attorney. For more detailed information, visit the Alberta Justice website noted below and refer to menu topics:

[www.justice.gov.ab.ca/dependent\\_adults/default.aspx](http://www.justice.gov.ab.ca/dependent_adults/default.aspx)

### Power of Attorney

- you must be mentally competent to give a Power of Attorney
- takes effect immediately
- ends if you become mentally incapable of managing your affairs.

### Enduring Power of Attorney

- specifically states that the Power of Attorney remains in effect should you become mentally incapable of managing your affairs
- can contain conditions, such as requiring a written statement from a physician indicating that a specific event has occurred.

Although not mandatory, you may wish to consult a lawyer for assistance in drafting your Power of Attorney document.

## Last Will and Testament

A will is a written document that allows you to set out how your property is to be distributed after you die. A will allows you to name a person who will act as your executor after your death and who will make certain that your property is distributed according to your wishes. A will does not have any legal force or effect until after you die.

There are three different types of wills:

- formal will: prepared for you by a lawyer
- holograph will: prepared by you and done in your handwriting
- will kit: forms obtained from any stationary store that you complete yourself

If you require a lawyer, and you do not have one, you can contact the Lawyer Referral Service at 1-800-661-1095, see page 28 for more information.

### What happens if you die without a will?

If you die without a will, your property will be distributed according to the provisions of the *Intestate Succession Act*. Information about this act is available in the handbook *Saying Farewell: A helpful guide with information and forms to assist you through the death and dying process*. To print your own copy, visit the Alberta Seniors website at [www.seniors.gov.ab.ca](http://www.seniors.gov.ab.ca).

## What is an executor?

An executor is a person who is named in a will to be responsible for the administration of an estate. The executor is responsible for notifying relatives and beneficiaries, disposing of perishable assets, securing any estate assets that require immediate attention, making provisions for the immediate needs of the dependants of the deceased, and ensuring that proper funeral and burial arrangements are made.

For more information on wills, executors, or the *Intestate Succession Act*, contact your lawyer or call the Lawyer Referral Service at 1-800-661-1095.

## Who to Contact When Someone Dies

Some of the following activities require proof of death. In most cases this will be a Death Certificate, but in some instances a statement from the funeral home may be accepted. When you are unsure of the requirements, you may wish to call ahead to confirm the documentation needed for a specific service. To order a Death Certificate, contact a Registry Agent (check the Yellow Pages under *License & Registry Services*).

## Funeral Arrangements

Check to find out if the deceased previously made any funeral arrangements. If no funeral arrangements have been made, you will need to choose a time and place for the funeral or memorial service. If there is no money for a funeral, discuss with the funeral director whether Alberta Human Resources and Employment may be able to assist you.

Prices for funerals can vary significantly depending on the types of services requested. You should consult with more than one funeral director before making any final decisions. To contact a funeral home, check the Yellow Pages under *Funeral Planning*.

The Alberta Funeral Service Association has a publication *Funerals: An Information Guide*. The publication offers information about planning a funeral, memorial service or military service. To obtain a copy of this publication contact the Alberta Funeral Service Association at:

## Alberta Government Programs

### Alberta Seniors Benefit (ASB)

The Alberta Seniors Benefit program is an income-based program that provides monthly cash benefits to eligible seniors. To be considered for the program, you must complete an application form.

#### General Eligibility Requirements

To be eligible for the Alberta Seniors Benefit you must:

- be 65 years of age or older
- have lived in Alberta for at least three months immediately before applying
- be a Canadian citizen, or have been admitted into Canada for permanent residence (landed or sponsored immigrants)
- have income within the limits allowed by the program.

### Cash Benefit

The annual cash benefit is determined by four factors:

- your income (combined with the income of your spouse/adult interdependent partner).
- whether you are eligible for the federal Old Age Security pension.
- your marital/cohabitation status
- the type of accommodation you live in

It is important that you notify the program whenever your personal information changes.

To ensure that a cash benefit is paid to those seniors most in need, the Alberta Seniors Benefit program is income based. The lower your income, the higher your cash benefit will be, within the maximum cash benefit allowed under the program.

If your annual income level changes, the level of your cash benefit in the following benefit year will also change.

In general, a single senior with income of \$21,000 or less, and senior couples with combined income of \$33,000 or less, are eligible for a cash benefit. These income levels are guideline figures only, and are applicable for seniors whose income includes full Old Age Security pension. Since the source and composition of income will vary from one individual to another, please see the *Alberta Seniors Benefit Information Booklet* for more information. You can also visit the Alberta Seniors website at [www.seniors.gov.ab.ca](http://www.seniors.gov.ab.ca).

### Maximum Cash Benefit Available

The Alberta Seniors Benefit cash benefit is paid on a monthly basis.

\*Where one resides in a long-term care centre and the other resides in the community.

**Effective October 1, 2004, seniors in Alberta are exempt from paying Alberta Health Care insurance premiums.**

### Program Cycle

The benefit year of the ASB program is twelve months, starting July 1 of the current year and ending June 30 of the following year. The program normally bases your cash benefit for the current program year on your income for the prior calendar year. An exception is made when applying to the program or receiving benefits from the program for the first time. In these situations, income for the current calendar year may be used to determine current benefit year eligibility.

You only need to apply once for the ASB program. You should receive an application package in the mail by your 65th birthday. Your application package will contain detailed instructions for completing the forms, as well as the information you need to include with the completed application. For further information, contact Alberta Seniors at:

## Special Needs Assistance for Seniors

The Special Needs Assistance for Seniors program is an income-tested program that provides a lump-sum cash payment to eligible lower-income seniors. Under this program, seniors who are facing financial difficulty in paying extraordinary, one-time expenses and who have no other resources to draw on can apply for financial assistance. The amount awarded will depend on the level of financial difficulty that is demonstrated on the application form.

### Eligibility

To be eligible for a Special Needs Assistance for Seniors benefit you must:

- be 65 years of age or older
- have lived in Alberta for at least three months before applying
- have completed an application for and be eligible for a cash benefit from the Alberta Seniors Benefit program
- be receiving or have a spouse/partner receiving the federal Old Age Security pension
- have submitted a complete Special Needs Assistance for Seniors application form
- show you are unable to meet unexpected or extraordinary expenses

Generally, seniors who are receiving a cash benefit from the Alberta Seniors Benefit program may receive a special needs benefit.

## Available Assistance

In any given benefit year, you can apply for a benefit of up to \$5,000. A benefit year runs from July 1 of one year to June 30 of the following year.

Assistance is available for allowable special needs such as medical, optical and dental expenses and the cost of minor home repairs. Also, on August 11, 2004, the Government of Alberta announced that new dental and optical coverage will begin in the next fiscal year. Details will be available in spring 2005.

### Last Resort Program

Special Needs Assistance for Seniors is a program of last resort. All other sources of funding must be utilized prior to applying to the Special Needs Assistance for Seniors program. Below are a few examples of provincial and federal government programs that offer assistance.

- federal income security programs - Old Age Security/Guaranteed Income Supplement/ Allowance/ Allowance for the Survivor, see pages 18-20 for more information
- medical supplies/hearing aids - Alberta Aids to Daily Living, see pages 33-35 for more information
- home repair programs - Residential Rehabilitation Assistance Program (RRAP), Home Adaptations for Seniors Independence (HASI), see pages 22-23 for more information

- diabetic supplies - Alberta Monitoring for Health Program, see page 47 for more information
- home support programs - Home Care, see page 43 for more information

These programs and services are just a few of the programs that are described in this guide. Before applying to the Special Needs Assistance for Seniors program, please check all of the federal and provincial benefits available.

Like the Alberta Seniors Benefit program, the Special Needs Assistance for Seniors program is income based to ensure that assistance goes to those seniors most in need.

### **How to Apply**

If you have exhausted all other sources of funding and continue to have financial difficulties, you can apply to the program by submitting a complete Special Needs Assistance for Seniors application form. If you have not already done so, you will be asked to first submit an Alberta Seniors Benefit application form. If you are approved for benefits from the Alberta Seniors Benefit program, and you meet all the Special Needs Assistance for Seniors program eligibility requirements, you may then apply to the Special Needs Assistance for Seniors program.

## **Income Programs for Non-Seniors**

Alberta Human Resources and Employment assists non-seniors with little or no income, and in special circumstances. For more information on the following programs, visit the Alberta Human Resources and Employment website at [www.gov.ab.ca/hre](http://www.gov.ab.ca/hre) or call the Alberta Works Contact Centre toll-free at 1-866-644-5135.

### **Alberta Works**

The goal of Alberta Works is to help unemployed people find and keep jobs in their communities, help low-income Albertans cover their basic costs of living, and help employers meet their need for skilled workers. Alberta Works brings together Employment and Training Services, Income Support, Health Benefits and Child Support Services for Albertans under the age of 65.

### **Assured Income for the Severely Handicapped**

The Assured Income for the Severely Handicapped (AISH) program provides financial and health benefits to adults with a permanent and severe disability that impairs their ability to earn a livelihood. Assets, income, age and residency are taken into account in determining eligibility and benefit levels. Applicants receiving an Old Age Security pension are not eligible to receive AISH.

## **Income Support**

Income Support is a program of last resort that provides financial and health benefits to Albertans who do not have the means to support themselves. Assets and income are taken into account in determining eligibility and benefit level. Individuals who can work are expected to become independent of income support by getting a job, taking necessary training or similar activities. Clients with multiple barriers to employment such as medical impairment, age or minimal education receive higher benefits.

Individuals who receive Old Age Security, Guaranteed Income Supplement, Allowance/ Allowance for the Survivor and Canada Pension Plan benefits are unlikely to be eligible for assistance from this program.

You may telephone the **ISP Call Centre** to:

### Old Age Security Pension (OAS)

To be eligible for the **Old Age Security** pension, you must:

- be at least age 65 (you do not have to be retired)
- be a legal resident of Canada
- have lived a minimum of 10 years in Canada after the age of 18

### Guaranteed Income Supplement (GIS)

The **Guaranteed Income Supplement** is available to seniors who receive the Old Age Security pension and have little or no other income.

Eligibility for this supplement and the amount of the supplement that you would receive depends on:

- marital status
- total family income in the previous calendar year; if you are married or living common-law, the income of your spouse or common-law partner is included

The Guaranteed Income Supplement is added to the federal Old Age Security cheque each month. An application must be submitted to receive this benefit. To continue receiving GIS benefits each year, you must submit a renewal form or file an income tax return by April 30. Couples must file separate income tax returns. To obtain information and/or an application form, call the ISP Call Centre toll-free or visit [www.sdc-dsc.gc.ca](http://www.sdc-dsc.gc.ca) to print a form.

## **Allowance/Allowance for the Survivor**

The **Allowance** is paid to the spouse or partner of a senior receiving the Guaranteed Income Supplement. To be eligible you must:

- be age 60 through 64 (proof of age is required)
- have lived a minimum of 10 years in Canada after the age of 18.

The amount of the Allowance depends on a couple's combined income in the previous calendar year.

People who may be eligible for the Allowance should apply six months before their 60th birthday. It may be applied for any time between ages 60 to 64 and could continue until the age of 65. To obtain application forms, call the ISP Call Centre on page 18.

The **Allowance for the Survivor** is available to a widow or widower of a legal marriage or common-law partnership who has little or no other income and who is between the ages of 60 to 64.

The amount of Allowance for the Survivor depends on the applicant's income in the previous calendar year.

An application must be submitted to receive this benefit. To continue receiving the Allowance or Allowance for the Survivor, you must file an income tax return by April 30 each year. Your Allowance or Allowance for the Survivor will

automatically be renewed. If you do not file income tax, a renewal form must be completed. To obtain application forms, call the ISP Call Centre toll-free or visit [www.sdc-dsc.gc.ca](http://www.sdc-dsc.gc.ca) to print a form.

## **Canada Pension Plan**

The federal government administers the **Canada Pension Plan** (CPP). You contribute to the CPP through employment or self-employment. There are different Canada Pension Plan benefits.

### **Retirement Pension**

You may be eligible for a retirement pension if you have paid into CPP for at least one year. You may start receiving your CPP retirement pension as early as age 60, at a reduced rate, providing you have ceased or substantially ceased working. If possible, submit your application six months before you wish the pension to begin.

A spouse or common-law partner, in an ongoing relationship, can apply to share CPP retirement pension payments. Even if only one of you has been a contributor to the Canada Pension Plan, that one pension can still be shared. Both of you must be at least age 60 and both of you must have applied for any CPP retirement pension for which you may be entitled.

Once you begin receiving your retirement pension you can no longer contribute to the CPP if you return to work. You should inform your employer, who should discontinue CPP contributions. To obtain information and/or an application form, call the ISP Call Centre toll-free or visit [www.sdc-dsc.gc.ca](http://www.sdc-dsc.gc.ca) to print a form.

### **Disability Benefits**

The Canada Pension Plan pays a monthly benefit to people who are under the age of 65, who have contributed to CPP and who are disabled according to Canada Pension Plan legislation.

The **Disabled Contributor's Child Benefit** is a monthly benefit for dependent children of a disabled contributor. To obtain information and/or an application form, call the ISP Call Centre toll-free or visit [www.sdc-dsc.gc.ca](http://www.sdc-dsc.gc.ca) to print a form.

### **Survivor Benefits**

There are three types of survivor benefits. To obtain information and/or an application form for any of the following benefits, call the ISP Call Centre toll-free or visit [www.sdc-dsc.gc.ca](http://www.sdc-dsc.gc.ca) to print a form.

The **death benefit** is a one-time payment to, or on behalf of, the estate of a deceased Canada Pension Plan contributor.

The **survivor pension** is a monthly pension paid to the surviving spouse or common-law partner of a deceased contributor.

The **surviving child benefit** is a monthly benefit for dependent children of a deceased contributor.

### **Child Rearing Dropout Provision**

Months of low or zero earnings spent caring for your child under the age of seven, born after December 31, 1958, may be excluded from the calculation of your pension. This ensures that reduced earnings during the first seven years of your child's life do not result in lower pension benefits in the future. To obtain information and/or an application form, call the ISP Call Centre toll-free or visit [www.sdc-dsc.gc.ca](http://www.sdc-dsc.gc.ca) to print a form.

### **Credit Splitting (after divorce or separation)**

When a legal marriage or common-law partnership ends in divorce or separation, Canada Pension Plan credits may be divided. Your divorce or separation must have occurred after January 1, 1987 and you must have been separated for at least one year. To obtain information and/or an application form, call the ISP Call Centre toll-free or visit [www.sdc-dsc.gc.ca](http://www.sdc-dsc.gc.ca) to print a form.

If total household income for the previous calendar year was less than \$27,000, a homeowner or tenant may be eligible for a grant of up to \$5,000.

Funds are also available to the owners of rental units.

## **Residential Rehabilitation Assistance Program (RRAP)**

## Provincial Organizations for Seniors

### Seniors Advisory Council for Alberta

The Seniors Advisory Council for Alberta is a government-appointed body that reports to the Minister of Seniors. A Member of the Legislative Assembly, appointed by the Premier, chairs the Council. Members represent seven regions of the province, with one additional representative each from the Alberta Medical Association and Alberta universities.

Members of the Seniors Advisory Council for Alberta consult with seniors and seniors organizations and hold meetings throughout the province to gather their suggestions and feedback. Through these interactions, the Council makes recommendations to the government on legislation and policies affecting seniors and on the funding and coordination of programs and services for seniors.

The Seniors Advisory Council distributes a newsletter. It provides timely information on government initiatives and programs, Council activities and upcoming events.

Since 1986, the Council has spearheaded the annual provincial Seniors' Week. The focus of Seniors' Week is to promote a greater understanding of aging and the contributions that seniors make to Alberta society.

Council members are interested in the concerns of all of Alberta's seniors. To share your comments, or to meet with Council members, contact:

### Alberta Council on Aging

The Alberta Council on Aging is a province-wide charitable organization of groups and individuals interested in issues related to Alberta's aging population. The Alberta Council on Aging works towards change on both the individual and societal level, and towards enhancing the active participation of seniors in society.

The ACA News, published five times a year and provided to members, is a source of current information on issues concerning Alberta's seniors. The Alberta Council on Aging also publishes material related to the interests of seniors organizations.

The Alberta Council on Aging encourages communication and the sharing of resources among seniors groups and organizations. It acts as the umbrella group for the Alberta Council on Aging Policy Advisory Network.

The Alberta Council on Aging has also been involved in sponsoring the Senior Friendly Project. A Senior Friendly Toolkit and the video “Friendly Seniority” were developed for businesses, seniors organizations, governments and communities to assist staff and community members in becoming more aware of, and meeting the needs of seniors. A French version of the toolkit and the video is also available. A variety of other resources have been developed.

Annual membership fees apply (households, organizations, corporate and lifetime memberships).

## Alberta Aids to Daily Living (AADL)

The Alberta Aids to Daily Living Program (AADL) helps individuals who have a chronic disability or illness, and individuals who are terminally ill, to receive authorized basic medical equipment and supplies for more independent functioning in a home or home-like setting. A wide-range of authorized benefits are available, including hearing aids, medical/surgical supplies, rehabilitation equipment and/or respiratory equipment.

Assistance is provided in cooperation with authorizers and suppliers. An authorizer is your initial contact with AADL. He or she may be a nurse, physical therapist, occupational therapist, respiratory therapist, audiologist, speech pathologist, or other health care professional who works in a community health care centre, a hospital, a long-term care centre or a home care program.

**Note:** Medical doctors are not authorizers. Please contact your regional health authority to locate an AADL authorizer.

To be an AADL client you must:

- have a long-term disability (six months or more), chronic illness or a terminal illness
- be an Alberta resident
- have a valid Alberta Personal Health Number.

## How does the program work?

AADL assists individuals by subsidizing the costs of medical equipment and supplies authorized for an individual. AADL is a cost-shared program. Clients pay 25 percent of the costs to a maximum of \$500 per family, per benefit year (July 1 to June 30).

Clients with low incomes are exempt from cost sharing. Your authorizer or local community health care centre will have a Full Benefit Application for you to complete and send to the address on the form.

If you are exempt from cost sharing, AADL will issue you a benefit card. You must show the card to your authorizer and supplier. This card tells the vendor you are exempt from cost sharing for your authorized benefits. If you choose an upgraded item, you are responsible for paying any additional amount.

## What is covered?

Only certain medical and surgical supplies and equipment are provided. To ensure coverage, you must obtain an authorization form before you contact a supplier. AADL will not reimburse you for items purchased before registered program authorizers have conducted their assessment.

The program does not cover special diets, diet supplements, foot orthotics, eyeglasses, prescription drugs or dental care/dentures. For information regarding prescription drug coverage please refer to page 36.

AADL does not provide artificial eyes, artificial limbs, mastectomy prosthesis and braces for seniors. These benefits are provided to seniors through Alberta Blue Cross *Coverage for Seniors* Program. See page 36.

## Hearing Aids

Hearing aids are provided to seniors and their dependants through AADL registered suppliers only. Cost sharing applies.

The program has the following limitations:

- seniors are eligible for a subsidy of one hearing aid every five years
- if you are a cost-shared client, AADL contributes \$708.75 towards one hearing aid. If you have full benefit assistance, AADL will contribute \$945 for one hearing aid only. This does not include upgrades. If a more expensive hearing aid is purchased, you are responsible for the difference.
- replacement of batteries is at your own cost
- AADL will assist with the invoice cost of factory repairs for the hearing aid once per benefit year after the original purchase warranty expires
- minor servicing and additional fees charged by the hearing aid practitioner are at your own cost

- hearing aids that are lost, stolen or damaged due to misuse are not replaced by AADL. You are advised to arrange for insurance to cover the loss of hearing aids.

All hearing aid repair benefits are subject to cost sharing.

When visiting a hearing aid supplier, please ensure that they are registered with AADL as a vendor. For more information regarding registered vendors contact Alberta Aids to Daily Living at (780) 427-0731. Outside the Edmonton area, call the Service Alberta Call Centre at 310-0000 to be connected toll-free.

## Medical Surgical Supplies and Rehabilitation or Respiratory Equipment

Certain medical supplies and equipment are supplied to eligible people who are chronically disabled and to individuals who are terminally ill. An AADL authorizer must assess your need for equipment or supplies and complete an authorization form to order them. Some items may require a physician's prescription

Benefits include:

- ostomy supplies
- incontinence and catheter supplies
- some basic dressings
- certain respiratory equipment and related services

- oxygen for clients who meet the AADL oxygen eligibility criteria\*
- mobility aids such as walkers, wheelchairs and wheelchair accessories
- bathing and toilet aids such as bath seats, patient lifts and commodes
- back and hernia support items
- graduated pressure garments
- shoe raises
- custom-made orthopedic shoes for people with bony foot deformities. Off-the-shelf shoes, shoe inserts and arch supports are not provided.

Program authorizers have complete lists of all items provided. How often you can receive an item is based on medical need.

## **Alberta Blue Cross - Coverage for Seniors**

Alberta Health and Wellness offers coverage for health-related services not covered by the Alberta Health Care Insurance Plan through Alberta Blue Cross *Coverage for Seniors*. The Government of Alberta pays the cost of the premiums for all Alberta seniors, their spouses and eligible dependants. *Coverage for Seniors* starts the first month after you turn 65.

After you are registered with Alberta Health and Wellness for seniors coverage, you will receive an Alberta Blue Cross card. To receive services, you must show your card.

*Coverage for Seniors* uses the same benefit year as Alberta Health and Wellness, July 1 to June 30. During one benefit year, *Coverage for Seniors* will provide a maximum of \$25,000 in benefits per person for the following services:

### **Ambulance Services**

Ambulance services refer to transportation to or from a public or general, active treatment hospital. You must be ill or injured and transported in a ground vehicle licensed under the *Ambulance Services Act* and Regulations.

*Coverage for Seniors* will pay up to the maximum rate set by Alberta Health and Wellness.

**Note:** Inter-facility transfers are not covered under Alberta Blue Cross *Coverage for Seniors*. Inter-facility transfers are covered by Alberta's regional health authorities.

## Prescription Drugs

Alberta Health and Wellness covers 70 per cent of the cost of prescription drugs, including insulin. You pay the other 30 per cent, up to a \$25 maximum per prescription or refill. The pharmacy bills Alberta Blue Cross directly, so your only out-of-pocket expense is the 30 per cent. Only prescription drugs listed in the *Alberta Health and Wellness Drug Benefit List* are covered.

**Note:** If an interchangeable drug product is available, *Coverage for Seniors* will pay the least-cost alternative price.

Purchase only the medicine you need, in quantities you will use. The maximum prescription quantity is a 100-day supply. It is best to be stabilized on the drug dose before getting this quantity. A pharmacist cannot dispense a larger quantity without authorization from Alberta Blue Cross. If you plan to travel outside Alberta and need medication for more than 100 days, talk to your pharmacist at least two weeks before your departure. This will give your pharmacist enough time to obtain authorization.

Alberta Blue Cross *Coverage for Seniors* also provides coverage for services received in other parts of Canada or outside the country. You may be asked to pay for these services at the time they are provided. To be reimbursed, send Alberta Blue Cross a completed and signed Alberta Blue Cross health claim form, with receipts attached. Benefits for services received out-of-country are paid in Canadian funds according to approved Alberta benefit rates.

## Other Services

For the following services, you pay the bill then submit the receipt to Alberta Blue Cross for reimbursement:

- clinical psychological services (up to specified maximums)
- home nursing care (up to yearly maximums)
- appliances (up to 100 per cent of the maximum allowable for items on a benefit list as defined by Alberta Health and Wellness), on written order of a physician, the purchase or repair of:
  - artificial eyes
  - artificial limbs except myoelectric-controlled prostheses
  - permanent braces
  - mastectomy prostheses (supporting brassieres are not covered)

Alberta Blue Cross offers health benefit plans in addition to existing Alberta government-sponsored seniors' health benefits. For more information visit their website at [www.ab.bluecross.ca](http://www.ab.bluecross.ca) or contact your nearest Alberta Blue Cross Office.

## **Alberta Health Care Premium Exemption**

Effective October 1, 2004, seniors in Alberta are exempt from paying Alberta Health Care insurance premiums.

### **Extra Billing**

Extra billing is not permitted for any medically required physician, oral surgery or optometry service insured by the Alberta Health Care Insurance Plan; however, not all services provided by practitioners are covered. You can expect to pay the full fee for uninsured services, and should be informed of this by your practitioner before the service is delivered.

Alberta chiropractors and podiatrists are allowed to extra bill the patient. Private insurers providing supplementary health insurance for health services in Alberta can cover extra charges only after the Alberta Health Care Insurance Plan's annual limits have been reached. See page 46 for more information on private insurers.

### **Hospital Services**

When you are registered with the Alberta Health Care Insurance Plan and are admitted to an acute care hospital in Alberta for medically required services, you will receive standard ward care, meals, nursing and other services without charge while you are a patient in the hospital.

Other services may include:

- outpatient services
- laboratory and diagnostic imaging services
- clinically approved drugs and basic medical supplies while in the hospital
- operating and case room facilities
- use of anesthetic equipment, supplies and routine surgical supplies
- radiotherapy and physical therapy facilities
- ambulance services if a patient is transferred between hospitals in Alberta for a particular service offered at another hospital

If you request a private or semi-private hospital room, you will be required to pay a room charge, which is determined by individual hospitals, unless a physician indicates it is medically required. You may be able to purchase coverage for these charges from some private insurers. See page 46 for more information on private insurers.

For more information about coverage for hospital services, contact your regional health authority; see page 42 for addresses and phone numbers.

## Temporary Absence from Alberta

You must retain Alberta Health Care Insurance Plan coverage if you leave Alberta for another part of Canada and return within 12 months, or leave for another country and return within six months. If you are leaving for longer, you may apply for the following extensions of coverage:

- four years (48 months) for absence due to work, business or missionary service – requires a letter from your employer or religious organization confirming your reason for absence, date of departure and intended date of return.
- two years (24 months) for travel or personal visits – confirmation (by telephone or by mail) of your date of departure and intended date of return is required.

## Travelling Inside Canada

The services paid by the Alberta Health Care Insurance Plan in Alberta are covered when provided in another province within Canada. Costs of health services received outside Alberta will vary.

Physicians have the option of billing you directly. If this happens, please ask for a detailed receipt and proof of payment to submit to the Alberta Health Care Insurance Plan for reimbursement.

There is a possibility of costs beyond what the Alberta Health Care Insurance Plan pays. You may want to consider purchasing supplementary health coverage from a private insurer. See page 46 for more information on private insurers.

## Travelling Outside Canada

Your coverage with the Alberta Health Care Insurance Plan for insured physician services provided outside of Canada is the same as those covered in Alberta. The maximum amount paid by the Alberta Health Care Insurance Plan for out-of-country services is based on the rates an Alberta service provider would be paid for the same or similar services, or the amount billed, whichever is less.

Benefits for medically required hospital services are payable only when provided in a general or auxiliary hospital. Since rates and coverage are subject to change, it is advisable to obtain an Alberta Health Care Insurance Plan brochure before you leave.

Medical and hospital costs in many countries are much higher than in Canada. You are responsible for paying the difference in cost, which may be thousands of dollars, particularly if hospitalization is required.

## Extra Health Coverage

Alberta Health and Wellness recommends you purchase additional health coverage prior to travelling out-of-country even for short trips such as a one-day trip to the United States. Health insurance coverage for travelling outside Canada is available from private insurance companies, brokers, financial advisors and travel agencies. Be aware that there are variances in travel coverage provided by private insurance. Some companies will not cover a pre-existing medical condition. You should check to find the coverage that best meets your needs. See page 46 for more information on private insurers.

## Submitting Claims for Services Received Outside of Alberta

If, while outside of Alberta, you are asked to pay directly for services that are covered by the Alberta Health Care Insurance Plan, you can submit a claim for reimbursement. Alberta Health and Wellness must receive your claim within 365 days of the date of the health service. Benefits for physician services received out-of-country will be paid in Canadian funds according to approved Alberta benefit schedules. You and/or your private insurer will be responsible for paying for any costs not covered by the Alberta Health Care Insurance Plan.

## Information required by Alberta Health and Wellness

To claim physician and hospital services received out-of-country, Alberta Health and Wellness has developed a simplified form, *Out-of-Country Health Services Claim Form* (AHC 934). If you are claiming for services obtained outside Alberta but within Canada, you should submit your claim using the *Out-of-Province Health Services Claim Form* (AHC 693).

Follow the instructions for completing the form and be sure to provide all the information that is requested and applicable to your claim. Include official receipts and proof of payment. On average you can expect your claim to be processed within six to eight weeks.

Download forms from the Alberta Health and Wellness website at [www.health.gov.ab.ca/ahcip/forms.html](http://www.health.gov.ab.ca/ahcip/forms.html).

Forms are also available by contacting Alberta Health and Wellness at (780) 427-1432 in Edmonton. In all other areas of the province, call the Service Alberta Call Centre at 310-0000 to be connected toll-free.

Health Link Alberta is a telephone advice and health information service available 24 hours a day, 7 days a week. You can call Health Link from anywhere in the province by dialing 1-866-408 LINK (5465).

## Home Care Services

Regional health authorities in Alberta are responsible for home care. Services are provided to people of all ages based on assessed need.

Home care services help residents of Alberta achieve and maintain health, well-being and personal independence in their own homes. Referrals for home care services come from many sources including family members, friends, doctors and the person themselves.

Once the referral is made, regional health authority staff assess the health needs of the individual and the needs of the individual's informal support system. Home care services, including respite to relieve informal caregivers, may be provided.

Home care services include professional and support services. Professional services are nursing, social work, physiotherapy, occupational therapy, nutritional services and respiratory therapy. Support services are personal care services (bathing, dressing and grooming). There is no charge for professional and personal care services.

Only when a person cannot be supported in the community is a referral made for admission to a long-term care facility. The individual will continue to receive home care services while they are at home.

To arrange for home care services please call your regional health authority. See page 42 for a listing of Alberta's regional health authorities.

## Long Term Care Facilities

In Alberta, long-term care facilities (nursing homes and auxiliary hospitals) provide room and board and a range of care services, from personal care with nursing supervision to skilled medical and nursing care on contract with regional health authorities. These centres vary in size and are located throughout the province.

The province pays for all care costs based on individual need assessments. Residents are responsible for accommodation charges at the following rates:

- \$39.62 /day for standard accommodation
- \$42.00 /day for semi-private accommodation
- \$48.30 /day for private accommodation

Low-income seniors may be eligible for financial assistance through the Alberta Seniors Benefit program. For information, please telephone 1-800-642-3853.

Residents of nursing homes and auxiliary hospitals are not charged for the cost of prescription drugs as prescribed by the resident's attending physician. Ambulance services are also provided at no charge if a patient is transferred to or from a hospital for care or treatment.

To qualify for provincial coverage of the care costs in a nursing home:

- you must be eligible for registration with the Alberta Health Care Insurance Plan
- you must have lived in Alberta for three consecutive years at any time previously, or
- you must have lived in Alberta for one year immediately prior to applying, and
- you must have been a resident of Canada for 10 years or more.

Admission to a long-term care facility is based on an assessment of need carried out by a registered nurse of the regional health authority. When you request services, the assessment staff may decide that a long-term care facility would provide the most appropriate services. If this decision is made, regional staff will work with the placement service to find the right centre for you.

Regional health authorities may be able to offer other models of care that combine health services and shelter. Other models of care include assisted living, adult family care, group homes, special centres for Alzheimer's disease

and related disorders, transitional living settings and various types of seniors day programs. Those that receive funding through regional health authorities have admission assessments like those used for long-term care facilities.

For more information about long-term care facilities contact your regional health authority. See page 42 for phone numbers and addresses.

## **Day Support Programs and Day Hospitals**

Day support programs are group programs that individuals may attend on a daily basis. They are intended for people who are frail and/or disabled and who need health maintenance, rehabilitation and social or recreational activities. The programs take place in a variety of settings.

Day hospitals are for people who require specialized assessment, treatment and rehabilitation services as an alternative to admission to an acute care hospital or long-term care facility. Individual care plans are developed. These programs may be available through acute care programs and long-term care facilities.

To find out if there is a day support program or a day hospital in your community, contact your regional health authority.

## Office of the Public Guardian

The Office of the Public Guardian (OPG) offers assistance and services relating to Guardianship for Dependent Adults and Personal Directives.

### Guardianship for Dependent Adults

Guardianship is a legal process that gives an individual (a guardian) the legal authority and responsibility to make decisions about non-financial personal matters on behalf of a dependent adult. Dependent adults are individuals over the age of 18 who are unable to care for themselves and unable to make reasonable judgments about personal matters (where and with whom to live, social activities, work-related matters, education and training, licences and permits, non-estate legal matters, health care and day-to-day decisions).

OPG encourages and assists individuals in obtaining a guardianship order for an adult who is unable to make independent decisions. Once appointed by the court, these individuals are called private guardians and have decision-making authority for the adult's personal affairs. If no family or friends are willing to apply to be a private guardian, then the Public Guardian can be appointed as a last resort.

Guardians are accountable to the Court. The Court will require the actions and decisions of the guardian to be reviewed at least every six years.

OPG can provide additional information about how to apply for a guardianship order. OPG also has self-help kits available for people who wish to apply for guardianship without hiring a lawyer. There are some costs associated with the granting of an order. Where the legal costs would be a hardship for a dependent adult or an applicant, the applicant may be eligible to have OPG contribute to the cost.

## **Personal Directives Act**

A Personal Directive is a legal document that you can write in case something happens and you cannot make your own personal decisions in the future. Anyone over the age of 18 can complete a personal directive. It can be made with or without the assistance of a lawyer, but it becomes a legal document when it is dated, signed and witnessed.

A Personal Directive lets you choose another person, called an agent, to act on your behalf. The written instructions provided in this document help your agent make decisions on personal, non-financial matters such as where and with whom you live, health care and legal matters. Family, friends and service providers can also be assured that the decisions being made are consistent with your expressed wishes.

The Office of the Public Guardian can provide additional information about how to create a Personal Directive, where help is available and how to carry out the role as an agent.

Questions about guardianship or personal directives should be directed to the Regional Office closest to where the dependent adult or the person making a personal directive lives. For more information contact the Office of the Public Guardian:

## Elder Abuse

Different service providers use their own definitions when responding to cases of elder abuse. This makes it difficult to respond to the problem using one specific definition; however, it is generally agreed that elder abuse is described as any action or lack of action that causes harm to an elderly person. Elder abuse takes many forms:

- **physical abuse** – slapping, pushing, kicking, punching, injuring with an object or weapon, deliberate exposure to severe weather, inappropriate use of medication or unnecessary restraint
- **sexual abuse** – any forced sexual activity
- **psychological abuse** – humiliation, isolation, intimidation, threats, inappropriate control of activities or removal of decision-making power when the elderly person is still capable of making decisions
- **financial abuse** – misuse of a person's funds or property through fraud, trickery or force
- **neglect** – any lack of action required to meet the needs of an elderly person such as inadequate provision of food, clothing, shelter, required medication or other kinds of health and personal care, as well as social companionship

The *Protection for Persons in Care Act* promotes the safety of adults in care by requiring anyone who suspects abuse to report it to Alberta Community Development, or where criminal activity is suspected, report it to the police.

The *Protection for Persons in Care Act* applies to adults in publicly funded care facilities including hospitals, seniors lodges, group homes, shelters and nursing homes.

## What does the act do?

The *Protection for Persons in Care Act*:

- defines abuse
- makes it mandatory for people who believe abuse is occurring, or has occurred, to report it
- maintains a toll-free phone line where people can report abuse
- protects people who report abuse in good faith from retaliatory action
- specifies penalties for failing to report abuse and for knowingly making false reports
- sets out a process for investigating reports of alleged abuse
- requires a criminal record check for new employees and new volunteers of care facilities.

For more information on the *Protection for Persons in Care Act* or to report a non-crisis abuse situation please telephone the Protection for Persons in Care Reporting Line at 1-888-357-9339, Monday-Friday 8:15 a.m.-4:30 p.m. After hours, or on holidays, please leave your name and phone number on the voice mail and your call will be returned on the next working day. ## Frauds and Scams

On a daily basis, criminals are taking advantage of seniors. Although many legitimate businesses market their products and services over the telephone (telemarketing), door to door, or through the Internet, mail or newspaper and magazine ads, there are some unscrupulous people who will use these methods to take your money.

Learn how to tell the difference between a legitimate and honest offer and those individuals that could be defrauding you.

The following is a list of items strangers might try to sell you over the phone:

- one-time-only club memberships
- great promotional items
- sure-fire investments
- low-cost vacations
- lottery tickets
- a loan

### Protecting Yourself

Protect yourself from frauds and scams by considering the following suggestions:

- don't be pressured into making an immediate decision; take time to speak with a family member, friend or someone you trust before completing a transaction that you are not comfortable with

- never give your credit card number to people calling over the phone and don't ever send money by messenger or overnight mail
- never buy something merely because the seller is offering a free gift
- if you are feeling uncomfortable or pressured by the caller, hang up
- watch out for people asking you for "shipping and handling" fees or to pay a "small gift tax" in order to receive a prize. Legitimate contests won't ask you to send money to receive a prize.
- if the offer sounds too good to be true, it probably is. Call PhoneBusters or the Alberta Government Services, Consumer Information Centre (see page 26)

### Homeowners Beware

Homeowners need to know that home-repair frauds are occurring more frequently.

- avoid contractors who knock on your door and claim they are doing some work in the area and offer you a 'special price' for repairs they feel your home needs
- be wary of contractors who promise you a discount for work done if you agree to allow them to use your home to 'advertise' their work
- be cautious of contractors who quote a price without seeing what needs to be repaired

- be wary of contractors who demand a large down payment to buy materials
- be cautious of contractors who offer to conduct a free inspection of your home and then suggest major repairs.

Before hiring a contractor, have the individual provide you with the following information:

- municipal business licence
- Canada Revenue Agency GST number
- workers' compensation account number
- provincial prepaid contractors licence number – prepaid contractors accept money before a job is finished and look for work or discuss contracts away from their normal place of business. They must be bonded by a bonding company and licensed under the *Fair Trading Act* by Alberta Government Services.

**REMEMBER:** Legitimate businesses are not concerned about consumers checking past customer relationships, and are willing to wait for consumers to decide to use their services. If they are reluctant to give you any information, you should be just as reluctant to hire them. You should always shop around. Get more than one quote and compare the cost before deciding which contractor to go with.

### Advance Fee Loan Brokers

Loan brokers do not lend money to consumers. They find lenders and make the loan arrangements for a fee. Loan brokers cannot ask for the fee before you get the loan. Fees have often been called an administration charge, a processing fee, insurance charges, file preparation fees, sign-up fees and retainers. Loan brokers must take their fee from the loan balance and send you the remainder. If you have questions about advance fee loan brokers, call Alberta Government Services' Consumer Information Centre.

## **Auctions**

Anyone buying or selling by public auction can get information about the auction company's responsibilities and tips for buyers by reading the tipsheet *Auctions Buying & Selling* available from Alberta Government Services' Consumer Information Centre.

## **Condominiums**

There are rules in place for condominiums that affect potential buyers and existing owners. To find out more, request Alberta Government Services' tipsheets *Buying a Condominium and Owning a Condominium*.

## **Collection Practices**

Alberta legislation identifies what collection agencies can and cannot do when they are collecting a debt on behalf of a creditor. For more information or to obtain the tipsheet *Dealing with Bill Collection Agencies*, contact Alberta Government Services' Consumer Information Centre.

## **Credit and Personal Reporting**

You have a right to look at, add an explanation to, and protest information in your file held by a credit-reporting agency. There are also rules about what kind of information can be on your file and who can get a report about you. For more information or to obtain a copy of the tipsheet *Credit and Personal Reporting*, contact Alberta Government Services' Consumer Information Centre.

## **Door-to-Door or Direct Sales**

Most written door-to-door contracts that have been solicited, agreed upon and signed in your own home, can be cancelled within 10 days of the date you got your copy. You don't need a reason to cancel. For more information about cancellation, and contract requirements, or to obtain the tipsheet *Dealing With Door-to-Door Sales*, contact Alberta Government Services' Consumer Information Centre.

## **Electricity Marketers**

Alberta households (other than those in the City of Medicine Hat) can choose which electricity marketing company will supply their electricity. If you are a member of a Rural Electrification Association, you are able to choose an electricity supplier that has been approved to operate in your area.

An electricity marketer is an independent marketing company whose rates are not regulated by any provincial or municipal government or agency. These companies are not affiliated with the Government of Alberta.

Electricity marketers must be licensed by Alberta Government Services, post a security, follow a code of conduct and provide consumers with specific information in the contract. If you sign a contract with an electricity marketer, you have a 10-day cooling-off period during which you can cancel the contract with no cost or penalty.

For more information or to get a copy of the tipsheet *Electricity Marketing: What Consumers Should Know*, call Alberta Government Services' Consumer Information Center at the number noted above.

If you would like to find out more about electricity deregulation, visit the Customer Choice website at [www.customerchoice.gov.ab.ca](http://www.customerchoice.gov.ab.ca).

### **Home Renovations**

When a written renovation contract has been solicited, agreed upon and signed within your home, and the contractor has accepted money before the work is completed, the *Fair Trading Act* gives you the right to cancel the contract without giving a reason. You must cancel no later than 10 days after receiving your copy of the contract. You may also have more cancellation rights. For more information about cancellation, licensing and bonding, or to obtain the tipsheet *Home Renovations and Repairs*, contact Alberta Government Services' Consumer Information Centre.

### **Internet Sales**

Internet sellers must disclose specific information so consumers can make informed decisions before they buy. Sellers must also provide a copy of the contract, which contains the required information, within 15 days after the consumer enters into the contract; and allow consumers to cancel the contract in

certain circumstances – for example, if a seller fails to disclose the required information or deliver the goods or services on time.

Consumers who use a credit card for purchases can obtain refunds from the credit card company if the Internet seller refuses or ignores the consumer's cancellation. For more information or a copy of the tipsheet *Shopping on the Internet*, contact Alberta Government Services' Consumer Information Centre.

### **Natural Gas Direct Marketers**

Most Albertans now have a choice of buying natural gas from a natural gas marketer or their current utility company. This option is not available if you buy your natural gas from a rural gas cooperative.

Natural gas marketers are not associated with your local utility company or the provincial government. Any rebates or special offers made to encourage you to sign a contract are not part of any government or local utility program.

If you sign an agreement with a natural gas marketer for gas supply for your home, you have a 10-day cooling-off period, during which time you can cancel the contract with no cost or penalty. For more information or to obtain the tipsheet *Marketing of Natural Gas: What Consumers Should Know*, contact Alberta Government Services' Consumer Information Centre.

## Negative Option Sales

Companies cannot ask you to pay for unordered goods or services. Some businesses use negative option as a sales tool. They send the product, and unless you tell them you don't want it, you have to pay for it. This is now against the law in Alberta unless you tell the company in writing that you agree to pay for the product or service. For more information, call Alberta Government Services' Consumer Information Centre.

## Time-share

If you buy a time-share, you have the right to cancel the contract either under the *Fair Trading Act* (7 days) or the *Real Estate Act* (30 days). The cancellation period depends on the type of time-share you buy. For more information or to get a copy of the tipsheet *Buying Time Shares*, contact Alberta Government Services' Consumer Information Centre.

## Travel Clubs

Travel clubs, which can cost thousands of dollars to join, advertise that members obtain deals on the future purchase of transportation, accommodation or other services related to travel.

By law, consumers have a 10-day cooling-off period, during which they can cancel contracts without giving a reason. Consumers also have the right to cancel the contract if a business closes its doors or substantially changes its operation.

Travel clubs must be licensed and post a security. After a contract is cancelled, consumers may make a claim against the security if money paid in advance isn't refunded.

There is a five-year limit on the length of travel club contracts and the contracts must contain specific information. Sellers must follow a code of conduct.

For information or a copy of the tipsheet *Travel Clubs*, contact Alberta Government Services' Consumer Information Centre.
