Provincial government programs

Seniors Financial Assistance programs

The Government of Alberta offers the following financial assistance programs for seniors:

- Alberta Seniors Benefit
- Special Needs Assistance for Seniors
- Dental and Optical Assistance for Seniors
- Seniors Home Adaptation and Repair Program
- Seniors Property Tax Deferral Program

You should receive a Seniors Financial Assistance application package in the mail six months before your 65th birthday. If you do not, call the Alberta Supports Contact Centre at 1-877-644-9992.

The Seniors Financial Assistance application form will help you access the Alberta Seniors Benefit, Special Needs Assistance and Dental and Optical Assistance for Seniors programs. You need only apply once.

A separate application and agreement form must be completed to access the Seniors Home Adaptation and Repair and Seniors Property Tax Deferral Programs.

General eligibility

You are eligible to apply for the seniors financial assistance programs, if you:

- are 65 years of age or older
- have lived in Alberta for at least three months immediately before applying
- are a Canadian citizen, or have been admitted into Canada for permanent residence (landed or sponsored immigrant)

If you meet all of the above eligibility requirements, your level of assistance will be determined based upon the specific criteria for each program.

Alberta Seniors Benefit

The Alberta Seniors Benefit program provides a monthly income supplement to federal income sources including Old Age Security (OAS) and Guaranteed Income Supplement (GIS).

Eligibility for a benefit is determined by:

- the type of accommodation you live in
- your marital/cohabitation status
- your income (combined with your spouse/partner's income if applicable)
- receiving the federal OAS pension (i.e., having lived in Canada for 10 years)

General eligibility

In general, a single senior with an annual income of $28,785 or less, and senior couples with a combined annual income of $46,745 or less, may be eligible for a cash benefit.

These income levels are guidelines only, and are for seniors whose income includes a full OAS pension.

Special Needs Assistance for Seniors

The Special Needs Assistance for Seniors program provides seniors with low income financial assistance toward a range of expenses including appliances and specific health and personal supports. A senior’s total annual income and the expense requested are used to determine the amount funded. The maximum assistance available is $5,105 in a benefit year (July to June).

General eligibility

To be considered for the Special Needs Assistance for Seniors program, you must have completed the Seniors Financial Assistance
application form. You may then send the Special Needs Assistance for Seniors program a receipt or estimate for the expense requested. A single senior with a total annual income of $28,785 or less, or a senior couple with a total combined annual income of $46,745 or less may receive assistance.

**Dental and Optical Assistance for Seniors**

The Dental Assistance for Seniors program provides basic dental coverage, to a maximum of $5,000 every five years.

The Optical Assistance for Seniors program provides assistance toward the purchase of prescription eyeglasses to a maximum of $230 every three years.

**General eligibility**

To be considered for the dental and optical assistance programs, you must have completed the Seniors Financial Assistance application form. A single senior with a total annual income of $31,675 or less, or a senior couple with a total combined annual income of $63,350 or less, may receive assistance. The amount of coverage you receive is based on your total annual income (line 15000 of your personal tax form).

**How it works**

It is important to ask your service provider to submit a predetermination (cost estimate) to the Alberta Dental Service Corporation and/or Alberta Blue Cross prior to you receiving your dental and/or optical service. Your service provider can quickly check how much your coverage will pay towards your service and how much, if anything, you will have to pay. Your plan may not cover the full cost of the service or your provider may charge more than the maximum fee allowed by your plan.

Alberta Health has contracted the Alberta Dental Service Corporation to process dental claims and Alberta Blue Cross to process optical claims. The Alberta Dental Service Corporation and Alberta Blue Cross issue payments to the service provider or directly to you, depending on how the claim is submitted.

Albertans are encouraged to consult the Alberta Dental Association and College Dental Fee Guide, compare rates, and discuss treatment plans with their dental providers. For more information and helpful tips on starting a conversation with your dental provider about fees, please visit alberta.ca/dental-fees.aspx.

**The Seniors Home Adaptation and Repair Program**

The Seniors Home Adaptation and Repair Program is a low-interest home equity loan program to help senior homeowners finance home repairs, adaptations and renovations. Examples include but are not limited to; plumbing, heating, electrical, tree removal, windows, roof repairs, widening doorways and stair lifts. The program provides a maximum loan amount of $40,000 and will be repaid upon the sale of the property, or earlier if you wish. Monthly payments are not required.

**General eligibility**

To qualify for a loan under this program you must meet the following criteria:

- you must be age 65 years or older
- be an Alberta resident for at least three months
• have an annual household income of $75,000 or less
• have at least 25 per cent equity after the loan is applied
This means all charges registered against your home in a land titles office cannot exceed 75 per cent of your home’s assessed value, as shown on your municipal assessment.

Interest
Simple interest (not compounded) will be charged once a loan is approved. The interest rate is variable and is reviewed twice a year in April and October and may be adjusted accordingly.

How to apply
You must complete and submit a Seniors Home Adaptation and Repair Program application form to apply to the program.

For an application form or for information on the current interest rate, contact:
Alberta Supports Contact Centre
Toll-free: 1-877-644-9992

Seniors Property Tax Deferral Program
The Seniors Property Tax Deferral Program allows eligible senior homeowners to defer all or part of their annual residential property taxes through a low-interest home equity loan with the Government of Alberta. If you qualify, the program will pay your residential property taxes directly to your municipality on your behalf. You repay the loan, with interest, when you sell the home, or sooner if you wish. Monthly payments are not required.

General eligibility
To qualify, your home must be your primary residence, where you live most of the time, and you must have a minimum of 25 per cent equity in your home. This means all charges registered against your home in a land titles office cannot exceed 75 per cent of your home’s assessed value, as shown on your municipal assessment.

Interest
Interest charges start from the date the program pays your residential property taxes on your behalf to your municipality and ends when your loan has been repaid in full. The interest rate is variable and is reviewed twice a year in April and October and may be adjusted accordingly. The program charges simple (not compounded) interest.

How to apply
You must complete and submit a Seniors Property Tax Deferral program application form to apply to the program. All registered owners must sign the application form. You may apply at any time, however, to avoid late penalties, senior homeowners are encouraged to apply as early as possible before their residential property taxes are due.

For an application form or for more information, contact:

Federal government programs

The Government of Canada administers the Old Age Security Pension, the Guaranteed Income Supplement and the Canada Pension Plan.

For more information, call:
Toll-free: 1-800-277-9914
TTY: 1-800-255-4786
Hours of operation: 8:30 a.m. – 4:30 p.m.

Old Age Security pension

To be eligible for the federal Old Age Security pension (OAS), you must:
• be at least age 65 (you do not need to be retired)
• be a legal resident of Canada
• have lived a minimum of 10 years in Canada after the age of 18

You should apply for your OAS pension right away if you do not receive a notification letter from Service Canada advising of automatic enrolment the month after you turn 64 years old and wish to start receiving your OAS pension at age 65.

If you are 65 years of age or older and are not covered by the conditions above, you may still qualify for a pension since Canada has social security agreements with many countries. Call Service Canada for information.

Guaranteed Income Supplement

The Guaranteed Income Supplement (GIS) provides a monthly non-taxable benefit to Old Age Security pension recipients who have low income and are living in Canada. You qualify for the GIS if you meet all of the following conditions:
• You are receiving an Old Age Security pension.

• Your annual income (or in the case of a couple, your combined income) is less than the maximum annual threshold.

Using your income information from your Federal Income Tax and Benefit Return, your eligibility for the GIS will be reviewed every year. If you still qualify, your benefit will automatically be renewed. In July, you will receive a letter telling you one of the following:
• Your benefit will be renewed.
• Your benefit will be stopped.
• Your income information is required.

If you do not receive a letter from Service Canada informing you that you were selected for OAS/GIS automatic enrolment, you must submit a GIS application. If you are already receiving the OAS pension and wish to be considered for GIS, you must submit an application.

Allowance/Allowance for the Survivor

The Allowance is paid to the spouse or common-law partner of a senior receiving the Guaranteed Income Supplement. You may qualify for the Allowance if you meet all of the following conditions:
• You are aged 60 to 64.
• Your spouse or common-law partner receives an Old Age Security pension and is eligible for the Guaranteed Income Supplement.
• You are a Canadian citizen or a legal resident.
• You reside in Canada and have resided in Canada for at least 10 years since the age of 18.
• Your and your spouse or common-law partner’s annual combined income from the previous year is less than the maximum allowable annual threshold.

The Allowance for the Survivor is available to widowed spouses or surviving common-law partners who have little or no other income and who are between the ages of 60 and 64.
You may qualify for the Allowance for the Survivor if you meet all of the following conditions:

- You are aged 60 to 64 (includes the month of your 65th birthday).
- You are a Canadian citizen or a legal resident.
- You reside in Canada and have resided in Canada for at least 10 years since the age of 18.
- Your spouse or common-law partner has died and you have not remarried or entered into a common-law relationship.
- Your annual income is less than the maximum annual threshold.

People who may be eligible for the Allowance or Allowance for the Survivor should apply six to 11 months before their 60th birthday. It may be applied for any time between ages 60 and 64 and can continue until the age of 65.

To continue receiving the Allowance or Allowance for the Survivor, you must file an income tax return by April 30 each year. If you continue to be eligible, your Allowance or Allowance for the Survivor will automatically be renewed. If you do not file your return, you must complete a Statement of Income form.

**Canada Pension Plan**

The Government of Canada administers the Canada Pension Plan (CPP). You contribute to the CPP through employment or self-employment.

There are different types of CPP benefits. Application forms are available at any Service Canada Centre by calling 1-800-277-9914 or on the website at canada.ca.

The most applicable CPP benefits for seniors are:

**Retirement pension**

You may be eligible for a retirement pension if you worked and have made at least one valid contribution to the CPP. The pension may start at age 65, as early as the month following your 60th birthday, at a reduced rate, or as late as age 70 at an increased rate.

**Post-retirement benefit**

If you continue to work while receiving your CPP retirement pension, and are under the age of 70, you can continue to participate in the CPP. Your CPP contributions will go toward post-retirement benefits, which will increase your retirement income.

**Disability benefits**

If you become severely disabled to the extent that you cannot work at any job on a regular basis, you may receive a monthly benefit.

**Survivor’s pension**

The survivor pension is a monthly pension paid to the surviving spouse or common-law partner of a deceased contributor.

**Death benefit**

The CPP death benefit is a one-time payment to, or on behalf of, the estate of a deceased CPP contributor.

**Children’s benefit**

The children’s benefit is a monthly benefit for dependant children of a disabled or deceased contributor. Children must be younger than 18, or if 18 to 25, must be in school full time.

Seniors Lodge Program
Lodges provide bed and sitting rooms for low- and moderate-income seniors who are functionally independent. Residents receive meals, housekeeping and recreational opportunities and other services.

Eligible applicants are placed on a priority list based on need and available units. Community residency requirements may be in place.

Local housing management bodies administer lodges and set the accommodation rates. To assist lower-income residents, each eligible resident must be left with at least $322 per month in disposable income after lodge accommodation costs.

Seniors self-contained housing
Local housing management bodies provide affordable apartment-style accommodations for low- and moderate-income seniors who are functionally independent and cannot afford private-sector housing.

Eligible applicants are placed on a priority list based on need and unit availability. A tenant’s rent, which includes heat, water and sewer expenses, is based on 30 per cent of a household’s adjusted income.

A searchable list of housing and housing management bodies is available at: alberta.ca/affordable-housing-programs.aspx

The Office of the Public Guardian and Trustee (OPGT) offers information and services about substitute decision-making for adults who lack decision-making capacity, including planning for the future with a personal directive and enduring power of attorney.

The OPGT may act as guardian and/or trustee for adults who lack the capacity to make their own personal and/or financial decisions when there is no other person able, willing, or suitable to take on the role. The OPGT may also administer an estate if one of the beneficiaries is a minor child or a represented adult client of the public trustee. In addition, the OPGT protects the assets of minors (under 18 years) where required by law or where a minor is a beneficiary but there is no trustee named.

You can contact the OPGT for more information and help with the decision making options listed below.

**Supported decision making authorization**

Adults with capacity can authorize a trusted person(s) to assist them with finding information, making decisions, and communicating their decisions.

May be helpful for people who face complex decisions or have difficulty communicating their decisions to others.

**Co-decision making order**

The adult has some capacity limitations but could make personal decisions with guidance and support from someone else.

A co-decision making order may be appropriate if the assisted adult has a trusting, co-operative relationship with their co-decision maker(s).

**Guardianship and trusteeship orders**

Court-appointed substitute decision-makers for adults who no longer have the capacity to make personal and/or financial decisions on their own.

**Personal directive**

A personal directive is a legal document that allows you to choose someone you trust to make personal decisions on your behalf if, in the future, you lose your ability to do so because of illness or injury. If you prepare this document, there is no need for your family to apply to be your guardian in the event you lose capacity.

For more information on personal directives and to download a form, visit: alberta.ca/personal-directive.aspx.

**Enduring power of attorney**

An enduring power of attorney is a legal document you can use to appoint someone to make financial and legal decisions on your behalf. A power of attorney is “enduring” if it states its power continues after mental incapacity or it can be written to only take effect when mental capacity is lost. If you prepare this document, there is no need for your family to apply to be your trustee in the event you lose capacity.

Alberta’s health advocates

Office of the Alberta Health Advocates
The Office of the Alberta Health Advocates is comprised of the Mental Health Patient Advocate (MHPA) and the Health Advocate. Together, providing a single point of access for Albertans, the Advocates help people by listening to health service-related concerns and assisting them in finding ways to resolve those concerns.

Health Advocate
The Health Advocate promotes self-advocacy and supports Albertans in dealing with their concerns about health-related programs and services by:

- Listening to Albertans, assisting them in clearly identifying their concerns, looking into their experience and supporting them in finding ways to resolve concerns.
- Referring Albertans to the appropriate complaints resolution process, person or organization.
- Providing information about health-related services and programs.
- Reviewing or investigating complaints under the Alberta Health Act.
- Providing education about the Alberta Health Charter.

Mental Health Patient Advocate
The Mental Health Patient Advocate helps Albertans to understand and exercise their rights under the Mental Health Act. Mental health patient rights exist to help people who are or have been detained in hospital under Admission or Renewal Certificates, and people under Community Treatment Orders (CTO). The MHPA provides assistance to patients and others (including those acting on the patients’ behalf) by:

- Listening to Albertans, assisting them in clearly identifying their concerns, looking into their experience and supporting them in finding ways to resolve concerns.
- Conducting investigations into complaints related to formal patients, person subject to a CTO and patient rights.
- Providing information about mental health-related services and programs.
- Providing education about patient rights under the Mental Health Act.

Advance care planning

Advance care planning is a way to help you think about, talk about and document your wishes for health-care. It is a process that can assist you in making health-care decisions now and in the future. If there is a time when you are unable to speak for yourself, it is important that your loved ones and your healthcare team understand your wishes for health care. It is important to begin advance care planning conversations before you face a crisis or become seriously ill.

In Alberta, one way to document your advance care planning wishes is in a personal directive. A personal directive is a legal document that allows you to appoint someone you trust to make personal decisions on your behalf should you lose your ability to make your own health-care decisions because of illness or injury (see page 13).

Goals of Care Designation is a codified number letter system used by your health-care providers to quickly communicate the general aims of your health-care and the preferred location of that care. In a medical emergency, your Goals of Care Designation guides your health-care team to provide timely care that best reflects your health condition, the treatments that will be of benefit to you, and your own wishes and values. The Goals of Care Designation order is documented on an Alberta Health Services form by your physician or nurse practitioner and is recognized by all health-care services.

For more information about advance care planning, talk to your health-care provider or visit: myhealth.alberta.ca/Alberta/Pages/advance-care-planning-topic-overview.aspx

Utilities Consumer Advocate

The Utilities Consumer Advocate (UCA) educates, advocates, and mediates for Alberta’s residential, farm, and small business electricity, natural gas and water consumers. The UCA educates through community outreach and advocates through representation at regulatory hearings.

The UCA’s mediation team is available to resolve disputes between consumers and utility companies and provide advice and information on utility related issues like energy choice and the charges on your utility bill.

If you have been unable to reach a resolution with your utility provider directly, the UCA will investigate on your behalf.

Alberta Health Care Insurance Plan

Eligibility

You must be registered for Alberta Health Care Insurance Plan (AHCIP) coverage to receive insured hospital and physician services.

Coverage is provided to eligible residents of Alberta who meet the following criteria:

• legally entitled to be or to remain in Canada and makes his/her permanent home in Alberta
• committed to being physically present in Alberta for at least 183 days in a 12 month period
• not claiming residency or obtaining benefits under a claim of residency in another province, territory or country
• any other person deemed by the regulations to be a resident not including a tourist, transient or visitor to Alberta

Detailed information on applying for AHCIP coverage is available on the Alberta Health website at alberta.ca/health.aspx.

Basic coverage includes:

• Full coverage for medically necessary insured services provided by physicians according to the Schedule of Medical Benefits.
• Medically necessary oral and maxillofacial surgical procedures and some specific dental procedures performed by an oral surgeon or dentist according to the Schedule of Oral and Maxillofacial Surgery Benefits.
• Some foot care services if provided in Alberta by a podiatrist. Benefits are limited for each service and payable according to the Schedule of Podiatry Benefits to a maximum payable per benefit year* of $250 (check with podiatrist prior to treatment).
• A podiatric surgery program that provides full coverage for medically necessary services provided by a podiatric surgeon in an Alberta hospital or non-hospital surgical facility under contract with Alberta Health Services according to the Schedule of Podiatric Surgery Benefits.
• Some optometry services, if provided in Alberta. Benefits are limited to one complete exam, one partial exam and one diagnostic procedure per benefit year*.
• Some publicly funded physiotherapy services are provided through Alberta Health Services Ambulatory Community Physiotherapy program. The physiotherapist determines the number of treatments to be publicly funded based on the client’s presenting condition or injury.

For more information about coverage for hospital and medical services, please contact Alberta Health Services through Health Link by dialing 811 from anywhere in Alberta.

*The benefit year for the Alberta Health Care Insurance Plan is from July 1 to June 30.
Uninsured services
The AHCIP provides full coverage for medically necessary insured services provided by physicians. However, uninsured services, such as the copying and transfer of medical records from one physician to another, are not covered. You can expect to pay the full fee for uninsured services and must be informed of this by your physician before the service is provided.

- The AHCIP is not a dental plan and as such it does not cover services such as office visits, X-rays, splints, models, orthodontic treatments, dentures and other dental services.
- Podiatrists may bill residents an amount in addition to the amount payable by the AHCIP.
- Patients are also responsible for the full cost of any uninsured services, including medical and surgical appliances, supplies and facility fees when provided in a podiatrist's clinic. Some services not covered by the AHCIP may be covered by other government sponsored or private supplementary health insurance.

Hospital services
Alberta Health provides funding to Alberta Health Services for in-patient and out-patient hospital services. These services are not funded if obtained in a private facility. When you are admitted to an acute care hospital in Alberta for insured services, you will receive standard ward care, meals, nursing and other services while you are a patient in the hospital.

If you request a private or semi-private hospital room, a room charge may be applied by the hospital, unless a physician indicates it is medically required. You may be able to purchase coverage for these charges from some private insurers. See page 25 for information on private insurers.

For more information about coverage for hospital and medical services, please contact Alberta Health Services through Health Link by dialing 811 from anywhere in Alberta.

Temporary absence from Alberta
Individuals must be physically present in Alberta for at least 183 days in a 12-month period to remain eligible for coverage from the AHCIP.

For details on basic coverage and services covered outside Alberta, contact Alberta Health.

Recurring absence from Alberta
You may remain eligible for AHCIP coverage if, on a recurring basis, you are absent from Alberta for up to 212 days in a 12-month period for the purpose of vacation.

- Contact Alberta Health before you leave to ensure your coverage under the AHCIP remains current. Alberta Health covers only some limited physician and hospital expenses outside Alberta. It is strongly recommended that Alberta residents carry private supplementary insurance when travelling outside of Alberta to cover unforeseen emergency care and transportation, as these costs may be significant.

- Information about reimbursement for the cost of insured emergency physician and/or hospital services when travelling out of Canada can be found at alberta.ca/ahcip-coverage-outside-canada.aspx.

For details on temporary absence and extensions of coverage and services covered outside of Alberta, contact Alberta Health:

Dental and Optical Assistance for Seniors

Dental Assistance for Seniors
The Dental Assistance for Seniors program provides basic dental coverage to a maximum of $5,000 per eligible senior, every five years.

Optical Assistance for Seniors
The Optical Assistance for Seniors program provides assistance of up to $230 per eligible senior, toward the purchase of prescription eyeglasses every three years.

Please see page 4 for program details.

Alberta Aids to Daily Living (AADL)

The Government of Alberta offers the Alberta Aids to Daily Living (AADL) program to assist Albertans with a long-term disability, chronic illness or terminal illness to maintain independence by providing basic medical equipment and supplies to meet their clinically assessed needs.

You may be eligible for AADL benefits if you meet the following criteria:
- are an Alberta resident
- have a valid Alberta Personal Health Number
- require benefits due to a long-term disability, chronic illness or terminal illness. Long-term and chronic are defined as six months or longer

You may not be eligible for AADL benefits if you are eligible to receive comparable benefits through another source. This includes the Non-Insured Health Benefits Program (NIHB), Health Canada, Workers’ Compensation, Department of Veterans Affairs (Canada) Health Care Benefits – “A” Clients, federal programs such as the RCMP and armed forces, correctional institutions, and private insurers.

How does the program work?

1. You must be assessed and authorized for AADL benefits before you receive them.

The assessment by an AADL authorizer or specialty assessor determines the clinical need for medical equipment and supplies that an Albertan may be eligible for through this program.

Please contact Alberta Health Services to locate an AADL authorizer or consult the vendor lists on the AADL website to locate an AADL specialty assessor.

An Authorizer or specialty assessor may be a nurse, physical therapist, occupational therapist, respiratory therapist, audiologist, speech language pathologist or other health care professional. They may work in a community health care centre, hospital, long-term care centre, home-care program or private practice.

Note: Medical doctors are not authorizers and do not determine eligibility. However, certain benefits require a doctor’s prescription.
2. Equipment and supplies must be purchased from an AADL-approved vendor.

Vendors are located within the province of Alberta, unless otherwise specified. A list of vendors is available on the AADL website.

3. AADL is a cost-share program. You pay 25 per cent of the cost of program benefits to a maximum of $500 per individual/family, per benefit year (July 1 to June 30).

Low-income Albertans, below qualifying income thresholds, are exempt from cost-sharing. Your authorizer, specialty assessor, or local community health-care centre should have a cost-share exemption application or temporary cost-share exemption application for you to complete and submit to the address on the form. The forms are also available on the AADL website.

Respiratory benefits are not subject to cost share.

If you are exempt from cost-sharing, your authorizer and vendor will be notified through the AADL system.

If you choose an upgraded item, you are also responsible for paying any additional amount.

AADL cannot refund clients who purchase their own medical equipment and supplies before being assessed and authorized for equipment and supplies

What is covered?

A variety of medical equipment and supplies are provided. Information and product lists are available on the AADL website.

Hearing aids

Hearing aids are provided to seniors and their dependants through AADL registered suppliers only. When visiting a hearing aid supplier, please ensure that they are registered with AADL as an approved vendor.

- If you are a cost-share client, AADL contributes $900 toward one hearing aid only. If you are exempt from cost sharing, AADL will contribute up to $1,200 per affected ear. This does not include upgrades. If a more expensive hearing aid is purchased, you are responsible for the difference.

Medical/surgical supplies, prosthetics, orthotics, footwear, mobility and respiratory equipment

An AADL authorizer or specialty assessor must assess your need and eligibility for equipment and supplies and submit a completed authorization form. Some items may require a doctor’s prescription.

Program authorizers and specialty suppliers have access to all items listed and funded through the program.

The program does not provide coverage for canes (with the exception of 4-point canes for a chronic condition), grabbers, off-the-shelf foot orthotics, scooters, CPAP machines, eyeglasses, prescription drugs, dental care or dentures.

Coverage for Seniors

Alberta Health provides premium-free coverage for some health-related services not covered by the Alberta Health Care Insurance Plan through Coverage for Seniors. This coverage is available to all Albertans 65 years of age and older. Coverage for Seniors starts the first month after you turn 65.

Once you are registered with Alberta Health and your date of birth has been validated, you will be sent an Alberta Blue Cross card. To receive services, you must show your card.

Coverage for seniors uses the same benefit year as Alberta Health – July 1 to June 30.

Ambulance services

Ambulance services refer to transportation to or from a public or general, active treatment hospital. You must be ill or injured and transported in a ground vehicle licensed under the Ambulance Services Act. Coverage for seniors will pay up to the maximum rate set by Alberta Health.

Note: Inter-facility transfers are not covered under Coverage for Seniors. Inter-facility transfers are covered by Alberta Health Services.

Prescription drugs

Alberta Health covers 70 per cent of the cost of prescription drugs listed in the Alberta Drug Benefit List. You pay the other 30 per cent, up to a maximum of $25 per prescription or refill. The pharmacy bills Alberta Blue Cross directly.

Note: If an interchangeable or generic drug product is available, Coverage for Seniors will pay the least-cost alternative price.

Purchase only the medicine you need, in quantities you will use. The maximum prescription quantity is a 100-day supply. It is best to be stabilized on the drug dose before getting this quantity. A pharmacist cannot dispense a larger quantity without pre-authorization from Alberta Blue Cross. If you plan to travel outside Alberta and need medication for more than 100 days, talk to your pharmacist at least two weeks before your departure. This will give your pharmacist enough time to obtain authorization.

Coverage for Seniors also provides coverage for services received in other parts of Canada or outside the country. You may be asked to pay for these services at the time they are provided. To be reimbursed, sign into the Alberta Blue Cross member services website to submit your claims for instant claims processing, or send Alberta Blue Cross a completed and signed Alberta Blue Cross health claim form, with receipts attached. Benefits for services received out-of-country are paid in Canadian funds according to approved Alberta benefit rates.

Diabetic supplies

Coverage for Seniors provides diabetic supplies for insulin-treated diabetics only, up to a maximum of $600 per eligible person each benefit year for diabetic supplies purchased from a licensed pharmacy. Diabetic supplies include needles, syringes, lancets and blood glucose and urine testing strips. Additional financial assistance for low-income seniors is available through the Special Needs Assistance for Seniors program. Please see page 3 for details.

Chiropractic services

Up to $25, per visit to a maximum of $200, per person each benefit year, for services provided by a chiropractor who is lawfully entitled to practice.

Clinical psychological services

Up to $60 per visit, to a maximum of $300 per family each benefit year, for treatment of mental or emotional illness by a registered chartered psychologist.
Home nursing care

Coverage up to $200, per family each benefit year, for nursing care provided in the patient’s home by written order of a physician. Home nursing care must be provided by a registered nurse or licensed practical nurse who is not a relative of the patient.

Continuing care services

Alberta’s continuing care system provides Albertans with the health, personal care and accommodation services they need to support their independence and quality of life.

Continuing care services are provided in three streams:
- home living
- supportive living
- long-term care

Each stream can provide clients with a broad range of health and personal care, accommodation and hospitality services. In addition, Alberta Health Services may be able to offer various models of care within these streams, including group homes, special units for individuals with dementia, transitional living settings and various types of seniors day programs.

Individuals looking to receive publicly-funded health services through Alberta Health Services will undergo a needs assessment by a health-care professional to determine their care and service needs. Anyone can request this assessment. Once a request is made a case manager will meet with the person and discuss the situation. The case manager will work with other Alberta Health Services staff, the individual

People living outside these areas can call toll-free: 1-800-661-6995
(Customer services)
and family to find the service or facility that would best meet the client’s needs. Alberta Health Services’ goal is to make sure individuals get the right services in the right place in a timely manner.

An assessment can be arranged by contacting Alberta Health Services through Health Link by dialing 811 from anywhere in Alberta. More information about accessing continuing care is available at albertahealthservices.ca/cc/Page15487.aspx.

Home living/home care services
The home living stream is designed to support individuals living in their own homes, apartments, condominiums or other independent living options that require care.

Alberta Health Services is responsible for assessing clients and providing the home care services necessary to meet the unmet needs of individuals, of all ages who have varying degrees of short- and long-term illness and/or disability.

Individuals can access home care services through self-referral or a referral made by friends, family, health-care providers or other community agencies acting on their behalf.

Assessed home care services provided at no charge include professional case management, professional health care, personal care, caregiver support and respite care. Client charges may apply to some assessed home and community support services.

More information about the Alberta Health Services home care program is available at albertahealthservices.ca/cc/Page15488.aspx.

An assessment can be arranged by contacting Alberta Health Services through Health Link by dialing 811 from anywhere in Alberta. More information about accessing continuing care is available at albertahealthservices.ca/cc/Page15487.aspx.

Supportive living
Supportive living combines accommodation services with other supports and care. It is designed to assist individuals in maintaining a level of independence and includes seniors’ lodges, group homes for individuals with developmental disabilities and designated supportive living accommodations. Supportive living is not intended for individuals who have highly complex health-care needs.

In addition to providing a place to live, services in supportive living accommodations can include meals, housekeeping and social activities. Residents may receive home care services.

Individuals can access supportive living by contacting the operator (except for designated supportive living, where access is managed by Alberta Health Services).

Designated supportive living
Designated supportive living is a type of supportive living. Alberta Health Services determines access to designated supportive living and requires individuals to be assessed by a health professional to determine their health needs before they can move in.
Professional health-care services and personal care assistance for residents of designated supportive living are publicly funded and facilities are operated either directly by Alberta Health Services or by contracted care providers. The amount and type of care provided to residents is based on their assessed unmet care needs. All designated supportive living accommodations provide 24-hour publicly funded health and personal care support on-site.

For more information about designated supportive living accommodations, or to arrange an assessment, please contact Alberta Health Services through Health Link by dialing 811 from anywhere in Alberta or visit albertahealthservices.ca/cc/Page15490.aspx.

Individuals living in designated supportive living facilities are responsible for paying accommodation charges for housing and hospitality services. Charges vary according to the type of room and increase annually.

The rates as of July 1, 2019 are:
- $55.90/day for standard accommodation (three or four beds in one room)
- $58.85/day for semi-private accommodation (two individuals in one room)
- $68.00/day for private accommodation

Low-income seniors may be eligible for financial assistance through the Alberta Seniors Benefit program.

For information, contact:

Website: alberta.ca/alberta-seniors-benefit.aspx

Facility living/long-term care facilities

Long-term care facilities provide support to individuals who require 24-hour nursing support to meet medical needs associated with chronic disease or frailty. As part of the continuing care system, long-term care facility living provides room and board in a secure living arrangement along with personal care and support with activities of daily living.

In Alberta, long-term care facilities include nursing homes and auxiliary hospitals. All long-term care facilities across Alberta are operated either directly by Alberta Health Services or by contracted care providers. Some facilities may be stand-alone buildings, while others may be in sites where a range of services are provided.

Admission to long-term care facilities is determined by Alberta Health Services, by conducting an assessment of the individual’s health needs. Based on this assessment, publicly funded health and personal care support services are provided.

For more information about long-term care accommodations, or to arrange an assessment, please contact Alberta Health Services through Health Link by dialing 811 from anywhere in Alberta or visit albertahealthservices.ca/cc/Page15491.aspx.

Individuals living in long-term care facilities are responsible for paying accommodation charges for housing and hospitality services. Charges vary according to the type of room and change annually.

The rates as of July 1, 2019 are:
- $55.90/day for standard accommodation (three or four beds in one room)
- $58.85/day for semi-private accommodation (two individuals in one room)

Day support programs and day hospitals

Day support programs are group programs that individuals may attend on a daily basis. They are intended as an alternative to admission to an acute care hospital or long-term care facility for people who are frail and/or disabled, and those who need health maintenance, rehabilitation and social or recreational activities.

The programs take place in a variety of settings. To find out if there is a day support program or a day hospital in your community, contact Alberta Health Services.

Geriatric assessment and rehabilitation programs

Specialized geriatric assessment and rehabilitation programs are offered in several communities. For information, contact Alberta Health Services.

Public health services

Public health services are available to all Albertans through Alberta Health Services. These may include:

- immunization against diseases such as influenza
- health education and counselling
- nutrition education
- dental hygiene education
- sexual health education and counselling
- speech-language pathology services

Mental health services

A variety of mental health services are available to Albertans of all ages. These include mental health information and education, assessment, counselling, treatment and follow-up services.

For more information, contact Alberta Health Services or the Alberta Mental Health Help Line at 1-877-303-2642.

Private health insurers

Private health insurance companies offer health benefit plans to complement seniors health benefits sponsored by the Government of Alberta. These insurance plans offer a range of benefits.

Family and Community Support Services (FCSS)

FCSS is a unique 80/20 funding partnership between the Government of Alberta and participating municipalities and Metis Settlements to design and deliver local preventive social service programs to enhance the well-being of individuals, families and communities.

Each participating municipality or Metis Settlement determines how the FCSS funding they receive is allocated to best meet the needs and priorities of their community.

FCSS offers a range of support for people of all ages. Examples of FCSS services that may be provided for seniors include: information and referral, home support, snow removal, meals on wheels, and seniors outreach programs for social well-being and emotional wellness.

FCSS programs and services are intended to help individuals in their community adopt healthy lifestyles, thereby improving quality of life and building resilience to prevent and/or cope with crisis situations should they arise. FCSS also ensures that individuals and families have access to social supports and work to reduce isolation through social inclusion and community connection.

For further information, contact the FCSS or Community Services office listed in your local telephone directory.

Meals on Wheels

Meals on Wheels is a non-profit organization that provides home-delivered, low-cost meals. These services are available in many areas of Alberta. For information about Meals on Wheels, refer to your local telephone directory or contact Alberta Health Link by dialing 811 or 1-866-408-LINK (5465).
Protecting you and your information

Office of the Information and Privacy Commissioner of Alberta

The Office of the Information and Privacy Commissioner of Alberta (OIPC) works to protect Albertans by ensuring public bodies, health custodians and private sector organizations uphold the access and privacy rights contained in the laws of Alberta.

Through the OIPC, the Commissioner oversees and enforces the administration of three access and privacy acts:

- **Freedom of Information and Protection of Privacy Act (FOIP Act)**
- **Health Information Act (HIA)**
- **Personal Information Protection Act (PIPA)**

If you believe your personal or health information may have been collected, used or disclosed improperly, you may submit a complaint in writing to OIPC.

For more information about OIPC and privacy laws in Alberta you can refer to oipc.ab.ca

Elder abuse

Elder abuse is any action or inaction by self or others that jeopardizes the health or well-being of any older adult. Elder abuse can take several forms, including: physical, emotional, financial, sexual, medication abuse or neglect.

Elder abuse is a form of family violence. Like other types of family violence, the dynamics of elder abuse are complex. Abuse is a pattern of controlling behaviour. In families, an abusive person can use many ways to gain power over another family member. Shame or guilt may stop an older adult from revealing abuse. Sometimes victims simply do not have the capacity to report it.

Please refer to page 28 for a list of community resources you can call for more information.

If you or someone you know is being abused and is in imminent danger, dial 911 or call your local detachment.

Protection for Persons in Care

The Protection for Persons in Care office addresses reports of abuse and administers the Protection for Persons in Care Act. This act promotes the safety and well-being of adult Albertans who receive care or support services from publicly funded service providers. The act requires that all service providers protect clients from abuse and maintain a reasonable level of safety. The act also requires that all abuse be reported. A complaints officer reviews every allegation reported to Protection for Persons in Care.

Continuing Care Facility Directory

The Alberta Health Services’ Continuing Care Facility Directory provides current information on each designated supportive living and long-term care accommodation and will be updated every six months. This online tool is designed to simplify the process of finding a care home when one is needed. Information includes:

- Services and available amenities;
- Accommodation charges;
- Information about quality and standards, such as resident and family experience survey and audit outcomes; and,
- Photos, maps and contact information to help with the decision-making process.

Continuing Care Health Services Standards

The Continuing Care Health Services Standards apply to all publicly funded continuing care health services regardless of whether they are provided directly by, or under contract to, Alberta Health Services.

Alberta Health and Alberta Health Services are responsible for ensuring that Continuing Care Health Service Standards are met. These standards apply where publicly funded continuing care health services are provided, namely by home care providers and facility operators.

If you have concerns about the quality of health services provided through homecare or in a publicly funded continuing care facility (such as designated supporting living or long-term care), raise them first with the facility administrator or care provider. If you feel your concerns have not been sufficiently addressed, you may wish to contact Alberta Health Services’ Patient Relations Department at 1-855-550-2555 or albertahealthservices.ca/about/patientfeedback.aspx.

The Government of Alberta ensures that supportive living and long-term care facilities meet accommodation standards set by the government. The Accommodation Standards are designed to support a safe and comfortable environment for residents and set expectations for the quality of accommodation and related services, such as meals, housekeeping and maintenance. Supportive living accommodations are licensed and long-term care facilities are monitored for their compliance with the standards.

Supportive living and long-term care public reporting
The Government of Alberta has an online public reporting site for Albertans to use to see how individual supportive living and long-term care accommodations comply with the accommodation standards. Please visit standardsandlicensing.alberta.ca.

The public reporting website provides current information on each supportive living and long-term care accommodation, including:
- location and contact details
- visit information and compliance history since April 1, 2013
- supportive living licence status - accommodations with a full licence have complied with all accommodation standards. Accommodations with a conditional licence have a compliance action plan in place to meet all accommodation standards by a specified date
- Resident and Family Councils Act compliance history (see next section for more information).

For more information about the public reporting site or the supportive living accommodation standards and licensing, contact:

Outside the Edmonton area, call the Government of Alberta Contact Centre at 310-0000 to be connected toll-free. If you have concerns about the quality of accommodations in supportive living or long-term care facility, raise them first with the provider. If you are not satisfied, you can contact the accommodation complaint line toll-free at 1-888-357-9339.

If you have a question or concern about the fairness of how your complaint was addressed, you can contact the Alberta Ombudsman – see page 12.
Resident and family councils

The Government of Alberta ensures that every person living in a long-term care setting or a supportive living setting, with four or more people, has the right to establish self-governing councils.

Through the Resident and Family Councils Act, facility operators are required to make residents and their families aware of their right to establish a council and to help residents form and maintain a council if requested.

Councils provide an opportunity for residents and families to discuss matters with agency or operator staff including:

- maintaining and enhancing residents’ quality of life
- requests, concerns and solutions

Once a council has been established, operators or their representatives must provide support to the councils (such as providing space for meetings, sharing information regarding the facility, responding to resident and family requests and concerns) and attend meetings upon request.

A toolkit is available to help residents and families set up and maintain resident and family councils and to assist operators in supporting resident and family councils.

For more information about the Act and to access the toolkit visit:
Website: alberta.ca/resident-family-councils.aspx

Alberta Human Rights Commission

The Alberta Human Rights Commission administers the Alberta Human Rights Act, which protects people in Alberta from discrimination. The commission provides free, confidential information, a complaint resolution service, and education programs and services that educate and engage Albertans and Alberta organizations on human rights, diversity, and rights and responsibilities under Alberta’s human rights law.

Transportation

Bus passes

Communities may offer people who are 65 years of age and over a bus pass at a reduced cost. You must supply proof of age when applying and may be asked to supply income information.

For information about public transportation and bus passes, contact your municipality.

Seniors driving services

Many communities offer driving services for seniors. Volunteers will drive seniors to destinations such as doctor appointments, shopping centres or social outings. There is often a minimal fee. Private services are also often available. For more information about seniors driving services, contact your local information centre (see pages 37–38) or the Family and Community Support Services office listed in your telephone directory.

Alberta Transportation

The Driver Fitness and Monitoring Section of Alberta Transportation is responsible for making decisions relating to a person’s medical and/or physical fitness to drive. Medical reports are required when you renew an operator’s licence at age 75, 80 and every two years after.

Alberta Motor Association

The Alberta Motor Association (AMA) offers the following programs to help older Albertans continue driving for as long as safely possible.

AMA Mature Driver Course provides a refresher of the road in a classroom. Course participants will review road signs and regulations, tips and strategies for different driving environments, the effects of aging on driving and resources to maintain mobility and independence.

AMA Seniors In-Vehicle Evaluation is a voluntary and confidential in-vehicle assessment of driving skills. Recommendations and feedback are given on improving driving skills as well as resources for maintaining mobility. A verbal debrief and a written report detailing the outcome of the drive is provided.

Brush-up lessons for seniors are also available. The two-hour in-vehicle lesson is a review of driving rules and regulations. Coaching is also provided on areas requiring improvement in driving habits and skills.

Taxes

General information

Most types of income are taxable, including amounts paid to deceased individuals. Seniors may qualify for several federal and provincial tax credits within the tax system. Seniors eligible for the disability tax credit may also be eligible to claim additional medical expenses such as certain attendant care expenses.

For more specific information for seniors on taxes, visit the Canada Revenue Agency website at canada.ca/taxes-seniors or phone the general inquiry line at 1-800-959-8281.

GST credit

The Goods and Services Tax (GST) credit is designed to offset the cost of the GST for individuals and families up to a certain income level.

You no longer have to apply for the GST credit. The Canada Revenue Agency will automatically determine your eligibility when you file your next income tax and benefit return. If you are eligible, you will receive payments quarterly in July, October, January, and April. The credit is based on your net family income and if eligible, is paid to either you or your spouse/common law spouse, but not both.

Power of attorney

Granting power of attorney gives another individual (called your attorney) the power to make decisions and act on your behalf. Power of attorney is voluntary and limited to matters of property and finance. Power of attorney does not allow someone to make personal or health decisions on your behalf.

For information on guardianship or personal directives, see pages 13–14.

Limited versus general power of attorney

A limited power of attorney gives your attorney the power to handle certain financial affairs only; for example, your affairs at a particular bank.

A general power of attorney gives your attorney the power to handle all financial affairs, including applying for and administering federal and provincial benefits.

Power of attorney/enduring power of attorney

The following is a brief description of the differences between a power of attorney and an enduring power of attorney.

For more detailed information, visit the Alberta Justice and Attorney General website at alberta.ca/enduring-power-of-attorney.aspx, and refer to wills.

Enduring power of attorney

- Specifically states that the power of attorney remains in effect should you become mentally incapable of managing your affairs.
- Can contain conditions, such as requiring a written statement from a physician indicating that a specific event has occurred.
- Although not mandatory, you may wish to consult a lawyer for assistance in drafting your power of attorney document.

Power of attorney

- You must be mentally competent to appoint an attorney.
- It takes effect immediately.
- Ends if you become mentally incapable of managing your affairs.

Last will and testament

A will is a written document that allows you to set out how your property is to be distributed after you die. A will allows you to name a person to act as your executor after your death and to make certain that your property is distributed according to your wishes. A will does not have any legal force or effect until after you die.

There are three different types of wills:
- A formal is prepared for you by a lawyer.
- A holograph is prepared by you and done in your handwriting.
- A will kit includes forms obtained from stationery stores that you complete yourself.

If you require a lawyer or would like more information on wills or executors, contact the Lawyer Referral Service at 1-800-661-1095. See page 37 for more information.

**What happens if you die without a will?**

If you die without a will, the *Wills and Succession Act* sets out how and to whom property is transferred when a person dies. Information about this act is available in the Saying Farewell handbook or by visiting alberta.ca/wills-in-alberta.aspx.
