

Authorizing Legislation

for Alberta Supports programs and services

Introduction

Alberta Supports helps Albertans find and access more than 30 government social programs and 120 community services. The programs and services accessed through Alberta Supports operate under the *Freedom of Information and Protection of Privacy Act* (FOIP), s. 33-40. Programs and services that support children and youth directly, or support families with minor children, also operate under the *Children First Act* (CFA), s. 4(1)(b). Some of these programs and services also operate under other legislation, summarized below, that authorizes how they collect, use and disclose information. If you have questions about the collection of your personal information, please contact:
