

## COVID-19 INFORMATION

# GUIDANCE FOR RETAIL BUSINESSES

### Overview

Chief Medical Officer of Health (CMOH) Order 25-2020 requires businesses and entities to:

- implement practices to minimize the risk of transmission of infection among attendees;
- provide procedures for rapid response if an attendee develops symptoms of illness;
- ensure that attendees maintain high levels of sanitation and personal hygiene;
- comply, to the extent possible, with any applicable Alberta Health guidance found at: <https://www.alberta.ca/biz-connect.aspx>.

Where any part of this guidance is inconsistent or in conflict with enhanced or stronger public health restrictions set out in another CMOH Order, the enhanced or stronger public health measures would prevail. Operators are also required to follow the [General Operational Guidance](#) and any other applicable CMOH orders.

This document has been developed to support operators of retail businesses, malls, shopping centres and other entities in reducing the risk of transmission of COVID-19 among attendees (including workers, patrons and the general public). The guidance provided outlines public health and infection prevention and control requirements specific to these settings and activities.

In all settings, it is important that measures are implemented to reduce the risk of transmission of COVID-19. This includes, but is not limited to ensuring: physical distancing, barrier use (where appropriate), proper hand hygiene and respiratory etiquette, enhanced and appropriate cleaning and disinfecting, records management and building maintenance (e.g., ventilation).

### COVID-19 Risk Mitigation

<b>General</b>	<ul style="list-style-type: none"><li>• Retail businesses and entities are permitted to open so long as they limit attendance to <b>15%</b> of fire code occupancy, or five customers, whichever is greater.<ul style="list-style-type: none"><li>○ Staff do not count towards the capacity limit.</li></ul></li><li>• Operators must inform all attendees of the requirement to wear a face mask at all times while in indoor areas of the retail facility (including sale floors, hallways, concourses, warehouses, stock rooms, lunchrooms, and staff room).<ul style="list-style-type: none"><li>○ Workers may only remove their face mask when they are alone in their private workspace and separated by 2 metres or barriers from all other employees or patrons.</li></ul></li><li>• Operators should place hand sanitizer containing at least 60% alcohol in convenient locations throughout the facility.</li><li>• Operators must have plans for a rapid response if a staff member or patron becomes symptomatic while in the retail business or entity. For more information on what this plan must include, see the <a href="#">General Operational Guidance</a>.</li></ul>

# GUIDANCE FOR RETAIL BUSINESSES

	<ul style="list-style-type: none"> <li>Operators must ensure that ventilation systems are operational and functioning optimally. Refer to the <a href="#">General Operational Guidance</a> for more information on ventilation.</li> </ul>
<b>Physical Distancing</b>	<ul style="list-style-type: none"> <li>Operators must take measures to ensure that 2 meters' distancing can be maintained between individuals of different households, including patrons and staff.                             <ul style="list-style-type: none"> <li>Use markers to indicate where patrons should stand while lined up.</li> <li>Use contactless payment and avoid cash payments, where possible.</li> <li>Space out cash counters and self-service check-outs, when possible</li> </ul> </li> <li>Where physical distancing cannot be maintained, operators must provide physical barriers that are effective at preventing droplet transmission.                             <ul style="list-style-type: none"> <li>For example, install physical barriers to separate cashier(s) from patrons.</li> </ul> </li> </ul>
<b>Purchases</b>	<ul style="list-style-type: none"> <li>Operators may want to offer and encourage online or telephone orders with delivery or pick-up services as alternatives to in-person shopping.</li> <li>Operators are encouraged to update return policies and procedures. Considerations include:                             <ul style="list-style-type: none"> <li>Restricting opportunities to return purchased goods (e.g., final sale only).</li> <li>Cleaning and disinfecting hard-surfaced, returned goods prior to placing them back onto the sales floor.</li> <li>Storing soft-surface items for a period of 24 hours prior to resale.</li> </ul> </li> </ul>
<b>Product Testing Facilities</b>	<ul style="list-style-type: none"> <li>"Try before you buy" facilities (e.g., golf simulators, running tracks, demonstration equipment) may be made available to patrons to facilitate purchase if:                             <ul style="list-style-type: none"> <li>The retail store has employees onsite to facilitate a one-on-one format with patrons trying equipment; and</li> <li>3 metres' distance must be maintained from all other individuals.</li> <li>Masks must be worn for low-intensity physical activity.</li> </ul> </li> <li>In gyms or other fitness facilities that are offering their equipment for sale, paid facility staff may act as trainers.                             <ul style="list-style-type: none"> <li>3 metres' distance and masking are required in these settings.</li> </ul> </li> </ul>
<b>Cleaning and Disinfecting</b>	<ul style="list-style-type: none"> <li>Operators must enhance cleaning and disinfecting practices as described in the COVID-19 <a href="#">General Operational Guidance</a>.</li> <li>Operators must enhance cleaning and disinfection of:                             <ul style="list-style-type: none"> <li>shopping baskets and shopping carts</li> <li>touch screens at self check-outs</li> <li>surfaces in change rooms</li> </ul> </li> </ul>
