

Amended and Restated 2022-2025 Investment Management Agreement

The parties originally entered into a 2022-2025 Investment Management Agreement on May 17, 2022 ("Original IMA").

The parties conducted the annual review contemplated in the Original IMA and the parties wish to update targets and add performance metrics of the Original IMA, and have prepared this Amended and Restated Investment Management Agreement ("Amended and Restated IMA") to reflect those amendments.

PURPOSE

This Amended and Restated IMA with The Board of Governors of The King's University ("Institution") describes the investment framework related to the Base Operating Grant (BOG). The purpose of the investment framework is to identify, and incentivize, measurable progress towards the vision and goals contained in *Alberta 2030: Building Skills for Jobs*.

This Amended and Restated IMA also contains the Institution's Mandate as required under section 78 of the *Post-Secondary Learning Act*.

TERM

This Amended and Restated IMA is effective from the Effective Date to March 31, 2025 ("Term").

CONDITIONS

The total at risk funding for this 2022-25 Amended and Restated IMA is as follows:

Total Three Year At Risk Funding

Fiscal Year	Total Percentage of BOG
2022-23	15% of the 2022-23 BOG
2023-24	25% of the 2023-24 BOG
2024-25	40% of the 2024-25 BOG

Listed in the section PERFORMANCE METRICS below are the weighting, targets and tolerance bands for all Funding Metrics. If an actual result for a specific funding metric does not meet the identified target, and is outside of the respective tolerance threshold, an adjustment will be applied to BOG funding. The calculated percentage reduction to the BOG that will be applied is subject to the final discretion of the Minister, but will not exceed the percentages listed above.

The adjustment will be contingent on the following factors:

- The weighting applied to a funding metric; and
- The extent to which the actual result is outside the tolerance threshold.

The adjustment will be applied, as determined by the Minister, when all funding metric data for the respective fiscal year has been finalized.

The Transparency Metrics listed below do not have any at risk funding implications associated with them. Actual results for these metrics are for accountability purposes only.

All of the metric data, and their associated weightings, targets and thresholds, in the section PERFORMANCE METRICS below is subject to an annual review by the Minister and the Institution. The Minister may remove or add PERFORMANCE METRICS during the annual review, and the Parties will amend this Investment Management Agreement to reflect amendments resulting from the annual review.
