SPECIAL WALLEYE LICENCE DRAWS

The implementation of harvest restrictions have enabled a number of walleye fisheries to recover to the point where a limited harvest can be sustained. Recognizing the impact of a high number of anglers and the need to preserve fisheries, the harvest of walleye from certain lakes will be limited through a draw. Information on the program, eligible lakes and licences is available to interested anglers on our website at, mywildalberta.com or albertaregulations.ca. The Special Walleye Licence draw is run separately from the hunting draws. The 2012 draw has been concluded. The information for the 2013 draw will be available in March 2013.

COMMON LICENCE MISTAKES

GENERAL MULE DEER LICENCE

This general licence is valid during the “archery only” season which precedes the general season. It is valid during the general season in the following WMUs: 316, 339-344, 347, 349-356, 412, 414, 432, 440-446, 511-520, 524, 525, 528-534, 536, 539-544 and 841. This licence is not valid during a season in which a Special Licence is required. In the Alberta Guide to Hunting Regulations, special licences are required for all seasons where a small black box is located beside the season date.

SUPPLEMENTAL ANTLERLESS WHITE-TAILED DEER LICENCE

The Supplemental Antlerless White-tailed Deer Licence will be issued with two tags and is only valid in WMUs 258, 300, 310-314, 322-332, 336-340, 344-357, 360, 436-446, 500-503, 505-521, 523-531, 534-544.

YOUTH MULE DEER LICENCE

This general licence is available for resident hunters who are 12-17 years of age and who are eligible to hunt. It is a general licence that is valid during the “archery only” season which precedes the general season. It is valid during the general season in the following WMUs: 316, 339-344, 347, 349-356, 412, 414, 432, 440-446, 511-520, 524, 525, 528-534, 536, 539-544 and 841. **This licence is not valid during a season in which a Special Licence is required.** In the Alberta Guide to Hunting Regulations, special licences are required for all seasons where a small black box is located beside the season date.

YOUTH WHITE-TAILED DEER LICENCE

This licence is valid for resident hunters who are 12-17 years of age and who are eligible to hunt. It is a general licence and is valid during a general season (archery or rifle). Because it is a general licence, it can not be used during the rifle season in WMUs 404, 406 and 408 (a special licence is required). In the Alberta Guide to Hunting Regulations, special licences are required for all seasons where a small black box is located beside the season date.

SUPPLEMENTAL BLACK BEAR LICENCE

This licence is only valid in WMUs 224, 250, 258, 260, 320-360, 429, 445, 500-544 and 841.

SPECIAL LICENCES

If you are drawn for a special licence your draw priority returns to zero and that draw cannot be cancelled. You may not be able to purchase a particular general licence once you have been drawn for a special licence of that same species. Example: if you are drawn for Antlered Mule Deer, Antlered White-tailed Deer or Antlered, Antlerless, or Calf Moose you will not be able to purchase a general licence for that species. If you are drawn for Either Sex Elk, WMU 300 Elk, Antlered or Antlerless Elk you will not be able to purchase a general elk licence. Resident hunters are able to purchase an elk licence in combination with the WMU 212 Antlerless Elk Archery and the WMU 212 Antlerless Elk Special Licence. See licence combinations on page 49.

Change of Address

If you move, please let us know BEFORE you buy a licence or apply on the draws. We need your current permanent address and phone number to notify you of your draw results, new information, etc. To update your address, go online at albertarelm.com or call (toll-free in North America) 1-877-289-0999 or 1-888-944-5494, or fill out a WIN Application form at your local licence issuer.

IMPORTANT NOTICE

If you are drawn for a special licence, the authorization to purchase that licence cannot be cancelled. Special licences are very important in achieving the annual harvest goals so it is important that you exercise this hunting opportunity.

SPECIAL LICENCES

Special licences are used in situations where a species (e.g., antelope) could not withstand the hunting pressure of a general season, or where they are needed to meet a specific management goal (e.g., the goal in the antlered mule deer draw areas is to develop and maintain a more balanced age structure in the herd). Other benefits from draws include improved hunter success, increased opportunity for harvesting a trophy animal, reduced hunter density, a more pleasant hunting experience, reduced disturbance of landowners and a better distribution of the harvest.

A special licence allows a hunter to hunt the type of big game animal (e.g., antlerless elk) in the area (a WMU, a group of WMUs, or a portion of one or more WMUs) specified on the licence. There is a cost for each special licence. The special licence is valid during the open season, which is indicated on certain licences. If the season dates are not indicated on the licence, they can be found in the season information tables in the *2012 Alberta Guide to Hunting Regulations*, available in July.

A special licence is issued with a tag(s) and is valid to hunt the specified type of animal at the specified time and location. A hunter must carry the licence and applicable tag(s) on his or her person while hunting. More than one tag may be issued in specific WMUs if there are too few applications to achieve the desired harvest.

Two Additional Opportunities

1. Each year, there are more special licences than applicants in some WMUs. These undersubscribed special licences are made available for sale to eligible hunters (see page 17).
2. If the harvest of a certain species in a specific area is still inadequate, quota licences and tags may be available to take a specific number of animals at a specific time and location.

Common Questions and Concerns - 1-900-Application

Why doesn't my telephone access the 1-900 line?

You can only use touch-tone telephones. Cell telephones, blackberry phones, pay phones, calling cards and certain long distance providers cannot access the 1-900 line. As well, many office telephone systems block access to 1-900 numbers. Cordless telephones are not recommended because of inconsistent transmission tones. **Please check with your long distance service provider to ensure you have access to 1-900-lines.**

How much will a call cost?

An average call will cost \$6.13. The cost of the call will appear on your long distance telephone bill.

What if I make a mistake or have a question about my application?

The system will only accept valid species and draw choices. Each choice you make will be repeated back to you for verification. If you need to correct an error, call (toll-free) 1-877-289-0999 one business day after you apply. The operator will then be able to cancel your application so you may reapply, but you will be charged another application fee.

What if I hang-up part way through the call?

If you hang-up before the introduction (approximately 30 seconds) is completed, you will not be charged. However, once you are past the introduction, you will be charged for the amount of time spent on the line even if you did not complete your application. Incomplete calls will not be entered as a draw application.

How do I know my 1-900 application is complete?

Do not hang up until you hear "Your draw application is now complete."

Can I choose more than one draw choice?

Yes. You can indicate up to three draw choices for each draw, except if you choose '999'. (see page 7). To see how many draws you can apply on, refer to Licence Combinations, starting on page 49.

Can Non-residents (Canadian) apply using the 1-900 number?

Yes. You can call the 1-900 number from anywhere in Canada (excluding the NWT). However, except for trophy sheep, Non-residents (Canadian) must apply with a resident (maximum 1 non-resident per resident).

When will I pay for the special licence if I'm drawn?

Special licences can be purchased, **commencing August 1, 2012. If you purchase your licence at a licence issuer, you must have your WIN card and know the draw code(s) of the licences for which you were drawn. To purchase your licence online, see page 9 for details.**

DRAW PRIORITY SYSTEM

The draw priority system is designed to recognize hunters who apply for the same special licence annually. Your priority level for a particular special licence increases every year you apply and are not drawn. Once you are drawn for a special licence, your priority for that particular licence drops to zero. **If you apply with another hunter(s), the priority for the group application is that of the individual member whose priority is lowest.** Any year that you do not apply, your priority level does not increase. The following table provides an example of how the priority level is assigned and changes over a number of years.

This is a sample, not your personal priority.

Year	Draw Code Antlered Moose	Pre-Draw Priority	Drawn	Post Draw Priority
2008	33	0	No	1
2009	Did Not Apply			
2010	33	1	No	2
2011	33	2	Yes	0
2012	33	0	No	1

DRAW SELECTION PROCESS

The draw selection process is based on a priority system which allocates licences to applicants with the highest priority as follows:

THE FIRST, SECOND AND THIRD CHOICES OF THE HIGHEST PRIORITY APPLICANT IS CONSIDERED BEFORE ANY CHOICE OF AN APPLICANT WITH A LOWER PRIORITY.

The draws are completed one species (draw code) at a time. Each WMU/Area Choice within the species has a quota for the maximum number of applicants that can be selected. The selection process starts by determining if the number of applicants for a WMU/Area Choice exceeds the quota for that WMU/Area. If so, the priority selection process is applied. The system will first try to fill the available quotas with the first choices of highest priority applicants. If, after the first selection, there are special licences left, the system will look at the second choice of the highest priority applicants that remain, and finally the third choice of highest priority applicants. After considering all top priority applicants, the system will allocate special licences to the next priority applicants. The system will repeat the process with progressively lower priority applicants until all special licences are assigned. If at any level of priority and choice there are more applicants than licences, the available licences will be distributed among those applicants on a random draw basis.

DRAW STRATEGY

The Wildlife Management Unit (WMU) for which you apply will determine your chances of being drawn. If you apply for a WMU that receives a large number of applications but has a low quota of licences, your chance of success will be lower than if you apply for a WMU that has fewer applications but a higher quota. The WMU selected does not affect your priority level, but it does affect your chances of selection within a priority level. Priority 1 may be enough to get a licence in WMUs where few hunters apply, but priority 5 may be required to get drawn in a more popular unit with a lower quota. If, for a specific licence, a particular WMU interests you more than others, do not select other WMUs as second and third choices unless you are willing to hunt those WMUs. When drawn, your priority for that draw drops to zero regardless of the WMU being your 1st, 2nd or 3rd choices.

Remember, your priority level applies to a specific draw code and is the same regardless of the WMU or season for which you apply within that draw code. For example, if you have priority 3 for the Antlered Moose Special Licence draw, that will be your priority for that licence in whichever WMU or season you apply.

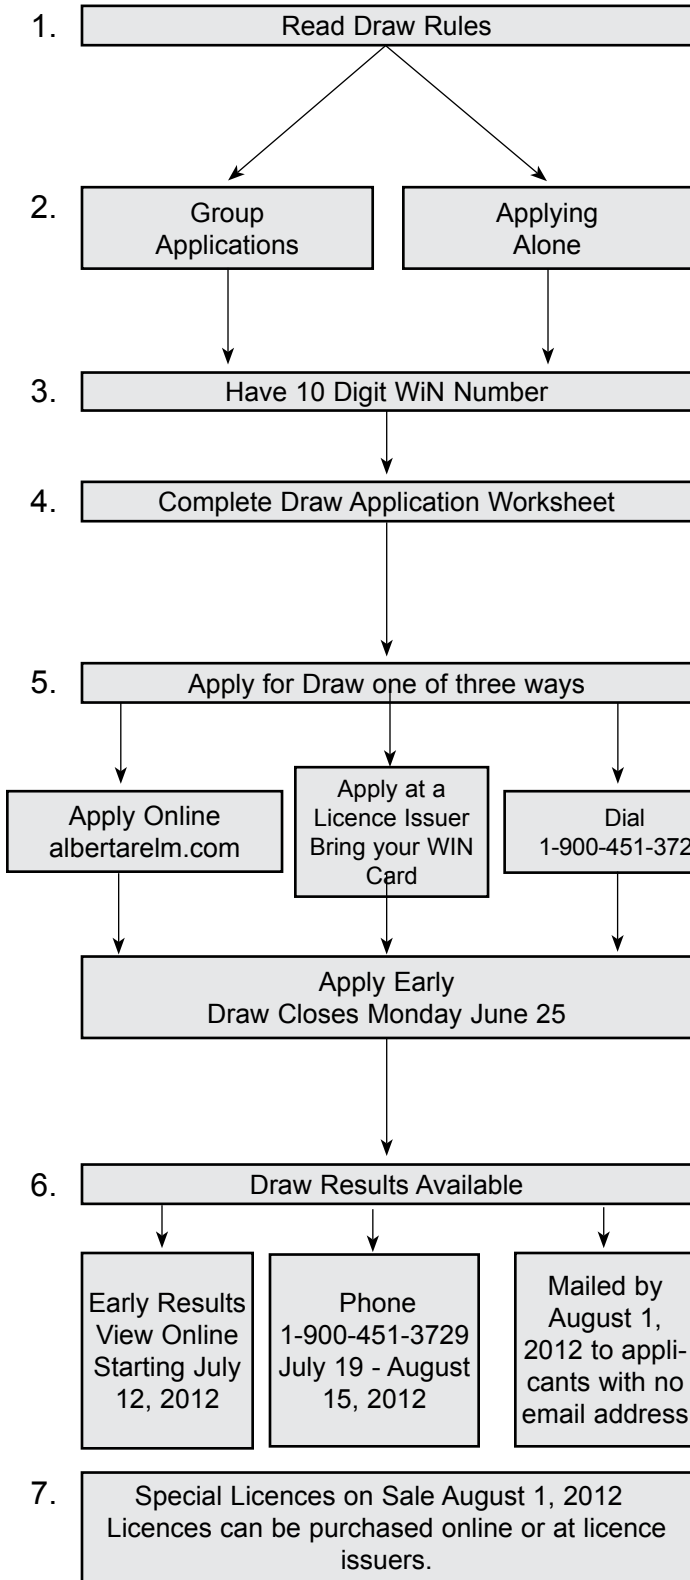

CAN'T HUNT THIS YEAR BUT STILL WANT TO INCREASE YOUR DRAW PRIORITY? USE '999'

- If you do not want to be drawn but you want to increase your draw priority use '999' as your first and only draw choice on your draw application.
- Do not enter a second or third draw choice.
- By using '999' you are indicating that you do not want to be drawn, you are applying only to increase your draw priority.
- Note: the '999' option is not available for the following draws: Goat Draw (35), WMU 438 Trophy Sheep Draw (38) or Bison Draw (39) as no priority is accumulated in these draws.

Normal draw application restrictions apply regarding eligibility, maximum applications allowed, number of hunters per application, etc. See pages 14 and 15. For example, residents are restricted to applying on only one moose draw. If a resident applies for calf moose and uses '999', this is a valid moose application and you CANNOT make another calf moose application or apply on a different moose draw.

Online Licensing

Things you should know.

BACKGROUND

What is albertarelm.com?

Albertarelm.com is a website built specifically for anglers and hunters and is funded in part by your licence fees. By registering on this site, hunters and anglers can buy or renew their Wildlife Identification Number card (WIN), buy their recreational hunting and fishing licences and apply for their draws online.

Hunters and anglers can view their licence purchases for the past five years including their draw application history, draw results and priorities; update their addresses and telephone numbers and receive directed information.

What is a WIN

A WIN is your unique Wildlife Identification Number which is required to purchase all your fishing and hunting licences, either online or at an issuer location. When you apply for a WIN, a permanent number is assigned and a plastic card will be mailed to you. The number on this card will be used for purchases.

LICENCE PURCHASES

Prior to 2008, fishing and hunting licences were only available at private sector licence issuers located throughout the province. There are more than 360+ private sector licence issuers with licences available during business hours.

Sustainable Resource Development in conjunction with IBM has expanded your options with the introduction of online licence sales. You can visit albertarelm.com and purchase or renew your WIN, purchase your recreational hunting and fishing licences and apply for the hunting draws.

ONLINE PURCHASES

What do I need to purchase an online licence?

You will need a valid credit card, an email address, access to a computer with an internet connection and a printer to print your licences. If you do not have an email address, free addresses are available through internet service providers or free email services such as Hotmail and Gmail.

Credit cards accepted are Visa, MasterCard and American Express.

If you purchase a licence online that requires a tag(s) you must use an online paper tag available at your local Fish and Wildlife office free of charge. The online paper tags contain a unique 10 digit tag number. You are required to enter it when making your purchase. Print your licence once your purchase is complete. You do not need to wait for a licence to be mailed or go to another location to pick it up. If you lose your online licence, you can reprint the licence online at no cost.

What does it cost to buy an online licence?

Your online licence will cost the same as a licence purchased at your local licence issuer. The cost varies according to the type of licence you buy. There are no added service fees.

What are the technical requirements for my computer for online purchases?

Your internet browser should use Microsoft Internet Explorer Version 6.0 or newer or Firefox Version 3.5 or newer. To print your licence, your operating system should be Adobe Acrobat Reader Version 8 or newer.

Adobe Acrobat is available as a free download once you are connected to the internet.

- As with the 1-900 telephone system, an application made online or through the point-of-sale system is entered immediately into the draw database.

At the time of applying for a draw you must be eligible to hold a recreational hunting licence.**
- Each applicant (Resident and Non-resident [Canadian]) must have a ten-digit **Wildlife Identification Number (WIN)** and must be eligible to hold hunting licences. WINs can be purchased online or at any licence issuer.

BOW HUNTERS

A bow hunter must possess a special licence to hunt the following big game animals during the archery only season:

- antelope,
- antlerless and/or antlered moose in WMUs 151, 152, 156 – 160, 163 – 166, 200 – 210, 214 – 246, 250 – 260, 300 – 314, 318 – 338, 348, 357, 400, 402, 429, 507 and 508,
- calf moose in WMUs 359, 360, 521, 522, 523, 526, 527 and
- elk in WMUs 104, 166, 208
- elk and moose in WMU 936.
- antlered elk in WMUs 416-422, 428, 430

PARTNER LICENCE

The following Partner Licences are available:

1. A resident holder of an Antlerless Moose Special Licence or a Bison Special Licence has the option of designating one eligible resident hunter (adult or youth) to be a partner on the special licence, thereby allowing the designated hunter to obtain a **Special Antlerless Moose Partner Licence or a Special Bison Partner Licence.**
2. A resident holder of an Antlered Moose Special Licence has the option of designating one eligible hunter, resident (adult or youth) or a non-resident (Canadian) (adult or youth), to be a partner on the special licence, thereby allowing the designated hunter to obtain a **Special Antlered Moose Partner Licence.** To qualify for a Partner Licence in a particular WMU, the non-resident (Canadian) must have been eligible to apply for the special licence in that WMU.

A non-resident (Canadian) holder of an Antlered Moose Special Licence has the option of designating one eligible resident (adult or youth) hunter to be a partner on the special licence, thereby allowing the designated hunter to obtain a **Special Antlered Moose Partner Licence.**

Partner Licence continued

3. Resident hunters successful in drawing a Special Licence in any of the other Draws are allowed to designate one eligible resident youth (12 to 17 years of age) to be a partner on their special licence.

The designated partner need not have applied on the applicable draw and his or her draw priority for the special licence will not be affected. Refer to pages 49-52 regarding licence combinations and restrictions. The designated partner hunts under the authority of the special licence and, while hunting, must be able to directly communicate with the special licence holder (without relying on a cell phone, walkie-talkie or other device) to ensure that both hunters stop hunting once the tag(s) are filled. In essence, the two hunters are hunting as one, and while the use of common electronic communication devices (i.e., walkie-talkies, cell phones, etc.) is not unlawful while hunting, the two hunters (partner and special licence holder) must be able to directly communicate while hunting without the need of using such devices.

If the special licence holder or designated partner kills an animal, the special licence holder must tag the animal(s) with the tag(s) issued with the special licence. The holder of the special licence may hunt without the partner, but the partner may not hunt unless directly accompanied by the special licence holder. If the intended partner is a non-resident, he/she must be accompanied by a licensed Hunter Host while hunting. The cost of the Resident Partner Licence and the Resident Youth Partner Licence is \$12.00 (plus GST). The cost of the Non-resident Partner Licence is \$44.00 (plus GST). Partner Licences may be purchased at any licence issuer or online.

AGE REQUIREMENTS

(Note: The age requirements changed in the 2007 hunting season - 12 and 13 year olds are **no longer** restricted to hunting big game with a bow and arrow).

- A person must be at least 12 years-of-age to hunt under the authority of a recreational licence.
- Before obtaining any licence, all first-time hunters must successfully complete the Alberta Conservation and Hunter Education course.
- Eleven-year-olds may apply in the draws if they meet the above requirements, and the season where the special licence may be used does not close before the applicant is 12 years old.
- All persons under 16 years-of-age must have the written permission of their parent or legal guardian to purchase a recreational hunting licence.
- To hunt with a firearm, a youth hunter (12 to 17 years-of-age) must be accompanied by a parent, legal guardian or by a person 18 years-of-age or older who has written permission of the parent or legal guardian. See Federal Firearms Regulations below for more requirements.
- If a youth who has purchased a youth licence turns 18 years of age after purchasing such a licence and hunting seasons are still open that year, they may still hunt under the youth licence for the remainder of the open season.

Resident Youth Hunting Licences. Subject to the age limitations and conditions above, a resident 12 to 17 years-of-age may purchase a Resident Youth Wildlife Certificate, including a Game Bird Licence, for \$8.30. The holder of a valid Resident Youth Wildlife Certificate who is not yet 18 years old may also purchase a Youth White-tailed Deer Licence and a Youth Mule Deer Licence, each for \$8.25. **These licences are valid during the seasons that do not require one of the special licences obtained through a draw.** This person may also purchase an Antlerless Mule Deer Special Licence (available through a draw) for \$8.00. Partner Licences are also available to resident youths if designated by the holder of any special licence (see Partner Licence on page 15).

WHAT IF I'M A FIRST-TIME HUNTER?

First-time hunters in Alberta may apply for draws provided they comply with the licensing requirements outlined below. Hunters should also be aware of federal regulations pertaining to possession and use of firearms. All hunters must have a Wildlife Identification Number (WIN) as a prerequisite to applying for or purchasing any hunting licence.

Licensing Requirements for First-time Hunters

A first-time hunter is a hunter who

- has not previously held a hunting licence in Alberta or elsewhere, or
- has not, prior to April 1, 2010, met Alberta first-time hunter criteria, or
- has not successfully completed a hunter education course in Alberta or elsewhere.

First-time hunters must pass the Alberta Conservation and Hunter Education course. **Non-resident and non-resident alien** hunters (12 years of age and older) are exempt from the first-time hunter eligibility requirement if they are accompanied by a Hunter Host or a Designated Guide while hunting in Alberta. **Youth first-time hunters** (12 to 17 years-of-age) are further restricted (see Age Requirements, above).

Federal Firearms Regulations

All hunters should be aware of federal laws surrounding the acquisition, possession, transportation and use of weapons and ammunition. For further information contact your local police service or the Canadian Firearms Centre at 1-800-731-4000 or visit the Centre's website at:

<http://www.rcmp-grc.gc.ca/cfp-pcaf/index-eng.htm>.

MOBILITY-IMPAIRED HUNTERS

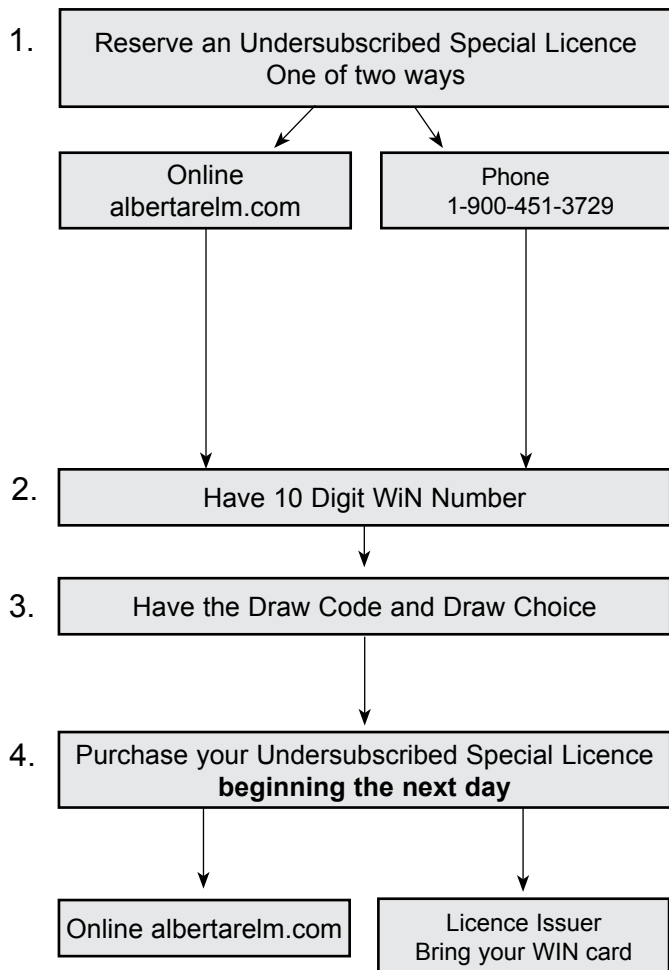

Eligible individuals may apply to obtain a special permit or licence relating to off-highway vehicle use, bow and arrow equipment and using a weapon on a vehicle. Contact a Fish and Wildlife Division district office (page 59) for more information.

SPECIAL REGULATIONS – CAMP WAINWRIGHT

Camp Wainwright is used for general military training, including live firing of various types of artillery, mortars, rockets, bombs and small arms. Because of the hazards associated with these activities, hunters are required to follow special regulations for their own safety.

Check-in Procedure

1. All hunters must report to the Hunter Check Station (HCS) for a safety briefing. The HCS will be open from 0600 to 1800 hours daily.
2. Hunters must attend a briefing each day of the hunt. Briefings will cover closed areas, safety, unexploded ammunition recognition, general rules, wildlife regulations, and procedures in case of problems. The first briefing at the beginning of each hunt will take approximately 30 minutes and start at 0645 hours. Briefings on the following days will be shorter.
3. Hunters must check in or out at the HCS every time they enter or leave camp. **IF ANYONE FAILS TO REPORT TO THE CHECK STATION AT THE END OF THE DAY, A SEARCH WILL BE MADE FOR THE MISSING PARTY.**

Military Requirements

1. All hunters must sign a Waiver to the Crown at the Hunter Check Station.
2. Military use of the base is paramount and subject to change on short notice. Large areas of the base may be closed to hunting, depending on training requirements. Usually the first hunts have more closed areas than the later hunts.
3. **OUT OF BOUNDS AREAS:** Certain areas of Camp Wainwright are permanently closed to hunting (e.g., artillery impact ranges); other areas will be closed on a day-to-day basis. These areas will be indicated during the safety briefings. Hunting in closed areas is unlawful and will result in permanent eviction from the Base.
4. “Off Highway Vehicles” (snowmobiles, all terrain vehicles, etc.) are not permitted within Camp Wainwright.
5. **All hunters** (except bow hunters hunting in the designated “BOW ONLY” area) **must wear blaze orange or solid red outer wear.**
6. No overnight camping and no open fires are allowed.
7. The military will not assist hunters with vehicles that are stuck or have mechanical problems. Hunters must make their own towing arrangements.
8. Emergency telephones are available throughout the area. Hunters will be instructed in their use at the safety briefing.
9. Every hunter should carry a compass and basic survival equipment.

CHRONIC WASTING DISEASE

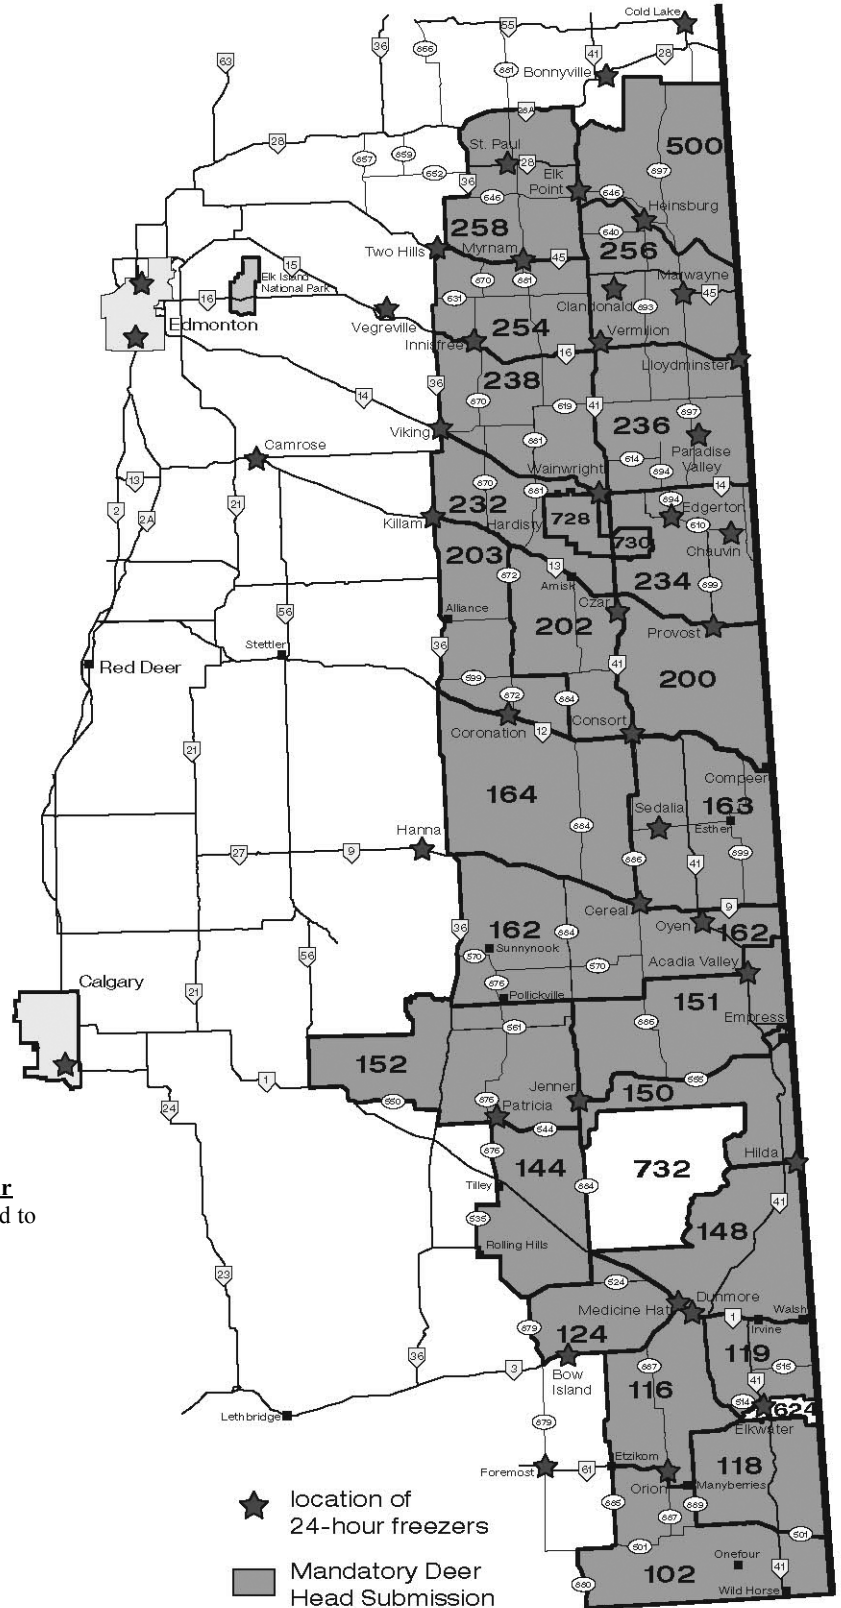

Chronic Wasting Disease (CWD), a fatal neurological disease, occurs in mule deer and white-tailed deer in limited areas of eastern Alberta. The disease is associated with protein changes in the brain and infected individuals experience weight loss, behavioural changes, and premature death. While it is difficult to document the direct effects of CWD, recent data from infected populations indicate a shift towards younger deer, lower productivity, and fewer adult males. Theoretical models indicate the disease has a significant effect on long-term survival of local deer populations.

From September 2005 to March 2012, Alberta detected 127 cases of CWD in wild deer along the Alberta/Saskatchewan border in twelve Wildlife Management Units (WMUs): WMUs 119, 150, 151, 152, 163, 164, 200, 202, 203, 232, 234, 236, 256, and 728, 730 (map available on our disease web pages at <http://srd.alberta.ca/BioDiversityStewardship/WildlifeDiseases/Default.aspx>).

Hunters and outfitters play a vital role in CWD management. Deer heads submitted for testing and reports of emaciated deer help define the area where the disease occurs. Hunters who take advantage of increased hunting opportunities and remove deer from CWD high risk areas contribute to fewer deer on the landscape and less opportunity for disease transmission. The cooperation and assistance of all stakeholders and interested parties is important and greatly appreciated.

It is a mandatory requirement in some WMUs that all deer harvested be tested for CWD. Mandatory deer head submission units for 2011 are WMU 102, 116, 118, 119, 124, 144, 148, 150, 151, 152, 160, 162, 163, 164, 200, 202, 203, 204, 230, 232, 234, 236, 238, 254, 256, 258, 500, 728, and 730 (see attached map). Please check the Fish and Wildlife disease web pages prior to the fall hunting seasons to get additional information.

All heads submitted for CWD testing must have a green CWD label attached and must contain the hunter information and particularly the specific location of the kill site. After you harvest your deer, CWD labels are available from any Fish and Wildlife office, and from the 24 hour freezers made available during fall rifle seasons. Please fill out both sides of the label and be sure to include the kill location as well as your WIN number. As in previous years, CWD results will be reported to each hunter as soon as possible.

LANDOWNER SPECIAL LICENCE

Landowners, or eligible designates, who are unsuccessful in the following special licence draws may still be eligible to obtain 1 of these special licences to hunt on their own land:

- Antlered Mule Deer Special Licence
- Antlerless Elk Special Licence
- WMU 300 Elk Special Licence
- Antlerless Mule Deer Special Licence
- WMU 212 Antlerless Elk Special Licence
- Either Sex Elk Special Licence (excluding WMU 624, 728 and 730)

The following conditions apply to Landowner Special Licences:

1. The applicant for a Landowner Special Licence must be a resident of Alberta and must have applied for and been unsuccessful in the special licence draw for the same licence type for which the landowner application is being made. See the licence types above. The unsuccessful draw application must have reflected, as a first choice, the same WMU or area where the landowner licence will be applied for and the application must meet the following conditions.
2. There is a limit of 1 Landowner Special Licence application per Certificate of Title (or current Tax Notice).
3. For lands that are not corporate owned, the applicant must own (have title to or have under agreement for sale by the Crown) a minimum of 1/4 section in a single parcel of 160 acres, more or less, or be an eligible person to whom the titleholder transfers this application opportunity. A title holder may transfer this application opportunity only to an individual who is directly involved in farming the land. This person might be a family member or employee of the person who farms the land, provided, in all cases, that the individual is directly involved in the day to day farming operations on the land.
4. In the case of land held under title by a business corporation of the above size category, the applicant may be a shareholder of the business. Similar to item 3 above, an individual who is directly involved in farming this land may apply if the application opportunity has been transferred to them by a person who is authorized to do so by the corporation.
5. In the case of joint land titles, only 1 of the joint title holders may submit an application for a Landowner Special Licence under a Certificate of Title (or current Tax Notice). However, if additional joint titles exist, each individual, if eligible, may apply under separate joint titles. The same rules apply to transferees as noted above.
6. Availability of Landowner Special Licences may be limited or may not be available at all for some species in certain WMUs. Those available will be issued to eligible persons on a first-come first-served basis.
7. The land identified in “3” above must be contained within the WMU or area identified as the first choice on the unsuccessful application for the special licence draw. The licence will be valid for the season dates associated with this first choice and on all lands owned by the **titleholder** and lying in the applicable WMU or area.
8. A person may not obtain more than 1 of the above 6 landowner special licences per year.
9. Draw priorities are not affected by the acquisition of a Landowner Special Licence.
10. Remember, you may not possess both an Antlered Mule Deer Special Licence and a Mule Deer Licence, more than 1 elk licence (except WMU 212 Antlerless Elk Archery Licence and WMU 212 Antlerless Elk Special Licence), or more than 4 of the deer, elk, and moose licences indicated in the Resident Licences and Combinations table (pages 49 to 52).

Application Procedure:

1. You must complete an application form in person at a Fish and Wildlife Division district office beginning August 9, 2012.
2. You must present either the Certificate of Title or a current Tax Notice for the land in the WMU where you wish the Landowner Special Licence to be valid.
3. The Fish and Wildlife Division district office will confirm your eligibility and first choice WMU/Season code.
4. If an applicant is using an opportunity transferred from the title holder (an individual or corporate title holder), the applicant must submit a letter from the title holder (or other share holders), authorizing the application for and the use of the particular Landowner Special Licence. In all cases, the applicant who receives the transferred opportunity must be directly involved in the day to day farming operations of the land.
5. The Fish and Wildlife Division will advise the applicant once the application has been approved. The hunter may then purchase the licence **beginning the next day online or from a private licence issuer** by providing the issuer with the draw code for which the landowner special licence was approved and his/her WIN. To purchase your licence online see page 9 for details.

Bison Hunting Zone 1	January 1, 2013 - February 28, 2013	861

The Fish and Wildlife Division of Alberta Sustainable Resource Development (ASRD) continues to offer a hunting season as a management strategy for the Hay-Zama wood bison herd. The population goal for this herd is 400 to 600 animals. The pre-season population estimate for this herd in 2012 is 587 bison. These bison are at risk for contact with diseased bison moving westward from the Wood Buffalo National Park and surrounding area. There are still concerns involving collisions between bison and vehicles on area roads.

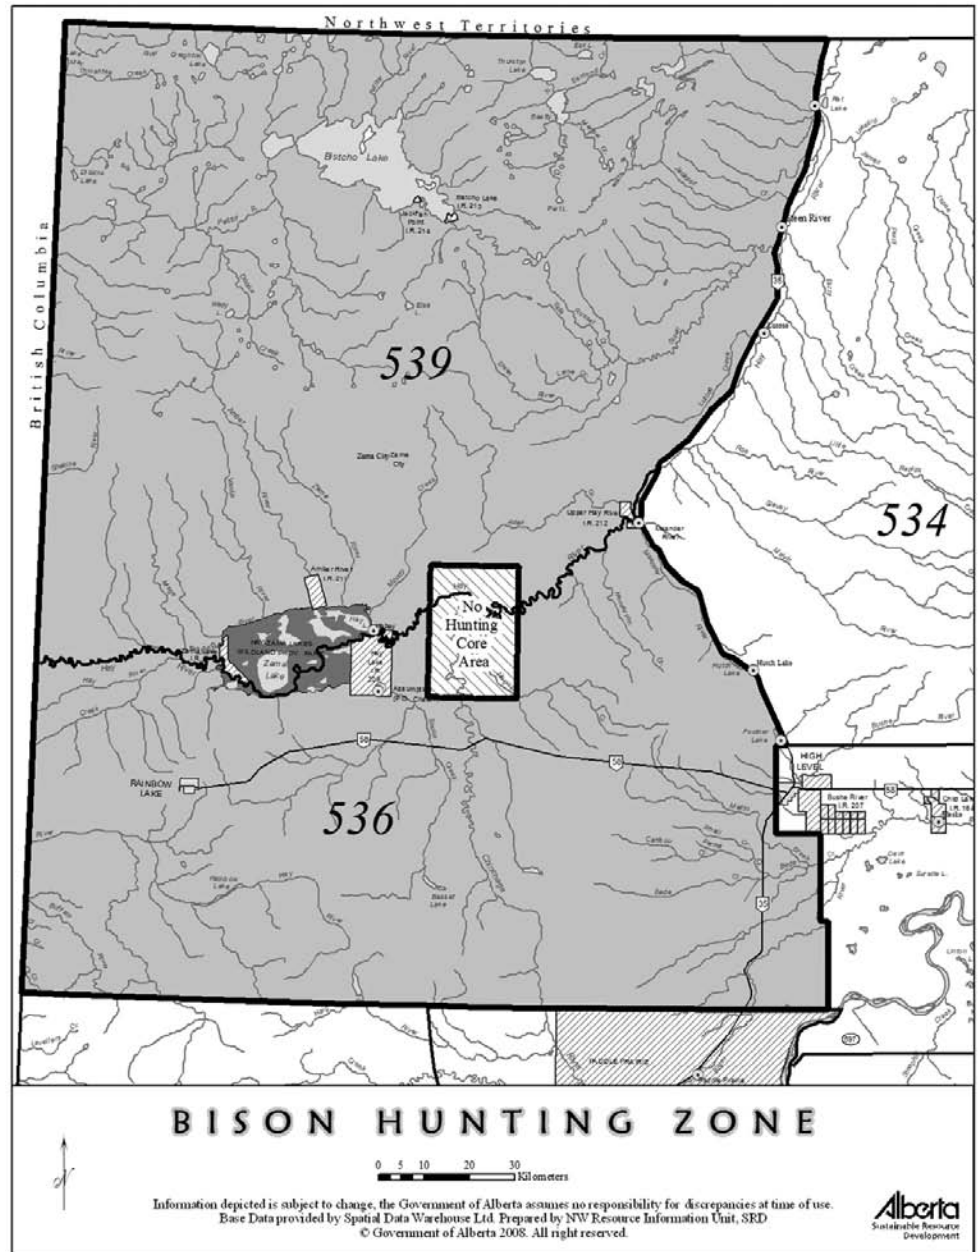

A hunter successfully drawn in Bison Hunting Zone 1 is authorized to hunt in WMUs 536 and 539 with the exception of a core bison protection area, consisting of the 6 townships (Townships 112 to 114, Ranges 2 and 3, West of the 6th Meridian).

Residents of Alberta may apply for a Resident Bison Special Licence in the 2012 Alberta Hunting Draws in June of 2012. **Group applications are not valid for this draw. Applicants must apply individually.** The bison hunting season will be from January 1, 2013 to February 28, 2013. Hunters drawn for a Resident Bison Special Licence will be eligible to take only one bison regardless of age or sex. **At this time AFDW recommends that hunters select for adult males.** Successful bison hunters will be required to register their kill at a Fish and Wildlife Office. Successful draw applicants will be contacted about collecting biological samples. Because this is an unique hunting opportunity with a limited number of licences available, **the draw priority system will not be applied to this draw.** Each licence will be selected on a random draw basis and no priority will be assigned to the applicants not drawn.

This hunt has evolved into a wilderness hunt and hunters must be prepared to hunt off road during winter conditions that can be severe.

All bison taken must be registered at a Fish and Wildlife Division Office within 5 business days.

Over 300 bison have tested negative for bovine tuberculosis and brucellosis from this herd and no further disease testing will be required for 3 to 5 years.

GENERAL HUNTING REGULATIONS

The following are brief summaries of some of the hunting regulations that apply to the purchase and use of licences obtained through a draw. A more comprehensive summary is presented in the *2012 Alberta Guide to Hunting Regulations*. It is available free-of-charge at licence issuers and Fish and Wildlife Division offices and online at albertaregulations.ca starting in July. Obtain a copy and read it prior to using any licence.

WILDLIFE CERTIFICATE & LICENCES

A person must possess the applicable hunting licence in order to hunt big game or game birds. The hunter must carry the licence and applicable tag(s) on his or her person while hunting. A person applying for a draw is not required to possess a Wildlife Certificate, but must purchase one before using any hunting licence.

² Non-resident Trophy Sheep Special Licences are only available through Class S Outfitter-guides or through a draw. Only 2 licences are available through a draw, and each hunter successful in the draw must be accompanied by a Hunter Host.

³ Non-resident Trophy Antelope Special Licences are available through an outfitter-guide or through a draw. See Outfitting and Guiding Requirements (page 53).

⁴ This licence is valid only in the following WMUs where 2 black bear licences may be used: 224, 250, 258, 260, 320-360, 429, 445, 500-544 and 841.

⁵ These licences are valid for 2 black bears if the outfitter-guide's allocation is valid for a WMU where the Supplemental Black Bear Licence is valid (2-bear areas).

⁶ Licences purchased at a licence issuer can be reprinted at any licence issuer for a \$2.00 fee. Licences purchased online can be reprinted online at no charge.

⁷ Tags issued by a licence issuer can be reprinted at any licence issuer for a \$4.00 fee. A replacement tag(s) for a licence purchased online can be replaced at no charge. You are required to bring your licence to a district office. In both cases you must complete a statutory declaration to authorize the replacement at a Fish and Wildlife District office (See page 59).

OUTFITTING AND GUIDING REQUIREMENTS FOR NON-RESIDENTS (CANADIAN) (see Definitions on page 48)

Big Game

Due to the fact that only Resident and Non-resident (Canadian) hunters are eligible to apply for special licence draws, only the outfitting and guiding requirements of Non-residents (Canadian) are presented here. [Note: there are further restrictions for Non-resident Alien hunters that hunt with a Hunter Host. Those restrictions are outlined in the *2012 Alberta Guide to Hunting Regulations* (available in July) and can be viewed online at: srd.alberta.ca, mywildalberta.com or albertaregulations.ca.

A non-resident (Canadian) hunter of big game, wolf and coyote has two options:

- he or she may contract the holder of a valid Outfitter-guide Permit, be guided by a Designated Big Game Guide and hunt under the authority of a licence allocated to the outfitter-guide, or
- he or she may be accompanied by Hunter Host (see below) – usually a relative or friend – under the authority of a special licence obtained through the draw or a non-draw licence for which he or she is eligible.

A Hunter Host

- must be an adult resident, hold a WIN and be eligible to hold recreational hunting licences.
- must be the holder of a Hunter Host Licence (see below).
- **may not provide services for gain or reward, or accept remuneration, directly or indirectly, for such services.**
- may accompany a maximum of two (2) hunters/year, either Non-residents (Canadian), Non-resident Aliens or a combination thereof. Only one (1) of the Non-resident Alien hunters may be a non-relative.
- must accompany the hunter(s) named on the Hunter Host Licence while hunters are hunting big game under the authority of the Hunter Host Licence.

Hunter Host Licence

- A resident who wishes to accompany a Non-resident (Canadian) as a Hunter Host may purchase the Hunter Host Licence at any private licence issuer.
- You must have the WIN(s) of the Non-resident(s) at the time of purchase. You **must** ensure that the hunters you accompany are named on your Hunter Host Licence. If you purchase your Hunter Host Licence naming one hunter and you decide to add a second hunter to your licence at a later date, you can do so at no additional charge. Return to a private licence issuer with your licence and have it amended.
- Once you have purchased your Hunter Host Licence, the Non-resident(s) (Canadian) may purchase their licences.

NON-DRAW LICENCE SEASONS

The following tables list the seasons available to hunters using licences not acquired through a draw (licences that are purchased “over the counter” or online with a valid WIN and Wildlife Certificate).

Archery-only Seasons are those where only a bow and arrow may be used to hunt. Cross-bows may be used in the archery-only seasons by holders of Cross-bow Licences issued to eligible handicapped persons. The archery-only seasons usually precede general seasons. WMUs 212, 248 and 410 are archery-only seasons and do not have a general season.

General Seasons are those where either a firearm, cross-bow or a bow and arrow may be used.

This information is being provided to help hunters plan their hunting trips. Before applying on a draw, a hunter may want to know what non-draw licence seasons are available.

REPORT A POACHER

www.reportapoacher.com
1-800-642-3800

The REPORT A POACHER program provides Albertans with the opportunity to report suspected violations using a toll-free number: **1-800-642-3800** or #3800 on the TELUS Mobility network (courtesy TELUS Mobility). The line is in operation 24 hours a day, 7 days a week.

Fishing or hunting out of season, night hunting, exceeding bag limits, illegal sale of fish and wildlife and deposit of harmful substances in lakes and rivers are violations that seriously affect fish and wildlife in Alberta. If you see or know of a violation, you should record all information, including

- date
- time
- location
- vehicle licence number
- vehicle description
- description of person(s) involved
- details of violation, and any other details, no matter how insignificant they may seem. You should then contact the nearest Fish and Wildlife Division office or call **1-800-642-3800** as soon as possible.

If the information provided concerns a resource violation and results in the laying of a charge, the reporter may be eligible for a reward. If you have any questions about this program, please contact the nearest Fish and Wildlife Division office (page 59).

NOTICE TO HUNTERS

The Fish and Wildlife Division of Alberta Sustainable Resource Development frequently conducts vehicle checks to assist in the management of Alberta's fish and wildlife resources and to ensure compliance with existing legislation.

West Nile Virus

Are hunters at risk of West Nile virus when handling hunter-killed birds?

Health officials advise that there is no evidence or reason to believe that there is any risk of getting West Nile virus from handling hunter-killed birds in Alberta. Free-flying birds are unlikely to contain sufficient virus to pass on an infection. In addition, the only evidence of direct transfer of West Nile virus from birds to humans without going through a mosquito are two accidental infections when lab technicians were handling heavily infected crows. Similarly, hunting dogs are not at risk when retrieving hunter-killed birds.

Hunters are advised to take precautions against being bitten by mosquitoes, which are common in wetland habitats and are active at dawn and dusk when temperatures are suitable for insect activity.

COMMON MISTAKES and REASONS for REJECTED DRAW APPLICATIONS

Regulation	Reject Reason
A Non-resident (Canadian) must apply with a resident maximum of 1 non-resident per resident except for the Non-resident Trophy Sheep draw.	Too many Non-residents
You cannot apply for the same draw more than once.	Duplicate Applications
A hunter may only apply for 1 draw within a specific group, trophy sheep, elk and moose.	More than One
A Non-resident can only apply on specific draws.	Non-resident is not allowed
Entered a group application with too many applicants.	Too Many applicants

Sometimes in order to correct a mistake you made on your draw application it is necessary for the Draw Help Desk to cancel the application and you must re-apply. Do not wait to apply until the last day as you would not be able to re-apply.
Reminder: If you are drawn, a special licence purchase is authorized. Depending on the licence combinations you may not be able to purchase a general licence. For example if you were drawn on a moose draw you will not be able to have a general moose licence.
