

STANDARD CONDITIONS UNDER THE *HISTORICAL RESOURCES ACT*

Development proponents must comply with standard conditions under the *Historical Resources Act*, which are applicable to all land surface disturbance activities in the Province. Standard conditions require applicants to report the discovery of historic resources. These requirements are stated in *Standard Requirements under the Historical Resources Act: Reporting the Discovery of Historic Resources*.

FURTHER SALVAGE, PRESERVATIVE OR PROTECTIVE MEASURES

Based upon the results of the Historic Resources Impact Assessment, the proponent may be ordered to undertake further salvage, preservative or protective measures or take any other actions that the Minister responsible for the *Historical Resources Act* considers necessary.

REQUESTS FOR *HISTORICAL RESOURCES ACT* APPROVAL

Based upon the results of the Historic Resources Impact Assessment, Alberta Culture, Multiculturalism and Status of Women may consider granting *Historical Resources Act* approval to all or portions of the project area. In the final report, and any interim report(s) the proponent's consultant(s) must identify and illustrate clearly those portions of the project area for which *Historical Resources Act* approval is requested.

PRE-EMINENCE OF *HISTORICAL RESOURCES ACT* REQUIREMENTS

Should conditions included within a schedule issued by Alberta Culture, Multiculturalism and Status of Women be at variance with any instructions associated with the *Listing of Historic Resources* and/or the permit application(s), the conditions of the schedule take precedence. Following instructions outlined in the schedule should result in the granting of *Historical Resources Act* approval and/or the issuance of requirements regarding further historic resources studies in a timely manner.

COMPLIANCE IS MANDATORY

Conditions shall be considered directions of the Minister of Alberta Culture, Multiculturalism and Status of Women under the *Historical Resources Act*. The proponent and agents acting on behalf of the proponent are required to become knowledgeable of the conditions. Failure to abide by the conditions will result in *Historical Resources Act* approval being delayed or not granted.
