

STANDARD CONDITIONS UNDER THE *HISTORICAL RESOURCES ACT*

Development proponents must comply with standard conditions under the *Historical Resources Act*, which are applicable to all land surface disturbance activities in the Province. Standard conditions require applicants to report the discovery of historic resources. These requirements are stated in *Standard Requirements under the Historical Resources Act: Reporting the Discovery of Historic Resources*.

FURTHER SALVAGE, PRESERVATIVE OR PROTECTIVE MEASURES

Based upon the results of the Historic Resources Impact Assessment, the proponent may be ordered to undertake further salvage, preservative or protective measures or take any other actions that the Minister responsible for the *Historical Resources Act* considers necessary.

REQUESTS FOR *HISTORICAL RESOURCES ACT* APPROVAL

Based upon the results of the Historic Resources Impact Assessment, Alberta Culture and Tourism may consider granting *Historical Resources Act* approval to all or portions of the project area. In the final report, and any interim report(s) the proponent's consultant(s) must identify and illustrate clearly those portions of the project area for which *Historical Resources Act* approval is requested.

PRE-EMINENCE OF *HISTORICAL RESOURCES ACT* REQUIREMENTS

Should conditions included within a schedule issued by Alberta Culture and Tourism be at variance with any instructions associated with the *Listing of Historic Resources* and/or the permit application(s), the conditions of the schedule take precedence. Following instructions outlined in the schedule should result in the granting of *Historical Resources Act* approval and/or the issuance of requirements regarding further historic resources studies in a timely manner.

COMPLIANCE IS MANDATORY

Conditions shall be considered directions of the Minister of Alberta Culture and Tourism under the *Historical Resources Act*. The proponent and agents acting on behalf of the proponent are required to become knowledgeable of the conditions. Failure to abide by the conditions will result in *Historical Resources Act* approval being delayed or not granted.

STANDARD CONDITIONS UNDER THE *HISTORICAL RESOURCES ACT*

STANDARD CONDITIONS - ARCHAEOLOGICAL RESOURCES

Archaeological Research Permit

An Archaeological Research Permit must be issued by Alberta Culture and Tourism prior to the initiation of any archaeological field investigations. Please allow ten working days for the permit application to be processed.

Alberta Regulation 254/2002

Archaeological investigations conducted under permit in Alberta are subject to the conditions stated within Alberta Regulation 254/2002, *Archaeological and Palaeontological Research Permit Regulation*, conditions set forth in the approved permit, and any other conditions that the Minister of Alberta Culture and Tourism imposes under Section 30 of the Historical Resources Act.

Location of Historic Resources Impact Assessment

Within the final report and any interim report(s) the location of pedestrian surveys, deep testing program(s) and the location and number of shovel tests must be discussed and illustrated clearly.

Submission of “Archaeological Site Inventory Data” forms

The proponent’s consulting archaeologist is required to submit “Archaeological Site Inventory Data” forms for each prehistoric and historic archaeological site recorded or re-examined during the conduct of the HRIA. While the discovery of a site must be reported within 30 days following the date of discovery, site data forms are to be submitted within 30 days of the date on which the permit period ends, or at the same time or prior to the submission of any interim report or the final report, whichever comes first.

Submission of HRIA final report

The final report must be submitted within 180 days after the expiration of the permit, or at least six weeks prior to the anticipated conduct of land surface disturbance activities, whichever comes first. Copies of the final report are to be submitted to the Historic Resources Management Branch, Heritage Division, Alberta Culture and Tourism, Old St. Stephen’s College, 8820 – 112 Street, Edmonton, Alberta, T6G 2P8, and must be accompanied by a Report Summary Application submitted through the Online Permitting and Clearance (OPaC) system.

STANDARD CONDITIONS UNDER THE *HISTORICAL RESOURCES ACT*

Submission of Interim Report(s)

Should the proponent find it necessary to obtain *Historical Resources Act* approval for portions or all of the lands affected by the project prior to the submission of the final report, Alberta Culture and Tourism will consider accepting the submission of an interim report or reports.

Assessing Historic Structures

If historic structures that will be impacted by the project are encountered during the Historic Resources Impact Assessment for archaeological resources, the directions included in the *Requirements for recording and reporting historic structures within the context of archaeological HRIAs* (February 12, 2012) will apply. The final report and any interim reports must address all historic structures that are present in or immediately adjacent to the project impact zone.

STANDARD CONDITIONS - PALAEOLOGICAL RESOURCES

Palaeontological Research Permit

A Palaeontological Research Permit must be issued by Alberta Culture and Tourism prior to the initiation of any palaeontological field investigations. Please allow ten working days for the permit application to be processed.

Alberta Regulation 254/2002

Palaeontological investigations conducted under permit in Alberta are subject to the conditions stated within Alberta Regulation 254/2002, *Archaeological and Palaeontological Research Permit Regulation*, conditions set forth in the approved permit, and any other conditions that the Minister of Alberta Culture and Tourism imposes under Section 30 of the *Historical Resources Act*.

Submission of Specimen Data Sheets

The proponent's consulting palaeontologist is required to submit palaeontological specimen data sheets for each fossil collected during mitigative studies.

Submission of Final Report

A digital copy of the final report must be submitted within 180 days after the expiration of the permit or at least six weeks prior to the anticipated conduct of land surface disturbance activities, whichever comes first. The final report is to be submitted by the

STANDARD CONDITIONS UNDER THE *HISTORICAL RESOURCES ACT*

proponent's consulting palaeontologist to the Historic Resources Management Branch, Heritage Division, Alberta Culture and Tourism using the Online Permitting and Clearance (OPaC) system (www.opac.alberta.ca).

Submission of Interim Report(s)

Should the proponent find it necessary to obtain *Historical Resources Act* approval for portions or all of the lands affected by the project prior to the submission of the final report, Alberta Culture and Tourism will consider accepting the submission of an interim report or reports.

STANDARD CONDITIONS - HISTORIC STRUCTURES

Assessing Historic Structures

Consultants for historic resources are to comply with the requirements for recording historic structures. For further information, please refer to the *Requirements for recording and reporting historic structures within the context of archaeological HRIAs* (February 12, 2012). Any interim reports and the final report must stipulate whether or not historic structures are present in or adjacent to the impact zone.

Reporting the Results of Historic Site Assessment(s)

Heritage Survey site forms, photographs and supporting documents must be provided for any potentially impacted standing or partly standing historic structures thought to be constructed prior to 1960 within the project area. Upon completion of the studies for historic structures all final documentation must be submitted to the Historic Resources Management Branch, Heritage Division, Alberta Culture and Tourism, Old St. Stephen's College, 8820 - 112 Street, Edmonton, Alberta, T6G 2P8.
