

# Notice

## Gas codes in force under the new regulation

---

This Notice is intended for all Albertans who use the Gas Code Regulation.

Effective January 1, 2016, the Gas Code Regulation was amended to allow timely code adoption. Generally, gas codes will now come into force one year after the month of their publication, unless otherwise prescribed by the minister.

The following gas codes were adopted under the Gas Code Regulation (AR 111/2010) and came into effect on **February 1, 2021** under the *Safety Codes Act*:

- **CSA-B149.1-20 - Natural gas and propane installation code** – This code provides the minimum requirements for the installation of natural gas and propane appliances and equipment downstream of a natural gas meter or from a propane distributor's tank.
- **CSA-B149.2-20 – Propane storage and handling code** – This provides the minimum requirements for the storage, handling, transportation and transfer of propane.
- **CSA-B149.3-20 – Code for the field approval of fuel-burning appliances and equipment** – This code applies to the requirements of non-certified fuel burning appliances and equipment of all inputs for which there is no approved standard, and the upgrading, conversion or changes to a certified or non-certified appliance..
- **CSA-B149.5-20 – Installation code for propane fuel systems and tanks on highway vehicles** – This code applies to the installation of propane fuel system components and tanks on highway vehicles for the provision of motive power.
- **CSA-B108-18– NGV refuelling stations installation code** – This code applies to natural gas fuelling stations that may be used for fleet and public dispensing operations.
- **CSA-B109-17 – Natural gas for vehicles installation code** – This code applies to the installation, servicing, and repair of natural gas fuel systems on highway vehicles for the provision of motive power.

### Information on purchasing codes

The Gas Code Regulation (AR111/2010), including the Alberta-specific amendments, can be viewed from the Alberta Queen's Printer at [gp.alberta.ca](http://gp.alberta.ca). The gas codes can be purchased at any major trade institutes, or online from the Canadian Standards Association at [www.csaqgroup.org/store](http://www.csaqgroup.org/store).
