Schedule of Dentistry Benefits  
Part A - General Rules

As of 2019/04/01

1 This document, entitled the Schedule of Oral and Maxillofacial Surgery Benefits ("Schedule"), is established pursuant to the Oral and Maxillofacial Surgery Benefits Regulation. The provisions within this Schedule are subject to, and should be read together with, the relevant provisions of the Alberta Health Care Insurance Act and regulations, including the Oral and Maxillofacial Surgery Benefits Regulation, the Claims for Benefits Regulation and the Alberta Health Care Insurance Regulation. If there is an inconsistency or conflict between the provisions of this Schedule and the provisions of the Alberta Health Care Insurance Act and regulations, the latter prevails. Rates for anesthetic services listed in the Schedule are claimable by physicians, in accordance with the General Rules set out in the Schedule of Medical Benefits, and are not claimable by Oral and Maxillofacial Surgeons or Dentists.

## 1. DEFINITIONS - IN THIS SCHEDULE:

- 1.1 "Agent" means any of the following individuals who are acting under the direction of the referring physician, Oral and Maxillofacial Surgeon, Dentist, or consultant, as appropriate:
- an employee of a physician, Oral and Maxillofacial Surgeon or Dentist, or
  - a hospital staff member, or
  - a supervised physician, Oral and Maxillofacial Surgeon or Dentist in training, acting under the direction of a physician, Oral and Maxillofacial Surgeon or Dentist.
- 1.2 "Benefit Year" means July 1 of one year to June 30 of the following year.
- 1.3 "Consultation - Comprehensive" means an in-depth evaluation of a patient with a WRITTEN REPORT to the referring physician, Oral and Maxillofacial Surgeon or Dentist. This service includes the recording of a complete history, performing a complete physical examination appropriate to the Oral and Maxillofacial Surgeon's or Dentist's expertise, an appropriate patient record and advice to the patient. It may include the ordering of appropriate diagnostic tests and procedures as well as discussion with the patient and/or the referring physician, Oral and Maxillofacial Surgeon or Dentist.
- 1.4 "Consultation - Limited" means a limited assessment of a patient and a WRITTEN REPORT to the referring physician, Oral and Maxillofacial Surgeon or Dentist. A limited consultation includes a history and examination limited to and related to the presenting problem, an appropriate patient record, and advice to the patient. It may include the ordering of appropriate diagnostic tests and procedures as well as discussion with the patient and/or the referring physician, Oral and Maxillofacial Surgeon or Dentist.
- 1.5 "Concurrent Care" means a situation where in-patient hospital services of more than one Oral and Maxillofacial Surgeon or Dentist are required because of the complexity of the clinical needs of the patient.
- 1.6 "Cosmetic Purposes" means any surgical procedure for the alteration of appearance which has not been deemed to be medically required.
- 1.7 "Dentist" means a person who is:

Part A - General Rules

As of 2019/04/01

- 1.7.1 registered as a member of the Alberta Dental Association and College and may, as authorized by the Health Professions Act and Regulations, use any of the following titles: Dentist, Endodontist, Oral and Maxillofacial Surgeon, Orthodontist and Dental Facial Orthopedist, Pediatric Dentist, Periodontist, Prosthodontist, Oral Pathologist, Oral and Maxillofacial Radiologist, Oral Medicine Specialist or Public Health Dentist, or
- 1.7.2 lawfully entitled to practice dental surgery in any place outside of Alberta.
- 1.8 "Eligible resident" means a person lawfully entitled to be or to remain in Canada, who makes his home and is ordinarily present in Alberta, and any other person deemed by the Alberta Health Care Insurance Act and the Alberta Health Care Insurance Regulations (Alberta Reg. 216/81) to be a resident, but does not include a tourist, transient or visitor to Alberta.
- 1.9 "Encounter" means each separate and distinct time an Oral and Maxillofacial Surgeon or Dentist provides services to a patient in a given day (defined as 0001 to 2400). To be recorded as separate encounters, multiple services provided to a patient may not be initiated by the Oral and Maxillofacial Surgeon or Dentist or may not be a continuation of a service which began earlier in the day. An example of continuation of services is the time spent with a patient to review x-ray or laboratory results ordered during an examination of the patient earlier in the day. If the patient initiates the second and subsequent encounter(s) or the Oral and Maxillofacial Surgeon or Dentist is requested to attend the patient by hospital staff, additional encounters may be claimed.
- 1.10 "Holidays" or "Statutory Holidays" means New Year's Day, Family Day, Good Friday, Victoria Day, Canada Day, Alberta Heritage Day, Labour Day, Thanksgiving Day, Remembrance Day, Christmas Day, and Boxing Day. Where a holiday falls on a Saturday or Sunday, the Minister shall designate another day as the holiday.
- 1.11 "Own family" means children, grandchildren, siblings, parents, grandparents, spouse or adult interdependent partner or any person who is dependent on the practitioner for support.
- 1.12 "Transfer of Care" means a situation where a hospital in-patient is transferred temporarily or permanently to a physician, another Oral and Maxillofacial Surgeon or Dentist for care and where the transferring physician, Oral and Maxillofacial Surgeon or Dentist will not be involved in the treatment/care provided by the receiving physician, Oral and Maxillofacial Surgeon or Dentist. "Transfer of Care" does not constitute a "Consultation".
- 1.13 "Visit - Limited" means a limited assessment of a patient. This service includes a history and examination limited to and related to the presenting problem, an appropriate patient record, and advice to the patient. It includes the ordering of appropriate diagnostic tests and procedures as well as discussion with the patient.

## Part A - General Rules

As of 2019/04/01

- 1.14 "Telehealth service" is defined as a dentist delivered health service provided to a patient at a designated RHA telehealth site, through the use of videotechnology. The patient must be in attendance at the sending site at the time of the video capture. Telehealth services do not include teleradiology.
- 1.15 "Videotechnology" means the recording, reproducing and broadcasting of visual images.
- 1.16 Oral Maxillofacial Surgeon or Oral Pathologist to Physician or Dentist Telephone Advice - this service is defined as the provision of telephone advice to a physician or dentist, concerning treatment or management of a patient under their care.
- 1.17 For the purposes of billing home visits, "home" includes personal residence or temporary lodging, assisted living, designated assisted living, group home, seniors' lodge, personal care home and other residences as approved, but does not include auxiliary hospitals or nursing homes.

## 2 APPLICATIONS:

- 2.1 Where the specific case contradicts a general statement within these rules, the specific shall override the general statement.
- 2.2 The benefits prescribed in this Schedule are limited to the lesser of:
- 2.2.1 the amount claimed, or
- 2.2.2 the rates set out in the Schedule.
- 2.3 Unless the Minister considers that extenuating circumstances exist a claim for benefits is payable subject to the timelines indicated in the Alberta Health Care Insurance Act and regulations.
- 2.4 Deleted.
- 2.5 All medically required services are considered to be insured and patients cannot be billed for these services. If a service deemed medically required by the attending dentist is not listed in the Schedule, the service may be claimed as an unlisted procedure, under health service code 99.09S. Benefits for unlisted surgical procedures will be assessed by comparing the benefit claimed to benefits listed for similar procedures in this Schedule or the Schedule of Medical Benefits and requiring similar responsibility and skill. Documentation to support the claim must be submitted, showing how the figure requested was derived and quoting the health service code(s) the surgery was equated to.
- 2.6 Benefits listed in the Oral and Maxillofacial Surgery section are restricted to Oral and Maxillofacial Surgeons, with exception of the following Health Service Codes:
- |       |         |         |         |         |         |         |

(defined as restorative, prosthetic, periodontal, implant procedures or for routine dental extractions). Routine dental treatment or care is not a benefit, regardless of the location or type of facility where they are performed.

- any treatment or procedure performed on the teeth, except as stated in subsection 6.1,
- drugs/agents/medication,
- general anaesthesia or intravenous sedation, administered by an Oral and Maxillofacial Surgeon or Dentist, including general anaesthetic materials,
- medical testimony in court,
- mounted and unmounted casts, split cast mountings or other prosthetic devices provided in conjunction with surgery,
- orthodontic devices and appliances,
- pre- and post-surgical orthodontics,
- radiographs taken by an Oral and Maxillofacial Surgeon or Dentist, including periapical, panoramic, cephalometric temporomandibular joint and sialographic or arthrographic radiographs,
- replacement of teeth (e.g. dental implants),
- secretarial or reporting fees,
- services for cosmetic purposes,
- services that are not medically required,
- stand by time,
- travel time of an Oral and Maxillofacial Surgeon or Dentist to see a patient.

5.2 Examinations or services required for the sole use of a third party (e.g. Human Resources and Employment, Children's Services, Insurance/disability carriers, Workers' Compensation Board); medical evidence required by the police or the courts; examinations/procedures required for participation in sport, etc. are not an insured service.

5.3 Benefits may not be claimed by an oral maxillofacial surgeon, surgical assistant or anaesthetist with respect to a procedure performed for cosmetic reasons.

5.4 Benefits may not be claimed by an oral maxillofacial surgeon, surgical assistant or anaesthetist with respect to a surgical procedure for the alteration of appearance performed for emotional, psychological or psychiatric reasons unless the Minister gives approval prior to the surgery being performed.

5.5 Intravenous sedation by a physician for dental procedures is not an insured service unless it is performed in a hospital.

5.6 After a diagnosis has been established, further services such as preoperative tests, consultations, surgical procedures, anaesthetics or surgical assists associated with an uninsured service are also not insured.

5.7 Services, including procedures which are not medically required are not insured services and claims should not be submitted.

## 6 INCLUDED BENEFITS:

Generated 2019/02/26

Schedule of Dentistry Benefits  
Part A - General Rules

As of 2019/04/01

- 6.1 The following services are included in the benefit paid for a medically required procedure and cannot be billed to the patient:
- all aspects of the surgery, including intra-bony wiring, application of bone plates, and fixation and implantable surgical appliances,
  - a biopsy prior to removal of a lesion,
  - discussion of biopsy or culture results with the patient,
  - preparation, submission and interpretation of culture and biopsy specimens,
  - removal of sutures,
  - the administration of local anesthetic, including materials.

- 6.2 The following services may not be billed to the patient, as they are covered by the Regional Health Authorities:
- all insured, medically required pathology and cytology procedures performed in association with an insured oral surgical procedure,
  - goods and services which are covered under a contract or agreement with a Regional Health Authority.

## 7 CATEGORY CODES:

- 7.1 All benefit items in this Schedule are assigned a category code, as follows:

G - Goods  
 V - Visit  
 M - Minor Procedure  
 M+- Designated Minor Procedure  
 R - Surgical Assist  
 4 and 14 - Major Procedures

Major procedure benefit items with designated categories (4 and 14) are considered to include insured pre-and post-operative services. (See General Rule 6 - Included Benefits).

- 7.2 The normal pre- and post-operative periods for major procedures are detailed below:

Category	Pre-Operative	Post-Operative
4	7 days	14 days
14	30 days	14 days

## 8 CONSULTATIONS: (AS DEFINED IN GENERAL RULE 1.3, 1.4 AND 1.12)

- 8.1 The need for a consultation can arise as a result of the following:
- a) an unusual or serious clinical problem, and
  - b) an Oral and Maxillofacial Surgeon, Dentist or physician requires further advice regarding diagnosis or management, or
  - c) the patient, parent or guardian requests another opinion.
- 8.2 To receive reimbursement as a consultation, communication must exist between a referring physician, Oral and Maxillofacial Surgeon or Dentist and the consultant in the form of:
- a) written communication (consultation request or letter),
  - b) documented verbal communication, or
  - c) documented communication between the physician, Oral and Maxillofacial Surgeon or Dentist's agents at the direction of the physician, Oral and Maxillofacial Surgeon or Dentist.

Part A - General Rules

As of 2019/04/01

- 8.3 A claim for a consultation must include a valid referring practitioner ID
- 8.4 If a consultation is followed by a procedure performed by the consultant, a benefit may be claimed for the consultation as well as a major procedure, up to and including the day of surgery.
- 8.5 A benefit for continuing care for in-patient hospital services may be claimed by a consultant following a consultation where the continuing care is provided at the request of the referring physician, Oral and Maxillofacial Surgeon or Dentist.
- 8.6 Comprehensive consultations (HSC 03.08D) may only be claimed once every 180 days.  
The following exception applies:  
- comprehensive consultations provided to patients under 12 months of age may only be claimed once every 90 days,
- 8.7 When an office visit and a hospital admission are provided to a patient on the same day, by the same Oral and Maxillofacial Surgeon or Dentist, only the greater benefit may be claimed.  
The following exceptions apply:  
a) if a new condition arose and the patient was seen at two separate encounters, both services may be claimed. Documents to support the claim must be submitted,  
b) two services may be claimed when they fall within the provisions of General Rule 3.4.
- 8.8 In accordance with GR 5.1, consultations may only be claimed when they are necessary to evaluate conditions requiring special knowledge and skills of the consultant including but not limited to pain, infection, disease, deformity and the prevention of conditions that could impact on the optimal outcome of a medical or surgical procedure as listed in the Schedule of Medical Benefits or Oral and Maxillofacial Surgery Benefits Schedule, including but not limited to head and neck radiation therapy, solid organ transplants, bone marrow transplants, valve replacement surgery etc.

## 9 SURGICAL BENEFITS:

- 9.1 If more than one related surgical procedure (neither of which is a fracture/disorder repair) is performed through two or more separate incisions by an Oral and Maxillofacial Surgeon or Dentist under one anaesthetic, the benefit for the lesser value procedure may be claimed at 75% of the benefit.
- 9.2 If more than one unrelated surgical procedure is performed by the same Oral and Maxillofacial Surgeon or Dentist through one incision, the benefit for the lesser value may be claimed at 75% of the benefit.
- 9.3 This section does not apply where the lesser or secondary procedure is:  
- a fracture that is otherwise provided for in this Schedule,  
- a dislocation,  
- a procedure considered to be part of an inclusive benefit, or  
- a secondary procedure that is paid in full as an additional benefit.
- 9.4 The benefit payable for the removal of a lesion includes the biopsy.

9.5 When complex oral and maxillofacial surgery requires the skills of two qualified oral and maxillofacial surgeons, the second surgeon may submit a claim using modifier SOSS for their services when they have actively participated in the planning for and performance of the procedure. Only the second qualified oral and maxillofacial surgeon's surgical time may be claimed; time spent in planning the procedure may not be included in the claimed time. Claims shall indicate the total number of time units spent and may not exceed the anaesthetic time claimed for the procedure. Examples of the types of surgery to be considered for this modifier are complex facial trauma, complex dentofacial and craniofacial deformity surgery, complex reconstructive surgery.

The first 45 minutes of this second surgeon service using modifier SOSS will be one call. Each additional 15 minute block of operating time will be another call. The SOSS modifier is explicit and must therefore be entered on the claim.

If health service codes do not list modifier SOSS in the Price List claims submitted with the SOSS modifier must have supporting information for consideration.

## 10 SURGICAL ASSISTANCE BENEFITS:

10.1 Claims for surgical assistance must indicate the number of time units the assistant was required. The number of time units claimable for surgical assistance may not exceed that claimed for anesthetic.

10.2 An Oral and Maxillofacial Surgeon or Dentist may claim for either the surgical or surgical assistance service under the same anesthetic, but not both, regardless of the number of procedures performed.

10.3 Surgical assistance may only be claimed when a second Oral and Maxillofacial Surgeon is required during the performance of the following surgical procedures:

Part A - General Rules

As of 2019/04/01

11.6.1 If a greater value non-fracture procedure is performed at the same time as a lesser value fracture, payment will be as follows:

- greater value non-fracture - 100% of base rate,
- lesser value closed reduction of fracture - 50% of base rate,
- lesser value open reduction of fracture - 100% of base rate

11.6.2 If a lesser value non-fracture procedure is performed at the same time as a greater value fracture, payment will be as follows:

- greater value closed reduction of fracture - 100% of base rate,
- greater value open reduction of fracture - 100% of base rate,
- lesser value non-fracture procedure through different incision - 75% of base rate,
- lesser value non-fracture procedure through same incision - 75% of base rate.

## 12 BONE GRAFTS:

12.1 The following rules apply to procedures performed on the same patient, under the same anesthetic:

12.1.1 benefits for bone grafts include harvesting and osteotomy,

12.1.2 when a bone graft must be taken to fill a defect and is performed in association with an open reduction of a fracture, 100% of the listed benefit may be claimed for the fracture, in addition to 100% of the benefits for health service codes 88.29DH, 88.29DJ or 88.29DK.

12.1.3 when a bone graft is required to fill a defect for open reduction and mini plate fixation of facial fractures, 75% of the listed benefit for health service code 88.97A may be claimed in addition to 100% of the benefit for the fracture.

12.1.4 Bone graft harvesting (88.29DH, 88.29DJ and 88.29DK) may be claimed as a stand alone procedure.

12.1.5 Bone graft harvesting (88.29DH, 88.29DJ and 88.29DK) can be paid at 100% in addition to the following health service codes:

17.32D	33.76DG	33.76DH	34.61A	34.61B	34.61C

## 13 CONCURRENT CARE - IN-HOSPITAL: (AS DEFINED IN GENERAL RULE 1.5)

13.1 If the services of more than one Oral and Maxillofacial Surgeon or Dentist are required because of the complexity of the clinical needs of a patient, each Oral and Maxillofacial Surgeon or Dentist may claim a benefit for concurrent care. Documentation to support the claim must be submitted.

## Schedule of Dentistry Benefits

Generated 2019/02/26

Part A - General Rules

As of 2019/04/01

13.2 If a consultation is required, the attending Oral and Maxillofacial Surgeon or Dentist and the consultant may each claim for services provided on the day of consultation.

13.3 A benefit may be claimed by the referring Oral and Maxillofacial Surgeon or Dentist only after the full responsibility for the care of the patient has been returned to him, or the complexity of the patient's condition requires the services of the referring Oral and Maxillofacial Surgeon or Dentist in addition to the consultant.

13.4 When the care of the patient remains with the referring physician, Oral and Maxillofacial Surgeon or Dentist, and the nature of the illness makes further intermittent visits by the consultant advisable, they may not be claimed as minor consultations. These in-patient services may be claimed as hospital visits.

14 TRANSFER OF CARE: (AS DEFINED IN GENERAL RULE 1.12)

14.1 If the care of a patient is transferred, each Oral and Maxillofacial Surgeon or Dentist may claim for services provided on the day of transfer.

14.2 An Oral and Maxillofacial Surgeon or Dentist who admits a patient to hospital and provides pre-operative hospital care, but does not perform the surgery, may claim for services up to and including the day of surgery.

14.3 Patient Transfer Within Same Facility:

14.3.1 Treatment of Same Illness:

If a patient is transferred for treatment of the same illness, the benefit payable to the receiving Oral and Maxillofacial Surgeon or Dentist will be determined by the number of days of the patient's hospitalization.

14.3.2 Treatment of New Illness:

If the transfer of care is due to the onset of a significant new illness, the receiving Oral and Maxillofacial Surgeon or Dentist may claim daily hospital care, starting at the benefit payable for the first day of hospitalization.

14.4 Patient Transfer To Different Facility:

If a patient is transferred to another hospital to the care of another Oral and Maxillofacial Surgeon or Dentist, hospital care may be claimed as though it were a new admission.

15 PROCEDURES:

15.1 The following rules apply to services provided to the same patient, by the same Oral and Maxillofacial Surgeon or Dentist during the same encounter:

15.1.1 only the greater benefit of a minor procedure, consultation or visit may be claimed unless each service is for an unrelated diagnosis,

15.1.2 only the greater benefit for a minor procedure (m or m+) or a hospital visit may be claimed regardless of the diagnosis,

Part A - General Rules

As of 2019/04/01

15.2 If a minor "+" procedure is performed in an Oral and Maxillofacial Surgeon's or Dentist's office, or surgical suite, both the procedure and the appropriate office visit may be claimed regardless of the diagnosis.

15.3 Only the greater benefit of a minor "+" procedure or a visit may be claimed when they are performed in a location other than an Oral and Maxillofacial Surgeon's or Dentist's office, or surgical suite, regardless of the diagnosis.

15.4 If a minor "+" procedure and a consultation are provided, both benefits may be claimed, regardless of the location of the services.

15.5 If a minor "+" and a consultation benefit are claimed, an office visit may not be claimed in addition, regardless if the services are provided at different times. Refer to General Rule 1.9 - Definition of Encounter.

16 MAJOR PROCEDURES: (REFER TO GENERAL RULE 7.2)

16.1 Health service codes with a designated category code of 4, and 14 include both related pre-operative and post-operative services. The following are exceptions:

- a consultation benefit may be claimed up to and including the day of surgery.
- pre-operative hospital care may be claimed for attempted conservative treatment by the dental surgeon if documentation detailing that conservative treatment is submitted.
- removal of arch bar splint

16.2 Benefits may be claimed as applicable for complications occurring during the post-operative time periods.

16.3 Where a procedure is performed under general anaesthesia the following applies to procedural benefits listed under General Rule 16.3.5:

16.3.1 if the procedure is the only procedure performed at that time, a benefit of \$141.75 may be claimed,

16.3.2 if another procedure is performed at the same encounter and its listed benefit is greater than \$141.75 the Oral and Maxillofacial Surgeon or Dentist may claim that listed benefit plus a percentage of the listed benefit for the lesser procedure(s) calculated in accordance with this Schedule. The \$141.75 minimum benefit may not be claimed for the lesser procedures,

16.3.3 if multiple procedures are performed at the same encounter and the listed benefit for each of them is less than \$141.75 the Oral and Maxillofacial Surgeon or Dentist may claim a benefit of \$141.75 for the greater procedure plus a benefit for each of the lesser procedures that is a percentage of the listed benefit calculated in accordance with this Schedule.
