For More Information

The Ministry of Gaming is committed to being open and accountable in its activities. As part of its mandate to allow the public to enjoy liquor and gaming activities in a responsible way, it provides consumers and stakeholders with opportunities to learn more about the industries, legislation, regulation and policies, and the activities of the Ministry, including the administration of grant programs. The Ministry's website at www.gaming.gov.ab.ca provides information to Albertans on a range of liquor and gaming related topics, including programs undertaken to ensure gaming activities and liquor sales are conducted with integrity and in a responsible manner. The website also includes links to related sites such as the AGLC website (www.aglc.gov.ab.ca) and the Alberta Lottery Fund website (www.albertalotteryfund.ca). Ministry staff also respond to thousands of calls, letters and e-mails each year from the public. For contact information, see the inside back cover of this annual report.

Highlights

PAGE 19

The Ministry in partnership with the Alberta Solicitor General and Public Security sponsored a two-stage *Alberta Roundtable on Violence In and Around Licensed Premises*. The top priorities that emerged during the discussion were:

- Improved education and training;
- Potentially higher licensing standards; and
- More research, especially in areas such as minimum drink prices and happy hour practices.

PAGE 25

During 2005-06, Deerfoot Casino began operations in Calgary, bringing the total number of casinos in Alberta to 17. Albertans have indicated their support for growth in gaming as long as it is carefully managed and controlled. This new casino is part of a growing industry trend toward 'destination gaming', where casinos are typically part of a larger complex including a hotel, conference centre and other entertainment facilities.

PAGE 26

Coin-less slot machines were successfully tested at the Palace Casino in Edmonton during the 2005-06 fiscal year. Coin-less slot machines issue a printed voucher as payment, reducing the frequency of machine malfunctions due to coin jams.

PAGE 28

A pilot project was launched in 2005-06 to provide casino patrons with easier access to gambling information – another way the Ministry demonstrates its commitment to promoting responsible gaming. The Alberta Gaming and Liquor Commission (AGLC), in partnership with the Alberta Alcohol and Drug Abuse Commission (AADAC), opened a Responsible Gambling Information Centre in Edmonton's Palace Casino in February 2006, with a second centre subsequently opened at Calgary's Deerfoot Casino.

PAGE 29

The first phase of research into the effectiveness of Responsible Gaming Features (RGFs) on VLTs has been completed, with encouraging results. The research aims to determine the effectiveness of the RGFs in increasing responsible gaming awareness among players. The Phase One research report is available on the AGLC web site at www.aglc.gov.ab.ca.

PAGE 40

On December 13, 2005, a new campaign called 'Benefiting Your Community Right Now', was launched to inform Albertans about the unique Alberta Lottery Fund and its many benefits to the province. In 2005-06, over \$1.3 billion in gaming revenue from slot machines, VLTs and lottery ticket sales was used to support thousands of volunteer, public and community-based projects. The campaign involved transit ads in seven communities and ice rink board advertising in 14 community arenas. Beginning March 2006, Ticketmaster ticket backs also displayed the same messaging.

Public Accounts 2005-06 Preface

The Public Accounts of Alberta are prepared in accordance with the *Financial Administration Act* and the *Government Accountability Act*. The Public Accounts consist of the annual report of the Government of Alberta and the annual reports of each of the 24 Ministries.

The annual report of the Government of Alberta, released June 26, 2006, contains the Minister of Finance's accountability statement, the consolidated financial statements of the Province and a comparison of the actual performance results to desired results set out in the government's business plan, including the *Measuring Up* report.

This annual report of the Ministry of Gaming contains the minister's accountability statement, the audited consolidated financial statements of the ministry and a comparison of actual performance results to desired results set out in the ministry business plan. This ministry annual report also includes:

- **The financial statements of entities making up the Ministry including the Department of Gaming, the Alberta Gaming and Liquor Commission and the Alberta Lottery Fund, for which the Minister is responsible, and**
- **Other financial information as required by the *Financial Administration Act* and *Government Accountability Act*, either as separate reports or as part of the financial statements, to the extent that the Ministry has anything to report.**

Minister's Accountability Statement

The Ministry's annual report for the year ended March 31, 2006 was prepared under my direction in accordance with the *Government Accountability Act* and the government's accounting policies. All of the government's policy decisions as at August 31, 2006, with material economic or fiscal implications of which I am aware have been considered in the preparation of this report.

Message from the Minister

It has been a year of significant growth for our province and Alberta Gaming has worked hard to meet the special challenges that such growth poses. Alberta's economy continued to boom, with economic growth at 4.3 per cent, fueled by strong investment growth, high energy prices, robust consumer spending and high growth in manufacturing. Alberta's population increased more than five times the national average during the last three months of 2005.

Against this backdrop, it is not surprising that sales of liquor products and gaming revenues increased this past year. Albertans have more disposable income to pursue leisure activities such as gaming. Liquor sales were also up and both the number of liquor retailers and available liquor products increased, providing more choices for consumers.

Albertans told us they supported growth in both the liquor and gaming industries, as long as such growth is carefully managed and controlled. That is why we put in place a rigorous eight-step process to license new casinos. We also ensure the integrity of both the liquor and gaming industries with regular audits and inspections, as well as special operations to shut down illegal gaming houses and bookmaking operations.

Part of our commitment to Albertans involves a strong focus on social responsibility. The new Social Responsibility Division of the AGLC completed its first full year of operation. This division creates and delivers programs – often in partnership with others such as the Alberta Alcohol and Drug Abuse Commission – to promote responsible gaming and liquor consumption, to protect consumers, and to educate the public.

The Alberta Lottery Fund is an important part of our unique and innovative gaming model in Alberta. Over \$1 billion of gaming revenues is distributed each year to thousands of volunteer, public and community-based initiatives. For example, during 2005, the Lottery Fund helped refurbish the Jubilee Auditoriums in Calgary and Edmonton as a legacy from our centennial celebrations. Albertans will enjoy these facilities for many more years to come. I have seen first hand and heard from many people about how lottery-funded projects have enhanced their communities.

As we look into the future, we can predict some challenges for both the gaming and liquor industries, for example, worker shortages. We will continue to research best practices, new technologies and effective responsibility measures and programs to help industry continue to grow and evolve.

This annual report provides information on the ministry's activities and performance measures, and demonstrates our accountability to the people of Alberta. We listen to Albertans and we have heard back that they are satisfied with how the liquor and gaming industries operate. There is still much we need to do to ensure that we continue to meet the expectations of Albertans. It is a work in progress, but we are definitely on the right track. Staying innovative and promoting responsible gaming and liquor consumption will drive our activities in the coming years. This is a challenge I am confident we can meet.

Message from the Deputy Minister

Each year, we build on the success of previous years. This past year saw a number of significant achievements, with many new projects undertaken. As part of our commitment to ongoing revitalization and innovation in the liquor and gaming industries, we worked to ensure that the ministry is responsive in recognizing and incorporating new trends. Alberta's newest casino, Deerfoot Casino in Calgary, is part of a growing trend toward 'destination gaming', where casinos are typically part of a larger complex including a hotel and a variety of other entertainment options. In the case of the Deerfoot Casino, a hotel and conference centre are on the premises.

At Alberta Gaming, innovation goes hand in hand with being responsible. We have undertaken many new social responsibility initiatives this past year, in addition to supporting and updating existing programs.

For example, a minors awareness campaign to prevent under-age drinking targeted at licensed premises continued and a similar program was developed for lottery ticket retailers. A number of other educational programs to inform Albertans about responsible gaming and liquor consumption were also launched.

One of our key initiatives this past year was the establishment of a Responsible Gambling Information Centre to provide casino patrons with on-site access to responsible gaming information. In addition, through a roundtable consultation, we gathered input from stakeholders on how to deal with violence in and around licensed liquor premises. The Ministry, through the AGLC, also assumed responsibility for the Alberta Server Intervention Program (ASIP) on October 25, 2005. The program had previously been managed by a partnership of industry associations. ASIP training educates Albertans who sell and serve liquor to the public about duty of care responsibilities, Alberta legislation and AGLC policies.

Through our key performance measure results this past year, we found that increasing numbers of Albertans are aware of our efforts to promote responsible liquor consumption and gaming. For example, 93 per cent of Albertans surveyed were aware of prevention and treatment programs for alcohol abuse, while 89 per cent were aware of similar programs for problem gambling.

Throughout the year, the Ministry continued to administer designated lottery-funded programs, including the Community Facility Enhancement Program (CFEP) and the Community Initiatives Program (CIP). CFEP supports the expansion and upgrading of Alberta's community-use facilities. In 2005-06, 501 CFEP grants were given out to organizations like the Dovercourt Community League in Edmonton which received \$102,500 to assist with the development of a teen recreation area. The Grande Prairie and Area Safe Communities Committee also received \$125,000 to assist with the construction of a facility designed to provide child-focused safety education.

In 2005-06, 1,188 CIP grants were distributed to provide support for project-based initiatives in Alberta's communities. For example, the Action Committee Against Violence Society of Calgary received \$49,000 to assist with the development of a communications strategy and technology upgrade. The Blackfoot Canadian Cultural Society in Lethbridge received \$30,000 to assist with the development of ABFest 2005, an Aboriginal art festival.

Internally, we continue to make efforts to improve our efficiency and integrity. A corporate information security project was launched in August 2005 in response to an assessment of the policies, procedures and practices associated with the handling of documents. The mandate of this initiative is to develop and implement policies and consistent practices for the protection of sensitive information in both electronic and print form in all of our offices.

Our staff are vital to our success. We hear many positive comments from consumers and industry members about the energy, effort, responsiveness and excellent customer service staff display. They go the extra mile. Nowhere was this more evident than in our United Way campaign this past year. Gaming staff achieved the highest per capita average gift in the 501-950 government staff category and received special recognition from the Premier. I would like to take this opportunity to thank all our staff members for their commitment and hard work. We are proud of our accomplishments this past year. We look forward to meeting the new challenges that the coming year will bring.

Management's Responsibility for Reporting

The Ministry of Gaming includes the Department of Gaming, the Alberta Gaming and Liquor Commission, the Alberta Lottery Fund and the Alberta Gaming Research Council. The Minister is also responsible for the *Gaming and Liquor Act*, the *Horse Racing Alberta Act* and the Racing Appeal Tribunal.

The executives of the individual entities within the Ministry have the primary responsibility and accountability for the respective entities. Collectively, the executives and respective boards ensure the Ministry complies with all relevant legislation, regulations and policies.

Ministry business plans, annual reports, performance results and the supporting management information are integral to the government's fiscal and business plans, annual reports, quarterly reports and other financial and performance reporting.

Responsibility for the integrity and objectivity of the consolidated financial statements and performance results for the Ministry rests with the Minister of Gaming. Under the direction of the Minister I oversee the preparation of the Ministry's annual report, including consolidated financial statements and performance results. The consolidated financial statements and the performance results, of necessity, include amounts that are based on estimates and judgments. The consolidated financial statements are prepared in accordance with the government's stated accounting policies.

As Deputy Minister, in addition to program responsibilities, I establish and maintain the Ministry's financial administration and reporting functions. The Ministry maintains systems of financial management and internal control which give consideration to costs, benefits, and risks that are designed to:

- Provide reasonable assurance that transactions are properly authorized, executed in accordance with prescribed legislation and regulations, and properly recorded so as to maintain accountability of public money,
- Provide information to manage and report on performance,
- Safeguard the assets and properties of the Province under Ministry administration,
- Provide Executive Council, Treasury Board, the Minister of Finance and the Minister of Gaming any information needed to fulfill their responsibilities, and
- Facilitate preparation of Ministry business plans and annual reports required under the *Government Accountability Act*.

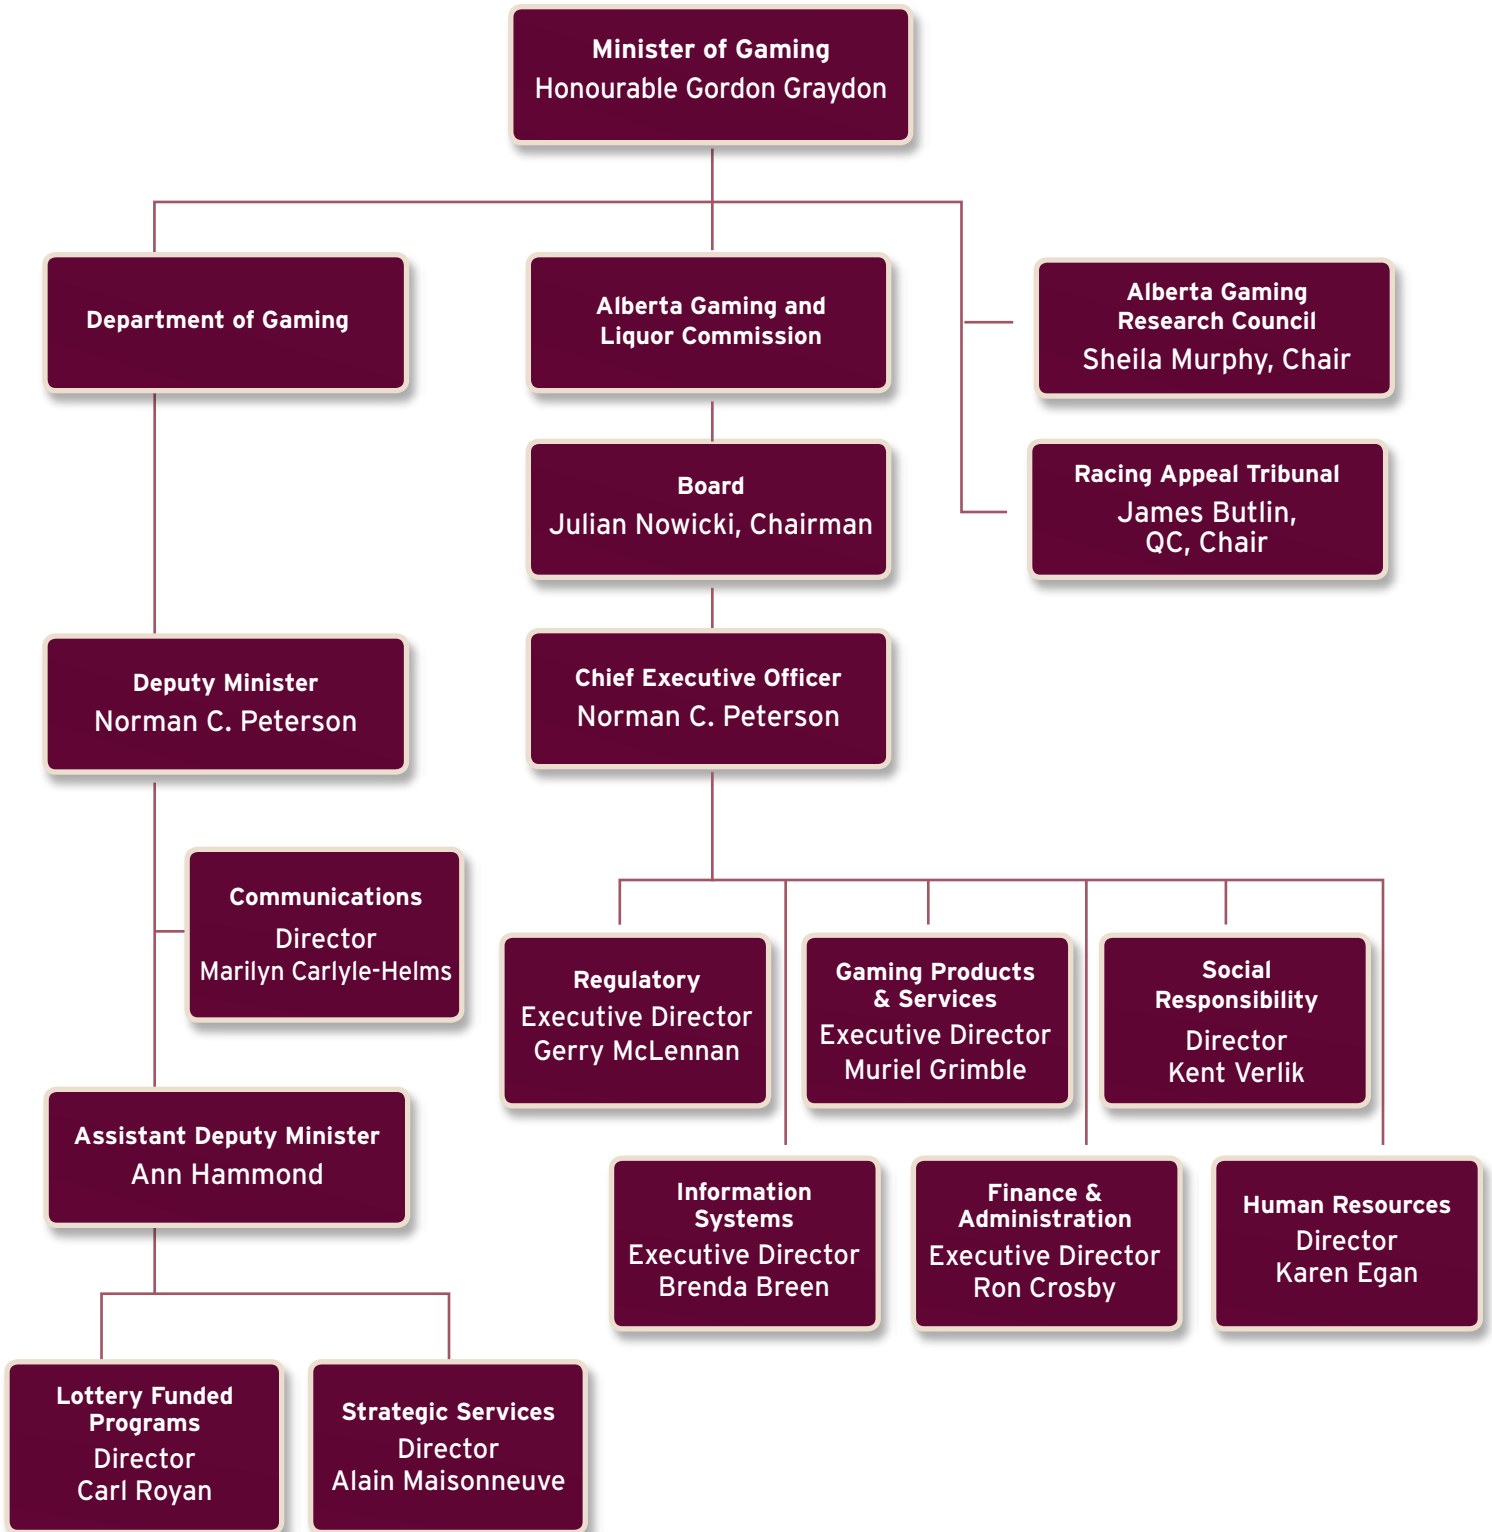

In fulfilling my responsibilities for the Ministry, I have relied, as necessary, on the executive of the individual entities within the Ministry.

Overview

Organization Chart

Overview

Vision

A province that strives to balance choice and responsibility in its gaming and liquor industries, uses revenue derived from these activities for the benefit of Albertans, and provides opportunity for competition and enhanced service in its gaming and liquor industries

Mission

To ensure integrity and accountability in Alberta's gaming and liquor industries, and to achieve the maximum benefit for Albertans from gaming and liquor activities

Guiding Principles

The Ministry of Gaming has adopted the following guiding principles for gaming and liquor in Alberta. These guiding principles are subject to ongoing review to ensure they continue to reflect Albertans' values.

1. The integrity of gaming and liquor activities will be ensured.
2. Gaming and liquor policies will reflect a commitment to social responsibility.
3. Gaming and liquor policies will be supported by sound research and consultation with the public and stakeholders.
4. The collection and use of gaming and liquor revenue will be open and accountable.
5. Gaming activities will meet standards of quality to protect the integrity of gaming activities, provide gaming entertainment value to consumers and help to keep gaming dollars in Alberta.
6. Alberta's liquor industry will continue to be among the most progressive and competitive in the country and continue to lead the nation in terms of supply, distribution, pricing and customer service.
7. The financial return to eligible groups from charitable gaming and from provincial lotteries is to be maximized for the benefit of Albertans.

Core Businesses

The Ministry of Gaming has three core businesses, as set out in the Ministry's 2005-08 Business Plan. They are as follows:

1. **Alberta's liquor industry operates with integrity, accountability and in a socially responsible manner.**
2. **Alberta's gaming industry operates with integrity, accountability and in a socially responsible manner.**
3. **The Alberta Lottery Fund benefits Alberta communities.**

The Ministry's performance measures, presented in the Integrated Results Analysis section of this annual report, give the results achieved for each core business and related goals.

Overview

"I want to congratulate the staff and volunteers of the Ministry of Gaming for making an exceptional contribution to the 2005 United Way campaign. Your outstanding work resulted in the highest per capita average gift in the 501-950 staff category... Thank you for working so hard and caring about others."

- Premier Ralph Klein

Ministry of Gaming

The Minister of Gaming is responsible for the Department of Gaming, the Alberta Gaming and Liquor Commission, the Alberta Lottery Fund, the Alberta Gaming Research Council, and the Racing Appeal Tribunal. The Minister is also responsible for the *Gaming and Liquor Act* and the *Horse Racing Alberta Act*.

GAMING AND LIQUOR ACT

The legislation sets out the framework for the provision and regulation of gaming and liquor in Alberta, including the roles and responsibilities of the Alberta Gaming and Liquor Commission. It also establishes the Alberta Lottery Fund.

HORSE RACING ALBERTA ACT

The *Horse Racing Alberta Act* places the responsibility for management and regulation of the horse racing industry in Alberta on Horse Racing Alberta (HRA), a not-for-profit corporation.

The objectives of HRA are to:

- Govern, direct, control, regulate, manage, market and promote all forms of horse racing in Alberta.
- Protect the health, safety and welfare of racehorses, racing participants and racing officials.
- Safeguard the interests of the general public in horse racing.

Department of Gaming

The responsibilities of the Department of Gaming include lottery-funded programs, communications and overall strategic services for gaming and liquor activities in the province.

Lottery Funded Programs

The Lottery Funded Programs Division is responsible for lottery-funded grant programs administered by Alberta Gaming. Two key programs are the:

- Community Facility Enhancement Program - provides financial assistance to build, purchase, repair, renovate or upgrade public-use facilities in Alberta communities, and
- Community Initiatives Program - supports smaller, project-based initiatives in areas such as community services, seniors' services, libraries, arts and culture, and sports and recreation.

Overview

In addition, the Division also administers grant programs that support agricultural and economic initiatives. These programs support major Alberta exhibitions such as the Calgary Exhibition and Stampede, Edmonton Northlands and regional exhibitions in Camrose, Grande Prairie, Lethbridge, Lloydminster, Medicine Hat, Olds and Red Deer.

The Division also administers the flow through of certain gaming revenues to specific beneficiaries. These grant programs include the racing industry renewal, NHL ticket lotteries, and the distribution of electronic bingo and Keno proceeds to charitable organizations.

Alberta Gaming and Liquor Commission

The Alberta Gaming and Liquor Commission (AGLC) is a commercial enterprise, an agent of the Government of Alberta, and a board-governed corporation. It operates under the *Gaming and Liquor Act*. The Board is responsible for regulatory matters and establishing policies within the government's policy framework. Management and staff of the Corporation carry out the day-to-day operations and delegated regulatory responsibilities.

The mission of the AGLC is to ensure gaming and liquor activities are conducted with integrity and social responsibility and to maximize long-term economic benefits for Albertans. The AGLC administers the Alberta Lottery Fund under the provisions of the *Gaming and Liquor Act*.

Overview

The AGLC publishes a separate annual report including an overview of its activities, performance measure results and audited financial statements. Copies are available online at www.aglc.gov.ab.ca or by contacting the Ministry's Communications office (see the inside back cover of this annual report for contact information).

Alberta Lottery Fund

The Alberta Lottery Fund is made up of the government's share of net revenues from video lottery terminals (VLTs), slot machines, electronic (DIGI) bingo, Keno and ticket lotteries. These revenues total more than \$1 billion each year and are used to support thousands of volunteer, public and community-based initiatives. The Legislature provides annual spending authority for the Fund to support programs, projects and foundations administered by various ministries. The Ministry of Gaming oversees the Alberta Lottery Fund budget and administers various key lottery-funded grant programs, including the Community Facility Enhancement Program and the Community Initiatives Program.

Racing Appeal Tribunal

The *Horse Racing Alberta Act* establishes the Racing Appeal Tribunal. The Minister of Gaming appoints members to the Racing Appeal Tribunal. The Tribunal hears appeals under the Act arising from rulings or directions of horse racing officials. The Tribunal's costs are borne by Horse Racing Alberta. Members of the Tribunal at March 31, 2006 were James Butlin, QC, Chair; William Elzinga; and Morris Taylor. More information on the Racing Appeal Tribunal can be found in the Horse Racing Alberta Annual Report.

Western Canada Lottery Corporation

Western Canada Lottery Corporation (WCLC) is a non-profit organization authorized to manage, conduct and operate lottery and gaming-related activities as the agent for its members, the governments of Alberta, Saskatchewan and Manitoba. The Yukon Territory, Northwest Territories and Nunavut participate as associate members. WCLC works in conjunction with the provincial and territorial marketing organizations: Alberta Gaming and Liquor Commission, Saskatchewan Lotteries, Manitoba Lotteries Corporation, Lotteries Yukon and Sport North Lottery Authority. WCLC is a Regional Marketing Organization of the Interprovincial Lottery Corporation (ILC). ILC is incorporated and authorized to manage and conduct national lotteries.

National games marketed by WCLC include LOTTO 6/49 and SUPER 7. In addition, WCLC offers regional games as authorized by its members, including: WESTERN 6/49, EXTRA, PICK 3, SPORT SELECT, KENO, and a variety of SCRATCH 'N WIN games.

Alberta's share of WCLC revenues and expenses are reflected in the financial results of the AGLC.

Report of the Auditor General on the Results of Applying Specified Auditing Procedures to Performance Information

To the Members of the Legislative Assembly

Management is responsible for the integrity and objectivity of the performance results included in the *Ministry of Gaming's 2005-06 Annual Report*. My responsibility is to carry out the following specified auditing procedures on performance information in the annual report. I verified:

Key Performance Measures

Completeness

1. Key performance measures and targets matched those included in Budget 2005. Actual results are presented for all key performance measures.

Reliability

2. Information in reports that originated in the Ministry matched information that the Ministry used to calculate the actual results. In addition, I tested the processes the Ministry used to compile the results.

Comparability and Understandability

3. Actual results are presented clearly and consistently with the stated methodology and are presented on the same basis as targets and prior years' information.

Supplemental Information

4. Information in reports matched information that the Ministry used to calculate the actual results.

I found no exceptions when I performed these procedures.

As this examination was limited to these procedures, I do not express an opinion on whether the set of key performance measures is relevant and sufficient to assess the performance of the Ministry in achieving its goals.

Core Business One

Alberta's liquor industry operates with integrity, accountability and in a socially responsible manner.

2005-06 Highlights

Since 1993, Alberta has developed a unique, privatized model for the liquor industry in the province - the only one of its kind in Canada. Through this evolving model, Albertans can choose from a wide variety of available liquor products and convenient store hours and locations. The Ministry continues to look for innovative ways to promote responsible liquor consumption, including awareness and training programs for liquor industry staff. The model continues to serve Albertans well.

Integrity

In order to maintain the integrity of the liquor industry, the AGLC conducts regular inspections of liquor establishments to ensure licensees comply with legislation, regulation and policies.

Local Development

Diversification and local development continued in Alberta's wine industry as a result of regulation amendments enacted in February 2005. In addition to new fruit wine production facilities launched the previous year, a new fruit winery opened in Two Hills in 2005-06. In addition, a new microbrewery in Edmonton started operations.

"All has been sorted out, precious cargo now safely in my cellar. Thanks for the excellent service. I make a point of telling all my out-of-province wine-loving friends that Alberta is the centre of enlightenment when it comes to exercising personal choice. Alberta puts Ontario and B.C. to shame! In wine, as well as hockey!"

Core Business One

Being Responsible

While Albertans have indicated their support for a vibrant, innovative liquor industry, social responsibility is a keystone commitment for the Ministry. The following activities to support responsible liquor consumption were undertaken in 2005-06.

Roundtable on Violence

The Ministry in partnership with the Alberta Solicitor General and Public Security sponsored the *Alberta Roundtable on Violence In and Around Licensed Premises*. The objective of the roundtable was to gather input, information and advice from about 70 stakeholders – people who work in, own, manage, regulate and protect Alberta's licensed premises. The first roundtable session was held on November 22-23, 2005 and a second session was held on March 31, 2006. The top priorities that emerged during the discussion were the need for:

- Improved education and training;
- Potentially higher licensing standards; and
- More research, especially in areas such as minimum drink prices and happy hour practices.

The participants also supported a joint task force approach, including police, fire marshalls, AGLC inspectors, health inspectors and municipal bylaw enforcement officers to spearhead the initiative. Government staff are reviewing the roundtable results and will prepare a summary report for review by the Minister of Gaming and the other sponsors. A working group will then determine follow-up action on priorities.

Awareness Programs

Being responsible means working to prevent under-age drinking. A winner of the 2005 Gold Premier's Award of Excellence, the Under 25 Policy requires liquor licensees to request proof of age from anyone appearing to be under age 25. An awareness campaign, coupled with audits of licensees, has helped improve compliance with the program.

Another social responsibility initiative targeted at young people during 2005-06 was the development of a marketing program to address binge drinking and other social issues related to liquor consumption. Sponsored by the AGLC in partnership with AADAC, Alberta Health and Wellness, and Children's Services, the media campaign, which includes television and radio commercials, will run in 2006-07.

The AGLC sponsors a number of other awareness campaigns to promote responsible drinking. For example, through its membership in the Canadian Association of Liquor Jurisdictions (CALJ), the AGLC developed advertising materials to remind Albertans not to drink when using recreational vehicles such as ski-dos and sea-dos. Other posters were produced to promote the #TAXI service which is intended to reduce incidents of drinking and driving. Entering #TAXI on a cell phone finds a local taxi to take a patron home.

Core Business One

Fetal Alcohol Initiative

Helping educate pregnant women about the effects of alcohol consumption on unborn babies is part of the Ministry's social responsibility mandate. As part of an ongoing initiative, the AGLC distributed posters and information cards on Fetal Alcohol Spectrum Disorder (FASD) to liquor retailers across the province. The AGLC participates in the Alberta Partnership on Fetal Alcohol Spectrum Disorder, a provincial cross-ministry committee working together to reduce the incidence of FASD.

Training for Liquor Industry Staff

Under the Alberta Server Intervention Program (ASIP), servers and others involved in the sale of liquor to the public go through a uniform mandatory training program to help them handle situations such as overconsumption by patrons and how to prevent liquor service to minors. The program is available in a number of different delivery methods, such as online, public seminars, in-house seminars and self-directed programs.

The AGLC assumed responsibility for the program on October 25, 2005. The program had been previously managed by a partnership of industry associations. However, industry believed that the AGLC was better suited to develop a long-term program strategy as well as a more cost-effective delivery mechanism, and initiated the transfer of responsibility. A stakeholder advisory committee has been formed to provide advice to the AGLC on the delivery and content of ASIP programs. Also during the year, work began on a training module for security staff. This module is expected to be launched in 2007.

Provincial Impaired Driving Committee

The Provincial Impaired Driving Committee is a partnership aimed at preventing and enforcing impaired driving by:

- Developing and distributing awareness and education programs, including support materials to various target audiences throughout the province.
- Identifying provincial programs that support both education and enforcement. The group is focusing on integrating province-wide, three proven anti-impaired driving programs: Checkstop, Operation Lookout/Traffic Project Watch and Designated Driver.
- Developing implementation strategies for tougher impaired driving penalties and legislation.

In addition to the AGLC, membership includes the Alberta Solicitor General and Public Security, Alberta Justice, Alberta Aboriginal Affairs, Alberta Health, the RCMP, municipal police services, MADD Canada (Mothers Against Drunk Driving), SADD Alberta (Students Against Drinking and Driving), the Alberta Motor Association, AADAC, Insurance Bureau of Canada and Alberta Infrastructure and Transportation's Traffic Safety Initiative.

Core Business One

Goal One:

The integrity of Alberta's liquor industry is maintained and liquor policies achieve a balance between choice, social responsibility and economic benefit.

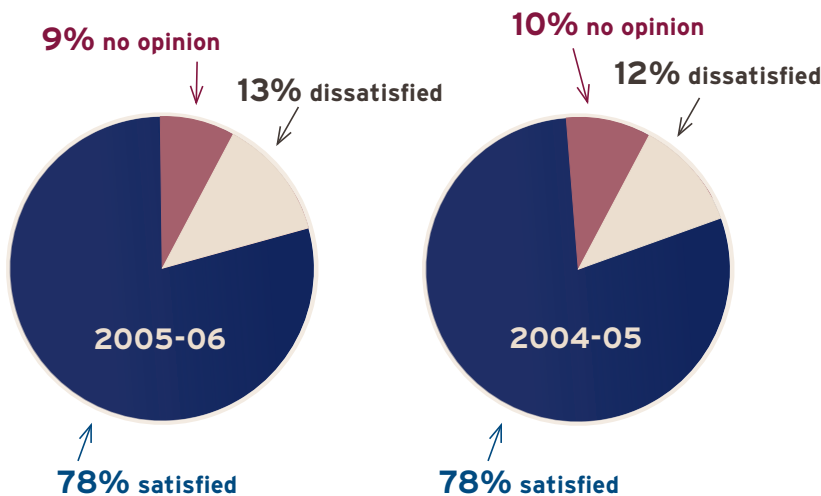

Alberta Gaming strives to ensure that the liquor business in Alberta operates with integrity and accountability. A high satisfaction rate with the conduct of the liquor business provides an indication that policies and legislation are working well and meeting Albertans' expectations.

Key Measure 1

| | 2005-06 | | 2004-05 | | 2003-04 | 2002-03 | 2001-02 |

| Percentage of Albertans surveyed who are satisfied with the conduct of the liquor business in Alberta | 80% | 78% | 80% | 78% | 79% | 80% | 80% |

When asked to rate overall satisfaction with the way the liquor business is conducted in Alberta, 78 per cent of Albertans surveyed in 2005-06 indicated they were satisfied, the same level of satisfaction as in the previous year, but slightly less than the target of 80 per cent. The percentage of Albertans dissatisfied was 13 per cent, compared to 12 per cent the previous year. It is clear that Albertans continue to be satisfied with the conduct of the liquor business in Alberta over the long term. The Ministry continues its efforts to be open and accountable for its activities so Albertans have a clear understanding of how liquor industry business is conducted in Alberta.

Albertans are satisfied with how the liquor business operates in the province.

About the Survey

Performance measurement is a legislated requirement in Alberta, but it is also part of responsible governance. Measuring progress in achieving business plan goals will help the Ministry continue to provide efficient and effective services to Albertans.

The results for key performance measures 1, 2, 3, 4, 6a and 6b and supplemental information were obtained from a telephone survey conducted by Banister Research and Consulting Inc. Some 1,002 adult Albertans were interviewed in February-March 2006, providing a margin of error of +/- 3.1 per cent with a 95 per cent level of confidence. A random sample of Albertans was drawn from the most recent telephone listings. The sample was stratified by region, and by age and by gender within each region. The possible responses were: very satisfied, satisfied, somewhat satisfied, somewhat dissatisfied, dissatisfied or very dissatisfied. Respondents were considered 'satisfied' if they indicated they were very satisfied, satisfied or somewhat satisfied.

Core Business One

Supplemental Information

When asked to rate overall satisfaction with the privatization of the liquor business in Alberta, 81 per cent of Albertans surveyed in 2005-06 indicated they were satisfied, slightly higher than 79 per cent the previous year, but not statistically significant. The percentage of Albertans dissatisfied was 12 per cent, compared to 13 per cent the previous year. Overall there is continuing satisfaction with the privatized retail model of liquor sales in the province.

Albertans are satisfied with the privatization of the liquor business in the province.

In 2005-06, 79 per cent of survey respondents purchased liquor at a retail store during the past 12 months. The levels of satisfaction with how liquor stores operate are similar to previous years.

Core Business One

Supplemental Information (continued)

Some 68 per cent of survey respondents purchased liquor at a restaurant, lounge or bar in Alberta in 2005-06. Most of these customers continue to express satisfaction with these purchases. Albertans continue to be very satisfied with how liquor is served in licensed establishments.

Goal Two:

Albertans are aware of prevention and treatment programs for alcohol abuse.

The Ministry has a clear mandate to ensure that Alberta's liquor industry operates in a responsible manner. Part of that mandate is to ensure Albertans are aware of prevention and treatment programs for alcohol abuse.

Key Measure 2

| | 2005-06 | | 2004-05 | | 2003-04 | 2002-03 | 2001-02 |
|---|---------|--------|---------|--------|---------|---------|---------|

| Percentage of Albertans surveyed who are aware of prevention and treatment programs for alcohol abuse | 90% | 93%* | 88% | 86%* | 92% | 87% | 78% |

* The methodology used to calculate this measure changed in 2004-05. As such, results for 2003-04, 2002-03 and 2001-02 have been restated to reflect the new methodology.

An increasing majority of Albertans surveyed (93 per cent) have heard, seen or read information about prevention and treatment programs for alcohol abuse, compared to 86 per cent the previous year. This increase reflects the government's efforts to ensure that those who need treatment are aware of available programs and know where to seek treatment.

As part of its mandate to ensure Alberta's liquor industry operates with integrity and accountability, the Ministry always strives to balance consumer choice and social responsibility. To achieve this balance, the Ministry regularly monitors emerging trends and issues to determine what, if any, impact they may have on the liquor industry.

With strong investment growth, high energy prices, robust consumer spending and high growth in manufacturing, Alberta's economy continued to boom during 2005. Economic growth at 4.3 per cent was strong. More people moved to the province - both immigrants from other countries as well as Canadians from other parts of Canada. Alberta's population increased more than five times the national average during the last three months of 2005. Along with its booming economy, Alberta predictably enjoyed a low unemployment rate of 3.5 per cent. More people, with more disposable income, contributed to gross liquor profit being higher than budgeted.

For 2005-06, gross liquor profit and other revenue at \$616.0 million were 5.7 per cent higher than the previous year, as well as 6.1 per cent over budget. Gross liquor profit and other revenue include the cumulative provincial mark-up on liquor products sold in Alberta and other revenue sources such as licences, fees, levies, fines and interest.

Costs related to liquor-related regulation and developing and implementing social responsibility activities are reflected in liquor operating expenses. Liquor operating expenses in 2005-06 were \$19.3 million, an increase of \$2.9 million from \$16.4 million the previous year, but \$1.2 million less than the \$20.5 million budgeted. The increase was largely due to increased costs in the Chairman's office, increased legal costs and increasing social responsibility costs, including the transfer of the ASIP program to the AGLC.

The resulting net revenue of \$596.7 from liquor operations forms part of the government's general revenues and is used to fund core government programs.

The expenses incurred by this core business of \$0.4 million in 2005-06 relate to costs associated with liquor-related policy development and communications in the Department of Gaming. Slightly under the \$0.5 million budget, these costs are the same as the previous year's. A total of \$19.7 million was spent by the Ministry to achieve its goals for Core Business 1.

In 2005-06, a total of 3.1 million hectolitres of liquor were sold, compared to 2.9 million the previous year, an increase of 6.9 per cent. Of that amount, 223,546 hectolitres were spirit sales, compared to 208,709 hectolitres in 2004-05, an increase of 7 per cent. Wine sales totalled 260,400 hectolitres in 2005-06, compared to 235,062 hectolitres the previous year, an increase of 10.7 per cent. Beer sales at 2,447,587 hectolitres in 2005-06 increased from 2,363,630 hectolitres the previous year, an increase of 3.5 per cent. On the other hand, sales of coolers and ciders were down slightly from 134,966 hectolitres in 2004-05 to 133,886.

In response to the growing population in the province, the number of liquor retail outlets and available liquor products increased compared to the previous year. In 2005-06 there were 1,121 retail outlets compared to 1,086 in 2004-05, while there were 12,965 different liquor products available in 2005-06, compared to 12,537 in 2004-05.

Core Business TWO

Alberta's gaming industry operates with integrity, accountability and in a socially responsible manner.

2005-06 Highlights

The Ministry's gaming responsibilities include both charitable gaming and provincial gaming activities. Alberta's unique charitable gaming model for casino, pull-ticket, raffle and bingo events allows for religious and charitable organizations across the province to conduct and manage these activities and directly earn proceeds from them. Provincial gaming activities include slot machines, VLTs, electronic bingo and ticket lotteries. Through the AGLC, the Ministry is accountable for gaming activities and has implemented policies, regulations and educational programs to ensure safe, responsible gaming.

New Casinos

Opportunities for growth and expansion of gaming offerings are being pursued in a controlled manner, with the acceptance and support of Albertans. During 2005-06, a new casino complex, Deerfoot Casino, began operations in Calgary, bringing the total number of casinos in Alberta to 17. This new casino is part of a growing trend toward 'destination gaming', where casinos are typically part of a larger complex including a hotel and a variety of other entertainment options. In the case of the Deerfoot Casino, a hotel and conference centre are on the premises.

At the end of March 2006, nine other proposed casinos were in the final stages of the AGLC's eight-step casino facility licensing process. Seven of these are First Nations' casinos. There are no First Nations' casinos currently operating. The status of current casino applications can be found at www.aglc.gov.ab.ca/casinofacilities/newfacilities.asp.

The comprehensive licensing process for new casinos is designed to ensure that growth in gaming is carefully managed and controlled. The Board of the AGLC considers expressions of support for or concern about new casinos during the licensing process. In addition to being evaluated on a detailed business and marketing plan, an applicant for a new casino licence must consider impacts on the community and adjacent communities.

Core Business TWO

New Games

During 2005-06, the AGLC responded to the growing popularity of poker games by approving new poker games and more poker tournaments in casinos. The addition of Keno in Video Gaming Entertainment Rooms (VGERs) also took place during the year. Keno is a lottery ticket game played every five minutes. Previously, Keno was only available in bingo halls and casinos.

Coin-less Slot Machines

To keep up with the latest technology, coin-less slot machines are being tested at the Palace Casino in Edmonton. The coin-less slot machines, called Ticket In/Ticket Out (TITO), use a printed voucher as payment. This voucher can be used in the same casino at other slot machines or cashed out. TITO reduces hardware malfunctions due to coin jams, decreases machine downtime and increases player satisfaction. Full network implementation is expected to start in August 2006 and be completed in approximately 18 months. In conjunction with the new coin-less slot machines, standardized cash management practices are being integrated into casinos to enhance gaming integrity.

Bingo Facilities

To improve efficiency and enhance return to charities, a number of bingo associations have been amalgamating. This past year, there were three such amalgamations in Edmonton and one in Grande Prairie. The new Grande Prairie facility, called Grande Bingo, is taking an innovative approach by partnering with a private operator.

Gaming Information for Charitable Groups (GAIN)

Since November 2003, the AGLC has been conducting free information sessions throughout Alberta to educate charitable groups about the responsibilities and requirements of holding a gaming licence. A winner of a Bronze Premier's Award of Excellence in October 2005, the GAIN program offers a general awareness session as well as specialized sessions on request. In response to feedback from participants, a new Use of Proceeds component was developed in 2005-06. This session provides information about:

- how to get approval to spend gaming proceeds;
- how proceeds can be spent; and
- the time limits for spending proceeds.

The AGLC delivered 236 GAIN sessions in 71 communities throughout Alberta during 2005-06. Over 4,500 participants, representing 2,345 charitable groups attended the sessions. To date, over 13,700 volunteers, representing 7,400 groups, have participated in the program. This past year, the GAIN program continued to attract interest from other jurisdictions, such as Ontario and British Columbia.

"I now feel confident our group can fill out an eligibility form. The website has lots of good information but I needed this dedicated time/opportunity to ask questions to start to understand all there is to know about this process."

– Edmonton GAIN participant

Three-Year Licence

At the request of stakeholders, the AGLC initiated a more streamlined facility licensing process for casinos and racing entertainment centres that are in compliance with licensing and due diligence requirements. Previously, the AGLC had issued licences for a single year. Now, eligible facilities may be granted a three-year licence. To ensure that integrity is maintained in the industry, an annual review process is being initiated in conjunction with the three-year licences.

Core Business TWO

Regulation

The Ministry ensures the integrity of gaming activities in the province through a variety of regulatory activities, including inspections of licensed facilities and gaming activities, investigations into criminal activities, and forensic audits. A special Gaming Investigation Team (GIT), comprised of AGLC investigators, police services and other government ministries, focuses on illegal gaming activities such as bookmaking, gaming houses and illegal lotteries. Following undercover activities, the GIT shut down illegal gaming houses and bookmaking operations in Edmonton and in Medicine Hat.

Being Responsible

Responsible Gambling Information Centres

In 2005-06, a pilot project was launched to provide casino patrons with easier access to responsible gaming information. In partnership with AADAC, the AGLC opened a Responsible Gambling Information Centre in Edmonton's Palace Casino in February 2006, with a second centre subsequently opened at Calgary's Deerfoot Casino.

The centres are an on-site source of information and assistance to gamblers. For example, they provide information about the financial cost of play, house advantage and the Voluntary Self-Exclusion Program. The centres are open and staffed by AADAC-trained counsellors Tuesday to Saturday, from noon to 8:00 pm. Centre staff are also providing awareness and prevention training for casino employees.

New ATM Policy

Planning was underway during 2005-06 for the implementation of a new ATM policy in July 2006. The policy will require ATMs to be a minimum of 15 feet from a VLT installation, as a form of assistance to problem gamblers, who, research has shown, access ATMs twice as often as recreational gamblers. The AGLC has been working with VLT retailers to educate them about the new policy, why it was enacted and how they can comply.

Responsible Gaming Features on VLTs

First introduced in 2003, responsible gaming features (RGFs) are special features incorporated into VLTs to increase responsible gaming awareness among players. These features are:

- A 24-hour clock visible at all times;
- The player's bank displayed in credits and in dollars;
- A pop-up message to alert players after 30, 60 and 90 minutes, asking them if they wish to continue or end the session; and
- An AADAC problem gambling message with a help line number scrolling across the screen.

Research has been undertaken to evaluate the effectiveness of the RGFs in promoting responsible gaming behavior. The research is being conducted in two phases over five years. The first phase involved a field-based study to assess players' reactions to the RGFs and was completed in January 2006. This is the first known gaming study in the world using this type of methodology. Phase One research results can be found on the AGLC web site. In Phase Two, the performance of the RGFs will be evaluated over a two-year time period.

Voluntary Self-Exclusion Program

Through this program, participants can choose to be excluded from entering Alberta casinos for a period of time ranging from six months to three years. Since the program's implementation in 2001, a total of 3,788 people have been enrolled, of whom 1,629 are still active participants.

Fourth Annual Responsible Gaming Awards Program

VLT retailers are publicly recognized for participating in the Responsible Gaming Program. To be eligible for recognition, retailers must complete all four components of the program, including staff viewing an educational video; the proper posting of AGLC signs; making educational materials available to consumers; and completing a survey. During 2005-06, 338 VLT retailers received the award.

VLT Retailers Talk about Responsible Gaming:

- "The Responsible Gaming program is one of great importance. It quickly and easily educates staff on how to deal with problem gamblers and those who may be developing a problem."
- "To me, responsible gaming means I should never reinforce the myths about gambling to my patrons and I should watch my patrons for any excessive repetitive behaviour and I should also treat my patrons with courtesy and respect."
- "Responsible gaming means providing VLT players with support and encouragement if the player looks like he or she needs or wants it."
- "VLTs are provided in our business to the customer as a form of entertainment – keep it responsible. If we feel it is no longer "responsible gambling" we will make every effort to draw them away from the machines and guide them."
- "Responsibility to our customers and the understanding that VLTs are a form of entertainment and to watch that there is no excessive playing that might be affecting the player in a negative way."
- "Respecting people's privacy, while still helping them with their gambling problems. Not encouraging alcohol while gambling and taking time to listen when someone has a problem. Not helping cover up a gambling problem."

Core Business **TWO**

Canadian Partnership for Responsible Gambling

Through the AGLC, Alberta participates in the Canadian Partnership for Responsible Gambling (CPRG), which is made up of representatives from each province, including their regulatory bodies and treatment agencies. The purpose of the partnership is to share information and programs on responsible gambling and best practices.

Gaming Training

The AGLC also sponsors a number of training programs for the gaming industry. Training topics range from how to use equipment to how to promote responsible gaming. Following is a summary of training activities that took place in 2005-06.

Gaming Training Activities 2005-06

| Training Program | Audience | Purpose | # Trained | What's New |
|---|------------------------------|--|--|---|
| Deal Us In | Casino/REC staff | Phase 1 - mandatory awareness training Phase 2 - mandatory training for management and security staff | 90 sessions with 1,529 participants | Enhancements to Phase 2 are under development |
| VLT Responsible Gaming Training | VLT retailer staff | Video on responsible gaming to raise awareness of gambling myths and how not to promote these myths | 2,947 | Evaluation to be conducted during 2006-07 |

Goal Three:

The integrity of Alberta's gaming industry is maintained and gaming policies achieve a balance between choice, social responsibility and economic benefit.

Ensuring Alberta's gaming industry operates with integrity and accountability is the objective of this key measure. A high satisfaction rate with the conduct of the gaming industry indicates that policies and legislation are working well and meeting Albertans' expectations.

Key Measure 3

| | 2005-06 | | 2004-05 | | 2003-04 | 2002-03 | 2001-02 |
|--|---------|--------|---------|--------|---------|---------|---------|

| Percentage of Albertans surveyed who are satisfied with the conduct of legal gaming in Alberta | 70% | 71% | 75% | 74% | 70% | 73% | 69% |

When asked to rate overall satisfaction with how legal gaming is conducted in Alberta, 71 per cent of Albertans surveyed in 2005-06 indicated they were satisfied, slightly less than the 74 per cent the previous year. The percentage of Albertans dissatisfied was 19 per cent, compared to 16 per cent the previous year. The difference is not considered statistically significant. Satisfaction levels for this measure have fluctuated between 69 per cent and 74 per cent since 2001-02. The 2005-06 satisfaction level is not inconsistent with the overall five-year trend.

Albertans are satisfied with how legal gaming is conducted in the province.

Supplemental Information

Respondents were also asked about their satisfaction with Alberta's charitable gaming model, where only licensed charitable and religious organizations are allowed to conduct raffles, casino events, bingos and pull-ticket sales. Some 77 per cent of respondents were satisfied with this model, compared to 80 per cent the previous year. The difference is not statistically significant. (Five-year trend data are not available.)

Respondents were also asked if they purchased or participated in eight different gaming products or activities. Lottery tickets continue to be the most popular gaming product at 67 per cent.

Goal Four:

Albertans are aware of prevention and treatment programs for problem gambling.

The Ministry has a clear mandate to ensure that Alberta's gaming industry operates in a responsible manner. Part of that mandate is to ensure Albertans are aware of prevention and treatment programs for problem gambling.

Keys to Responsible Gambling

1. Understand that gambling involves spending money over time, just like any other form of entertainment.
2. Before playing, determine the amount of time and money that is appropriate for you to spend.
3. Set a budget and stick to it. Always play within your limits.
4. Don't chase your losses. Accept them as a cost of entertainment.
5. Don't use money intended for everyday expenses or borrow money to play games of chance. Only spend what you can afford to lose.
6. Take frequent breaks while playing.

The AGLC's education and awareness campaigns related to problem gambling, conducted in collaboration with AADAC, have been effective. When asked to indicate awareness of prevention and treatment programs for problem gambling, 89 per cent of Albertans surveyed in 2005-06 indicated they were aware of these programs, an increase of six percentage points compared to 83 per cent the previous year.

The increase is possibly due to continuing perseverance by staff to ensure pamphlets and posters are being displayed onsite. In addition, VLT retailers, casino staff and racetrack staff have all been taking the responsible gaming awareness training, and may be more conscientious about displaying materials.

As part of its mandate to ensure Alberta's gaming industry operates with integrity and accountability, the Ministry always strives to balance consumer choice and social responsibility. To carry out these responsibilities, the Ministry regularly monitors emerging trends and issues to determine what, if any, impact they may have on the gaming industry.

Alberta's booming economy has resulted in a strong retail sector. Between 2000 and 2004, Alberta's retail sales increased at an annual average rate of 8.1 per cent, the highest in the country and well above the national average of 4.8 per cent. This growth followed a strong average annual increase of 7.4 per cent between 1996 and 2000. In 2004, retail sales per capita in Alberta were 25 per cent higher than the national average. As a result of solid labour market gains for years, disposable income per capita was more than 16 per cent higher than the national average in 2004, the latest year for which statistics are available.

With increasing numbers of Albertans and more disposable income per capita, leisure activities such as gaming are attracting more participants, as evidenced by increased profits. Gross profit from gaming includes the gross proceeds from VLTs, slot machines, electronic bingo, Keno and ticket lotteries less prizes and leasing costs. In 2005-06, gross profit from gaming increased to \$1,951.6 million, an increase of over 10 per cent compared to \$1,770.7 million the previous year and over the budget of \$1,772.3 million.

Commissions are paid to both gaming operators and charities at licensed casino events. The gaming operator receives a fee for providing services and charities receive slot machine proceeds in return for conducting and managing the casino event. Federal payments include amounts paid to the federal government in lieu of GST on gaming products. In 2005-06, commissions and federal payments were \$440.0 million, compared to \$398.2 million the previous year.

Gaming related operating expenses, at \$122.5 million, were eight per cent higher than \$112.8 million the previous year.

Net revenue from gaming operations was almost \$1.4 billion in 2005-06, compared to almost \$1.3 billion the previous year. These revenues are directed to the Alberta Lottery Fund as required by the *Gaming and Liquor Act*. The funds support thousands of volunteer, public and community-based initiatives throughout Alberta.

The expenses incurred by the core business of \$2.4 million in 2005-06 relate to costs associated primarily with gaming-related policy development in the Department of Gaming. The AGLC bears the costs of regulating, operating and managing and social responsibility activities related to gaming. These costs are reflected in the \$122.5 million cost of gaming operations. A total of \$124.9 million was spent by the Ministry to achieve its goals for Core Business 2.

Core Business Three

The Alberta Lottery Fund benefits Alberta communities.

2005-06 Highlights

The Ministry is responsible through the AGLC for the administration of the Alberta Lottery Fund, including the collection and disbursement of gaming proceeds as directed by the legislature. Gaming revenues result from play on VLTs, slot machines and electronic bingo, as well as ticket lotteries. Aimed at benefiting Alberta communities, the Alberta Lottery Fund supports programs, projects and foundations administered by 14 ministries/offices, including the Department of Gaming.

In 2005-06, the Alberta Lottery Fund had proceeds of over \$1.3 billion and distributed over \$1.2 billion to other ministries and \$164 million to the Department of Gaming. The details of how these funds were used by other ministries/offices are outlined in their annual reports. The details of the use of the Alberta Lottery Fund proceeds by the Department of Gaming are reflected in this annual report.

The Department of Gaming administers various lottery-funded programs that benefit communities, including the Community Facility Enhancement Program (CFEP) and the Community Initiatives Program (CIP).

It takes a Village to Raise a Child

When the Lorelei Beaumaris Community League in North Edmonton started to offer skateboarding lessons, response was 'astronomical', according to the league's president. On the first night there were 20 sets of equipment ready to go, but 40 children showed up empty-handed in this neighbourhood of low-income housing and single-parent families.

When the lessons were offered for a second time, a youngster suspected of vandalism involving the community hall expressed interest in participating. "I told the boy I was offering lessons at \$10 for four lessons, but he had no money", said the president, "I told him to come back the following day, and I would see what I could do."

The boy agreed to volunteer around the hall in exchange for the lessons. When winter came, he wanted to join the skating program, but he didn't have \$25 for membership or a pair of skates. However, he was willing to help out and shoveled walks, set up dances, and volunteered at clean-up day, becoming one of the league's most committed volunteers. The league gave him both equipment and membership.

A Community Initiatives Program (CIP) grant from the Alberta Lottery Fund allowed the community league to help this youngster and others choose a better path. Said the community league president: "We cannot change the parents, but we can change the kids. Let's offer them a chance."

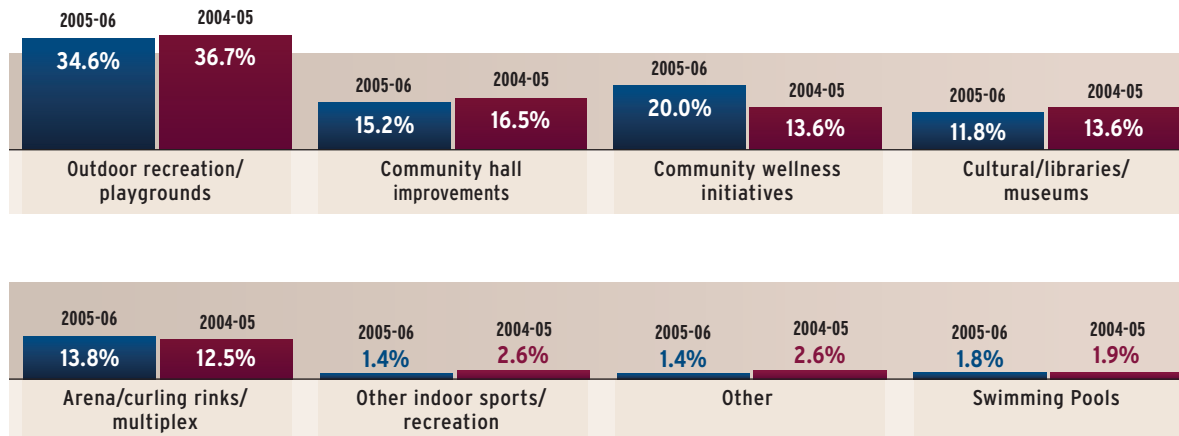

Core Business Three

Community Facility Enhancement Program (CFEP)

The purpose of the CFEP program is to provide financial assistance for the expansion and upgrading of Alberta's extensive network of community-use facilities. CFEP provides matching grants, usually up to \$125,000 per project annually, to eligible registered community non-profit groups, municipalities, First Nations and Métis settlements. CFEP funding in 2005-06 totalled \$38.5 million for a total number of 501 grants.

Community Initiatives Program (CIP)

Through the CIP program, matching grants up to \$75,000 are provided for project-based initiatives in areas such as community services, seniors’ services, libraries, arts and culture, sports, education, health and recreation. CIP is designed to support smaller projects and a broader range of initiatives than CFEP. In 2005-06, two thirds of grants totalling \$30 million were for less than \$20,000. In 2005-06, about 30 per cent of CIP grants were provided for recreation-related projects, enhancing the quality of life in Alberta’s communities.

A Friend to Booklovers in Southeastern Alberta

When their local library needed help, the Shortgrass Library System in Medicine Hat applied for and received a \$75,000 grant from the Alberta Lottery Fund’s Community Initiatives Program (CIP).

The CIP grant allowed Shortgrass to undertake a major upgrade of its integrated library system (computer equipment and software) which will enhance services to all library patrons in southeastern Alberta.

“CIP grants have made the difference between enhancing library services

and just maintaining present services,” says Harold Storlien, Chief Executive Officer of the Shortgrass Library System.

“Major projects require funding from many sources,” Harold adds. “Our CIP grant served as the initial source of funds, which then resulted in other funding agencies contributing to our project.”

Helping create vibrant, sustainable communities through grants from gaming revenues is an ongoing commitment of the Alberta Lottery Fund.

Core Business Three

Other Beneficiaries

Through the Racing Industry Renewal Initiative, the horse racing and breeding industry receive a portion of the proceeds from slot machines at racing entertainment centres (RECs) and the Stampede Casino in Calgary. The funds are used for racetrack operations, capital development, purse enhancements, as well as other purposes documented in Horse Racing Alberta's three-year business plan. Horse Racing Alberta received \$41.6 million in 2005-06.

The net proceeds from electronic bingo at bingo association events flow back to the charities conducting the events. In 2005-06, this was almost \$5 million, up from almost \$3 million the previous year. The First Nations Development Fund is also a lottery-funded program that will benefit all Alberta's First Nations. Since no First Nations casino was in operation during 2005-06, no grant funding was distributed.

In 2005-06, the Alberta Lottery Fund provided \$2.7 million to support seven regional fairs and exhibitions located in Lethbridge, Camrose, Grande Prairie, Lloydminster, Medicine Hat, Olds and Red Deer. The Alberta Lottery Fund also provided over \$10 million each to the Calgary Exhibition and Stampede and Edmonton Northlands. These fairs and exhibitions provide opportunities for agricultural and trade exhibits throughout the province. In addition, \$35 million each was provided to the Calgary Exhibition and Stampede and Edmonton Northlands for upgrades to the Roundup Centre facility in Calgary and a new exhibition facility in Edmonton.

To enable gaming research, \$1.5 million from the Alberta Lottery Fund was provided to the Alberta Gaming Research Institute, a consortium of the University of Alberta, the University of Calgary, and the University of Lethbridge. The main aim of the Institute is to support academic research that can be used to formulate effective public policy. This is achieved through building research capacity at the partner universities, sponsoring specific research initiatives, organizing seminars and conference events, and disseminating information via the library and resource service program and other publication mechanisms, both print and electronic. The Institute sponsors research that falls within four broad domains: bio-physical and healthcare, socio-cultural, economic, and government and industry policy and practice. Fallen Four Memorial Society

Among the Alberta Lottery Fund's many beneficiaries this past year was the Fallen Four Memorial Society in Mayerthorpe. The Lottery Fund provided \$300,000 to help build a memorial park to honor the four RCMP officers who lost their lives in March 2005 protecting their community.

Assistance for World Disasters

Not only does the Alberta Lottery Fund help support vibrant communities in Alberta, it also helps others less fortunate. For example, in October 2005, the Alberta government provided \$5 million to help with Red Cross relief efforts in Pakistan and areas of India and Afghanistan devastated by an earthquake. Alberta also provided \$5 million to help with recovery efforts in the U.S. Gulf Coast region following Hurricane Katrina.

"Albertans have a long history of responding to adversity with courage and compassion," says Gaming Minister Gordon Graydon. "The Alberta Lottery Fund has transcended borders to assist communities elsewhere in the world."

Core Business Three

New Awareness Campaign for the Lottery Fund

On December 13, 2005, a new awareness campaign, called 'Benefiting Your Community Right Now', was launched to inform Albertans about the Alberta Lottery Fund and its many benefits to the province. The campaign involved transit ads in seven communities and ice rink board advertising in 14 communities. Beginning March 2006, Ticketmaster ticket backs also displayed the same message.

The Alberta Lottery Fund is benefiting your community right now. From the arts to sports and recreation to community development, the Alberta Lottery Fund adds to everyone's quality of life each and every day. When you see the Alberta Lottery Fund logo, you'll see funds at work.

Goal Five:

Lottery Funds are effectively managed and support volunteer, public and community-based initiatives.

The Ministry is conscientious in ensuring that the Alberta Lottery Fund is allocated to support volunteer, public and community-based initiatives.

Key Measure 5a

| | 2005-06 | | 2004-05 | | 2003-04 | 2002-03 | 2001-02 |

Year after year, the result for this performance measure is consistently 100 per cent, demonstrating the Ministry's continuing commitment to allocating the Alberta Lottery Fund to support and enrich Alberta's communities. The results for this measure were obtained from the Alberta Lottery Fund Financial Statements in this annual report.

Key Measure 5b

| | 2005-06 | | 2004-05 | | 2003-04 | 2002-03 | 2001-02 |
|--|---------------------------------------|--------|---------------------------------------|--------|---------|---------|---------|

| Percentage of administration costs of lottery-funded programs administered by the Department of Gaming | Less than 2% of program disbursements | 0.71% | Less than 2% of program disbursements | 0.77% | 0.92% | 1.25% | 1.23% |

The Ministry is also committed to keeping the administration costs associated with its lottery-funded programs – such as CFEP, CIP, horse racing industry renewal, bingo associations, major fairs and exhibitions – as low as possible. The performance measure is the ratio of the administration costs to the funds provided through lottery-funded programs. Administration costs include staff salaries, benefits, supplies and service costs.

The results for 2005-06 demonstrate that administration costs were only 0.71 per cent of the total funding provided to these programs, significantly lower than the two per cent target. These costs (expressed as a percentage) have been on a downward trend over the past five years, with costs in 2005-06 decreasing almost 58 per cent since 2001-02.

The data required to report on this measure were obtained from Schedule 4 of the Department of Gaming financial statements included in this Annual Report.

Goal Six:

Albertans are aware of the initiatives supported by the Alberta Lottery Fund.

Albertans have expressed an interest in knowing how the ALF funds are used.

Key Measure 6a

| | Target | Result | Target | Result | Result | Result | Result |
| Percentage of Albertans who are aware that the Alberta Lottery Fund supports volunteer groups, and public and community-based initiatives | 63% | 60% | 48%* | 62% | 72%* | Comparative not available | Comparative not available |

* New methodology was introduced for this performance measure in 2004-05. As a result, historical data are not comparable for 2002-03 and 2001-02. Results for 2003-04 were restated to reflect the new methodology.

Awareness levels have been decreasing. However, the Ministry was able to achieve an awareness level of 60 per cent, despite the influx of newcomers to the province. The current information campaign launched in December 2005 will help enhance awareness levels.

Funding from the Alberta Lottery Fund supports a wide range of community programs and activities across the province. The following key measure addresses the level of satisfaction with how lottery funds are being used.

Key Measure 6b

| | 2005-06 | | 2004-05 | | 2003-04 | 2002-03 | 2001-02 |
|---|---------|--------|---------|--------|---------|---------|---------|

| Percentage of Albertans who are satisfied with how the Alberta Lottery Fund is used | 70% | 72% | 73% | 70% | 68% | 70% | 73% |

Core Business Three

After receiving a description of the Alberta Lottery Fund and how it is used, 72 per cent of respondents were satisfied with how the fund is used. This was higher than the level of satisfaction in the previous three years but one percentage point lower than the level of satisfaction in 2001-02.

Albertans are satisfied with how lottery funds are used.

Supplemental Information

When asked what charitable, non-profit and community-based initiatives should be supported through the Alberta Lottery Fund, respondents indicated the following:

| | 2005-06 Result | 2004-05 Result | 2003-04 Result | 2002-03 Result |
|--------------------------|-------------------|-------------------|-------------------|-------------------|
| Community-based projects | 83% | 88% | 88% | 87% |
| Charitable organizations | 84% | 87% | 87% | 89% |
| Non-profit organizations | 84% | 86% | 83% | 85% |
| Public initiatives | 67% | 78% | 73% | 74% |

Fewer Albertans supported the use of Lottery Fund revenues for public initiatives (67 per cent) compared to the previous year (78 per cent). Also fewer Albertans supported the use of Lottery Fund revenues by non-profit organizations (84 per cent), compared to the previous year (86 per cent). However, the levels of support for these two uses in 2004-05 were higher than in the years prior. During 2003-04, support for non-profit organizations was 83 per cent, similar to 2005-06. While support for public initiatives in 2003-04 was 73 per cent, lower than in 2004-05, the level of support for public initiatives in 2005-06 has dropped further to 67 per cent. These shifts will be closely monitored to determine any trends.

Financial Results for Core Business Three - Alberta Lottery Fund

| Financial Results (millions) | 2005-06 | | 2004-05 |
|---|-----------|-----------|-----------|
| | Budget | Actual | Actual |
| Lottery-funded programs | \$165.4 | \$234.3 | \$192.6 |
| Lottery Fund payments to other ministries | \$1,042.4 | \$1,233.7 | \$1,074.4 |
| Expenses incurred by the core business | \$1,208.3 | \$1,468.4 | \$1,267.3 |

The goal of Core Business Three is to ensure that Alberta communities benefit from the Alberta Lottery Fund. Many communities in the province have used lottery funds to help revitalize their community and enhance residents' quality of life. Albertans clearly have choices in adopting an urban or a rural lifestyle - and those choosing to live in smaller centres have many of the same opportunities now as those in larger centres. The Lottery Fund has helped contribute to an enviable quality of life for all Albertans.

Lottery-funded programs include the grant-funding programs administered by the Department of Gaming and related costs. In 2005-06, \$234.3 million was provided, an increase of 22 per cent over the \$192.6 million in 2004-05 and an increase of 42 per cent over the budgeted amount of \$165.4 million.

Revenues from the Alberta Lottery Fund are allocated to programs in 13 other ministries/offices, in addition to Gaming's grant programs. Lottery fund payments to these other ministries/offices were \$1,233.7 million, compared to \$1,074.4 million the previous year, an increase of 15 per cent reflecting increased gaming revenues. Information on how the other ministries/offices used the lottery funds can be found in their respective annual reports.

The expenses incurred by the core business of \$1.5 billion in 2005-06 include Gaming's lottery-funded programs and lottery fund payments to other ministries, as well as the costs of associated policy development and communications activities.

Helping Troubled Children in Calgary

All too frequently the children who come to Hull Child and Family Services feel helpless and believe their futures are hopeless; many are suicidal. Often they are society's disposable kids. Fortunately, Hull is there to help and Community Initiative Program (CIP) grants from the Alberta Lottery Fund help Hull.

Since 1962, Hull Child and Family Services has been serving Calgary's most severely disturbed and tragically abused kids. Beginning first as an agency offering residential treatment, Hull's focus was expanded to include home-based services such as in-home support and supported foster care. Today Hull provides an integrated continuum of services including specialized therapy, counselling and education. The agency helps children, youth, young adults and families who experience emotional and psychological disorders, behavioural problems, learning disabilities, mental illness, developmental delay, neglect and abuse, and family breakdown.

"I believe Hull is very fortunate to have access to CFEP and CIP grants from the Alberta Lottery Fund," says Lou Zaganelli, Director of Resource Development. "These dollars are critical to our efforts to provide services and resources to our special needs and at-risk kids and families."

The grants have helped Hull provide basic accommodation, specialized treatment facilities, park and recreation resources, vehicles and much more; the lives of many, many at-risk children and youth have been enhanced through these grants.

Funding for capital and program opportunities is always a challenge for non-profit agencies. The Alberta government tries to maximize the benefit of its funding through a matching commitment requirement.

"The matching commitment inspires and motivates other donors to contribute," Lou notes. "Bouquets to the Alberta Government for having the foresight and commitment to establish and maintain this program of funding support - it's vital to our survival, well-being and delivery of quality care."

Lou also has bouquets for his contact at the Ministry. "I believe that the province and the not-for-profit agencies in Southern Alberta are blessed to have Helen Wilson manage the administration of funds; she is very competent, thorough, responsive, respectful, helpful and a lovely person."

People who enjoy gaming don't always think about where their entertainment dollars go when they don't win the jackpot. Helping groups like Hull is a pretty good consolation prize.

Auditor's Report

To the Members of the Legislative Assembly

I have audited the consolidated statement of financial position of the Ministry of Gaming as at March 31, 2006 and the consolidated statements of operations and cash flows for the year then ended.

These financial statements are the responsibility of the Ministry's management.

My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Ministry as at March 31, 2006 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Ministry of Gaming

Notes to the Consolidated Financial Statements

MARCH 31, 2006

Note 1 Authority And Purpose

The Minister of Gaming (Minister) has, by the *Government Organization Act* and its regulations, been designated responsible for various Acts. To fulfill these responsibilities, the Minister is responsible for the organizations listed in Note 2(A). The authority under which each organization operates is also listed in Note 2(A). Together these organizations form the Ministry of Gaming (Ministry).

The purpose of the Ministry is to administer the Alberta Lottery Fund; to license, regulate and monitor liquor and gaming activities, as well as certain aspects of tobacco sales; to develop and communicate provincial gaming and liquor policy; and to administer certain lottery-funded programs.

Note 2 Summary Of Significant Accounting Policies And Reporting Practices

The recommendations of the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants are the primary source for the disclosed basis of accounting. These consolidated financial statements are prepared in accordance with the following accounting policies that have been established by government for all ministries.

(A) REPORTING ENTITY

The reporting entity is the Ministry of Gaming. The *Government Accountability Act* defines a Ministry as including the Department and any Provincial agency and Crown-controlled organization for which the Minister is responsible. These consolidated financial statements include the accounts of the Department of Gaming (*Government Organization Act*), the Lottery Fund (*Gaming and Liquor Act*), and the Alberta Gaming and Liquor Commission (*Gaming and Liquor Act*).

All departments of the Government of Alberta operate within the General Revenue Fund (the Fund). The Fund is administered by the Minister of Finance. All cash receipts of departments are deposited into the Fund and all cash disbursements made by departments are paid from the Fund. Net transfer to General Revenues is the difference between all cash receipts and all cash disbursements made.

(B) BASIS OF CONSOLIDATION

The accounts of the Department and the Lottery Fund have been consolidated. Revenue and expense transactions, investing and financing transactions, and related asset and liability accounts between the consolidated organizations are eliminated upon consolidation.

The accounts of the Alberta Gaming and Liquor Commission, which is designated as a commercial enterprise, are reported on the modified equity basis, the equity being computed in accordance with Canadian generally accepted accounting principles.

(Note 2 continued)

(C) BASIS OF FINANCIAL REPORTING

Revenues

All revenues are reported on the accrual basis of accounting.

Expenses

Directly incurred

Directly incurred expenses are those costs the Ministry has primary responsibility and accountability for, as reflected in the Government's budget documents.

In addition to program operating expenses like salaries, supplies, etc., directly incurred expenses also include:

- pension costs, which comprise the cost of employer contributions for current service of employees during the year.
- valuation adjustments, represent the change in management's estimate of future payments arising from obligations relating to vacation pay and overtime.

Grants provided through the Lottery Funded Programs are recognized as an expense when the eligibility criteria for the grant program have been met and the application has been approved by the Minister or his designate.

Incurring by others

Services contributed by other entities in support of the Ministry operations are disclosed in Schedule 5.

Assets

Financial assets of the Ministry are limited to financial claims, such as advances to and receivables from other organizations, employees and other individuals.

Liabilities

Liabilities represent all financial claims payable by the Ministry at fiscal year end.

Net assets

Net assets represent the difference between the carrying value of assets held by the Ministry and its liabilities.

Valuation of financial assets and liabilities

Fair value is the amount of consideration agreed upon in an arm's length transaction between knowledgeable, willing parties who are under no compulsion to act.

The fair values of cash, accounts receivable and accrued interest, and accounts payable and accrued liabilities are estimated to approximate their carrying values.

Notes to the Consolidated Financial Statements

MARCH 31, 2006

Note 3 Cash

Cash consists of deposits in the Consolidated Cash Investment Trust Fund (CCITF) of the Province of Alberta. The CCITF is managed with the objective of providing competitive interest income to depositors while maintaining appropriate security and liquidity of depositors' capital. The portfolio is comprised of high quality, short-term and mid-term fixed income securities with a maximum term to maturity of three years. As at March 31, 2006, securities held by the CCITF have an average effective market yield of 3.96% per annum (March 31, 2005: 2.79% per annum).

Note 4 Equity In Alberta Gaming And Liquor Commission (AGLC)

| Equity in AGLC, end of year | \$ 262,476 | \$ 212,557 |

Note 5 Budget

The budget amounts, shown on the Statement of Operations, agree with the 2005-06 amounts for the Ministry of Gaming included in the Government and Lottery Fund Estimates that were approved under the *Appropriation Act* on June 2, 2005.

Ministry of Gaming

Notes to the Consolidated Financial Statements

MARCH 31, 2006

Note 6 Commitments

(thousands of dollars)

As at March 31, 2006, the Ministry has commitments for leased properties ranging from one to 26 years. Most of these properties have been subleased to third parties. The Ministry remains liable for the leases should the sublessors default on their obligations to the Ministry.

| | | |
|-------------|----|--------|
| 2006 - 2007 | \$ | 1,972 |
| 2007 - 2008 | | 1,801 |
| 2008 - 2009 | | 1,274 |

| 2010 - 2011 | | 928 |
| Thereafter | | 3,223 |
| | \$ | 10,306 |

Estimated future revenues to be derived from subleases amount to \$5.9 million at March 31, 2006. Provision for loss has been made where the payments to be received on the subleases are less than the lease payments to be made.

The Ministry also has commitments for grants to various organizations ranging from one to eight years. The estimated payment requirements for each of the next five years and thereafter are:

| | | |
|-------------|----|---------|
| 2006 - 2007 | \$ | 29,660 |
| 2007 - 2008 | | 26,660 |

| Thereafter | | 1,500 |
| | \$ | 126,750 |

Ministry of Gaming

Notes to the Consolidated Financial Statements

MARCH 31, 2006

Note 7 Contingent Liabilities

For transactions to March 31, 2006, the Ministry is a defendant in eight legal claims (2005 - eleven legal claims). These claims have specified amounts totaling \$143 million (2005 - nine claims with a specified amount of \$140 million and two with no specified amount). Included in this total are three claims amounting to \$103 million, in which the Ministry has been jointly named with others. The resulting loss, if any, from these claims cannot be determined.

The Ministry has a contingent liability in respect of a claim concerning the methodology used to calculate pension benefit payments under the Public Service Pension Plan (PSPP). The claim has been filed jointly and severally against the Province of Alberta and the employers participating in the PSPP. The claim specified an amount of \$1.25 billion.

Note 8 Defined Benefit Plans

(thousands of dollars)

The Ministry participates in the multi-employer pension plans, Management Employees Pension Plan and Public Service Pension Plan. The Ministry also participates in the multi-employer Supplementary Retirement Plan for Public Service Managers. The expense for these pension plans is equivalent to the annual contributions of \$2,760 for the year ended March 31, 2006 (2005 - \$2,232). In addition, the Ministry contributes to the Western Canada Lottery Corporation (WCLC) Pension Plan. The Ministry's portion of the WCLC pension expense is \$270 for the year ended March 31, 2006 (2005 - \$215).

At December 31, 2005, the Management Employees Pension Plan reported a deficiency of \$165,895 (2004 - deficiency \$268,101) and the Public Service Pension Plan reported a deficiency of \$187,704 (2004 - deficiency \$450,068). At December 31, 2005, the Supplementary Retirement Plan for Public Service Managers had a surplus of \$10,018 (2004 - surplus \$9,404). The Ministry's portion of the WCLC deficiency as at March 31, 2006 is \$1,022 (2005 - deficiency \$26).

The Ministry also participates in two multi-employer Long Term Disability Income Continuance Plans. At March 31, 2006 the Bargaining Unit Plan reported an actuarial deficiency of \$8,699 (2005 - deficiency \$11,817) and the Management, Opted Out and Excluded Plan an actuarial surplus of \$8,309 (2005 - surplus \$3,208). The expense for these two plans is limited to the employer's annual contributions for the year.

Related Party Transactions

SCHEDULE 4 (thousands of dollars)

Related parties are those entities consolidated or accounted for on a modified equity basis in the Province of Alberta's financial statements. Related parties also include management in the Ministry.

The Ministry and its employees paid or collected certain taxes and fees set by regulation for permits, licences and other charges. These amounts were incurred in the normal course of business, reflect charges applicable to all users, and have been excluded from this schedule.

The Ministry had the following transactions with related parties recorded in the Statement of Operations at the amount of consideration agreed upon between the related parties:

| Year ended March 31 | Other Entities | |

**DEPARTMENT
OF GAMING**

Auditor's Report

To the Minister of Gaming

I have audited the statement of financial position of the Department of Gaming as at March 31, 2006 and the statements of operations and cash flows for the year then ended. These financial statements are the responsibility of the Department's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Department as at March 31, 2006 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Department of Gaming

Notes to the Financial Statements

MARCH 31, 2006

Note 1 Authority And Purpose

The Department of Gaming (Department) operates under the authority of the *Government Organization Act*, Chapter G-10, Revised Statutes of Alberta 2000.

The purpose of the Department is to develop and communicate provincial gaming and liquor policy and to administer certain lottery-funded programs.

Note 2 Summary Of Significant Accounting Policies And Reporting Practices

The recommendations of the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants are the primary source for the disclosed basis of accounting. These financial statements are prepared in accordance with the following accounting policies that have been established by government for all departments.

(A) REPORTING ENTITY

The reporting entity is the Department of Gaming, which is part of the Ministry of Gaming (Ministry) and for which the Minister of Gaming (Minister) is accountable. The Minister is also responsible for the Alberta Gaming and Liquor Commission and the Lottery Fund, but their activities are not included in these financial statements. The Ministry Annual Report provides a more comprehensive accounting of the financial position and results of the Ministry's operations for which the Minister is accountable.

All departments of the Government of Alberta operate within the General Revenue Fund (the Fund). The Fund is administered by the Minister of Finance. All cash receipts of departments are deposited into the Fund and all cash disbursements made by departments are paid from the Fund. Net transfer to General Revenues is the difference between all cash receipts and all cash disbursements made.

(B) BASIS OF FINANCIAL REPORTING

Revenues

All revenues are reported on the accrual basis of accounting.

Internal government transfers

Internal government transfers are transfers between entities within the government reporting entity where the entity making the transfer does not receive any goods or services directly in return.

Grants provided through the Lottery Funded Programs are recognized as an expense when the eligibility criteria for the grant program have been met and the application has been approved by the Minister or his designate.

Incurring by others

Services contributed by other entities in support of the Department operations are disclosed in Schedule 7.

Assets

Financial assets of the Department are limited to financial claims, such as receivables from other organizations.

Liabilities

Liabilities represent all financial claims payable by the Department at fiscal year end.

Net assets

Net assets represent the difference between the carrying value of assets held by the Department and its liabilities.

Valuation of financial assets and liabilities

Fair value is the amount of consideration agreed upon in an arm's length transaction between knowledgeable, willing parties who are under no compulsion to act.

The fair values of accounts receivable, and accounts payable and accrued liabilities are estimated to approximate their carrying values.

Notes to the Financial Statements

MARCH 31, 2006

Note 3 Accounts Receivable

Amounts are due from the Alberta Gaming and Liquor Commission and the Lottery Fund and are unsecured and non-interest bearing. The full amount of the receivable is considered collectible.

Note 4 Budget

The budget amounts, shown on the Statement of Operations, agree with the 2005-06 amounts for the Department of Gaming included in the Government and Lottery Fund Estimates that were approved under the *Appropriation Act* on June 2, 2005.

Note 5 Commitments

(thousands of dollars)

As of March 31, 2006, the Department has commitments for grants to various organizations ranging from one to eight years. The estimated payment requirements for each of the next five years and thereafter are:

Department of Gaming

Notes to the Financial Statements

MARCH 31, 2006

Note 6 Contingent Liabilities

For transactions to March 31, 2006, the Department is a defendant in three legal claims (2005 - two legal claims). These claims have specified amounts totaling \$124 million (2005 - \$121 million). In all of these claims, the Department has been jointly named with others. The resulting loss, if any, from these claims cannot be determined.

Note 7 Defined Benefit Plans

(thousands of dollars)

The Department participates in the multi-employer pension plans, Management Employees Pension Plan and Public Service Pension Plan. The Department also participates in the multi-employer Supplementary Retirement Plan for Public Service Managers. The expense for these pension plans is equivalent to the annual contributions of \$296 for the year ended March 31, 2006 (2005 - \$215).

At December 31, 2005 the Management Employees Pension Plan reported a deficiency of \$165,895 (2004 - deficiency \$268,101) and the Public Service Pension Plan reported a deficiency of \$187,704 (2004 - deficiency \$450,068). At December 31, 2005, the Supplementary Retirement Plan for Public Service Managers had a surplus of \$10,018 (2004 - surplus \$9,404).

The Department also participates in two multi-employer Long Term Disability Income Continuance Plans. At March 31, 2006 the Bargaining Unit Plan reported an actuarial deficiency of \$8,699 (2005 - deficiency \$11,817) and the Management, Opted Out and Excluded Plan an actuarial surplus of \$8,309 (2005 - surplus \$3,208). The expense for these two plans is limited to the employer's annual contributions for the year.

Related Party Transactions

SCHEDULE 6 (thousands of dollars)

Related parties are those entities consolidated or accounted for on a modified equity basis in the Province of Alberta's financial statements. Related parties also include management in the Department.

The Department and its employees paid or collected certain taxes and fees set by regulation for permits, licences and other charges. These amounts were incurred in the normal course of business, reflect charges applicable to all users, and have been excluded from this Schedule.

The Department had the following transactions with related parties recorded in the Statement of Operations and the Statement of Financial Position at the amount of consideration agreed upon between related parties:

Auditor's Report

To the Members of the Alberta Gaming and Liquor Commission

I have audited the balance sheet of the Alberta Gaming and Liquor Commission as at March 31, 2006 and the statements of operations and cash flows for the year then ended. These financial statements are the responsibility of the Commission's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Commission as at March 31, 2006 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Alberta Gaming and Liquor Commission

Notes to the Financial Statements

MARCH 31, 2006

Note 1

Authority And Purpose

The Alberta Gaming and Liquor Commission (the Commission) operates under the authority of the *Gaming and Liquor Act*, Chapter G-1, Revised Statutes of Alberta 2000.

The Commission conducts and manages provincial lotteries, carries out functions respecting gaming under the *Criminal Code* (Canada), and controls, in accordance with legislation, the manufacture, importation, sale and purchase of liquor for the Government of Alberta.

Amendments to the *Gaming and Liquor Act*, proclaimed June 24, 2002, allow the Commission to deduct operating expenses from the remittances to the Alberta Lottery Fund and General Revenues. The net proceeds, after the deduction of related operating expenses, arising from the conduct of authorized gaming terminal, video lottery, ticket lottery and electronic bingo in Alberta are remittable to the Alberta Lottery Fund. The net proceeds, after the deduction of related operating expenses, of liquor operations and other income are remittable to General Revenues.

Under the *Excise Tax Act* and Games of Chance (GST/HST) Regulations, the Commission is required to pay GST and Federal Tax on gaming operations. However, the Commission as a Crown agent of the Government of Alberta, has a tax-exempt status for its liquor and regulatory operations.

Note 2 Significant Accounting Policies And Reporting Practices

These financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles applied on a consistent basis. The preparation of financial statements for a period necessarily involves the use of estimates. Actual results could differ from those estimates. These financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below.

JOINT VENTURE

Alberta's share of the operations of the Western Canada Lottery Corporation is accounted for as a joint venture using the proportionate consolidation method.

INVENTORIES

Supplies inventories are valued at weighted average cost which is not in excess of net replacement value.

Liquor inventory held on behalf of liquor suppliers or agents, and related duties and taxes, are not recorded in the financial statements.

VALUATION OF FINANCIAL ASSETS AND LIABILITIES

Fair value is the amount of consideration agreed upon in an arm's length transaction between knowledgeable, willing parties who are under no compulsion to act.

The fair values of accounts receivable, accounts payable and accrued liabilities are estimated to approximate their carrying values.

PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at cost less accumulated amortization. Amortization is calculated on the straight-line method at annual rates which will reduce the original cost to estimated residual value over the useful lives of the assets, as follows:

| | |
|--------------------------------------|-----------------------------|
| Buildings and leasehold improvements | 2.5% or 10% (or lease term) |
| Gaming systems and equipment | 10% or 33 1/3% |
| Video lottery and gaming terminals | 14.3% |
| Furniture and equipment | 10% or 20% |
| Retailer fixtures and signage | 20% |
| Computer software | 33 1/3% |
| Vehicles | 20% or 33 1/3% |

Property, plant and equipment are not amortized until the assets are put into use.

Alberta Gaming and Liquor Commission

Notes to the Financial Statements

MARCH 31, 2006

(Note 2 continued)

PENSIONS

The Commission participates in multi-employer pension plans with related government entities.

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year and additional employer contributions for service related to prior years.

REVENUE AND EXPENSE RECOGNITION

Revenue from gaming terminals, video lottery terminals and electronic bingo is recognized at the time that play has been completed and all machine credits have been played or converted to cash. Prizes, commissions and federal payments related to gaming terminals, video lottery terminals and electronic bingo are recognized on the same basis as the related revenues.

On-line ticket lottery revenues are recognized at the date of the draw with instant ticket revenues being recognized at the date activated for sale by the retailer. Prizes, commissions and federal payments relating to ticket revenues are recognized on the same basis as the related revenues.

Revenue from the sale of liquor is recognized when goods are shipped and title has passed to the customer. Revenue received in advance of shipment is deferred and recognized when goods are shipped and title has passed to the customer. Cost of product sold related to liquor is recognized on the same basis as the related revenues.

ALLOCATION OF OPERATING EXPENSES

Operating expenses are allocated against provincial lottery revenue or liquor and other revenue, based on the nature of the expense.

Note 3 Cash

Cash consists of deposits in the Consolidated Cash Investment Trust Fund (CCITF) of the Province of Alberta. The CCITF is managed with the objective of providing competitive interest income to depositors while maintaining appropriate security and liquidity of depositors' capital. The portfolio is comprised of high quality, short-term and mid-term fixed income securities with a maximum term to maturity of three years. As at March 31, 2006, securities held by the Fund have an average effective market yield of 3.96% per annum (March 31, 2005: 2.79% per annum). Due to the short-term nature of CCITF investments, the carrying value approximates fair value.

Note 6 Defined Benefit Plans

(thousands of dollars)

The Commission participates in the multi-employer pension plans, Management Employees Pension Plan and Public Service Pension Plan. The Commission also participates in the multi-employer Supplementary Retirement Plan for Public Service Managers. The expense for these pension plans is equivalent to the annual contributions of \$2,464 for the year ended March 31, 2006 (2005 - \$2,017). The Commission's portion of the Western Canada Lottery Corporation pension expense is \$270 for the year ended March 31, 2006 (2005 - \$215).

At December 31, 2005, the Management Employees Pension Plan reported a deficiency of \$165,895 (2004 - \$268,101) and the Public Service Pension Plan reported a deficiency of \$187,704 (2004 - \$450,068). At December 31, 2005, the Supplementary Retirement Plan for Public Service Managers had a surplus of \$10,018 (2004 - \$9,404). The Commission's portion of the Western Canada Lottery Corporation deficiency as at March 31, 2006 is \$1,022 (2005 - \$26).

Note 13 Commitments

(thousands of dollars)

The Commission has a number of lease obligations, including regional offices, gaming warehouses and former retail liquor stores that operate under lease arrangements with terms ranging from one to 26 years. Most of these former properties have been subleased to third parties. The Commission remains liable for the leases should the sublessor default on their obligations to the Commission. The Commission's future minimum lease payments, including its proportionate share of the Western Canada Lottery Corporation commitments, is summarized as follows:

| | | | |
|--------|-------------------|-----------|---------------|
| Fiscal | 2006-07 | \$ | 1,972 |
| | 2007-08 | | 1,801 |
| | 2008-09 | | 1,274 |

| | 2010-11 | | 928 |
| | Balance to expiry | | 3,223 |
| | | \$ | 10,306 |

Estimated future revenues to be derived from subleases amount to \$5.9 million at March 31, 2006. Provision for loss on leased properties has been made where the payments to be received on the sub-leases are less than the lease payments to be made.

Note 14 Contingencies

For transactions to March 31, 2006 the Commission is a defendant in 8 legal claims (2005 - 11 legal claims) having specified amounts totaling \$143 million (2005 - 9 claims with specified amounts totaling \$140 million, and 2 with no specified amount). Included in the total claims are 5 claims in which the Commission has been jointly named with other entities.

The Commission has a contingent liability in respect of a claim concerning the methodology used to calculate pension benefit payments under the Public Service Pension Plan (PSPP). The claim has been filed jointly and severally against the Province of Alberta and the employers participating in the PSPP. The claim specified an amount of \$1.25 billion.

The resulting loss, if any, from these claims cannot be determined.

LOTTERY FUND

Auditor's Report

To the Members of the Alberta Gaming and Liquor Commission

I have audited the balance sheet of the Lottery Fund as at March 31, 2006 and the statement of revenue, expenditure and fund equity for the year then ended. These financial statements are the responsibility of the management of the Lottery Fund. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Lottery Fund as at March 31, 2006 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Alberta Lottery Fund

Notes to the Financial Statements

MARCH 31, 2006

Note 1 Authority And Purpose

The Lottery Fund is administered by the Alberta Gaming and Liquor Commission under the *Gaming and Liquor Act*, Chapter G-1, Revised Statutes of Alberta 2000. The Lottery Fund receives the proceeds from lottery operations (see Note 6) and makes payments therefrom in the public interest in order to support thousands of volunteer, public and community-based initiatives.

The *Appropriation Act*, 2005 authorized payments from the Lottery Fund as approved in the 2005-2006 Estimates, and provided for flexibility in the amount applied from the Lottery Fund towards Contingency Allowance / Alberta Sustainability Fund so that the net revenue of the Lottery Fund would be zero at the year ended March 31, 2006.

The accountability and utilization of Lottery Fund amounts transferred to entities within the Government of Alberta may be determined and confirmed by referencing the respective departmental financial statements.

Note 2 Significant Accounting Policies

CASH FLOWS

A statement of cash flows is not provided as disclosure in these financial statements is considered to be adequate.

VALUATION OF FINANCIAL ASSETS AND LIABILITIES

Fair value is the amount of consideration agreed upon in an arm's length transaction between knowledgeable, willing parties who are under no compulsion to act.

The fair values of accounts receivable and accounts payable are estimated to approximate their carrying values.

Alberta Lottery Fund

Notes to the Financial Statements

MARCH 31, 2006

Note 3 Cash

Cash consists of deposits in the Consolidated Cash Investment Trust Fund (CCITF) of the Province of Alberta. The CCITF is managed with the objective of providing competitive interest income to depositors while maintaining appropriate security and liquidity of depositors' capital. The portfolio is comprised of high quality, short-term and mid-term fixed income securities with a maximum term to maturity of three years. As at March 31, 2006, securities held by the Fund have an average effective market yield of 3.96% per annum (March 31, 2005: 2.79% per annum). Due to the short-term nature of CCITF investments, the carrying value approximates fair value.

Note 4 Due From The Alberta Liquor And Gaming Commission

⁴ The Public Sector Accounting Board of the Canadian Institute of Chartered Accountants has issued standards that require controlled entities to be fully consolidated line-by-line. In a transitional period to March 31, 2008, the Ministry is permitted to use the modified equity method of accounting. Under the modified equity method, the controlled entities' net assets and operating results would be included in one line on the Ministry's consolidated statements of financial position and operations, respectively. The Ministry has not yet included the financial statements of these controlled entities. In the transitional period, the government will assess when and how to include these controlled entities in the Ministry's consolidated financial statements. The financial results of these controlled entities are included in the consolidated financial statements of the Province of Alberta for the year ended March 31, 2006 on a modified equity basis.
