Trends and Outlook

According to Statistics Canada’s National Economic Accounts, the Retail Trade industry accounted for 5.2% of Alberta’s Gross Domestic Product in 2010, up from 3.9% in 2000. This industry was the largest employer and its share of Alberta’s total employment was 11.5% in 2010, down from 11.7% in 2000.

Employment in 2010 was virtually unchanged from its level in 2009. Over the last ten years, employment increased from 185,800 people in 2000 to 231,500 people in 2010.

According to Alberta Occupational Demand Outlook 2011-2015, employment growth in the Cashiers; and Retail salesperson and sales clerk occupations is expected to be less than 2.7%, the average for all occupations. Growth in other occupations within this industry is expected to be above this average.

* Percentages may not add up to 100 due to rounding.

** Both Wholesale and Retail Trade are included.

Note: Statistics Canada’s survey methodology for determining establishment size differs from the one it uses in the Labour Force Survey to determine total employment. As a result, the total number of employees by establishment size will not be the same as total employment in the combined industry, except by coincidence.
