\* Counts of vehicles are determined by the general body styles of vehicles as collected on registration files and do not separate into sub-categories by vehicle operations or weight-related parameters.

(1) This count includes motorcycles for highway use, and excludes off-highway motorcycles and dirt bikes.

(2) Includes all categories and/or body types considered part of the specified style.

(3) This count includes farm vehicles.

(4) Total motorized vehicles by body style provides a count of all vehicles which could be driven on a highway bearing valid licence plates as of March 31 that year. The count excludes vehicles using dealer plates, off-highway vehicles, and trailers.

(8) Disabled placards are registered to individuals to be used with any transporting vehicle which must be properly registered and be issued valid licence plates.

(9) Antique vehicles are vintage vehicles twenty-five (25) years or older. Antique plates may be used for parade and show purposes and they are not allowed for regular highway use without additional passenger registration and regular plates. Antique vehicles are included in the total count of motorized vehicles in this report. Prior to 2005, they were counted separately in other registrations.

(10) Dealer plates are issued to motordealers and service garages for temporary use on any vehicle for demonstrations and test drives or movement to and from repair facilities.

(11) The grand total of registrations reflects all the legislated certificates issued by Alberta Registries that are in effect as of March 31 in that reporting year.
