\* Counts of vehicles are determined by the general body styles of vehicles as collected on registration files and do not separate into sub-categories by vehicle operations or weight-related parameters.

(1) This count includes motorcycles for highway use, and excludes off-highway motorcycles and dirt bikes.

(2) Includes all categories and/or body types considered part of the specified style.

(3) This count includes farm vehicles.

(4) Total motorized vehicles by body style provides a count of all vehicles which could be driven on a highway bearing valid licence plates as of March 31 that year. The count excludes vehicles using dealer plates, off-highway vehicles, and trailers.

(11) The grand total of registrations reflects all the legislated certificates issued by Alberta Registries that are in effect as of March 31 in that reporting year.
