COVID-19 INFORMATION

COVID-19 ALBERTA HEALTH DAILY CHECKLIST
(FOR ADULTS 18 YEARS AND OLDER)

Overview
This tool's purpose is to support Albertans in protecting others and reducing the risk of transmission of COVID-19. Adults 18 years and older can complete this checklist every day to self-monitor for symptoms of COVID-19.

If you have traveled outside Canada in the last 14 days, follow the Government of Canada Travel, Testing, Quarantine and Borders instructions, including any requirements for exempt travelers related to attending high-risk environments.

If within the last 10 days, you have been notified by Public Health that you are a case\(^1\) of COVID-19, you are required to isolate as per Public Health instructions.

Screening Questions for Adults 18 Years and Older:

<table>
<thead>
<tr>
<th>1. Have you been a household contact of a case(^1) of COVID-19 in the last 14 days?</th>
<th>YES</th>
<th>NO</th>
</tr>
</thead>
<tbody>
<tr>
<td>A household contact: a person who lives in the same residence as the case OR who has been in frequent, long-duration, close-range interaction with a case of COVID-19. For example, someone who is a caregiver or an intimate or sexual partner of a COVID-19 case.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

If you answered “YES” AND you are NOT fully immunized\(^2\):
- You should stay home for 14 days from the last day of exposure and monitor for symptoms. If you have symptoms, proceed to question 2.

If you answered “NO” to question 1, proceed to question 2

---

\(^1\) A lab-confirmed case OR a probable case as defined in the Alberta COVID-19 Notifiable Disease Guideline

\(^2\) A person who has received the complete vaccine series for COVID-19 and it has been 14 days after the second dose in a two-dose series
2. **Do you have any new onset (or worsening) of the following symptoms:**

<table>
<thead>
<tr>
<th>Symptom</th>
<th>YES</th>
<th>NO</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fever</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Cough</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Shortness of breath</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Runny nose</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Sore throat</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Chills</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Painful swallowing</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Nasal congestion</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Feeling unwell / fatigued</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Nausea / vomiting / diarrhea</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Unexplained loss of appetite</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Loss of sense of taste or smell</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Muscle / joint aches</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Headache</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Conjunctivitis (commonly known as pink eye)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**If you answered “YES” to any symptom:**
- Stay home.
- Use the [AHS Online Assessment Tool](http://www.ahs.ca) or call Health Link 811 to arrange for testing and to receive additional information on isolation.

If you have fever, cough, shortness of breath, runny nose, sore throat or loss of sense of taste or smell you are required to isolate for 10 days as per the current [CMOH Order](http://www.gov.ab.ca) OR receive a negative COVID-19 test and feel better before returning to activities.

**If you answered “NO”:**
- You may attend work, school, and/or other activities.
**COVID-19 INFORMATION**

**COVID-19 ALBERTA HEALTH DAILY CHECKLIST**  
*(FOR CHILDREN UNDER 18)*

**Overview**

This checklist applies for all children, as well as all students who attend kindergarten through Grade 12, including high school students over 18. Children should be screened every day by completing this checklist before going to school, childcare or other activities. Children may need a parent or guardian to assist them to complete this screening tool.

If your child has traveled outside Canada in the last 14 days, follow the [Government of Canada Travel, Testing, Quarantine and Borders](https://www.canada.ca/en/health-canada/services/foreign-travel/travel-health-information/health-advice-trips.html) instructions, including any requirements for exempt travelers related to attending high-risk environments.

If within the last 10 days, your child has been notified by Public Health that they are a case3 of COVID-19, they are required to isolate as per Public Health instructions.

<table>
<thead>
<tr>
<th>Screening Questions for Children under 18:</th>
</tr>
</thead>
</table>
| **1.** Has your child been a household contact of a case2 of COVID-19 in the last 14 days?  
A household contact: a person who lives in the same residence as the case OR who has been in frequent, long-duration, close-range interaction with a case of COVID-19.  
For example, siblings, someone who slept over, or someone who provided direct physical care to the child. | YES | NO |
| **If the answer is “YES” AND they are NOT fully immunized4:**  
- Child should stay home and NOT attend school, childcare and/or other activities for 14 days from the last day of exposure and monitor for symptoms. If your child has symptoms, proceed to question 2. | |
| **2.** Does the child have any new onset (or worsening) of the following core symptoms: | YES | NO |
| **Fever**  
Temperature of 38 degrees Celsius or higher | |
| **Cough**  
Continuous, more than usual, not related to other known causes or conditions such as asthma | YES | NO |
| **Shortness of breath**  
Continuous, unable to breathe deeply, not related to other known causes or conditions such as asthma | YES | NO |
| **Loss of sense of smell or taste**  
Not related to other known causes or conditions like allergies or neurological disorders | YES | NO |
| **If the answer is “YES” to any symptom in question 2:**  
- The child is required to isolate for 10 days from onset of symptoms as per the current CMOH Order OR receive a negative COVID-19 test and feel better before returning to activities.  
- Use the [AHS Online Assessment Tool](https://www.ahs.ca) or call Health Link 811 to arrange for testing and to receive additional information on isolation. | |
| **If the answer is “NO” to all of the symptoms in question 2, proceed to question 3.** | |

<thead>
<tr>
<th>3.</th>
<th>Does the child have any new onset (or worsening) of the following other symptoms:</th>
</tr>
</thead>
</table>
| **Chills**  
Without fever, not related to being outside in cold weather | YES NO |
| **Sore throat/painful swallowing**  
Not related to other known causes/conditions, such as seasonal allergies or reflux | YES NO |
| **Runny nose/congestion**  
Not related to other known causes/conditions, such as seasonal allergies or being outside in cold weather | YES NO |
| **Feeling unwell/fatigued**  
Lack of energy, poor feeding in infants, not related to other known causes or conditions, such as depression, insomnia, thyroid dysfunction or sudden injury | YES NO |
| **Nausea, vomiting and/or diarrhea**  
Not related to other known causes/conditions, such as anxiety, medication or irritable bowel syndrome | YES NO |
| **Unexplained loss of appetite**  
Not related to other known causes/conditions, such as anxiety or medication | YES NO |
| **Muscle/joint aches**  
Not related to other known causes/conditions, such as arthritis or injury | YES NO |
| **Headache**  
Not related to other known causes/conditions, such as tension-type headaches or chronic migraines | YES NO |
| **Conjunctivitis** (commonly known as pink eye) | YES NO |

If the answer is “YES” to ONE symptom in question 3:
- Keep your child home and monitor for 24 hours.
- If their symptom is improving after 24 hours, they can return to school and activities when they feel well enough to go. Testing is not necessary.
- If the symptom does not improve or worsens after 24 hours (or if additional symptoms emerge), use the [AHS Online Assessment Tool](#) or call Health Link 811 to check if testing is recommended.

If the answer is “YES” to TWO OR MORE symptoms in question 3:
- Keep your child home.
- Use the [AHS Online Assessment Tool](#) or call Health Link 811 to determine if testing is recommended.
- Your child can return to school and activities once their symptoms go away as long as it has been at least 24 hours since their symptoms started.

If the answer is “NO” to all questions:
- Your child may attend school, childcare and/or other activities.

**Please note:** If your child is experiencing any symptoms from the lists above, do not bring them to visit a continuing care or acute care facility for 10 days from when symptoms started or until symptoms resolve (whichever is longer), unless they receive a negative COVID-19 test result and feel better.
