Location information is derived from the registrant's postal code. Postal codes may be added, amended, reassigned, or retired by Canada Post. Counts include all drivers, including learner's class, with valid licences which have not expired. Counts do not include: (a) suspended drivers, (b) any drivers with expired licences, or (c) ID card holders. A driver's location is determined by the driver's mailing address on file at the time of report generation. As of May 2018, Alberta has three gender categories available for government identification.
