# Anti-Racism community engagement grant

## 1. Purpose of the grant

Alberta's government is providing funding to eligible organizations to host and carry out their own engagement sessions on anti-racism. The grant will help organizations give feedback and participate in the Government of Alberta anti-racism engagements and ensure the needs and concerns of people in communities impacted by racism are heard.

Eligible organizations will have the opportunity to share their views on what actions should be used to address racism, and how the government can continue to engage communities and Albertans on anti-racism.

Outcomes from the engagement sessions will inform how the Government of Alberta can play a leading role in addressing racism and identify what anti-racism actions are needed to help address racism in Alberta.
