Program Overview

The Small and Medium Enterprise Relaunch Grant offers financial assistance to Alberta businesses, cooperatives, and non-profit organizations that were ordered to close or curtail operations as a result of public health orders, and that experienced a revenue reduction of at least 30 per cent due to the COVID-19 pandemic.

Intake is now open for new businesses, non-profits and cooperatives to apply.

Existing organizations (businesses, cooperatives and non-profits) that were in operation (generating revenue) on or before February 29, 2020 and that meet the program's eligibility criteria may be eligible for up to \$20,000 in grants (in two payments).

New organizations (businesses, cooperatives and non-profits) that commenced operations by providing their goods or services to customers (i.e., able to generate revenue) between March 1, 2020 and October 31, 2020 and that meet the program's eligibility criteria may be eligible for a single grant payment of up to \$15,000.

Program Updates

- January 27, 2021: the Small and Medium Enterprise Relaunch Grant was expanded to allow unregistered sole proprietors - Albertans who own and operate an unincorporated business as an individual but have not registered that business with the Alberta Corporate Registry - to apply for the grant. Sole proprietors who were previously deemed ineligible for the program will be contacted by the program and have their application reviewed again. Unregistered

sole proprietors may apply as either an Existing Organization or a New Organization depending on operation commencement date.

- January 14, 2021: the program was expanded to allow businesses, cooperatives and non-profits and cooperatives that began operations between March 1 and October 31, 2020 and have experienced a 30 per cent revenue loss due to the COVID-19 pandemic to qualify for the grant. The amount provided to eligible organizations is three times 15 per cent of one month's total revenue. For more information on payment calculations, including examples, please refer to the Revenue Calculations and Assessment section of these guidelines.
- December 8, 2020: the Small and Medium Relaunch Grant program was expanded to allow existing organizations in operation on or before February 29, 2020 that have experienced a 30 per cent revenue loss due to the COVID-19 pandemic to qualify for the grant, lowering the threshold from the previous 40 per cent revenue loss requirement.

In addition, a second payment is available to existing organizations in operation on or before February 29, 2020, required to close or curtail operations by the November 2020 and later public health orders (orders 36-2020 to 42-2020, including any rescinded health orders). The second payment amount is 3 times (i.e., triple) the first payment amount up to a maximum of \$15,000. Together, the funding available through the first and second payments represents a total of up to \$20,000 per eligible application. For more information on payment calculations, including examples, please refer to the Revenue Calculations and Assessment section of these guidelines.

Funding

The Government of Alberta has committed up to \$500 million in funding for the program.

Existing Organizations

Existing organizations (in operation on or before February 29, 2020 and that meet the program's eligibility criteria) may be eligible for up to \$20,000 in grants (in two payments).

Grant funding amounts for existing organizations are calculated based on 15 per cent of the eligible organization's pre-COVID-19 monthly revenue (either April or May 2020) up to an initial maximum of \$5,000 per business, cooperative, or non-profit organization.

Eligible applicants that were required to curtail operations by the November 2020 and later public health orders (36-2020 to 42-2020, including any rescinded health orders), can apply for a second payment. The second payment amount is 3 times (i.e., triple) the first payment amount up to a

maximum of \$15,000. Together, the funding available through the first and second payments represents a total of up to \$20,000 in funding per eligible application.

New Organizations

New organizations (businesses, cooperatives and non-profits) that commenced operations by providing their goods or services to customers (i.e., able to generate revenue) between March 1, 2020 and October 31, 2020 and that meet the program's eligibility criteria may be eligible for a single grant payment of up to \$15,000.

Grant funding amounts for new organizations are calculated based on 15 per cent of the eligible organization's pre-curtailed revenue (any one month between March to October 2020). The amount calculated will then be multiplied by three (i.e., tripled) to determine the total benefit payment amount up to a maximum of \$15,000 per eligible application. To be eligible, applicants must have been required to close or curtail operations by the November 2020 and later public health orders (orders 36-2020 to 42-2020, including any rescinded health orders).

Unregistered Sole Proprietors

Unregistered sole proprietors may apply as either an Existing Organization or a New Organization depending on operation commencement date.

Application Intake Dates

Application intake will remain open until March 31, 2021 or until otherwise announced.

Each application should indicate the actual revenue amounts for that specific location.

- Do not provide an average revenue or a sum of revenues for all locations on multiple applications.
- For example, if an organization has two locations: location A has a pre-COVID revenue of \$10,351 and location B has a pre-COVID revenue of \$19,655 please provide these values. Do not submit the average revenue of \$15,003 on both applications.

Note: organizations with multiple location applications will require manual review and an increased processing time.

Ineligible Organizations

Any organization whose operations were not required to close or curtailed as a result of a COVID-19 public health order by the Chief Medical Officer of Alberta is not eligible.

For information on the public health orders please refer to the following: <https://www.alberta.ca/covid-19-orders-and-legislation.aspx>.

For example, a sole proprietor who incorporated in the summer of 2020 should continue with the application for the sole proprietorship and not submit a second application for a corporation.

Revenue Calculations and Assessment

Applicants will be required to demonstrate a gross revenue reduction of at least 30 per cent as a result of COVID-19 public health orders.

To maximize their payment, organizations may select the most appropriate period for calculating their revenue reduction.

- Non-profits must provide earned revenue amounts (not grant revenue). For more information on earned revenue, please see Appendix I.
- Businesses (including seasonal businesses) and cooperatives must provide sales revenue amounts for this calculation. For more information on revenue, please see Appendix I.

Existing Organizations

Existing organizations (in operation on or before February 29, 2020 and that meet the program's eligibility criteria) may be eligible for up to \$20,000 in grants (in two payments).

Grant funding will be provided for 15 per cent of the organization's pre-COVID monthly revenue in any one of April 2019, May 2019, or February 2020 up to an initial maximum amount payable of \$5,000 per eligible business, cooperative or non-profit organization.

Eligible applicants required to close or curtail operations by the November 2020 and later public health orders (orders 36-2020 to 42-2030, including any rescinded health orders), will be able to apply for a second payment. The second payment amount is 3 times (i.e., triple) the first payment amount up to a maximum of \$15,000. The total maximum grant amount (payments 1 and 2) is \$20,000 per eligible application.

Seasonal businesses that only operate for part of the year may use their average monthly sales revenue for the full months they were in operation during 2019.

New Organizations

New organizations (businesses, cooperatives and non-profits) that commenced operations by providing their goods or services to customers (i.e., able to generate revenue) between March 1, 2020 and October 31, 2020 and that meet the program's eligibility criteria may be eligible for a single grant payment of up to \$15,000.

Grant funding will be provided for 15 per cent of the organization's selected month revenue prior to the November 2020 curtailment. Organizations can select any month between March 2020 and October 2020 and provide their revenue for that month.

The amount calculated above will then be multiplied by three (i.e., tripled) to determine the total benefit payment amount up to a maximum of \$15,000 per eligible application.

To be eligible for this payment, applicants must have been required to close or curtail operations by the November 2020 and later public health orders (orders 36-2020 to 42-2030, including any rescinded health orders).

Seasonal businesses that only operate for part of the year may use their average monthly sales revenue for the full months they were in operation during 2020.

Payment Threshold

There is a minimum payment of \$20 for the Small and Medium Enterprise Relaunch Grant. Ensure that any revenue amounts entered on the application are correct.

Existing organizations whose payment calculation is less than \$20 are considered ineligible, and will be unable to apply for the second payment.

If % revenue reduction is equal to or greater than 30%=Eligible

If % revenue reduction is less than 30%=Not eligible

First Payment Calculation

$$A \times 0.15 = \text{First Payment Amount (\$)}$$

(maximum of \$5,000)

A=Actual Pre COVID-19 revenue earned for either April 2019, May 2019, or February 2020 or average monthly revenue (for seasonal businesses)

Second Payment Calculation

To calculate the amount of the second payment for existing organizations the formula shown below can be used. Note: to be eligible for the second payment applicant organizations must apply meet the additional eligibility criteria and submit an application for a second payment.

$$\text{First Payment Amount (\$)} \times 3 = \text{Second Payment Amount (\$)}$$

(maximum of \$15,000)

$$\left[\frac{C - D}{C} \right] \times 100 = \% \text{ Revenue Reduction}$$

OR

$$1 - \left[\frac{D}{C} \right] \times 100 = \% \text{ Revenue Reduction}$$

C=Actual revenue for any month between March and October 2020 or average monthly revenue (for seasonal businesses)

D=Monthly revenue for either November 2020 or December 2020 (actual revenue earned, not revenue expected to earn)

If % revenue reduction is equal to or greater than 30%=Eligible

If % revenue reduction is less than 30%=Not eligible

Payment Calculation

To calculate the amount of the payment for new organizations the following formula can be used:

$$C \times 0.15 \times 3 = \text{Payment Amount (\$)}$$

(maximum of \$15,000)

Please Note: New organizations are eligible for a single payment of up to \$15,000.

How to Apply: General Information

All applications must be submitted through the online application portal. Applicants can access the online application portal through the program webpage at www.alberta.ca/sme-relaunch-grant.aspx.

Existing organizations which have not previously applied to the program, can apply for both their first and second payments using a single application.

New organizations should refer to the “How to Apply for a Payment for New Organizations” for specific application instructions. These organizations are only eligible for one payment.

Existing organizations which have already submitted an application for their first payment (prior to December 14, 2020), and who meet the additional eligibility criteria for the second payment, must follow the steps outlined in the “How to Apply for a Second Payment” section of these guidelines. Submitting a completely new application will result in the application being flagged by the system as a duplicate and will cause payment delays.

If your organization applied prior to December 14, 2020, and you wish to apply for the second payment, please follow the steps outlined in the “How to Apply for a Second Payment” section of these guidelines.

Step-by-step instructions on how to complete all applications can be found in the Application Companion Guide: <https://www.alberta.ca/assets/documents/edtt-sme-relaunch-grant-application-companion-guide.pdf>

Once the account has been created, applicants can use their new credentials to log in to the online application portal. The portal hosts live application forms and templates available for submission.

Revenue:

A general term that refers to sales revenue for businesses and cooperatives or earned revenue for non-profits.

Calculation of revenue:

Both cash basis and accrual basis methods of recording revenue are acceptable for the purpose of this program as long as the application amounts match the financial statements amounts.

Cash accounting – If your business records revenue on a cash basis, then maintain this method for the reporting of your revenue amounts in the application. Do not adjust your revenues to reflect an accrued amount for your revenues.

Accrual – If your business uses accrual accounting, then report the amount of earned revenue you accrued in the given month. Do not report revenue based on the amount of cash you received in a month (per cash accounting) as this would be inconsistent with accrual accounting principles. Report the revenue as one would on the financial statements following Generally Accepted Accounting Principles for accrual accounting.

Gross revenue:

Is the total amount of [revenues](#) recognized for a [reporting period](#), prior to any deductions.

Sales Revenue (for businesses and cooperatives only):
