DEFINITION OF TERMS

The Alberta Child Care Staff Certification Office – The provincial government office responsible for assessing and certifying staff working in licensed child care programs in Alberta.

Early Childhood Education (ECE)

Early Childhood Development (ECD)

Early Learning and Child Care (ELCC)

All terms refer to the field of study that focuses on pre-school children (generally up to six-years-of-age). The terms may be used interchangeably by colleges and universities.

Official (Original) Transcript – A document issued by an educational institution that lists the names of the courses, credit value and grades. The document must show the original seal and/or signature of the registrar.

Post-secondary Education – Education completed after primary and secondary schooling.

Primary Staff Member - A staff member of a child care program whose primary duty is child care and who is actively engaged in the supervision of children.

Program Supervisor – A staff member of a child care program whose duty is to provide, at the program premises, supervision of the daily provision of the child care program.

Registration Number - A unique number issued to you and located on the bottom right-hand corner of the Qualification Certificate.

Qualification Certificate – The official document issued by the Alberta Child Care Staff Certification Office under the Child Care Licensing Regulation.

WHAT IS CERTIFICATION?

Certification is the process used by Alberta Human Services to review educational training and competencies to determine eligibility and issue certification towards one of the three levels of certification in accordance with the Alberta Child Care Licensing Regulation. Staff working in licensed child care programs have six months to be certified, but cannot be left alone to supervise children without certification.

The effective date of certification is based on the date the assessment decision is made and printed on the bottom left-hand side of the qualification certificate.

WHY IS TRAINING IMPORTANT?

Children's experiences during their first years are critical to their lifelong learning. Parents and other caregivers play a key role in children's early years. With knowledge of childhood development, they can maximize each child's social, physical, intellectual, creative and emotional growth.

Through training in the field of Early Learning and Child Care and related human service areas, professional caregivers play a vital role in the quality of care children receive. They are also a valuable asset to the families and child care programs they serve.

CERTIFICATION REQUIREMENTS

Under the Alberta Child Care Licensing Regulation, staff working in licensed day care programs, pre-school programs, and out-of-school care programs are required to be certified.

- All other primary staff working directly with children at any time of day must hold at least a Child Development Assistant certificate. The regulation allows a maximum of six months for staff to obtain certification upon commencement of employment; however the staff person must not have unsupervised access to children.

Out-of-School Care Program (Schedule 4 of the Regulation):

- At least one in every four primary staff members is certified at minimum as a Child Development Worker.

- All staff working directly with children at any time of day must hold at least a Child Development Assistant certificate. The regulation allows a maximum of six months for staff to obtain certification upon commencement of employment; however the staff person must not have unsupervised access to children.

Group Family Child Care Program (Schedule 2 of the Regulation):

- The licence holder or an additional care provider must be certified at minimum as a Child Development Worker and each additional child care provider is certified at minimum as a Child Development Assistant.

Please refer to the *Child Care Licensing Act* and Child Care Licensing Regulation for additional information. These documents can be found on the Alberta Human Services website (www.humanservices.alberta.ca/childcare) or the Queen's Printer bookstore (www.qp.gov.ab.ca).

LIFE EXPERIENCE EQUIVALENCY PROCESS (LEEP)

The Life Experience Equivalency Process (LEEP) recognizes child care competencies that child care professionals have obtained through experience and informal learning opportunities. LEEP provides a way for child care professionals to demonstrate that they have the competencies needed to advance from the Child Development Assistant level and be certified as a Child Development Worker.

For additional information about LEEP, visit our website at www.humanservices.alberta.ca/certification. To inquire and register for this process, call Bow Valley College at 403-410-1537.

To receive certification under this process, you will need to submit a certification application form and original documentation verifying your successful completion of the challenge exam. You will need to submit the transcript from Bow Valley College showing “PL” (prior learning) credit for each required course and/or completed courses as per the gap analysis together with the original Caregiver Interaction Scale (CIS) assessment issued from the Alberta Resource Centre for Quality Enhancement.

MOBILITY EQUIVALENCIES

NEW WEST PARTNERSHIP TRADE AGREEMENT (NWPTA) EQUIVALENCY (WITH BRITISH COLUMBIA AND SASKATCHEWAN)

Under NWPTA, the Alberta, British Columbia and Saskatchewan governments agreed to mutually recognize occupational standards for those occupations regulated in both provinces where the scope of practice is similar. As of July 1, 2010, more than 150 occupations have full labour mobility between Alberta, British Columbia and Saskatchewan.

Early childhood professionals certified in either province are eligible for certification in the other province without another formal assessment of the person's educational credentials. The following chart lists the equivalencies between the three provinces.

British Columbia Certification	Saskatchewan Certification	Alberta Certification
Early Childhood Educator Assistant	Early Childhood Educator I	Child Development Assistant
Early Childhood Educator	Early Childhood Educator II	Child Development Worker
Early Childhood Educator AND Special Needs Educator	Early Childhood Educator III	Child Development Supervisor
Early Childhood Educator AND Infant/Toddler Educator	Early Childhood Educator III	Child Development Supervisor

If you have been issued a certificate by the provinces of British Columbia or Saskatchewan to work in a child care program, you may apply for certification in Alberta without having to submit official transcripts for assessment. You will be required to complete an application form and submit the original ECE qualification certificate from the issuing province. If you require further information, please contact the Alberta Child Care Staff Certification Office at 1-800-661-9754 (in Alberta) or 1-780-422-1119 (outside Alberta).

AGREEMENT ON INTERNAL TRADE (AIT) EQUIVALENCY (WITH PROVINCES CERTIFYING CHILD CARE STAFF)

The Agreement on Internal Trade (AIT) was approved by federal, provincial, and territorial governments with the intent to remove barriers to the movement of workers, goods, services and capital.

Chapter 7 of the agreement, signed on December 5, 2008, outlines the commitment to achieve full labour mobility in Canada for regulated trades and professions. Canada's Premiers set August 1, 2009 as the date for the labour mobility provisions to take effect for early childhood educators.

If your educational credentials have been assessed and you have been issued certification to work in a child care program by one of the specified provinces/territories: **British Columbia, Saskatchewan, Ontario, Manitoba, Newfoundland/Labrador, Nova Scotia, Prince Edward Island, or Yukon**, you may apply for certification in Alberta without having to submit official transcripts for assessment. You will be required to complete a certification application form and submit the original qualification certificate from one of the above-noted provinces/territories (a photocopy is acceptable from British Columbia or Ontario since the Certification Office can verify this information online). If you require further information, please contact the Alberta Child Care Staff Certification Office at 1-800-661-9754 (in Alberta) or 1-780-422-1119 (outside Alberta).

Please note: You will be required to demonstrate English language proficiency (CELPPIP or IELTS general assessment at CLB level 7) if you have not done so already under your previous certification. The language proficiency requirement is in compliance with Section 7.06(4)(c) of the AIT and the intent of the NWPTA.

EARLY CHILDHOOD TRAINING PROGRAMS IN ALBERTA

In Alberta, public colleges and universities and licensed private vocational schools offer courses in Early Learning and Child Care (ELCC). These one and two year programs offer coursework that qualifies persons towards certification as a Child Development Assistant, Child Development Worker and Child Development Supervisor. Early Learning and Child Care certificate and diploma programs are available via teleconferencing, classroom study, online, and distance delivery. Please refer to the list of Alberta Public Colleges/Universities and Private Vocational Training Programs in this guide for contact information regarding approved ELCC programs.

IMPORTANT NOTE:

Before taking any coursework/training programs not listed in this guide (with the intention of obtaining certification), it is recommended that you contact the Child Care Staff Certification Office to verify whether the training program will be recognized towards certification.

International Correspondence School (ICS), Stratford Institute, Granton Institute of Technology and Thompson Direct Learning offer ELCC programs through distance learning that lead to certification as a Child Development Assistant only.

CHILD CARE ORIENTATION COURSE

(for Child Development Assistant certification)

The Child Care Orientation Course was developed by Alberta Human Services in partnership with early childhood professionals and educators. This course is copyrighted by the Government of Alberta. It is provided at no cost to individuals currently employed in a licensed or approved child care program in Alberta through self-study (distance learning) and online methods.

The same curriculum is also offered in many Alberta high schools through Career and Technology Studies (CTS) as CCS 3110, 3120, 3130, 3140, and 3150. Successful completion of these courses meet the training requirements for certification as a Child Development Assistant. Certification as a Child Development Assistant may also be obtained by completing 45-hours of ELCC coursework at a recognized post-secondary institution.

Paid employees of a licensed/approved Alberta child care program can register online at <http://childcare.basecorp.com/home> or call toll-free 1-877-486-2279 to register for distance delivery (only for persons who live in Alberta at locations with no internet availability).

Note: You must be a paid employee at an Alberta licensed or approved child care program and be a legal Canadian Resident or Canadian Citizen to register for this course.

APPLYING FOR CERTIFICATION

GENERAL OVERVIEW

The first step is to complete the Application for Child Care Certification located on the Alberta Human Services website (www.humanservices.alberta.ca/certification) together with a copy of government issued identification containing your signature and birth date, and all other applicable documents identified in the following section of this guide.

To receive Child Development Assistant certification, a photocopy of transcripts, course completion or approved ECE certification from another province is required, verifying at least 45 hours of ELCC coursework or completion of the Child Care Orientation Course or other training as listed on page 6 in this guide, in addition to the certification application form.

To receive Child Development Worker or Child Development Supervisor certification, official transcripts, or attested photocopies of marks sheets and graduation certificates, must be submitted directly from the educational institution.

If the official transcripts do not state completion of the educational program, you must provide an original parchment which confirms that the educational credential was granted. Photocopies or faxed copies of official documents will not be accepted towards certification as a Child Development Worker or Child Development Supervisor. Where necessary, original documents must be officially translated into English (see page 18).

When your application is received, the Alberta Child Care Staff Certification Office will assign you a registration number. This number is unique to you and remains the same, even if your name or certification level changes. If official transcripts are sent directly from the educational institution, your file will be assessed when the document arrives.

The Alberta Child Care Staff Certification Office will contact you if more information is needed to complete the assessment.

PLEASE READ THE NEXT SECTION FOR SPECIFIC DETAILS

DETAILED INFORMATION ON APPLYING FOR CERTIFICATION

OFFICIAL DOCUMENTS

Official transcripts, or attested photocopies of marks sheets and graduation certificates, must be issued by the educational institution and sent directly to the Child Care Certification Office for assessment as a Child Development Worker or Child Development Supervisor. If your transcripts or marks sheets do not state that the educational program has been completed, you must provide an original parchment to confirm that the educational credential was granted. ***Original parchments that are laminated or permanently sealed in plastic will not be assessed.*** If the documents are protected, they must be in a removable plastic cover.

OFFICIAL TRANSLATIONS

If your official transcripts and graduation certificates have been issued in a foreign language, they must be translated into English by a certified translator.

3. Once you have obtained a certified English translation, the original translation must be sent to the Certification Office for assessment. The original copy of the translation will be returned to you.

CANADIAN LANGUAGE BENCHMARK (CLB) Level 7

The Canadian Language Benchmark is the national standard for describing, measuring and recognizing the second language proficiency of adult immigrants and prospective immigrants for living and working in Canada. If your educational training was not completed in English or French or if the certification office is unable to verify that the language of instruction for your post-secondary education is English AND you are interested in being certified as a Child Development Worker or Child Development Supervisor, a language proficiency test at CLB Level 7 must be achieved in each of the areas (reading, writing, listening, speaking).

The language proficiency assessments accepted for certification are:

CELPIP General (Canadian English Language Proficiency Index Program)

This test is aligned with the Canadian Language Benchmarks; level 7 must be achieved in all areas.

REASSESSMENT

You may request a reassessment of your certification level if you believe your education qualifies you for a higher level of certification or you have completed coursework that leads to a higher level of certification. You must also include any additional information that might be useful for the reassessment (i.e., course descriptions, updated official transcripts, etc.). Complete an Application for Child Care Staff Certification to request a reassessment. The form is located at <http://www.humanservices.alberta.ca/certification>.

If your reassessment results in a higher level of certification, a new certificate will be mailed to you. The effective date of your re-certification is the date the reassessment decision was made and is printed on the bottom right hand side of the qualification certificate. Reassessments are not backdated.

If your reassessment does not result in any change, a letter will be sent to you outlining your options to obtain a higher level of certification such as:

- You may choose to have your credentials evaluated by an Alberta public college or university to determine equivalency or gap courses needed to obtain an ELCC certificate/diploma/degree that is eligible for certification.
- For training that was taken outside of Canada, you may choose to have credentials evaluated by the International Qualification Assessment Services (IQAS) to verify equivalency towards an approved educational program eligible for certification as per the Equivalencies Chart (listed on page 6). The website for IQAS is <https://www.alberta.ca/iqas.aspx>.
- You may apply to the Life Experience Equivalency Process (LEEP). This process provides an opportunity for child care professionals to demonstrate they have the competencies needed to advance from the Child Development Assistant level to be certified as a Child Development Worker. Information about this process can be found by calling Bow Valley College at 403-410-1537.
