PREFACE

The 2000-01 Government and Lottery Fund Estimates form one of the core components of *Budget 2000*, which constitutes the government's business and fiscal plans.

The typical Structure of Program Budgets within each Department of a ministry is depicted on page 5, showing programs, sub-programs and elements which identify client services, specialized programs and principal cost centres.

The typical Structure of Entities within a Ministry is shown on page 7, showing departments, regulated funds, provincial agencies, commercial enterprises and Crown corporations.

The Schedule of Amounts to be Voted is excerpted from the *Appropriation Act, 2000*. The Legislative Assembly will be asked to appropriate money from the General Revenue and Lottery Funds to the department of each ministry. Estimates for the Offices of the Legislative Assembly are presented separately.

Amounts to be Voted by Category at the government level show:

- operating expense, which includes expenses such as salaries, supplies, grants, amortization of capital assets and debt servicing costs,
- capital investment, which includes the construction or purchase of land, buildings, equipment, highways, bridges, dams and other capital assets,
- non-budgetary disbursements, which include the exchange of cash for another form of asset, and
- Lottery Fund payments.

Statutory non-budgetary disbursements at the government level are also reported, consisting of loans and advances as well as debt retirement amounts.

Voted Estimates for each Department within a ministry show the amount of each vote, program, sub-program and element. Each element may show an amount for operating expense and capital investment; in some instances, these amounts are shown as being funded by Lotteries.

Ministry Business Plan Summaries include:

- the ministry's mission, goals, major strategies, 2000-01 highlights and key performance measures,
- the ministry's consolidated income statements by program and by entity,
- the ministry's capital investment and change in capital assets,
- the department income statement,
- income statements of other entities within the ministry,
- the ministry's consolidation schedule showing intra-ministry transactions, and
- the ministry's full-time equivalent employment.

Complete versions of ministry business plans are presented in *Budget 2000 – Government and Ministry Business Plans*.

Two lists of entities are provided, showing government entities by name and by type on pages 423 and 427.

Comparable Amounts for the 1999-2000 Forecast, the 1999-2000 Budget and the 1998-99 Actuals are restated according to the government organization and budgeting methodology in effect by April 1, 2000. Many of these changes were implemented during 1999-2000. The Comparable 1999-2000 Forecast includes any Supplementary Estimates and authorized changes to expense and dedicated revenue. The Comparable 1999-2000 Budget is based on the budget tabled on March 11, 1999.

Changes in government organization and budgeting methodology in effect by April 1, 2000 are detailed overleaf.

BUDGET POLICY CHANGES

GOVERNMENT ORGANIZATION CHANGES were announced and implemented, for the most part, during 1999-2000 and do not affect the government's financial position:

Ministry of Agriculture, Food and Rural Development The ministry is no longer responsible for foreign agricultural marketing and the Alberta Agricultural Research Institute but is now also responsible for the Alberta Opportunity Company.

Ministry of Children's Services This new ministry is responsible for social support to children and their families, as well as Family and Community Support Services.

Ministry of Community Development The ministry is no longer responsible for the Community Lottery Board Program and the Alberta Alcohol and Drug Abuse Commission, but it also becomes responsible for the francophone secretariat, housing services, the Alberta Social Housing Corporation and the protection of persons in care. Some functions have been transferred from the Alberta Social Housing Corporation to the Department of Community Development.

Ministry of Economic Development The ministry is no longer responsible for primary forest products development, technology commercialization, Alberta Opportunity Company, Lottery Fund and Alberta Gaming and Liquor Commission. It is now responsible for investment and trade opportunities for all economic sectors, including agriculture and food.

Ministry of Environment The ministry was formerly known as Environmental Protection.

Ministry of Executive Council The ministry is also responsible for government protocol but not for northern development.

Ministry of Gaming This new ministry is responsible for the Community Lottery Board Program, the Community Facility Enhancement Program, the Lottery Fund and the Alberta Gaming and Liquor Commission.

Ministry of Government Services This new ministry is responsible for consumer and corporate services, registry services, and fair trading and regulatory services.

Ministry of Health and Wellness The ministry (formerly known as Health) also becomes responsible for the Alberta Alcohol and Drug Abuse Commission and for services to persons with developmental disabilities.

Ministry of Human Resources and Employment This new ministry is responsible for income, training and employment support, workplace services, labour relations, supports to dependent adults, as well as the Personnel Administration Office.

Ministry of Infrastructure This new ministry is responsible for the transportation network, various cross-government services, as well as support for municipal water and wastewater, schools, post-secondary education and health care facilities.

Ministry of Innovation and Science The ministry (formerly known as Science, Research and Information Technology) also becomes responsible for the Chief Information Officer, information technology services, university research excellence, university intellectual infrastructure and the Alberta Agricultural Research Institute. The Alberta Oil Sands Technology and Research Authority is renamed as the Alberta Energy Research Institute.

Ministry of International and Intergovernmental Relations The ministry (formerly known as Intergovernmental and Aboriginal Affairs) is no longer responsible for protocol and the francophone secretariat.

Ministry of Justice The ministry also becomes responsible for mediation services.

Ministry of Learning This new ministry is responsible for primary, secondary and post-secondary education, as well as apprenticeship and industry training.

Ministry of Municipal Affairs The ministry is no longer responsible for housing and the Alberta Social Housing Corporation, consumer and registries services. It also becomes responsible for safety services, freedom of information and protection of privacy, and disaster services.

Ministry of Resource Development The ministry (formerly known as Energy) becomes responsible for northern development and related bursaries, as well as forest products development.

Ministry of Treasury The ministry is no longer responsible for regulatory review but also becomes responsible for employment pensions and the new Alberta Heritage Science and Engineering Research Endowment Fund.

BUDGET POLICY CHANGES - *Continued*

BUDGETING METHODOLOGY CHANGES

Revenue

Health Care Insurance Premium Revenue in Health and Wellness no longer includes a payment by Community Development on behalf of Alberta seniors.

Revenue from Corporate Income Tax is reported after deducting the provision for doubtful accounts for the 1999-2000 Forecast onwards.

Revenue from surcharges collected by the Victims of Crimes Fund is reported as Other Revenue – Fines and Penalties.

Unrestricted revenue of the Alberta Dairy Control Board is now reported under the standard revenue headings.

Operating Expense

While service and benefits for Alberta Seniors Benefit recipients remain unchanged, Community Development's budget no longer includes provision for a payment to Health and Wellness on behalf of Alberta seniors for health care insurance premiums.

Collection expense of Corporate Income Tax is reduced after deducting the provision for doubtful accounts for the 1999-2000 Forecast onwards.

Interest on advances was reported by the Alberta School Foundation Fund as an operating expense; it is now reported under Debt Servicing Costs.

Expense now includes the acquisition of art and other collections; previously, it was reported as capital investment.

Expense includes the endowment paid to the Alberta Heritage Science and Engineering Research Endowment Fund by the Department of Treasury; the payment is eliminated by an intra-ministry consolidation adjustment, as the endowment does not represent revenue to the Fund.

Debt Servicing Costs

Debt servicing costs now include interest on advances, previously reported as operating expense.

Debt servicing costs are reported in full by the ministry responsible for incurring such costs; previously, these costs were reported in Treasury.

Capital Investment

Capital investment no longer includes the acquisition of art and other collections.

Capital investment includes the purchase of inventories held for consumption.

Capital Amortization

Capital amortization at the government level includes the usage of inventories held for consumption.

Disposal of Capital Assets

Disposals of surplus capital assets are recognized when sold; amounts previously recognized when assets were declared surplus have been reversed.

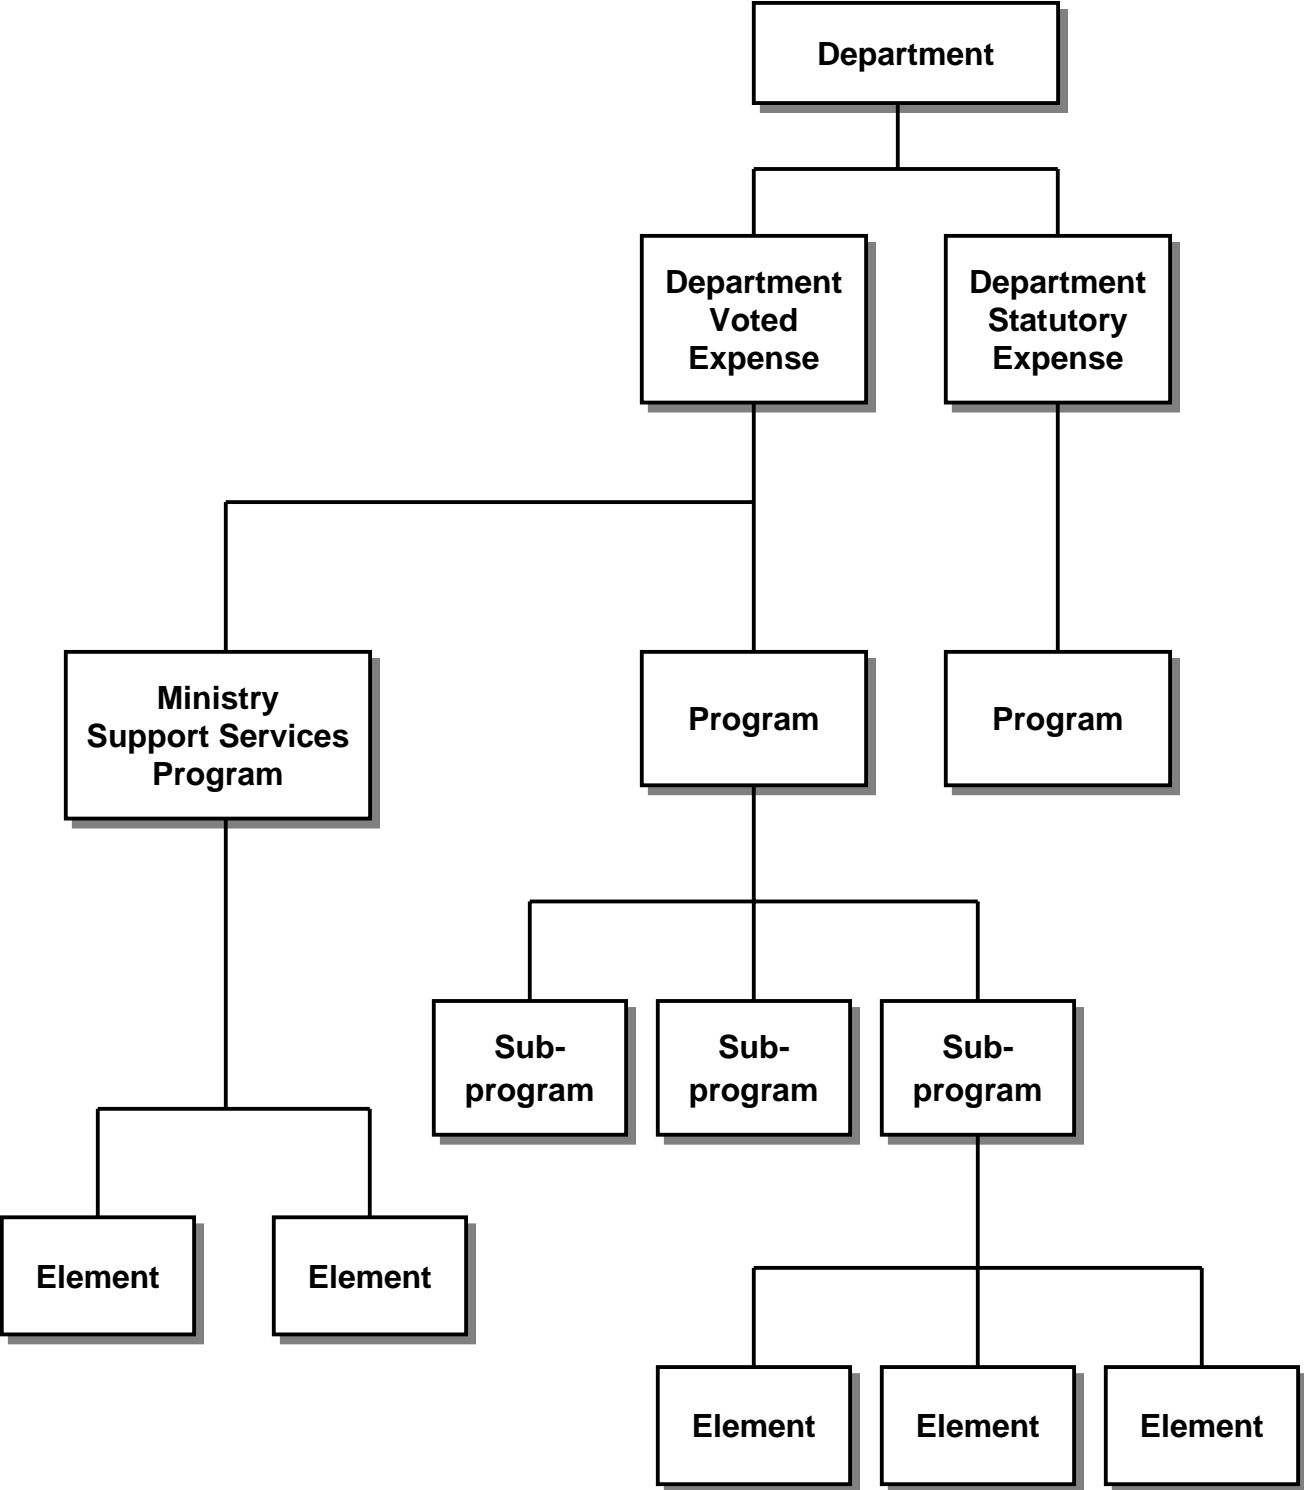

Accumulated Net Revenue

Accumulated net revenue has been standardized to reflect the equity of an entity, including original endowments.

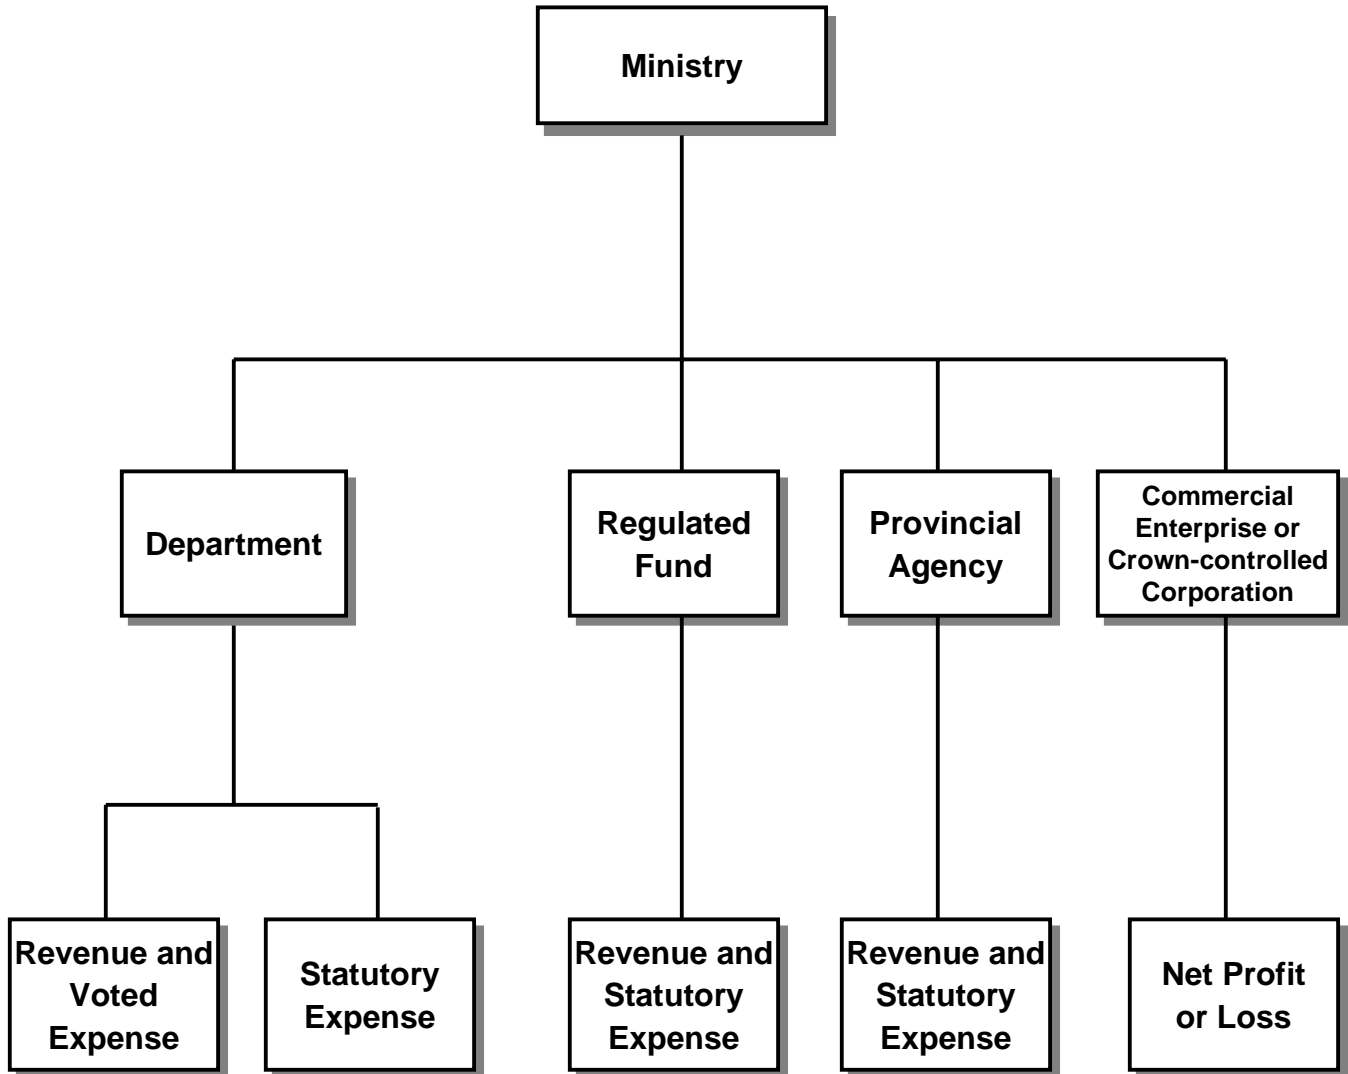

Voted Non-Budgetary Disbursements

Voted Non-Budgetary Disbursements include purchase of inventory acquired for resale; it is expensed when sold.

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

MISSION

The Ministry will enable the growth of a globally competitive, sustainable agriculture and food industry through essential policy, legislation, information and services.

GOALS

- ◆ Improved capacity to respond to opportunities for growth.
- ◆ Improved competitiveness of industry commodities, products and services.
- ◆ Increased amount of value-added to industry commodities, products and services.
- ◆ Increased diversity of commodities, products and services.
- ◆ Increased capability of industry to manage risk.
- ◆ Improved environmental stewardship.
- ◆ Continued excellence in food safety.
- ◆ Improved management of the Ministry's resources.

MAJOR STRATEGIES

- ◆ Develop and administer an improved legislative, regulatory and policy environment that enhances competitiveness.
- ◆ In partnerships with industry organizations, universities, other government ministries, and Agriculture and Agri-Food Canada, support and undertake evaluations of alternative technologies to improve competitiveness.
- ◆ Transfer integrated and unbiased technology and knowledge to industry to help it remain competitive and responsive to growth opportunities.
- ◆ Partner with others to develop opportunities, reduce constraints, and encourage new and expanded value-added investment and production in Alberta.
- ◆ Provide clear direction through guidelines, standards and regulations of environmental performance requirements to sustain the quality of Alberta's soil, water and air resources.
- ◆ Strengthen the food safety knowledge and skills of people working in the agriculture and food industry.
- ◆ Manage public lands for agricultural, industrial, environmental and public benefit.
- ◆ Provide farmers with an effective and efficient crop insurance program.
- ◆ Offer farmers effective and efficient whole-farm safety net programs.
- ◆ Provide the Beginning Farmer Loan Program to improve long-term farm viability.
- ◆ Provide the agriculture and food industry with unique financial products and services.

HIGHLIGHTS FOR 2000-2001

Key initiatives include:

- ◆ Conduct an agricultural summit to focus industry and government on an agreed upon course of action to seize the growing opportunities in the agriculture and food industry.
- ◆ Advocate improved Canadian Wheat Board (CWB) programs, policy and legislation to allow for more delivery options including the removal of barley from the CWB.
- ◆ Approve loans to Alberta businesses that have viable business proposals through financing provided by Alberta Opportunity Company, when support is not available from conventional lenders.
- ◆ Take action necessary to defend the interests of Alberta agricultural businesses associated with trade disputes.
- ◆ Work toward a more accountable and less costly grain handling and transportation system.
- ◆ Strengthen the Beginning Farmer Loan Program to improve long-term farm viability, including assessing whether the provision of the interest incentive should be based on economic conditions and financing costs, rather than an arbitrary five-year startup period.

AGRICULTURE, FOOD AND RURAL DEVELOPMENT - *Continued*

- ◆ Allocate \$2 million of the farm lending budget to innovative business opportunities.
- ◆ Work with irrigation districts to develop an Irrigation Infrastructure Management System to improve the assessment of rehabilitation requirements and plans.
- ◆ Conduct a major review of Alberta's crop insurance program, including identifying insurance coverage concepts which allow customers greater flexibility to customize insurance protection to their business needs, and exploring the combination of crop insurance and other risk management tools.
- ◆ Work with industry groups and research organizations to fund and conduct evaluations of technologies and management practices that will reduce the release of odors and nutrient contaminants from intensive livestock operations and land application of animal wastes.
- ◆ Create an integrated approach to link extension and education to the development of, and compliance with, standards for livestock operations. Initiate a peer review process to assist non-conforming operations.
- ◆ Develop an Alberta food safety emergency response plan and facilitate development of trace-back systems.
- ◆ Support the harmonization of legislation through partnership with Alberta Health and Wellness and the Canadian Food Inspection Agency.
- ◆ Implement the results of a 1999-2000 functional review, resulting in improved efficiencies and enhanced effectiveness of programs and services.

The department's operating budget of \$448 million is comprised of:

- ◆ \$33.5 million for Farm Fuel Distribution Allowance.
- ◆ \$33.6 million for Planning and Competitiveness, including Rural Development, Policy Secretariat, Agricultural Societies and Initiatives, and Economics and Competitiveness.
- ◆ \$40.1 million for Industry Development, including Animal Industry, Plant Industry, Processing Industry and Regional Advisory Services.
- ◆ \$38.2 million for Sustainable Agriculture, including Resource Management and Irrigation, Food Safety, Technical Services and Public Lands Management.
- ◆ \$17.2 million for the Irrigation Rehabilitation Program.
- ◆ \$11.5 million for the Municipal Industrial Wastewater Infrastructure for Agriculture Processing Program.
- ◆ \$2.2 million for the Surface Rights and Land Compensation Boards.
- ◆ \$256.8 million for contributions to provincial agencies for Agriculture Insurance and Lending Assistance.
- ◆ \$14.9 million for Ministry Support Services, including Communications, Information Technology Services, Human Resource Services, Financial Services and Facilities Management.

Operating expenses for provincial agencies total \$450.7 million and include:

- ◆ \$185.5 million for Crop and Hail Insurance.
- ◆ \$165 million for the Farm Income Disaster Program.
- ◆ \$29 million for Agriculture Financial Services Corporation Lending Programs.
- ◆ \$10.9 million for Alberta Opportunity Company Lending Programs.
- ◆ \$59.3 million for restricted expenses that are offset by restricted revenues collected by Alberta Dairy Control Board for the Milk Price Equalization Pool, assessments for milk promotion, Alberta Milk Producers membership and nutrition education.
- ◆ \$1 million for Alberta Dairy Control Board operating expenses.

KEY PERFORMANCE MEASURES

Note: Unless otherwise stated, the 1989-93 benchmarks for all measures are five year averages for 1989 to 1993. This time period was selected as the most typical period in agriculture relative to overall production and prices for agriculture products. Sources for data are Statistics Canada and Alberta Agriculture, Food and Rural Development.

Percentage of Canadian Farm Cash Receipts Alberta farmers and ranchers account for

Income received by farmers and ranchers from the sale of products is called farm cash receipts. Government payments which make up less than four per cent of receipts are also included. This measure shows how Alberta farmers and ranchers are doing relative to other Canadian farmers and ranchers they compete against.

Alberta Farm Cash Receipts

	1989-1993 Benchmark	1997 Actual	1998 Actual	1999 Estimate	2000 Forecast	2001 Forecast	2003 Target
Total Receipts (\$millions)	4,625	6,483	6,382	6,350	6,500	6,900	7,050
Alberta as % of Canada	20.1	21.7	21.7	21.5	21.7	22.0	22.0

Net Cash Income of Alberta farmers and ranchers

Net Cash Income is derived by subtracting operating expenses (after rebates) from total cash receipts. This is the amount of cash remaining to cover the non-interest part of mortgage payments, purchase capital items, meet living expenses, accumulate savings and cover other non-farm expenses.

Net Cash Income

	1989-1993 Benchmark	1997 Actual	1998 Actual	1999 Estimate	2000 Forecast	2001 Forecast	2003 Target
Total Net Cash Income (\$millions)	1,034	1,607	1,393	1,150	1,000	1,000	1,150
Alberta as % of Canada	19.5	23.6	22.5	19.2	17.5	17.5	18.5

Percentage contributed by Alberta's food and beverage industry of Canada's total value of shipments

Income received by Alberta's agriculture and food business processing and manufacturing firms is called value of shipments. This measure shows how Alberta businesses are doing relative to other Canadian businesses. Alberta processors have to compete with other firms across Canada both in the international marketplace as well as within Canada.

Alberta Food and Beverage Industries' Value of Shipments

	1989-1993 Benchmark	1997 Actual	1998 Actual	1999 Estimate	2000 Forecast	2001 Forecast	2003 Target
Total Value of Shipments (\$millions)	4,867	7,249	7,479	7,900	8,450	8,900	9,900
Alberta as % of Canada	10.9	12.4	12.6	12.7	13.2	13.3	13.6

Importance of Alberta agriculture, food and beverage industries relative to Alberta's gross domestic product

Agriculture and food industries constitute the largest of Alberta's renewable resources. The comparison of this sector to other sectors in the Alberta economy illustrates its growth and potential.

Contribution to Alberta's Gross Domestic Product

	1989-1993 Benchmark	1997 Actual	1998 Actual	1999 Estimate	2000 Forecast	2001 Forecast	2003 Target
% of Total Gross Domestic Product	4.6	4.9	4.8	4.9	5.0	5.2	5.4

Employment in agriculture and food

This measure illustrates changes in the level of employment. The agriculture, food and beverage manufacturing industry was the third largest employer in the province in 1998.

Employment (thousands of Albertans)

	1989-1993 Benchmark	1997 Actual	1998 Actual	1999 Estimate	2000 Forecast	2001 Forecast	2003 Target
Primary Agriculture	86.2	83.1	82.2	83.0	85.0	86.0	90.0
Food and Beverage	18.1	20.0	19.8	20.0	20.1	21.0	22.0
Total	104.3	103.1	102.0	103.0	105.1	107.0	112.0

Alberta land productivity indicator

This measure records changes in long-term land productivity as indicated by annual crop output. Although year-to-year changes in productivity occur due to variation in the weather, the long-term average is effective in showing trends.

Output (tonnes/acre)

	1989-1993 Benchmark	1997 Actual	1998 Actual	1999 Estimate	2000 Forecast	2001 Forecast	2003 Target
Indicator	0.783	0.927	0.921	0.970	0.972	0.950	0.980

Note: This indicator is the best available proxy for long-term land productivity. Crop production per acre for the various crops grown in the province was converted to a standard base - tonnes of wheat per acre. This conversion allows for the difference in yields of the various crops. Although soil degradation is still a concern on some lands, most producers use sound land management practices which will ensure long-term sustainability of agriculture in Alberta.

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

MISSION

Working together to enhance the ability of families and communities to develop nurturing and safe environments for children, youth and individuals.

CORE BUSINESS

Children's Services recognizes that the primary responsibility for children lies with the parents. Recognizing the role of parents and caregivers, the provincial government has a legislated responsibility for Children's Services shared with parents, communities, Child and Family Services Authorities (CFSAs), practitioners, other orders of government, and the public. The following core businesses and goals reflect the shared accountability of Authorities and organizations, including the Department that form the Ministry of Children's Services. It also reflects the Ministry's relationship with municipalities, through Family and Community Support Services in achieving outcomes for Alberta children and families. Within this system of shared responsibility and co-operation, Alberta Children's Services, under the direction of the Minister, takes the lead in:

- ◆ Core Business #1: Supporting the Well-being and Healthy Development of Children and Youth
- ◆ Core Business #2: Supporting Families, Guardians, Care-givers and Individuals
- ◆ Core Business #3: Supporting Healthy Communities
- ◆ Core Business #4: Promoting Advocacy for Children, Youth and Those at Risk
- ◆ Core Business #5: Supporting High Quality, Accountable Services
- ◆ Core Business #6: Supporting Innovation and Training

MAJOR STRATEGIES

Major strategies, which respond to the key challenges identified, include:

Children's Forum

The Children's Forum is an annual event that will bring together parents, youth, stakeholders, citizens, concerned groups and service providers, business and community leaders, the provincial government, social workers and teachers, and community volunteers to work towards the well-being of children.

Children at Risk Task Force

This task force examined the issues facing all children at risk, including those who are at risk of developing violent behaviour. Strategies and programs will be developed to implement the recommendations, ensuring that public programs and services in this province for children at risk are effectively coordinated with partnering ministries and targeted to meet the needs of these children.

Youth Secretariat

The Youth Secretariat will provide a mechanism through which issues affecting youth (13 years of age to 21 years of age) can be addressed. Through discussions with other departments and community stakeholders, the Youth Secretariat will identify issues and needs of adolescents in Alberta.

Child Welfare Caseload Review

The Ministry will complete a review of factors leading to rising child welfare caseloads that will include an identification of "best practices" and opportunities for improvement.

Review of Children's Advocate

The Ministry has made a commitment to complete a review of the Office of the Children's Advocate to ensure it reflects the new reality of children's services throughout the province.

CHILDREN'S SERVICES - *Continued*

Prevention, Early Support Measures

The Family and Community Services Program Advisory team will develop a prevention and early support measurement framework to meet the needs of individual Family and Community Support programs, municipalities and government.

HIGHLIGHTS FOR 2000-2001

- ◆ All 18 Child and Family Services Authorities assumed full responsibility for delivery of community based services to children and families during the 1999-2000 fiscal year. This will be the first full year of operations for all 18 Child and Family Services Authorities.
- ◆ The Child and Family Services Authorities component of the Children's Services budget is being increased by over \$25 million to close to \$445 million, a 6% increase. This reflects caseload and cost per case increases in addition to contracted agency staff increases primarily in Child Welfare.
- ◆ Strengthened commitment to early intervention strategies including an additional \$3 million funding available to the Child and Family Services Authorities for early intervention strategies and programs.
- ◆ Continue to work with the partnering ministries on the Alberta Children's Initiative (ACI) to ensure that Alberta's children thrive in a healthy, safe and supportive environment.
- ◆ The Ministry is continuing its commitment of \$1 million towards the partnership on FAS/FAE and \$2.7 million for the protection of children involved in prostitution.
- ◆ Continue collaboration with the partnering ministries on issues identified by the Children at Risk Task Force and the Children's Forum.

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

MISSION

To support community development, and through leadership, protection and partnership, help all Albertans participate fully in the social, cultural and economic life of the province.

GOALS

- ◆ Work in partnership with geographic communities and communities of interest to build and maintain a high quality of life in Alberta.
- ◆ Ensure seniors have access to the supports they need to live in a secure and dignified way as independent and contributing members of society.
- ◆ Foster equality and reduce discrimination so all Albertans can have the opportunity to participate fully in the social, economic and cultural life of the province.
- ◆ Improve the quality of life for Albertans through the preservation and presentation of, and promotion of appreciation for, Alberta's diverse natural, cultural and historical resources.
- ◆ Manage the province's social housing programs and portfolio.

MAJOR STRATEGIES

- ◆ Continue to support community-based initiatives and non-profit agencies through the ministry's lottery-funded foundations.
- ◆ In response to the Government-wide Study of the Impact of the Aging Population, develop a government-wide response that addresses the effects of an aging population on provincial programs and services.
- ◆ Continue to support community organizations undertaking educational initiatives to promote fairness and access and increase understanding of the growing diversity in Alberta society.
- ◆ Plan for addressing heritage capital infrastructure needs including design of a facility to house the Provincial Archives of Alberta; renewal opportunities at the Provincial Museum of Alberta; recapitalization of the Northern and Southern Alberta Jubilee Auditoria; and replacement of aging audio-visual equipment at provincial historic sites, museums and interpretive centres.
- ◆ Manage and coordinate the efficient delivery of programs that meet the social housing needs of Albertans and promote community-based housing initiatives through partnerships with municipalities and the private and non-profit housing sectors.

HIGHLIGHTS FOR 2000-2001

- ◆ Design a provincial strategy, with input from public forums, to coordinate the Alberta focus for the International Year of Volunteers in 2001.
- ◆ Evaluate the new film development grant program in support of Alberta film artists, producers and technicians.
- ◆ Provide \$56.8 million for arts, recreation, sport and volunteer services.
- ◆ Coordinate provincial assistance and provide \$10 million in 2000-01 to the 2001 World Championships in Athletics to be held in Edmonton. By the end of 2001-02, up to \$40 million will have been provided for this event.
- ◆ Continue the development of the Alberta Public Library Electronic Network, in partnership with The Alberta Library, Alberta Learning, Industry Canada and the library community, and provide \$14.2 million in ongoing funding to the province's 245 libraries and seven regional systems.

COMMUNITY DEVELOPMENT - *Continued*

- ◆ Provide \$15.7 million to assist eligible seniors in meeting their basic needs through the Special Needs Assistance for Seniors program.
- ◆ Provide a 10% increase in Alberta Seniors Benefit to assist seniors with increased living costs, bringing the total budget for this program to \$146.3 million.
- ◆ Plan for seniors' current and future needs by strengthening the *Government of Alberta Strategic Business Plan for Seniors*, in conjunction with other ministries providing services to seniors, and incorporate the response to the Government-wide Study of the Impact of the Aging Population.
- ◆ Continue to work with other ministries to implement legislation that affects seniors, including investigating complaints under the *Protection for Persons in Care Act*, and developing joint initiatives to deal with recommendations from the Long Term Care Review.
- ◆ Assist in the evaluation of the National Framework on Aging and support the operation of a national Seniors Policies and Programs database, in concert with the federal/ provincial/territorial Ministers responsible for Seniors.
- ◆ Provide \$14.8 million for financial assistance for seniors housing, integrate delivery of seniors housing programs within the ministry, and identify options within the existing seniors housing portfolio to ensure that assistance is available to those with the greatest need.
- ◆ Provide \$3 million for human rights complaint investigations and continue to provide \$1.2 million in funding for community human rights and diversity projects through the Human Rights, Citizenship and Multiculturalism Education Fund.
- ◆ Provide \$1.5 million in one-time funding to replace or upgrade audio visual equipment and \$1 million to address the most urgent operating and maintenance needs at the province's 18 historic sites, museums and interpretive centres and the Provincial Archives of Alberta. The total funding for 2000-01 for preserving and presenting, and promoting appreciation for, Alberta's diverse natural, cultural and historical resources is \$28 million.
- ◆ Coordinate provincial activities to commemorate the millennium and provide support for the planning and implementation of Alberta's centennial in 2005.
- ◆ Contribute to Alberta's celebration of the millennium through the development of a major exhibit, *Jesus Through the Centuries*, with subsequent international touring, and provide assistance through the Alberta Historical Resources Foundation for communities with heritage activities associated with the millennium.
- ◆ Continue to cooperate in new heritage tourism marketing ventures with external partners (e.g., State of Montana).
- ◆ Continue to streamline and amend regulatory functions that protect historical resources and encourage self-monitoring by industry.
- ◆ Provide \$50.1 million for financial assistance for family and special purpose housing and work cooperatively with other ministries, municipal governments, community groups and the private sector to determine effective housing solutions and promote self-reliance.
- ◆ Provide \$3 million for community-based homelessness initiatives and take a lead role to develop a strategy on homelessness by examining issues in conjunction with other ministries, municipal governments, local authorities, community groups and the private sector.

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

VISION

Economic Development's vision is that Alberta is the best place in the world to live and do business.

MISSION

The Ministry of Economic Development works closely with the Alberta Economic Development Authority (AEDA), Strategic Tourism Marketing Council, and the Travel Alberta Secretariat.

AEDA acts as a high level policy advisory group to the government concerning key economic development and industry competitiveness issues. This unique relationship with the private sector ensures Economic Development's goals are achieved in partnership with business and industry.

The Strategic Tourism Marketing Council establishes the strategic tourism marketing plan. The Council is a cooperative effort between government and the private sector to maximize the effectiveness of investment made in increasing tourism within Alberta.

The Travel Alberta Secretariat consists of a small group of marketing professionals that provide assistance to the Council and are responsible for implementing and coordinating the strategic marketing plan.

The department's mission is to promote **Alberta's continuing prosperity**.

CORE BUSINESSES

- ◆ Strategic Leadership for Economic Development Policy and Planning
- ◆ Market Development and Investment Attraction
- ◆ Tourism Marketing and Development

GOALS

- ◆ Alberta has a vibrant and versatile economy.
- ◆ Alberta's businesses, communities and industry sectors are globally competitive.
- ◆ Alberta is a globally competitive tourism destination.

MAJOR STRATEGIES

- ◆ Lead interdepartmental and intergovernmental collaboration to address Alberta's economic priorities and the interests of stakeholders.
- ◆ Lead the implementation of a new economic development strategy for Alberta.
- ◆ Provide support to the AEDA and its committees and coordinate the work of the Council of Economic Development Ministers.
- ◆ Assess the drivers of the Alberta Advantage and ensure integrated policies are developed to maintain the Alberta Advantage.
- ◆ Develop and communicate results of long-term trends for the Alberta economy.
- ◆ Further develop and support regional partnerships to address economic development priorities as identified by communities throughout Alberta.
- ◆ Implement the International Marketing Strategy.
- ◆ Implement changes to Alberta's international representation.
- ◆ Provide competitive intelligence, market information and knowledge to support companies accessing marketing opportunities.
- ◆ Promote capabilities, products and services of export ready Alberta businesses in international markets.

ECONOMIC DEVELOPMENT - *Continued*

- ◆ Promote Alberta as a location of choice for new and expanding business investment.
- ◆ Improve local access to capital by promoting investment into diversified sectors and expanding sources of capital investment.
- ◆ Promote investment into the production of goods that add value to Alberta's resources.
- ◆ Provide information and services that assist the development of small Alberta businesses through innovative means such as The Business Link, the Calgary Business Information Centre, Connectivity 2000, and participating in a business tax review.
- ◆ Attract and grow advanced technology sectors through a cooperative joint venture with the Department of Innovation and Science.
- ◆ Partner and deliver marketing programs that are strongly endorsed by the industry through the Strategic Tourism Marketing Council and Travel Alberta.
- ◆ Deliver valued support services to the tourism industry including visitor information, product and business information, image materials, and tourism research.
- ◆ Address tourism issues such as regulation/policy, access to land, infrastructure, and product enhancement that impacts growth, expansion and marketability.
- ◆ Develop a strategy for mountain region tourism development in Alberta, including the national parks.

HIGHLIGHTS FOR 2000-2001

- ◆ Lead the implementation of a new economic development strategy for Alberta that will result in continued prosperity for Alberta.
- ◆ Implement an International Marketing Strategy to focus department international marketing efforts in targeted geographic regions.
- ◆ Complete changes to Alberta's foreign offices.
- ◆ In conjunction with other public and private sector partners, lead Alberta's presence at the Hanover 2000 World Fair by focusing on technology and innovation to sell and market the province's advantages under its theme "The Future Works Here".
- ◆ Coordinate the province's participation in the National Petroleum Show/World Petroleum Conference 2000 in Calgary in June 2000.
- ◆ Implementation of industrial sector strategies to focus department's efforts on targeted value added industry sectors.
- ◆ Complete the integration of the Agri-Food trade policy group into Economic Development activities.
- ◆ Continue to work closely with industry through the Strategic Tourism Marketing Council to address tourism marketing issues and market Alberta as an attractive tourism destination.
- ◆ In conjunction with AEDA, formulate a long-range tourism strategy.
- ◆ Implement a comprehensive performance measurement and program evaluation system to improve accountability.
- ◆ Implement a comprehensive system to improve the management of the Department's information and knowledge.
- ◆ The Ministry's 2000-01 budget is \$51 million which includes \$17 million for tourism development and marketing, \$15 million for investment and trade activities, and \$8 million for industry and regional development.

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

VISION

Alberta's environment, in all its majesty and beauty, ensures our high quality of life now and in the future.

MISSION

As proud stewards of Alberta's renewable natural resources, we will protect, enhance and sustain our environment through wise management. We are a committed team that will ensure that the development and management of these resources is sustainable to support a healthy environment, a prosperous provincial economy and a high quality of life for Albertans.

CORE BUSINESSES

Core Business 1: Resource Management

- ◆ The Ministry of Environment strives to ensure that the use of Alberta's renewable natural resources (e.g., air, water, soil, fish and wildlife, forests and vegetation) is sustainable through the development and implementation of legislation, policies, plans and programs, standard setting and appropriate allocation of resources through approvals.
- ◆ The Ministry of Environment strives to ensure the environmentally responsible development of non-renewable natural resources in close collaboration with other Ministries having a related mandate.

Core Business 2: Environmental Hazard Management

- ◆ The Ministry of Environment reduces the risks of environmental hazards to people, property and the sustainability of our renewable natural resources by controlling forest fires, problem wildlife and forest pests; flood and drought risk management; cleaning up hazardous spills and combating other pollution related risks.

GOALS

- ◆ The high quality of Alberta's environment will be maintained.
- ◆ Alberta's natural resources will be sustained.
- ◆ Albertans will have the opportunity to enjoy the Province's natural, historical and cultural resources.
- ◆ Albertans will be healthy.
- ◆ Alberta will have a prosperous economy.
- ◆ Alberta will be a safe place to live and raise families.
- ◆ Albertans will have effective and efficient infrastructure.

MAJOR STRATEGIES

- ◆ Establishing policy and legislation to ensure the protection of our environment and the proper use of our renewable and non-renewable resources.
- ◆ Developing strategies, guidelines, standards and plans to ensure the protection of our environment and the proper use of our renewable and non-renewable resources.
- ◆ Providing effective and efficient decisions regarding the use of resources and protecting the environment through approval processes.
- ◆ Monitoring the environment, ensuring compliance with approvals and dispositions, and reducing risks by managing hazards.

ENVIRONMENT - *Continued*

- ◆ Providing Albertans with opportunities to contribute to environmental issues and initiatives as well as educating them on various issues of concern.
- ◆ Providing effective information technology, human resources and financial support to the Ministry.

HIGHLIGHTS FOR 2000-2001

- ◆ Contribute to the development and implementation of the government's strategic direction on climate change and greenhouse gases.
- ◆ Revise and implement forest fire management policy to incorporate more meaningful and attainable goals and objectives.
- ◆ Implement *Alberta's Commitment to Sustainable Resource and Environmental Management* through the development of Regional Sustainable Development Strategies (particularly the Northern East Slopes Regional Strategy), Integrated Resource Management, and associated performance measures.
- ◆ Develop clear and consistent proactive compliance assessment activities, inspections, audits and reviews.
- ◆ Provide input to the five year review of the *Canadian Environmental Assessment Act*.
- ◆ Cooperate with Municipal Affairs in the delivery of the Petroleum Storage Tank Remediation Program.
- ◆ Respond to the MLA Committee's review of the draft Natural Heritage legislation.

KEY PERFORMANCE MEASURES

Air Quality Index

The Air Quality Index provides an indication of the quality of air in Alberta throughout the year at selected locations in the province, including Edmonton, Calgary, Fort Saskatchewan and Fort McMurray. The measure reports the number of days in the year during which air is rated good, fair, poor or very poor using the guidelines established by Alberta's *Environmental Protection and Enhancement Act* and the *National Air Quality Objectives*. Specific parameters considered in this measure include carbon monoxide, ozone, dust and smoke, nitrogen dioxide and sulphur dioxide. The target is to maintain air quality levels which are considered good or fair at all times.

	1989	1990	1991	1992	1993	1994	1995	1996	1997	1998
Good	356	354	352	361	359	349	358	360	359	354
Fair	9	11	13	5	6	16	7	6	6	11

Surface Water Quality Index and Groundwater Quality

The Ministry is creating new measures to assess surface water quality in major rivers and groundwater quality monitored at industrial sites. Alberta's Surface Water Quality Index assesses water quality in major rivers, allowing a comparison of sites upstream and downstream of developed areas. Environment and Agriculture, Food and Rural Development have incorporated recent advances in an improved index. The target of bringing water quality downstream of developed areas in line with upstream conditions will be unchanged.

Industrial approvals issued by the Ministry have been structured to include a requirement to monitor groundwater. Appropriate measures will be selected to measure the protection of groundwater from industrial pollution. A proposed target is to have all industrial sites meet their required performance objectives, or to have a risk management plan in place.

Charts for these two new measures are in preparation.

Reduction of Municipal Solid Waste to Landfills

Since 1995, the amount of material going to landfills has increased as a result of greater economic activity and associated construction, renovation and demolition. A reduction target of 50% of 1988 levels by the year 2000 has been reassessed. A more realistic target of “continuous reduction of municipal solid waste going to landfills on a per capita basis” has been adopted.

	1989	1990	1991	1992	1993	1994	1995	1996	1997	1998
% Reduction	100%	97.2%	95.9%	96.9%	87.5%	85.8%	77.2%	71.2%	73.2%	78.7%

Hazardous Waste Reduction

The Hazardous Waste Reduction performance measure is based on the ratio of the amount of hazardous waste recycled to the total amount of hazardous waste generated in Alberta. The target is to increase the percentage of hazardous waste recycled in Alberta.

	1991	1992	1993	1994	1995*	1996	1997	1998
Disposed (Units - tonnes)	16,700	13,000	13,000	21,200	59,700	21,300	38,400	28,800
Recycled (Units - tonnes)	40,600	58,100	81,500	77,700	66,600	86,400	96,000	113,200
Percent Recycled	71%	82%	86%	79%	53%	80%	71%	80%

*Waste from one major site cleanup contributed to the significant increase in waste disposed in 1995.

Timber Sustainability

The Timber Sustainability measure compares the actual annual timber harvest with the approved annual allowable cut (AAC). The AAC is the amount of timber that can be harvested on a sustainable basis within a defined planning area. The target is for the harvest to be no greater than the AAC, ensuring a timber supply for the future.

	1989	1990	1991	1992	1993	1994	1995	1996	1997	1998
AAC (million m ³)	25.6	25.6	25.6	24.5	24.5	24.5	22.1	22.1	23.0	23.4
Harvest (million m ³)	9.6	8.8	11.6	11.9	13.7	13.1	15.1	16.6	17.7	19.1

Pulp Production Versus Amount of Biochemical Oxygen Demand

Certain substances in pulp mill wastewater require oxygen in their breakdown, decreasing the amount of oxygen available to aquatic organisms. An excess amount of these substances could cause a shortage in the oxygen necessary to keep an aquatic ecosystem healthy. Alberta’s average maximum allowable biochemical oxygen demand (BOD) (3 kg/tonne of pulp for most mills) is based on water quality criteria and Best Available Demonstrated Technology. The target is to show continuous improvement.

	1990	1991	1992	1993	1994	1995	1996	1997	1998
Pulp Production (tonnes per day)	2,899	3,952	4,419	5,271	6,005	6,195	6,146	6,213	6,361
BOD (kg/tonne)	3.17	2.22	1.67	1.22	0.99	0.85	0.90	0.83	0.80

Species at Risk

The Species at Risk measure shows the health of Alberta's fish and wildlife populations as assessed by the proportion of species that are at serious risk, vulnerable/sensitive, healthy or of undetermined status. The 538 species reviewed include 370 birds, 90 mammals, 60 fish, 10 amphibians, and 8 reptiles. The target is to keep the percentage of species at serious risk below 5%.

	Healthy	Vulnerable/Sensitive	Undertermined	At Serious Risk
1996	85%	9%	4%	2%
1991	55%	20%	20%	5%

Area of Parks and Natural Reserves in Alberta

This measure describes the total area of parks, natural reserves and related sites (including national parks) in Alberta. The target is to have 81,000 square kilometres of Alberta designated as parks, natural reserves or related sites by the end of the Year 2000.

	1950*	1960*	1970*	1980*	1990*	1995	1996	1997	1998

Parks Visitation

The Parks Visitation measure reflects parks use by Albertans and visitors to the province, and opportunities for enjoyment provided by the recreation and protected areas system. The measure is defined as the total number of daily entries of persons into provincial parks and about half of the provincial recreation areas. The target is to maintain parks visitation rates at or above 8 million. Other measures are being developed to monitor visitor satisfaction.

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

MISSION AND MANDATE

The Public Affairs Bureau helps the government in its ongoing dialogue with Albertans by providing quality, coordinated and cost-effective communications and consulting services.

GOALS

The Bureau is committed to adapting to meet the changing needs of our clients, customers and Albertans. As part of that commitment, the Bureau's four main goals have been adjusted for the 2000-2003 Business Plan. Changes include the introduction of a new Goal One to help us better communicate in areas Albertans have identified as their top priorities. The previous Goal Two and Goal Three have been combined into one, while new wording and measures have been introduced for Goal Four. The Bureau's goals are to:

- ◆ increase communications with Albertans in the areas they identify as top priorities;
- ◆ make government information more accessible to Albertans;
- ◆ improve the efficiency and coordination of communications across government; and
- ◆ deliver products and services that allow us to meet or exceed revenue projections and customer needs.

Because of the supporting role communications plays across government, our efforts contribute to all of the government's overall goals and objectives.

MAJOR STRATEGIES

The Bureau will continue to look for shared service and other cooperative opportunities, in association with ministries across government. We will continue to align our goals and strategies with the priorities set out by government, as well as with feedback from clients, customers and Albertans. The Bureau's major strategies focus on:

- ◆ ensuring that government communications meet the needs and priorities of Albertans;
- ◆ increasing the level of communications that occur at a corporate level; and
- ◆ continuing to make innovative and timely use of new communications technologies.

HIGHLIGHTS FOR 2000-01

Highlights from the 2000-2003 Business Plan include:

- ◆ Use the Alberta Connects program to deliver comprehensive information about government plans and progress in the areas Albertans have identified as their top priorities;
- ◆ Use the Alberta Connects program to help Albertans access government information, ask questions and provide feedback;
- ◆ Expand the government's use of Internet technology to open two-way dialogues with Albertans, including moderated on-line discussion groups;
- ◆ Look for opportunities to deliver communications support through "clustered" services or shared resources among ministries;
- ◆ Update the Bureau's Human Resource Plan to include new in-house training opportunities and a human resource intranet for staff; and
- ◆ Work with Alberta Justice and Attorney General to compile and publish a revised version of the Statutes of Alberta.

PUBLIC AFFAIRS BUREAU

KEY PERFORMANCE MEASURES

Public Satisfaction with Government Communications in Priority Areas

NEW MEASURE TO BE DEVELOPED

Public Satisfaction with Government Information

This measure is related to Goal Two. It rates Albertans' overall satisfaction level with the information they receive about government programs and services, either directly from the government or through other sources.

1995-96 Actual	1996-97 Actual	1997-98 Actual	1998-99 Actual	1999-2000 Target	2000-2001 Target
69%	66%	66%	69%	75%	75%

Public Satisfaction with RITE and Queen's Printer Bookstores

This measurement is related to Goal Two. It rates the satisfaction levels of Albertans using the RITE Telephone System to access government and obtain information, as well as the satisfaction levels of Queen's Printer Bookstore customers.

1995-96 Actual	1996-97 Actual	1997-98 Actual	1998-99 Actual	1999-2000 Target	2000-2001 Target
97%	96%	97%	96%	98%	98%

Government Client Satisfaction

This measurement is related to Goal Three. It rates government client satisfaction levels with the communications services provided by the Public Affairs Bureau.

1995-96 Actual	1996-97 Actual	1997-98 Actual	1998-99 Actual	1999-2000 Target	2000-2001 Target
86%	85%	90%	89%	90%	90%

Customer Satisfaction with Products

This new measure is related to the revised Goal Four. It rates the satisfaction of Queen's Printer Bookstore customers with products available.

1998-99 Actual	1999-2000 Target	2000-2001 Target
97%	98%	98%

Maintaining Revenue

This new measure is related to the revised Goal Four. It compares authorized revenue projections with the results actually achieved.

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

MISSION

The Ministry's mission is to ensure integrity, transparency, disclosure, public consultation and accountability in Alberta's gaming and liquor industries.

GOALS

- ◆ Ensure lottery funds support charitable, public and community-based initiatives through effective administration of the Alberta Lottery Fund, with full public disclosure of all activities.
- ◆ The Alberta Gaming and Liquor Commission (AGLC) and its Board carry out their regulatory, program delivery and governance activities in an efficient and transparent manner.
- ◆ Invest Alberta Lottery Fund revenues in programs and projects that support community initiatives.
- ◆ Develop and communicate the government's gaming and liquor policies in a public and transparent manner.

CORE BUSINESSES

The Ministry of Gaming carries out its responsibilities through four core business:

- ◆ Administer the Alberta Lottery Fund with full public disclosure, and continue to support communities and charitable organizations.
- ◆ License, regulate and monitor liquor and gaming activities, as well as certain aspects of tobacco sales.
- ◆ Implement and account for specific lottery-fund programs administered by Gaming.
- ◆ Develop and communicate provincial gaming and liquor policy.

MAJOR STRATEGIES

- ◆ Review and update licensing policies in consultation with the public and the industry, to address possible expansion and growth of gaming activities in Alberta.
- ◆ The AGLC will administer the Alberta Lottery Fund, including the transfer of lottery fund disbursements to other government ministries.
- ◆ Gaming will review policies on the disposition of Alberta Lottery Fund proceeds, to ensure funds are being disbursed according to policy and intended use.
- ◆ Facilitate, with the Alberta Alcohol and Drug Abuse Commission (AADAC), the promotion of safe and responsible alcohol consumption and address fetal alcohol syndrome, drunk driving and alcoholism through liquor licences, concerned citizens' groups, government and other organizations. (See our website at gaming.gov.ab.ca)
- ◆ Facilitate with the AADAC, the promotion of prevention and treatment programs for problem gamblers.
- ◆ Ensure Albertans benefit from timely and full public disclosure of lottery-related expenditures.
- ◆ Maintain the charitable gaming model for operating casinos, bingos, raffles and pull tickets as recommended by the 1998 Lotteries and Gaming/Summit.
- ◆ Implement any approved recommendations made by the Bingo Review Committee.
- ◆ Use public consultation to obtain input on significant issues (e.g., new gaming options; new casino facility licences).
- ◆ Ensure the public has ready access to information about AGLC licensing, monitoring and enforcement-related activities and decisions. See our website at aglc.gov.ab.ca.
- ◆ Manage provincial lottery activities, collect revenues from these activities and transfer those revenues to the Alberta Lottery Fund.
- ◆ Investigate alleged violations of the *Gaming and Liquor Act* and Regulation and AGLC policies, and conduct inspections and audits of gaming and liquor licencees.

GAMING - *Continued*

- ◆ Investigate and prosecute Criminal Code (Canada) and Alberta Gaming and Liquor offences as they relate to licensed events and facilities.
- ◆ Collect all liquor revenues in accordance with established liquor mark-up policy.
- ◆ Review the eligibility criteria for issuing gaming licences to charitable and non-profit organizations.
- ◆ The Community Lottery Board program will deliver funds to enhance and support project-based community initiatives determined through a local decision-making process.
- ◆ The Community Facility Enhancement program will deliver matching grants to improve Alberta's public-use facilities.
- ◆ Ensure recipients of Community Lottery Board program funds and Community Facility Enhancement program funds are financially accountable to the Ministry of Gaming.
- ◆ Review the Community Lottery Board program funding guidelines to ensure benefits to communities are being achieved.
- ◆ Ensure Albertans benefit from timely and full public disclosure of lottery-related expenditures.
- ◆ Monitor gaming and liquor industry results, services and activities – including emerging issues and activities – and identify strategies to meet the needs of customers.
- ◆ Develop and implement benchmarks and best practice initiatives.
- ◆ Monitor gaming and liquor policies in other jurisdictions.
- ◆ Develop a Ministry web site and other information tools that provide full access to information about gaming and liquor in Alberta.
- ◆ Keep Albertans informed of gaming activity in the province, as recommended by the 1998 Lotteries and Gaming Summit.
- ◆ Ensure public consultation occurs with respect to major policy initiatives.
- ◆ Work with the Alberta Racing Commission to determine the success of the racing renewal initiative.
- ◆ Sponsor research into the social and economic aspects of lotteries and gaming.
- ◆ Ensure gaming policy and the gaming industry are informed of, and responsive to, research into the social and economic aspects of gaming.
- ◆ Investigate all complaints received from the general public and stakeholders concerning licensed gaming and liquor activities.

HIGHLIGHTS FOR 2000-2001

- ◆ The formation of the Gaming Ministry has been successfully implemented and the Ministry is now positioned to review licensing policies in consultation with the stakeholders, customers and the public. The licensing policy review will consider any research developed through the Gaming Research Institute.
- ◆ Implement any approved recommendations of the Bingo Review Committee.
- ◆ Review the Community Facility Enhancement Program and the Community Lottery Board Program to ensure that benefits to Albertans are being achieved.
- ◆ Review liquor industry performance to identify any further strategies to enhance the privatized system and to ensure the most effective service to our customers.
- ◆ Review, with AADAC, the problem gambling research for Alberta and identify alternative plans to enhance prevention and treatment programs.
- ◆ Similarly, work with AADAC to identify means to facilitate alcohol-related programs through the government and other organizational programs.
- ◆ Implement a strategy to further inform Albertans about Alberta Lottery Fund support for community initiatives.
- ◆ Review the exclusivity and inducements regulations in conjunction with all segments of the liquor industry regarding any possible changes to the regulations or policies.
- ◆ Initiate a review of the Ministry's cost efficiencies and implement changes to improve services and achieve cost savings.

FINANCIAL HIGHLIGHTS FOR 2000-01

- ◆ For 2000-01, the Ministry's gaming revenue will be \$837.5 million, an increase of \$18 million or 2.2% over the \$819.5 million forecast for 1999-2000 (\$68 million increase over 1999-2000 budget). The increased revenue is allocated to the Alberta Lottery Fund and directed toward public and community initiatives in accordance with the government's fiscal plan.
- ◆ For 2000-01, charities in Alberta are expected to receive over \$160 million as a result of gaming revenue generated on their behalf.
- ◆ Lottery funded program commitments will be increased in the 2000-03 business plan as a result of increased gaming revenues. Lottery Fund spending is expected to grow from \$837.5 million in 2000-01 to \$868.8 million in 2002-03, for an increase of 3.6%.

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

MISSION

Service excellence is the focus for delivery of services to Albertans. Alberta Government Services (AGS) partners with governments, stakeholders, and businesses to:

- ◆ Provide a secure, high-quality, and innovative gateway to a wide range of government services, including consumer information, registration, licensing, and other government services;
- ◆ Facilitate, support, and, where mandated by legislation, regulate and strictly enforce high standards of consumer protection and business practice; and
- ◆ Support the Regulatory Review Secretariat in its mandate to reduce regulatory red tape and complexity throughout government.

BUSINESS PLAN GOALS AND MAJOR STRATEGIES

Goal #1 A common portal (“gateway”) so Albertans receive the services they deserve

Major Strategies

- ◆ In conjunction with Innovation and Science, complete evaluation of “gateway” alternatives and strategies including “best practices” in approaches elsewhere, prepare implementation plan, and proceed with development of enhanced services program.
- ◆ Continue to streamline and simplify access to government information through “one-window access to services” project, jointly with Innovation and Science.
- ◆ Work with Personnel Administration Office and Public Affairs Bureau to identify and promote best practices and standards of service excellence across government.
- ◆ Explore partnerships with other government bodies that provide registration/licensing/information services to improve user access and convenience.
- ◆ Develop cross-government information technology initiatives in partnership with Innovation and Science and other departments.
- ◆ Enhance Ministry’s call centre functions that promote a single access to an array of governmental services and information; assess opportunities to apply the Internet more widely for improved customer service, information availability, and delivery efficiency; evaluate the Consumer Information Center and respond to customers’ expectations for increased self-service.

Goal #2 Excellence in service development, delivery and accessibility

Major Strategies

- ◆ Enhance the marketplace surveillance/monitoring capabilities to assist AGS to anticipate and respond to changing marketplace requirements.
- ◆ Implement the Ministry’s comprehensive accountability framework, which includes performance standards and customer satisfaction assessments, to enhance the integrity of the service delivery processes.
- ◆ Consult with the survey community and other key stakeholders to identify improvements for the digital plan registration process that was implemented in 1999.
- ◆ Increase opportunities for Albertans to access information about consumer legislation and current consumer issues in order to enhance consumer awareness and self-reliance. Use advanced technologies such as fax back, the Internet and an automated telephone information system to provide accurate, relevant information to Alberta consumers and businesses about legislation and current marketplace issues on a seven-days-a-week, 24-hours-a-day basis.

Goal #3 *A fair and effective marketplace in Alberta with a high standard of business conduct*

Major Strategies

- ◆ Consult with the business and legal communities to identify changes to legislation such as the development of new types of business entities that would enhance Alberta's position in the marketplace.
- ◆ Monitor/fine-tune new *Fair Trading Act*, raise awareness of the Act, and continue related legislative enforcement activities. Ensure that the legal community recognizes the ability to prosecute unfair business practices.
- ◆ Explore additional regulatory changes to harmonize legislation and regulations with other jurisdictions under the Agreement on Internal Trade.
Examples include:
 - * Collection practices
 - * Electronic commerce
- ◆ Provide support to the Alberta Motor Vehicle Industry Council as it assumes responsibility for industry regulation including licensing enforcement and education standards.
- ◆ Continue to work and consult with key stakeholders to review and amend current legislation
 - * *Co-operative Associations Act*
 - * *Charitable Fund-Raising Act* and Regulations
 - * *Residential Tenancies Act* and Regulations
- ◆ Develop and implement an investigation priority policy to ensure that resources are focused on the most serious violations (residential tenancies, trade practices, time shares, loan brokers, collection practices, etc.) and that there is a consistent investigation strategy across the province.
- ◆ Continue the ongoing implementation of the national information sharing database to support investigation/enforcement activities. This will be done through the CANSHARE sub-committee, which Alberta co-chairs.

Goal #4 *A streamlined, effective, and relevant regulatory environment*

Major Strategies

- ◆ Review on an ongoing basis the acts and regulations administered by AGS and recommend changes for reduced regulatory cost, duplication, and complexity.
- ◆ The Regulatory Review Secretariat will:
 - * Continue to work with all government departments in regards to the government wide initiative to reduce, simplify or eliminate regulations;
 - * Assess the government's progress in achieving the goals and objectives that were established in 1996; and
 - * Develop recommendations for the role, if any, of the Secretariat beyond fiscal year 2000/01.

HIGHLIGHTS FOR 2000-2001

- ◆ Development of a "one window to government services" initiative to improve service excellence to Albertans.
- ◆ Review and begin blueprint design of the legacy registry systems to improve service and reliability.

KEY PERFORMANCE MEASURES

Performance Measure/Indicator	Historical/Current Baseline	Target
Three separate groups of Registry customers are surveyed for customer satisfaction. (used in support of Goals 1 and 2)	This is the base information year. However, previous surveys have indicated a high level of satisfaction.	85%
Satisfaction of consumers who have contacted the Ministry for advice and information. (used in support of Goals 1 and 2)	This is the base information year.	This is a base year which will set a measure to benchmark for testing of future performance.
Percentage of investigations which are successful.	1998/99 - 94.8%	95%
Consider establishing new measures for the Regulatory Review Secretariat. While “status reports” and “three-year achievement” statistics have been reported in prior years, these are not particularly useful in measuring meaningful or substantive progress in any given department.	1996 to 1999 Total Regulations: 1,239 Re-enacted: 292 Repealed: 259 Exempt: 72 To be reviewed: 616	Extended to December 31, 2000 for review of all regulations (further rescheduling required).

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

VISION

“Citizens of a healthy Alberta achieve optimal health and well-being”.

MISSION

“...to maintain and improve the health of Albertans by leading and working collaboratively with citizens and stakeholders.”

GOALS

- ◆ To sustain and improve the delivery of accessible, effective, quality health services to Albertans who need them.
- ◆ To improve the health and well-being of Albertans through provincial strategies for protection, promotion and prevention.
- ◆ To support and promote a system for health.
- ◆ To optimize the effectiveness of the Ministry.

MAJOR STRATEGIES

...sustaining and improving access to quality services...

- ◆ improve access to complex life-saving procedures such as dialysis and cardiac surgery
- ◆ enhance access to front-line services by increasing staff levels
- ◆ establish the Health Services Utilization Commission to support continuous improvement in health system performance
- ◆ direct drug benefit programs and work with stakeholders to ensure reasonable access and appropriate use of prescribed drugs
- ◆ implement a short and medium-term physician resource plan, initially by increasing residency positions
- ◆ develop new approaches for nursing work-life issues, including continuing education and professional development opportunities
- ◆ address the equipment needs of health authorities, including both replacement and new equipment

...protection, promotion & prevention...

- ◆ implement provincial population-based breast cancer screening and province-wide metabolic screening programs
- ◆ develop a population-based screening strategy for cervical cancer and other conditions
- ◆ enhance immunization strategies and develop a longer term immunization plan in the context of a national strategy
- ◆ contribute to the implementation of the Alberta Children’s Initiative through development of health system and cross-sectoral strategies (e.g., Alberta Partnership for Fetal Alcohol Syndrome, Task Force on Children at Risk)
- ◆ implement the directions resulting from the Persons with Developmental Disabilities review to ensure the inclusion of adults with developmental disabilities in community life
- ◆ lead or participate in initiatives such as Climate Change Central and health impact assessments (e.g., Government Flaring Study)
- ◆ sustain and expand, through Alberta Alcohol and Drug Abuse Commission (AADAC), addictions services and supports

HEALTH AND WELLNESS - *Continued*

...leading change to ensure the continuity of quality health for the future...

- ◆ promote changes to enhance quality, accessibility and sustainability through the Health Innovation Fund
- ◆ encourage the implementation of innovative service delivery models, which improve utilization of the health workforce
- ◆ set new strategic directions, in collaboration with stakeholders, to ensure an integrated, sustainable system for health, with emphasis on the primary health care sector
- ◆ enhance and expand strategies to enable Albertans to contribute to the development of plans and actions to improve the health of the population and health services
- ◆ implement policy directions resulting from recommendations of the Long Term Care Review
- ◆ prohibit two-tiered health care, while permitting health authorities to contract for surgical services

HIGHLIGHTS FOR 2000-01

- ◆ Total Ministry spending will increase by \$485.2 million (9.4%) over the comparable 1999-2000 budget. The total ministry budget for 2000-01 is \$5.653 billion. Spending will increase by \$1.092 billion (21.1%) over the comparable 1999-2000 budget to a total of \$6.259 billion by 2002-03.
- ◆ In 2000-01, Health Authorities will receive an increase of \$218.0 million (7.7%) over the comparable 1999-2000 budget. This increase includes \$38.2 million in supplemental funding for capital equipment.
- ◆ Province-Wide Services will receive an additional \$46.8 million (18.2%) over the comparable 1999-2000 budget, to recognize the updated costs of services and to facilitate the provision of more complex life saving procedures and reduce waiting lists.
- ◆ An additional \$25.1 million (17.5%) will be provided for health protection, promotion and prevention initiatives and programs. The additional funding includes:
 - ◆ \$4.7 million for the implementation of a cervical cancer screening program;
 - ◆ \$2.3 million for the breast cancer screening program;
 - ◆ \$5.4 million for vaccines and sera;
 - ◆ \$2.0 million for child health strategies;
 - ◆ \$2.0 million for AADAC including funding for programs such as opiate dependency and a Home Detoxification program in Medicine Hat; and
 - ◆ \$4.6 million for price and volume adjustments for Alberta Aids to Daily Living and Provincial Laboratories of Public Health.
- ◆ Funding for Services to Persons with Developmental Disabilities will increase by \$44.3 million (16.0%) over the comparable 1999-2000 budget, reflecting the costs of increased caseloads and salary adjustments for agency staff.
- ◆ Physician Services will receive an additional \$68.4 million (7.0%) over the comparable 1999-2000 budget including:
 - ◆ \$45.9 million for price and volume;
 - ◆ \$15.0 million to address the increase in the number of physicians;
 - ◆ \$4.0 million for Academic Health Centres resulting in a total increase since 1998-99 of \$12 million as recommended in the Laing Report;
 - ◆ \$2.2 million (16.7%) for the rural on-call program, increasing the budget to \$15.4 million; and
 - ◆ \$1.0 million (10.7%) for the implementation of alternate compensation strategies.
- ◆ An increase of \$35.9 million (14.6%) over the comparable 1999-2000 budget will be provided for the Blue Cross Benefit program reflecting the higher costs of new drugs and increased utilization.

HEALTH AND WELLNESS - *Continued*

- ◆ An additional \$23.7 million (35.7%) over the comparable 1999-2000 budget will be provided for the Human Tissue and Blood program, reflecting the increased price and utilization of fractionated blood products in Alberta.
- ◆ Allied Health and Extended Health Benefits will receive an additional \$8.7 million (12.4%) to recognize price increases and higher utilization of services.
- ◆ The remaining \$14.3 million net increase over the comparable 1999-2000 budget includes: price and volume adjustments for various programs such as Ambulance Services and Out-of-Province health services; a \$5.0 million increase to the Health Innovation Fund; an increase in the provision for Health Care Insurance Premium Revenue write-offs and increased costs associated with departmental information systems and administration.

KEY PERFORMANCE MEASURES

Albertans' Ratings of Ease of Access to Health Services

This measure reflects Albertans' views about how easy or difficult it is to get the health services they need when they need them. The measure is the percent of respondents who rate access to health services as "easy" or "very easy".

	1997	1998	1999	Target
Ease of Access to Health Services	74%	73%	73%	(2002) 80%

Albertans' Ratings of the Quality of Care they Received, and Effects of Care on Health

Albertans' ratings of the quality of care they received is an important measure of the overall quality of Alberta's health system. The first measure is the percent of respondents who rate the quality of care they received as "excellent" or "good". The second measure is the percent of respondents who rate the effects of care on their health as "excellent" or "good".

	1997	1998	1999	Target
Quality of Care Received	86%	86%	78%	(2003) 90%
Effects of Care	83%	84%	83%	(2003) 85%

Percent Low Birth Weight Newborn Babies

Low birth weight (<2500 gms) is often associated with long term health problems. A low number of low birth weight newborns (as a percentage of live births) indicates good prenatal care provided by the health system and by expectant mothers and their families.

	1996	1997	1998	Target
Percent Low Birth Weight	6.1%	6.2%	6.2%	(2002) 5.5%

HEALTH AND WELLNESS - *Continued*

Childhood Immunization Rates

This measure reports the percentage of two year olds who have been appropriately immunized to prevent several serious childhood diseases.

	1996	1997	1998	Target
Percentage of Two Year Olds:				
- Diphtheria, Tetanus and Pertussis	80%	80%	77%	(2002) 97%
- Measles, Mumps and Rubella	88%	90%	86%	(2002) 98%

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

MISSION

Human Resources and Employment contributes to the Alberta Advantage by working with partners to:

- ◆ Assist Albertans to reach their full potential in society and the economy;
- ◆ Foster safe, fair, productive, and innovative workplaces;
- ◆ Support those in need.

GOALS

- ◆ Albertans reach their full potential in the workforce
- ◆ A skilled, competitive Alberta workforce
- ◆ Safe and healthy workplaces
- ◆ Fair and balanced labour relations
- ◆ Effective employment standards and practices
- ◆ Albertans in need of financial support are assisted
- ◆ Alberta's adults who are unable to make personal care decisions independently receive appropriate supports and safeguards
- ◆ Human Resources and Employment will actively participate in and add value to key cross-government initiatives

MAJOR STRATEGIES

- ◆ Maintain Alberta's advantage through the continued development of a skilled, competitive workforce.
- ◆ Support economic development by fostering safe, fair, productive and innovative workplaces.
- ◆ Provide financial support to those in need, while helping people move toward independence.
- ◆ Provide career, labour market and workplace information to individuals and stakeholders.
- ◆ Partner with external stakeholders, other Ministries, governments and other organizations on departmental priorities.
- ◆ Work collaboratively with other Ministries to successfully implement key, government-wide initiatives.

HIGHLIGHTS FOR 2000-2001

- ◆ Funding for the Child Health Benefit program has been increased by \$4.7 million to accommodate increased demand for health benefits for children in low-income families.
- ◆ The Supports for Independence budget reflects the continued success of welfare reforms and reduced caseloads.
- ◆ The AISH budget has been increased from \$268.7 million to \$295.8 million to reflect volume growth and increased costs per case.
- ◆ Our Shelters for Homeless Adults budget will increase \$500,000 to \$10 million to accommodate an increased demand for beds.
- ◆ Labour Market Development Agreement programs will receive an additional \$5 million to provide additional labour related courses to unemployed Albertans.
- ◆ The Youth Connections program budget has been increased by \$1.2 million to accommodate an expansion of the program across the province. The program enables more opportunities for our young people to gain employment through counselling and training in partnership with industry.
- ◆ Our Workplace programs will receive an additional \$300,000 to help us reduce worksite injury, foster collaborative workplace relationships and help parties successfully negotiate collective agreements without workplace disruption.

BUSINESS PLAN SUMMARY

MISSION

Our mission is to develop corporate human resource strategies, policy frameworks and strategic support services that enable departments to fulfil their business plans and achieve government's preferred future of the Alberta Public Service.

GOALS

- ◆ Provide strategic leadership to departments in addressing cross-department human resource needs and issues.
- ◆ Provide human resource strategies, policy frameworks and consulting services that assist departments in compensating, rewarding and recognizing employees.
- ◆ Provide human resource strategies, policy frameworks and consulting services that assist departments in providing a safe work environment and supporting the well-being of employees.
- ◆ Provide human resource strategies, policy frameworks and consulting services that assist departments in attracting, selecting and developing employees to meet current and future needs.

MAJOR STRATEGIES

- ◆ Work with departments to develop the 2001-2004 corporate human resource plan and ensure its implementation through the development of complementary departmental plans and re-aligned human resources delivery.
- ◆ Assist departments in linking employee performance to government performance through effective use of the performance management system.
- ◆ Conduct collective bargaining.
- ◆ Advance the Partnerships in Safety program in high and medium risk departments.
- ◆ Expand the Employee Support and Recovery Assistance program to include other disability management initiatives that improve organizational health and wellness.
- ◆ Work with departments to develop and implement leadership development and continuity strategies.
- ◆ Continue initiatives to market the Alberta public service as an attractive employer, provide work experience opportunities for youth and attract skilled workers to the Alberta public service.

BUSINESS PLAN SUMMARY**MISSION**

The mission of the Alberta Labour Relations Board is to support and advance the principles of Alberta's labour relations laws by:

- ◆ educating the labour relations community and the public of their statutory rights and obligations;
- ◆ developing policies and processes that will assist the parties to prevent disputes or resolve their differences over these rights and obligations without resort to litigation; and
- ◆ providing timely, appropriate, impartial resolution of those differences.

GOALS

- ◆ To provide timely, effective and efficient services to the Alberta labour relations community.
- ◆ The Board promotes the use of Alternative Dispute Resolution methods to resolve issues before reaching formal hearings.
- ◆ Decisions must be clear and timely so the parties can quickly implement the resolutions.

MAJOR STRATEGIES

- ◆ For this reporting period, the Board will place increased emphasis on relationship building and settlement initiatives through Board initiated appropriate dispute resolution devices.
- ◆ The Board also intends to enhance services to clients through continued review of client needs and ongoing involvement with the labour relations community.

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

MISSION AND MANDATE

Alberta Infrastructure contributes to Alberta's economic prosperity and quality of life through the provision of necessary, effective and safe infrastructure for all Albertans. Alberta Infrastructure is a multi-faceted organization responsible for infrastructure owned or supported by the Alberta Government. Its key responsibilities are to:

- ◆ ensure the safety of those travelling on Alberta's roadways through the provision of traffic safety education, awareness and enforcement programs;
- ◆ provide safe and effective highways and support municipalities in the development and rehabilitation of local roads and bridges;
- ◆ manage the development of seniors' lodges, learning, health care and water management facilities; and
- ◆ plan, construct, operate and maintain cultural/historical, correctional, and other government facilities.

GOALS

- ◆ Improve Transportation Safety
- ◆ Enhance Integrated Infrastructure Planning
- ◆ Work with Partners to Provide Quality Infrastructure
- ◆ Improve the Management of Provincial Transportation Infrastructure
- ◆ Improve Access to Global Markets
- ◆ Increase the Effectiveness and Efficiency of Central Government Services
- ◆ Create a Value-Added Organization

MAJOR STRATEGIES

- ◆ In consultation with stakeholders, the Traffic Safety Initiative will continue focusing on generating a stronger awareness that all Albertans have a role to play in traffic safety. Work on the regulations of the newly proclaimed *Traffic Safety Act* will continue.
- ◆ As the lead ministry for the cross-government Capital Planning Initiative, Alberta Infrastructure will continue to work with other ministries in the development of a cross-government infrastructure priority rating system to ensure the most cost-effective and efficient use of infrastructure dollars.
- ◆ To help industry and the municipalities effectively plan for their construction season, early tendering of highway projects will continue.
- ◆ In partnership with Alberta Learning, the ministry will continue to plan, evaluate and develop provincial capital plans, programs, policies and legislation for all learning facilities. Alberta Infrastructure will also continue to manage learning capital including utilization, acquisition, disposition, monitoring, and reporting of all learning facilities.
- ◆ The ministry will continue to implement the recommendations of the School Facilities Task Force in collaboration with school facilities stakeholder groups in order to fulfil the government's commitment to improve capital funding practices.
- ◆ In partnership with Alberta Health and Wellness, the ministry will continue to develop and maintain a long-term provincial capital plan for health facilities, based on facility condition assessments, regional health authority service planning and the Health Capital Projects Rating Scale approved by the government. Alberta Infrastructure will work with Alberta Health and Wellness to ensure that long-term regional capital plans are developed in concert with the regional health authorities by March 31, 2001.
- ◆ In partnership with Alberta Community Development, continue the province-wide upgrading of seniors' lodges. Upgrades to the 121 lodges that qualify for upgrading under the program will be completed by 2003.
- ◆ Recommendations of the Premier's Task Force on Infrastructure will be implemented, including a new financing structure for transportation infrastructure in Edmonton and Calgary based on fuel delivered within these cities. As well, enhanced transportation funding for all other municipalities will continue, and eligibility under the Streets Improvement Program will be expanded to include hamlets. The province will take over financial responsibility for the secondary highway system effective April 1, 2000.
- ◆ Continued development of the North-South Trade Corridor will be a key priority until four-laning is substantially completed in 2007.

INFRASTRUCTURE - *Continued*

- ◆ The ministry is committed to accelerating the disposal of surplus and under-utilized properties to support a greater focus on reinvestment in the province's infrastructure.
- ◆ Alberta Infrastructure will continue to promote widespread access by Alberta businesses to government procurement opportunities at all levels, through the provisions of the *Agreement on Internal Trade*.

HIGHLIGHTS FOR 2000-01

- ◆ Regulations under the new *Traffic Safety Act* will be developed. Extensive public consultation will take place on various regulations to be developed in 2000-01 including vehicle equipment standards and rules of the road.
- ◆ The new *Railway Act* will be proclaimed. The objective of the new Act and regulation is to provide for the safe operation of railways under provincial jurisdiction.
- ◆ In 2000-01, Alberta Infrastructure will upgrade an additional 15 seniors' lodges, bringing the total lodges upgraded to 90. Upgrading of all 121 lodges will be completed by the end of this business plan period.
- ◆ In response to municipalities' concerns and recommendations of the Premier's Task Force on Infrastructure, the province will assume responsibility for the cost of construction, rehabilitation and maintenance of all secondary highways effective April 1, 2000. As a result, municipalities will enjoy significant savings, as they will no longer have to fund maintenance or 25 per cent of secondary highway construction projects.
- ◆ In September 1999, the Premier's Task Force on Infrastructure recommended that funding to Alberta's 14 cities and the urban areas of Sherwood Park and Fort McMurray be enhanced. Commencing April 1, 2000, funding to the cities of Edmonton and Calgary will be based on the equivalent of five cents per litre of on-road fuel sold within each city. Other cities will continue to receive basic funding of \$60 per capita, per year and will also be eligible for supplemental funding on a project-specific basis.
- ◆ Commencing April 1, 2000, the province will be taking over responsibility for the construction and maintenance of major trade corridors through cities.
- ◆ The St. Mary Dam Spillway replacement project and the East Arrowwood Syphon replacement project will be substantially completed in 2000-01.
- ◆ Development of the North-South Trade Corridor will continue until it is substantially completed in 2007.
- ◆ In partnership with Alberta Children's Services, continue to establish approximately 100 Alberta Children's Initiative offices in new leased and existing space.

KEY PERFORMANCE MEASURES

Traffic Safety Measure – under development

Mechanical Safety of Commercial Vehicles

The percentage of commercial vehicles that are rendered out-of-service using nationally recognized criteria (Commercial Vehicle Safety Alliance) when inspected by department staff at roadside checks.

	Results 1998-99	Target 1999-2000	Business Plan Targets		
			2000-01	2001-02	2002-03
% of Vehicles Rendered Out-of-Service, Requiring Minor On-Site Adjustments	24.6%	25.0%	25.0%	25.0%	25.0%
% of Vehicles Rendered Out-of-Service, Requiring Mechanic's Attention	4.9%	5.0%	5.0%	5.0%	5.0%

Construction Progress on the North-South Trade Corridor

Measures the percentage (urban and rural) of the North-South Trade Corridor that is open to travel.

	Results 1998-99	Target 1999-2000	Business Plan Targets		
			2000-01	2001-02	2002-03
Percentage Open to Travel	56.1%	57.3%	69.0%	73.0%	75.0%

INFRASTRUCTURE - *Continued*

Progress on the Collection of Facility Condition Information

The percentage of ministry owned buildings over 1,000 square metres with condition information established.

	Results 1998-99	Target 1999-2000	Business Plan Targets		
			2000-01	2001-02	2002-03
Percentage of Ministry Owned Buildings over 1,000 square metres with Condition Information Established	59.9%	77.0%	89.0%	100.0%	100.0%

Note: Once this measure reaches its final target in 2001-02, a new measure related to infrastructure planning will be developed.

Progress on Completion of Major Water Management Construction Projects

The percentage of total estimated construction costs paid to contractors, reflecting construction progress on each project.

Effectiveness of Water and Wastewater Treatment Facilities

The percentage of communities, under 45,000 population, with water and wastewater treatment facilities that have an operating approval.

	Results 1998-99	Target 1999-2000	Business Plan Targets		
			2000-01	2001-02	2002-03

Traffic Capacity on Rural Primary Highways

The percentage (excluding urban and urban fringe sections) of national highways providing a level of service rated at "B" or better, and the percentage of other primary highways providing a level of service rated at "C" or better (on a scale of A to F). Level of service is an international standard used to measure the ability of traffic to move freely, with A being the least congested.

	Target 1999-2000	Business Plan Targets		
		2000-01	2001-02	2002-03
National Highways (Level B or better)	95.0%	95.0%	95.0%	95.0%
Other Primary Highways (Level C or better)	99.0%	99.0%	99.0%	99.0%

Note: This measure and the targets will be re-evaluated after the province takes over responsibility for the secondary highways and select urban links become part of the provincial network.

Highway Pavement Condition

Indicates the riding comfort of highways under provincial jurisdiction as measured by the International Roughness Index (IRI).

	Results 1998-99	Target 1999-2000	Business Plan Targets		
			2000-01	2001-02	2002-03

Other Highways (Average IRI)	1.80	1.78	1.76	1.74	1.71

For reference purposes, the U.S. Federal Highway Administration has established the following benchmarks for IRI. U.S. interstate highways represent the equivalent of our national highways. Generally speaking, non-interstate highways can be compared to Alberta's other primary highways.

IRI Rating	National Highways (U.S. Interstate)	Primary Highways (Non-Interstate)
Poor	Greater than 1.90	Greater than 2.70
Fair	1.50 to 1.89	1.50 to 2.69
Good	Less than 1.49	Less than 1.49

Energy Consumption per Square Metre

Measures the average energy consumption in owned facilities over a 12-month period, calculated by converting the actual energy consumption for gas, water and power into one common unit of measure (megajoules), adjusted for weather variations, and divided by the total gross square metres of all owned facilities.

	Results 1998-99	Target 1999-2000	Business Plan Targets

Energy Consumption in Owned Facilities (Megajoules per m ²)	1,845	1,810	1,770	1,735	1,700

Operating Cost per Square Metre

Compares the operating cost per square metre with the operating costs of buildings of other governments and the private sector across Canada, which are rated as efficient and economical.

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

MISSION

To enhance the contribution of science, research, and information and communications technology to the sustainable prosperity and quality of life of all Albertans.

GOALS

- ◆ Alberta has a highly qualified workforce to support innovation and science.
- ◆ Alberta has a quality science, research, and information and communications technology infrastructure.
- ◆ Alberta has an internationally competitive science and research system.
- ◆ In Alberta, there is effective commercialization and adoption of science and technology.
- ◆ In Alberta, there is effective application of science and research for improving stewardship of resources and environment.
- ◆ Alberta demonstrates excellence in the development, delivery and use of information, and information and communications technology in the delivery of government services.
- ◆ Albertans recognize the benefits of innovation and science.
- ◆ The Ministry of Innovation and Science leads and supports the innovative and effective management of human resource capital.

MAJOR STRATEGIES

- ◆ Through iCORE (Informatics Circle of Research Excellence) attract and grow a critical mass of outstanding researchers in the fields of computer science, electrical and computer engineering, physics, mathematics and other ICT-related disciplines.
- ◆ Make strategic investments to help modernize the research infrastructure at Alberta universities and teaching hospitals through the Intellectual Infrastructure Partnership Program.
- ◆ Create the Alberta Heritage Foundation for Science and Engineering Research (AHFSER) to ensure a strong, long-term base of science and engineering research at our post-secondary institutions and the industrial sector, to expand Alberta's emerging knowledge-based economy.
- ◆ Promote economic development through the commercialization of research in existing and emerging industries and encourage the direct application of research in relevant public and private organizations.
- ◆ Refocus, reorganize, and build partnerships to stimulate energy-related research to address environmental concerns and reduce costs associated with energy development.
- ◆ Lead information technology planning, standardization and ongoing development of a compatible, secure electronic information and communications infrastructure for government.
- ◆ Work with key Alberta science, research and technology organizations to enhance the science culture and literacy within the province.
- ◆ Continue to implement the government Human Resource Strategy.

HIGHLIGHTS FOR 2000-2001

- ◆ The Ministry will provide strategic leadership for science and research in Alberta through the allocation of funding to the following initiatives:
 - ◆ \$27.3 million for strategic investments in ongoing science and research activities,
 - ◆ \$18.1 million to support research infrastructure and the retention of top quality faculty at Alberta universities and research hospitals, and
 - ◆ \$10 million to support the recently established iCORE. iCORE will attract and recruit outstanding researchers in information and communications technology (ICT) and support strong scientific teams in ICT, building on existing excellence and strengths in Alberta's universities.

INNOVATION AND SCIENCE - *Continued*

- ◆ \$9.3 million will be allocated to coordinate, support and promote research and technology transfer in the agriculture, food and forestry industries.
- ◆ \$5.5 million will be allocated to support research on the efficient and economical recovery and processing of oil sands and related products and the development of technologies that will ensure economic and sustainable energy production from currently under-utilized resources such as oil sands, coal and coal bed methane.
- ◆ \$68.4 million in spending is anticipated by the Alberta Research Council (ARC) to support research in the areas of agriculture, bioscience and health technologies; forest technologies; industrial processes and services; and energy technologies. \$25.1 million of this spending will be funded through a grant from general revenues; the remaining \$43.3 million will be offset by revenue generated by ARC through contracts with private companies and other government entities. ARC provides applied research support for small to medium-sized Alberta enterprises and contributes significantly to commercialization of technology that enables Alberta firms to enhance their global competitiveness.
- ◆ \$3.5 million will be allocated to promote the application of technology in electronics and microelectronics; telecommunications and information networks; computer technology; multimedia; biotechnology; advanced materials; and manufacturing, with the ultimate goal of attracting information technology (IT) businesses to the province.
- ◆ \$65.9 million will be allocated to developing detailed implementation plans for IT, working with ministries to carry out the corporate strategic direction for IT applications and infrastructure, and ensuring quality IT and telecommunications solutions are provided through shared services and/or the private sector.
- ◆ \$5 million will be allocated to develop province wide high-speed Internet and network access for Alberta learning institutions and ensure that access to government services is available to all Albertans.
- ◆ \$1.8 million will be allocated to the development of cross-government information; resource policies and standards; and corporate strategic direction for IT applications and infrastructure.

KEY PERFORMANCE MEASURES

Total Sponsored Research Funding (overall and by source) - \$ millions

The ability of Alberta universities and teaching hospitals to attract research funding is an indicator of the quality of their faculty and their research programs. Targets will be included in the 2001-2004 business plan.

Alberta ICT Advantage

Information and Communications Technology (ICT) is the world’s strongest, fastest growing economic sector. We aim to create 35,000 new jobs in the ICT sector by 2005. Use results of survey products currently being fielded by Statistics Canada.

Business Innovation

To remain competitive on a long-term basis, Alberta businesses need to cultivate an innovative culture. Develop a measure showing the degree of adoption of new technologies by Alberta firms, as this reflects their desire for innovation and their future competitiveness. Use results of survey products currently being fielded by Statistics Canada.

Value-Added Industries

Alberta's economy is still strongly resource-based. Develop a measure on the expansion of Alberta's value-added industries, which support more stable, long-term economic growth. Use results of survey products currently being fielded by Statistics Canada.

Delivery and Use of Government Services

Continue to develop measures for:

- ◆ Efficiency objective
- ◆ Use of data standardization by ministries, and
- ◆ Use of data dictionary by ministries

Perception of the Benefits of Innovation and Science

Continue to develop measure on public perception of the benefits of innovation and science.

INDICATOR

Scientists and Engineers as a Percentage of the Labour Force

Scientists and engineers play a critical role in the Innovation-Based economy as creators and implementers of the new ideas that result in new processes and new products.

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

MISSION

To lead the development of government-wide strategies and policies for Alberta's relations with international governments and organizations; federal, provincial and territorial governments in Canada; and Aboriginal governments, communities and organizations.

GOALS

The department contributes to all three of the core businesses of the Government of Alberta; *people, prosperity and preservation*. The department's three key goals are:

- ◆ To secure benefits for Alberta from strengthened international relations.
- ◆ To secure benefits for Alberta as an equal partner in a revitalized, united Canada.
- ◆ To support Aboriginal people and governments in achieving self-reliance and enhanced well-being.

MAJOR STRATEGIES

- ◆ Strengthen Alberta intergovernmental relations with key foreign economic partners.
- ◆ Expand trade liberalization and foreign market access for Albertans through international trade and investment agreements.
- ◆ Work to ensure that Canadian foreign policies and positions reflect Alberta's priorities and interests.
- ◆ Effective participation by Alberta in the federation aimed at ensuring that the federal system better serves Alberta's needs.
- ◆ Liberalization of Canadian internal trade, promoting the freer flow of goods, services, capital and labour across Canada.
- ◆ Development of a coordinated provincial approach to Alberta's relationship with Aboriginal people.
- ◆ Work towards increased self-reliance and well-being of Aboriginal communities and people.
- ◆ Settlement of those Indian land claims for which the province has a responsibility in a way which is fair and equitable to all parties.
- ◆ Work to enhance accountable, self-regulating, and self-reliant Metis Settlement governments.

HIGHLIGHTS FOR 2000-2001

- ◆ Manage Alberta's transboundary relations with the United States by building/maintaining alliances with key decision-makers and U.S. public and private sector organizations.
- ◆ Remove or reduce barriers to trade and investment through the World Trade Organization (WTO) negotiations and the Free Trade Agreement of the Americas (FTAA) negotiations currently underway.
- ◆ As incoming chair of the Agreement on Internal Trade (AIT) Ministerial Committee, start further negotiations to remove more interprovincial barriers.
- ◆ Work with private sector organizations to pursue the benefits of freer trade.
- ◆ Manage government-wide implementation of the AIT, the North American Free Trade Agreement (NAFTA) and WTO Agreement, and coordinate Alberta's participation in WTO negotiations on issues involving provincial jurisdiction.

- ◆ Develop strategies and policy options, in conjunction with Alberta ministries, to enable Alberta to receive a fair share of federal funding.
- ◆ Work with Alberta ministries to develop and implement coordinated and consistent approaches to intergovernmental issues and processes, including solutions to improve the efficiency and effectiveness of the federation (e.g., reform of financial arrangements/fiscal rebalancing).
- ◆ Implement, in conjunction with Alberta ministries, “A Framework to Improve the Social Union for Canadians” in a manner consistent with Alberta’s intergovernmental interests.
- ◆ Develop policy recommendations and strategies on national unity issues as they emerge.
- ◆ Develop and implement a government-wide Aboriginal Policy Framework to ensure a constructive and consistent approach to relationships with Aboriginal governments and people to address socio-economic, natural resource, governance and responsibility issues.
- ◆ Assist provincial departments, the private and public sector in establishing and maintaining constructive relationships with Aboriginal communities and people.
- ◆ Represent the province in all land claims negotiations with the federal government and First Nations and coordinate the participation of appropriate provincial ministries.
- ◆ Assist the Metis Settlements General Council to evaluate the progress towards appropriate governance models, management systems, and economic viability, for the Metis Settlements and for the General Council.

KEY PERFORMANCE MEASURES

Because the department’s outcomes are often long term, dependent on factors outside the control of the department, and are difficult to present as quantitative data, the department provides a detailed narrative record of its achievements and activities.

International and Intergovernmental Relations has several methods of measuring its performance, including the following

1. *Reports on Department Performance*

The Annual Report documents the department’s accomplishments for each goal and provides a narrative outlining events and outcomes.

Other assessments are also done at the conclusion of major conferences, trade negotiations or missions to assess how Alberta fared in achieving its objectives.

2. *Client Satisfaction Surveys*

Through periodic surveys, the department consults clients for their evaluation of its contribution to advancing Alberta’s priorities and positions. It is the intention to undertake another comprehensive client survey in 2000-2001, as a follow-up to the surveys in 1995, 1997 and 1999.

3. *Measuring Intermediate Outcomes*

The department prepares status reports or contributes to reports on major projects. Since these projects are multi-year ones, the approach of preparing regular progress reports or measuring intermediate outcomes allows governments and taxpayers to keep track of the progress of particularly complex, long-term issues. Examples of this approach are regular status reports that measure the implementation of the AIT and the progress of complaints and disputes under that agreement. Other examples are the regular Progress Reports to Premiers by the interprovincial Council on Social Policy Renewal, and communiqués from annual meetings of Premiers.

4. Secondary Indicators

The department reports on a number of secondary indicators that track macroeconomic and socio-demographic trends. While these are not direct measures of the department's performance, they do provide an indication of the environment in which the department is operating.

Aboriginal socio-demographic data are another useful secondary indicator. These trends provide valuable information on the needs of the Aboriginal people in Alberta. This information assists provincial departments and agencies in developing policies, programs and services to meet the needs of Aboriginal people.

5. Public Polling Data

An important measure of how the Alberta government is performing in the areas of both international and intergovernmental relations is public polling data that measures the satisfaction level of Albertans with the performance of the provincial government in these areas. The polling data is based on a regular national opinion poll conducted by Environics Canada, surveying the views of Canadians regarding the performance of their provincial and federal governments. This is reported in the *Focus Canada Report*.

GOVERNMENT-WIDE GOALS

Much of the Ministry's work relates to Goal 18 of the Government Business Plan: *Alberta will work with other governments and maintain its strong position in Canada*. The Ministry is also developing government-wide measures relating to Aboriginal well-being and self-reliance, which would involve most other ministries.

As well, the Ministry strategies contribute to the realization of the following government-wide goals:

- Goal 2: Our children will be well cared for, safe, successful at learning and healthy
- Goal 6: Alberta will have a prosperous economy
- Goal 7: Our workforce will be skilled and productive
- Goal13: Alberta businesses will increase exports

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

MISSION AND MANDATE

The mission of Alberta Justice is to ensure equality and fairness in the administration of justice in Alberta. Promoting safe communities in all our programs will remain as our primary objective in this planning period.

GOALS

- ◆ To promote safe communities in Alberta
- ◆ To provide services to victims of crime and ensure victims have a more meaningful role in the criminal justice system
- ◆ To provide more access to justice services for persons in need
- ◆ To facilitate the rehabilitation of offenders
- ◆ To improve access to civil and criminal justice
- ◆ To provide effective legal services to the Government of Alberta

MAJOR STRATEGIES

- ◆ Support for families
- ◆ Youth Justice Initiatives
- ◆ Improving Our Courts
- ◆ Restorative Justice Approaches
- ◆ First Nation Policing and Prosecutions
- ◆ Enhanced Services for Victims
- ◆ Crime Prevention and Policing
- ◆ Leadership Development
- ◆ Develop Integrated Information Systems
- ◆ Improving Public Understanding and Knowledge about the Justice System

HIGHLIGHTS FOR 2000-2001

- ◆ Support for families will receive \$3.4 million in new funding directed towards improvements in Family and Youth Court and expansion of family mediation.
- ◆ Crown Offices will pursue early case disposition strategies to reduce court delays and unnecessary witness attendances. New funding of \$2.4 million will be made available for this and improvements in Provincial Criminal Court.
- ◆ A status reporting form will be introduced to enhance the case management of the most serious and complex criminal cases.
- ◆ With an additional \$500,000, community justice alternatives will be explored with a view to expanding existing or initiating new community justice initiatives.
- ◆ Certain Crown Offices will establish specialized victim assistance services.
- ◆ Crown Prosecutors will commence receiving victim awareness training.
- ◆ Services provided under the *Victims of Crime Act* will be evaluated and appropriate recommendations for change identified. A review will be completed of current legislation from a victim's perspective.
- ◆ With increased revenue of \$2.9 million, Victims of Crime Fund will spend close to \$10 million in 2000-01. A new funding model approved in 1999 will provide increased fairness and equity in funding for police based victims' services programs.
- ◆ The victim impact statement will be reviewed to make sure it reflects *Criminal Code* requirements.
- ◆ Guidelines for offender-pay restitution will be developed.
- ◆ Support will be extended to communities interested in establishing new Youth Justice Committees.

JUSTICE - *Continued*

- ◆ Participation in joint initiatives aimed at early intervention, greater cooperation and communication in the delivery of youth and children's programs will be undertaken from the additional funding of \$2.9 million committed to youth justice.
- ◆ The transfer of community corrections program management to Aboriginal communities expressing an interest and demonstrating a readiness will be considered. At the same time, an additional \$1.1 million will be spent on First Nation policing.
- ◆ Probate fees will be reduced.
- ◆ Culturally sensitive approaches to prosecutions will be promoted by developing the mandate of native liaison prosecutors in the coming year.
- ◆ Access to aboriginal awareness programs will be improved for staff involved in conducting prosecutions.

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

VISION

Optimizing human potential.

MISSION

Alberta Learning's leadership and work with partners build a globally recognized lifelong learning community that enables Albertans to be responsible, caring, creative, self-reliant and contributing members of a knowledge-based and prosperous society.

GOALS AND OUTCOMES

Goals	Outcomes
High Quality Learning Opportunities	Responsiveness and Flexibility <ul style="list-style-type: none"> ◆ The learning system meets the needs of all learners, society and the economy. ◆ The learning system is flexible and provides a variety of programs and modes of delivery. Accessibility <ul style="list-style-type: none"> ◆ All Albertans can participate in learning. ◆ Albertans with special needs can participate in learning. Affordability <ul style="list-style-type: none"> ◆ Financial need is not a barrier to learners participating in learning opportunities. ◆ The learning system is affordable.
Excellence in Learner Achievement	Learners demonstrate high standards across a full range of areas (optimizing full potential). Learners complete programs.
Well Prepared Learners for Lifelong Learning, World of Work and Citizenship	Learners are well prepared for lifelong learning <ul style="list-style-type: none"> ◆ Children start school ready to learn. ◆ Albertans are able to learn continuously: in school, at work and in society. ◆ Learners' achievement is recognized. Learners are well prepared for work <ul style="list-style-type: none"> ◆ Learners are successful in finding and maintaining employment. ◆ Employers are satisfied with knowledge, skills and attitudes of employees. Learners are well prepared for citizenship <ul style="list-style-type: none"> ◆ Learners have the knowledge, skills and attitudes to become contributing members of society. ◆ Learners have an awareness of the increasing global interdependency.
Effective Working Relationships with Partners	Joint initiatives meet the learning needs of Albertans. Joint initiatives contribute to the achievement of the social and economic goals of the province. Partners are satisfied with effectiveness of partnerships.
Highly Responsive and Responsible Ministry	The Ministry demonstrates value for dollars. The Ministry demonstrates leadership and continuous improvement in administrative and business processes and practices.

MAJOR STRATEGIES

- ◆ Create a lifelong learning framework to help Albertans meet the demands of an evolving environment.
- ◆ Complete and review recommendations from the policy review on aboriginal learning.
- ◆ Implement the Alberta Initiative for School Improvement (AISI) with the education community to improve student learning with provincial funding for approved projects of \$66 million in each of the 2000-01, 2001-02 and 2002-03 school years.
- ◆ Increase funding in the 2000-01 school year to meet anticipated basic learning enrollment increases and commit to a general grant rate increase of 3% for Early Childhood Services - Grade 12 (ECS-12) for basic instruction, ECS, severe special needs and support grants.
- ◆ Make a further commitment for a general grant increase for ECS-12 of 3% in each of the 2001-02 and 2002-03 school years.
- ◆ Implement the Private School Task Force recommendations increasing basic instruction to 60% of the public school support at a cost of about \$5 million.
- ◆ Focus on the early grades to build a solid foundation for learning.
- ◆ Provide a total of \$900,000 per year in on-going support for the six ECS-12 Regional Consortia starting in 2000-01.
- ◆ Support the implementation of the grades 1-12 information and communication technology program of studies.
- ◆ Collaborate with stakeholders on the awareness and promotion of the benefits of second language learning.
- ◆ Improve assessment of learner achievement.
- ◆ Additional funding of \$23 million through the Performance Envelope for post-secondary institutions to deal with inflationary cost pressures.
- ◆ Increase funding to the Access Fund to expand programming to ensure the 2% annual enrollment growth rate is attained.
- ◆ In response to demand pressures, support expanded enrollments in apprenticeship technical training through the Access Fund.
- ◆ Partner with industry to ensure that the apprenticeship and industry training system responds to the needs of the labour market.
- ◆ Increase student awards by approximately \$8 million by increasing the amount of part-time earnings and scholarship awards students can retain in determining student financial assistance.
- ◆ Provide approximately \$7 million to address the projected increase in the number of students receiving financial assistance.
- ◆ Increase student assistance levels by approximately \$6 million to accommodate rising costs including tuition fees.
- ◆ Develop a new merit-based scholarship for 2nd year post-secondary students at a cost of about \$3 million.
- ◆ Develop a high level strategic plan for knowledge and innovation as part of an economic strategy in conjunction with the departments of Innovation and Science and Economic Development.
- ◆ Work with Children's Services and other partners to implement initiatives under the Alberta Children's Initiatives (ACI).
- ◆ Through *People and Prosperity* develop additional cross-government strategies that help Albertans contribute to and share in Alberta's economic prosperity.
- ◆ Implement government corporate shared services model by continuously reviewing programs and administrative practices for opportunities to improve effectiveness, including working with other ministries and the Alberta Corporate Service Centre on shared service initiatives.

2000-01 HIGHLIGHTS

The total Learning spending is \$4,626 million for the 2000-01 fiscal year.

The Ministry highlights for the support to basic and adult learning for the 2000-01 fiscal year are as follows:

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

MISSION

Alberta Municipal Affairs works in partnership with Alberta's municipalities, other government departments, local authorities, various local organizations, and the private sector to ensure Albertans live in safe and sustainable communities, are served by open, effective and accountable governments, and have their privacy protected.

GOALS AND MAJOR STRATEGIES

These goals integrate and link the various program and service areas within the Ministry.

Goal #1 An effective, responsive, cooperative and well-managed local government sector

Major Strategies

- ◆ Encourage municipalities to cooperate with their neighbours to develop and implement improved and more efficient service delivery systems.
- ◆ Develop and implement a program for encouraging the self-evaluation of excellence. Develop improved measures of performance that may be used by councils in reporting to their citizens.
- ◆ Encourage municipalities, businesses, and other partners to participate in the administration of the safety system. Ensure the roles and responsibilities of all partners are clearly understood and support the safety needs of Albertans. Provide support and advisory services to improve the administration and application of safety codes and standards.
- ◆ Ensure that municipalities and businesses are adequately prepared for emergencies by working with them to develop and test their emergency plans and assisting them to enhance their preparedness to deal with actual occurrences.
- ◆ Assist local public bodies to assume their Freedom of Information and Protection of Privacy (FOIP) responsibilities through the provision of an ongoing policy framework and supporting advisory services.
- ◆ Support inter-municipal cooperation and self-directed dispute resolution through mediation and facilitation.
- ◆ Provide assistance to municipalities and citizens engaged in developing innovative strategies for more effective governance.

Goal #2 Financially sustainable and accountable municipalities

Major Strategies

- ◆ Administer the Municipal 2000 Sponsorship Program, which targets limited-term assistance to specific municipal needs including promoting inter-municipal cooperation and innovative projects.
- ◆ Provide disaster financial assistance to complement local government resources, share costs at a provincial level and facilitate federal cost sharing whenever possible.

Goal #3 *The effective delivery of programs and services to support local governance, protection of privacy, public safety and emergency preparedness*

Major Strategies

- ◆ Enhance collaboration with provincial departments/agencies, and clarify the government's delivery framework with municipalities.
- ◆ Improve the equalization process and the linear assessment process through the use of more reliable sources of data and by implementing recommendations of the linear process review project.
- ◆ Participate in MLA committees and implement government approved recommendations to improve the effectiveness and suitability of programs.
- ◆ Develop improved measurement and accountability programs using a risk management approach to ensure that consistent safety standards are applied uniformly throughout the province.
- ◆ Increase public awareness and understanding of the purpose of codes and standards adopted under the *Safety Codes Act*.
- ◆ Increase the Ministry's capacity to coordinate emergency/disaster training for the province, its municipalities, and industry.
- ◆ Respond to the recommendations of the Select Special Freedom of Information and Privacy Act Review Committee.
- ◆ Consult and coordinate with other government departments and local public bodies in matters related to Freedom of Information and Protection of Privacy legislation, and participate in agreed federal-provincial initiatives related to proposed federal privacy legislation for the private sector.

HIGHLIGHTS FOR 2000-2001

- ◆ Improve and streamline the permit and inspection system to enhance consistent and appropriate application of safety codes and standards.
- ◆ Development of a framework to improve and clarify the relationship between municipalities and the province.
- ◆ Implementation of government approved recommendations to improve the effectiveness and suitability of programs related to assessments (farm, industrial rates and depreciation).

KEY PERFORMANCE MEASURES

Performance Measure/Indicator	Historical/Current Baseline	Target
Level of satisfaction with the Ministry's activities, services, programs, and legislative framework in enabling and promoting a cooperative and well managed local government sector.	Baseline will be determined in the fourth quarter of 1999/2000	To be determined
Percentage of municipalities meeting Ministry's criteria of financial sustainability.	Historical data is currently being reviewed	90% sustainable municipalities
Percentage of municipal assessment rolls which meet provincial standards for procedures, uniformity, and equity.	1996/97 - 66% 1997/98 - 88% 1998/99 - 93%	95%
The percentage of accredited municipalities and agencies, and delegated administrative organizations administering the <i>Safety Codes Act</i> that achieve a satisfactory rating.	85% achieved satisfactory rating in 1997	in 2000/01 - 90% in 2001/02 - 90% in 2002/03 - 95%
Achieve a level of 100% of claims where a member of the damage assessment team arrives on-site within 30 days of a claim being received.	1996/97 - 99.7% 1997/98 - 100% 1998/99 - N/A	100%
Level of preparedness testing as measured by the percentage of municipalities, required to have emergency plans under the <i>Disaster Services Act</i> , that test their emergency plans through exercises within a four-year cycle.	1998/99 - 40% completed	2000/01 85% completed 2001/02 100% completed
Timeliness of compliance to the access provisions of Freedom of Information and Protection of Privacy (FOIP) as measured by the percentage of FOIP requests completed by government public bodies within Legislative guidelines.	1996/97 - 92% 1997/98 - 90% 1998/99 - 91% Based on a 60-day period	95%
Satisfaction with the FOIP program as measured by the percentage of FOIP requests completed by government public bodies that are handled without complaint to the office of the Information and Privacy Commissioner.	1996/97 - 88% 1997/98 - 92% 1998/99 - 94%	95%

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

INTRODUCTION

The Ministry consists of the Department of Resource Development, the Alberta Energy and Utilities Board, and the Northern Alberta Development Council.

VISION

The Ministry ensures that the development of Alberta's energy, mineral and forest resources and the provision of efficient, reliable energy supplies to consumers occur within a policy, administrative and regulatory framework that benefits both present and future Albertans, the owners of the resources.

MISSION

Optimize the sustained contribution from Alberta's resources in the interests of Albertans.

CORE BUSINESSES

Alberta is rich in natural resources. Albertans own these resources, and the Ministry manages them on their behalf. The Ministry is responsible for sustainable development of Alberta's forest, oil, gas, oil sands, coal, mineral resources, and energy markets, including energy utilities. The Department's leadership in developing and managing resources attracts investment to the province. The Department's core businesses are Revenue Management, Industry Development, and Resource Stewardship. The key responsibilities are to:

- ◆ Establish and optimize Albertans' share from mineral and forest resource development.
- ◆ Assess, levy and collect revenue from mineral resource development.
- ◆ Foster development, investment, trade, and research in Alberta's energy, mineral and forest resources.
- ◆ Promote effective and efficient markets to supply resources and reliable energy to Albertans.
- ◆ Manage the disposition of mineral rights and timber allocations.

The Alberta Energy and Utilities Board's (EUB) core businesses are Adjudication and Regulation; Applications, Surveillance and Enforcement; and Information and Knowledge. The key responsibilities are to:

- ◆ Adjudicate and decide on matters relating to the development and transportation of energy resources and utility rates.
- ◆ Ensure energy resource development is in the public interest.
- ◆ Ensure public safety and environment protection through regulatory requirements, surveillance, and enforcement.
- ◆ Ensure the availability of energy and mineral resource information to support responsible development.

HIGHLIGHTS FOR 2000-2001

Department of Resource Development

- ◆ Continue the restructuring and deregulation of the electricity industry.
- ◆ Work to complete the rural natural gas infrastructure to provide Metis settlements and other remote areas with access to natural gas.
- ◆ Begin development of a shared database of oil and gas production information with web-based access.
- ◆ Propose a non-energy minerals development strategy and opportunities to increase geo-scientific knowledge of non-energy minerals.
- ◆ Extend the natural gas liquids royalty structure to account for extracted and non-extracted liquids.
- ◆ Develop and begin implementing a long-term strategy for forest industry development.

Alberta Energy and Utilities Board

- ◆ Improve landowner/public relations through expanding field staff's facilitative role.
- ◆ Improve efficiency of decision process, reducing time required from end of hearing to decision report.
- ◆ Implement regulatory processes that support reduced flaring objectives, as recommended by the Clean Air Strategic Alliance.
- ◆ Implement improvements for data and information dissemination functions.
- ◆ Address public concerns about energy operations through focused surveillance of high-risk operations, problem operators, and areas of intense development.

Northern Alberta Development Council

- ◆ Continue consultation with northern community, business and government stakeholders.
- ◆ Identify opportunities to advance northern economy.
- ◆ Increase northern skill levels.

KEY PERFORMANCE MEASURES

Sharing the Profits from Resource Development – *Target: The target range is 20% to 30%.* For oil and natural gas, the portion of industry's annual net operating revenue that is paid to the Crown as royalty is an indicator of the balance between capturing a fair share of revenue and encouraging continued investment. For 1997, the performance measure is 22% and is estimated to be 21% for 1998.

Revenue Assurance – Assessing and collecting all revenue due to the Crown from development of its resources is a primary responsibility of the Department. Following improvements to our audit scope and revenue reporting in 2000-2001, integrated measures will be established to monitor revenue. In the interim, the Department assesses the following early indicators.

- ◆ **Timely Invoices** – *Target: 100% of invoices are issued by the last day of the month.* On or before the last day of the month, gas royalty invoices are issued to all royalty clients with production during the month. Since 1996, this target has been met.
- ◆ **Late Filing** – *Target: The penalty structure is changing. This indicator will be monitored to establish a target.* Penalties are assessed when a required filing is received after the due date. Under the old penalty rules, in 1998, 5.4% of documents were subject to penalties and from April to August of 1999, the average was 2.5%.
- ◆ **Provisional Assessments** – *Target: This is a new process that is being monitored to ensure consistency.* Assessment levels are an indication of the extent of gas royalty that is not reported accurately the first time. For 1998, provisional assessments were 17.7% and for January to July 1999 they were 13.4%.
- ◆ **Crude Oil Marketing** – *Target: The Crown receives fair market value for its product.* The Crown's royalty on conventional crude oil is taken as product and since June 1996 has been sold through marketing agents. For January to July 1999, the average Crown price for light sweet crude was \$0.69 above Edmonton postings, for light sour crude it was \$0.95 above Hardisty postings and for heavy crude it was \$0.60 above Hardisty postings.

Power Pool Participation – *Target: Increase participation to 52 by 2001.* The growth in power pool participation is an indicator of the success of implementing competition in Alberta's electricity market. The number of power pool participants registered has increased from 22 in 1995 to 38 in 1997. The target is to increase to 52 participants by 2001. As of October 14, 1999 there were 45 power pool participants.

RESOURCE DEVELOPMENT - *Continued*

Consumer Awareness – *Target to be established following an initial survey to determine the base level of consumer awareness of electricity deregulation.* The level of public awareness of changes resulting from electricity deregulation will affect the ability of consumers to make an informed choice of their electrical supplier in Fall 2000. To measure consumer awareness, surveys will be conducted prior to and during an information campaign planned in 2000.

Natural Gas Pipeline Capacity – *Target: Increase natural gas pipeline capacity.* To evaluate market access, the Department monitors instances when demand for throughput exceeds available pipeline capacity. Pipeline capacity has increased annually from 10.38 bcf/d in 1995 to 10.69 bcf/d in 1997 and 11.9 bcf/d in 1998.

Secondary Processing – *Target: Encourage steady growth by industry.* The volume of synthetic crude manufactured from bitumen has continued to rise, from an average of 278.1 thousand barrels per day in 1995 to 305.1 thousand barrels per day in 1998. For the first seven months of 1999, it has averaged 320.3 thousand barrels per day. Alberta demand for ethane also continued to rise, from an average demand of 131.2 thousand barrels per day in 1995 to 140.5 thousand barrels per day in 1997. In 1998 demand averaged 134.2 thousand barrels per day.

Cost of Compliance – *Target: Maintain Alberta's competitive advantage.* The competitiveness of Alberta's energy sector is affected by the administrative and regulatory costs of complying with government requirements for non-renewable resource exploration and development. The Department is now developing key indicators that measure the incremental administrative cost associated with royalty reporting.

Forest Industry Development – *Target: Increase the timber cut and reduce the gap between the harvest and the annual allowable cut cap.* This measure has been adapted from a Ministry of Environment performance measure and will be evaluated as a measure for forest industry development.

Client Satisfaction – *Target: 80% level of satisfaction by 2003.* Reliability, responsiveness and consistency of key services are an important consideration to industry when formulating their development and capital investment plans. The Department's March 1998 client satisfaction survey showed an average satisfaction rating of 75%, while the October 1999 rating was 78%.

Timeliness of Hearing Decisions – *Target: By 2002 - 2003, reduce the time required from the end of a hearing to a decision to 90 days or less.* This indicator measures ability to improve application and hearing process timelines while continuing to provide a fair and responsible regulatory environment.

Facilitation of Industry/Landowner Conflicts

– *Target: Assist industry in improving the satisfactory resolution of operational compliance complaints received by field surveillance with respect to existing facilities.* In 1999, 78% of incidents were resolved to the satisfaction of the complainant.

– *Target: Improve the % of objections resolved, related to new facility and resource development applications (non-routine applications), prior to hearing.* During 2000 - 2001, the Board will evaluate its current success in order to establish achievable targets. Our initial expectation is that the resolution of 85% of objections related to new facility and resource development applications is possible by 2001 - 2002.

Application Turnaround Time – *Target: 3 - 3.5 calendar days (average) for routine facility applications.*

Application turnaround time is an indicator of the efficiency of the EUB's application-handling processes. In 1997 and early 1998, a significant reduction in routine application turnaround times was achieved, and three- to four-day averages were maintained despite record activity levels. Statistics from the latter part of 1998 indicate that the targeted turnaround rate is being maintained.

Deregulation of Alberta's Electricity Industry – *Target: Completion of all regulatory milestones, which have been set by the government to support deregulation transition.*

Percentage of Solution Gas Production Conserved – *Target: More than 90%.* Measures show the effectiveness of regulatory requirements and industry practices in achieving an appropriate degree of conservation of solution gas and environment protection by reducing flaring. In 1997, the solution gas conservation rate was 93.5%.

RESOURCE DEVELOPMENT - *Continued*

Information Technology Strategy – *Target: 100% of business data elements currently residing in the mainframe environment will be migrated by 2003 to the data warehouse on the client/server platform, making all data accessible to staff.* The Board plans to put in place a data warehouse for EUB staff, industry and the public that will complement the Shared Information Registry expected to be put in place by the Volumetric Infrastructure and Petroleum Information Registry initiative sponsored by the Ministry and industry.

Staff Expertise Renewal – *Target: Significant reduction in regrettable staff turnover and implementation of a long-term succession plan.* The goal is to bring regrettable turnover down each year to a target of not more than 50% of that experienced in 1997/98. This performance measure is designed to measure EUB staff ability to accomplish core business performance measures and depends on our ability to attain a competitive compensation strategy. For 1998/1999, the average was 625 person years of regrettable turnover.

Northern Alberta Development Council

Northern Alberta Development Council (NADC) measures performance in three categories: consultation, strategic initiatives, and programs.

Goal	Measures	1998/99 Actual	1999/2000 Target	2000/01 Target	2001/02 Target	2002/03 Target

MINISTRY BUSINESS PLAN SUMMARY

MINISTRY BUSINESS PLAN SUMMARY

MISSION AND MANDATE

To provide excellence in financial management, services and advice to achieve a healthy and sustainable financial condition for the province with the lowest possible taxes for Albertans.

GOALS

- ◆ A healthy and sustainable financial position.
- ◆ Appropriate financial and performance information available to allow Albertans to hold government accountable.
- ◆ A fair, competitive and simple provincial tax system managed efficiently and effectively.
- ◆ Investment returns maximized and borrowing costs minimized subject to acceptable risk.
- ◆ An efficient, fair and competitive capital market and an efficient and fair regulatory environment for financial institutions and private pension plans.
- ◆ Quality financial services to Albertans through Alberta Treasury Branches, Alberta Municipal Financing Corporation and Alberta Pensions Administration Corporation.

MAJOR STRATEGIES

- ◆ Pay down the province's accumulated debt in accordance with the *Fiscal Responsibility Act*. Establish a prudent economic cushion in the fiscal plan that, if realized, can be used under the *Fiscal Responsibility Act* for paying down accumulated debt and in-year spending on revenue reduction initiatives.
- ◆ Implement the new personal income tax system in 2001.
- ◆ Enhance the competitiveness of Alberta's corporate tax systems (including income, capital, insurance, commodity and property taxes) with those of other jurisdictions.
- ◆ Undertake a business tax review to ensure business taxes are competitive.
- ◆ A two-track approach to Canada Pension Plan reform: work together with the federal government and the other provinces to make further improvements to the Canada Pension Plan, and investigate the advantages and disadvantages of establishing an Alberta Pension Plan.
- ◆ Refine and present Alberta's position on federal-provincial fiscal arrangements to the federal government. The position includes working with other provinces and issuing joint provincial statements requesting equal treatment.
- ◆ Provide reliable, relevant, understandable and comparable information about the government's plans and goals; strategies to implement plans; performance measures; audited actual results achieved compared to plans; and overall financial picture.

HIGHLIGHTS FOR 2000-2001

The \$45.3 million provision for department operating expenses includes:

- ◆ \$16.0 million for the collection of corporate taxes, consumption taxes and other government revenues.
- ◆ \$7.9 million for government business planning, fiscal and financial policy development, internal audit, reporting of financial results and government communications initiatives.
- ◆ \$5.9 million to manage the province's liabilities, the investment portfolios of the government, including the Heritage Fund, and the public sector pension plans.
- ◆ \$5.5 million for banking and securities administration, and accounting/systems support for investments and liabilities.
- ◆ \$2.4 million for the regulation of financial institutions, administration of loans and guarantees, and administration of the risk management and insurance program.
- ◆ \$1.0 million for pension policy and the regulation of employment pensions.
- ◆ \$6.6 million for ministry support services.

TREASURY - Continued

The department's \$3.6 million capital investment budget is primarily for ongoing development/upgrading of tax and revenue, investment management and corporate information management systems.

The department's statutory expense budget of \$592.7 million is comprised of:

- ◆ \$20 million for corporate tax interest refunds resulting from reassessments of corporate tax returns processed by Revenue Canada.
- ◆ \$2.4 million for the administration of Farm Credit Stability Program loans by financial institutions.
- ◆ Payments of \$68 million towards the unfunded pension liability for the public pension plan funds.
- ◆ \$500 million endowment for the Alberta Heritage Science and Engineering Research Endowment Fund.
- ◆ \$2.3 million for valuation adjustments and other provisions.

Expenses for Treasury administered funds total \$951.6 million, including:

- ◆ The transfer of \$866.9 million from the Alberta Heritage Savings Trust Fund to the General Revenue Fund.
- ◆ The transfer of \$45.0 million from the Alberta Heritage Foundation for Medical Research Endowment Fund to the Alberta Heritage Foundation for Medical Research.
- ◆ The transfer of \$17.9 million from the Alberta Heritage Scholarship Fund to Learning.
- ◆ The transfer of \$11.4 million from the Alberta Heritage Science and Engineering Research Endowment Fund to the Alberta Heritage Foundation for Science and Engineering Research.
- ◆ The transfer of \$7.4 million for the government's risk management and insurance program.

Operating expenses and capital investment for provincial agencies total \$484.9 million and include:

- ◆ \$451.1 million for interest on long term debt of the Alberta Municipal Financing Corporation.
- ◆ \$2 million for the licensing of insurance agents and adjusters and the investigation of complaints by the Alberta Insurance Council.
- ◆ \$18.1 million for the administration of public pension plans by Alberta Pensions Administration Corporation.
- ◆ \$13.7 million for the regulation of the province's capital market by the Alberta Securities Commission.

Voted and statutory debt servicing costs total \$973.6 million, a reduction of \$112.4 million from the 1999-2000 budget.

KEY PERFORMANCE MEASURES

ACCUMULATED DEBT

Accumulated Debt is an indicator of the financial strength of the province and the long-term performance of the government. It is compared against the targets set out in the *Fiscal Responsibility Act* and includes the outstanding consolidated debt of the General Revenue Fund, the debt of the Alberta Social Housing Corporation and the government's liability for school construction debt.

* Forecast accumulated debt at March 31, 2000.

PUBLIC AWARENESS OF GOVERNMENT FINANCIAL PERFORMANCE

This measures the portion of Albertans aware of the government's financial performance in the past year. The target is 80% of Albertans.

Date of Survey	% Awareness
November 1995	34%
October 1996	66%
October 1997	72%
September 1998	69%
December 1999	70%

TAXATION LOAD ON A FAMILY OF FOUR (TWO CHILDREN)*

This measure compares typical taxes payable, including provincial income, sales, payroll, fuel and tobacco taxes (excluding federal taxes), and health care insurance premiums payable by a family with two children earning \$30,000, \$55,000 and \$100,000. The target is to have the lowest provincial tax load for a family of four in Canada.
