

How to Read and Authenticate a Transcript from Alberta Education

This document has been prepared to assist you in reading the official *Alberta Transcript of High School Achievement*.

All transcripts generated after September 01, 2017 follow the format below. A different format was used for transcripts generated before September 01, 2017. A current transcript should always be used to ensure the most accurate information is considered.

The following table highlights the information that is available on the transcript. Each item can be seen on the sample below. Some of this information may be optional and is omitted when not needed.

#	What is This?	Optional?	Description
1	Name and Mailing address	No	Identifies the intended recipient of the transcript.
2	Student Information	No	Student information that Alberta Education has on file for the student as of the transcript date. This is key information required when communicating about a transcript with Alberta Education, Alberta Advanced Education and post-secondary institutions.
3	Credits	No	Total high school credits awarded to the student as of the transcript date.
4	Credential	No	Alberta Education diploma or certificate that the student has achieved. If a credential has not yet been achieved this section will state 'None'.
5	Printer Control Features	No	Information used by the equipment used by Alberta Education for transcript printing and delivery. These marks do not contain any student information.
6	Coursework in Alberta Accredited Schools	No	All courses the student completed in a school that is authorized to teach the Alberta curriculum.
7	School	Yes	Students must consent to the release of school information on their transcript. When provided, the transcript includes a "School Code" column and school legend.
8	Notes	Yes	Notes are used in specific scenarios to provide further explanation, if required.
	Mark Legend	Yes	If a letter grade exists, a "Mark" section will be included in the "Legend" to define the letter grade. Not shown in the sample below.

#	What is This?	Optional?	Description
9	Credential Requirement Exemptions	Yes	A student must achieve certain requirements to obtain an Alberta Education diploma or certificate. Under certain conditions outlined in the Guide to Education a student may be exempted from specific requirements.
10	Other Credits	Yes	Credits awarded for evaluated coursework not completed at an Alberta accredited school. These include credits awarded for coursework completed at out-of-province or at registered private schools, credits awarded for private music study, credits awarded for waived prerequisite courses, and ministry awarded credits.
11	Private Music Evaluations	Yes	Credits awarded for private music studies completed through a recognized music conservatory. These externally issued marks are recognized by the Government of Alberta.
12	Completed Career and Technology Studies	Yes	Credential or credit awarded by a recognized institution (community, industry organization or post-secondary institution). These completed pathways are determined as courses are credited to the student and generate completed credentialed pathways for the student.
13	External Credentials	Yes	Credentials awarded by external organizations that are recognized by Alberta Education.
14	Minister's Signature	No	The Minister of Education's signature is applied to each page of the official printed transcript. Unofficial copies of the transcript will not contain this signature.
15	Transcript Date	No	Date the transcript was generated by Alberta Education. The information contained within the transcript reflects the information on file as of this date.
16	Document ID	No	A unique document number for this transcript issued by Alberta Education and used for document verification.
17	Thermochromic Security Feature	No	The blue ink responds to warmth indicating to a recipient that the transcript paper is genuine. Holding this space between a thumb and forefinger will cause the blue ink to fade and will return once cooled.
18	Microprint Line	No	The line at the bottom of each page appears solid, but when viewed under magnification will read "Alberta".
