#### **Energy Response Inbox Changed**

Please be advised that <a href="response.energy@gov.ab.ca">response.energy@gov.ab.ca</a> has been replaced with <a href="oil.gas.royalty@gov.ab.ca">oil.gas.royalty@gov.ab.ca</a>. If you have general questions about royalties direct your queries to the new address.

# **Soldier Settlement Board (SSB) Remittance Forms**

The Department of Energy developed a new SSB remittance form and sent notification by letter to clients in January 2015. The form is a new requirement in submitting payments to the Department. The form will enable the accurate allocation of your SSB payments to the proper account number.

The remittance forms are located on the Energy website under <u>Forms</u> and are also be available on the <u>Soldier Settlement Board</u> webpage.

If you have any questions please contact Management Information at ManagementInformation. Energy @gov.ab.ca.

#### **Royalty Deposit Adjustment**

The annual royalty deposit adjustment is calculated as 1/6th of the client's previous year's royalty multiplied by a factor. The factor of 0.88 is calculated by dividing the current year's long term gas price for 2015 of 3.50 by the average 2014 Alberta Reference Price of 4.00. The adjustment will be processed in the Initial Annual Billing Period (IABP), June 2015 calendar month (April 2015 billing period invoice).

If you have any questions, please contact Melanie Al Ramahi at 780.643.0964.

# March 2015 Royalty Due June 30, 2015

Royalty clients are to remit the total amount payable shown on the June 2015 Statement of Account by June 30, 2015. If the amount payable includes accrued current period interest, the interest has only been accrued to the statement issue date. Clients must also include the additional interest that has accrued from the statement issue date to the date of payment, using the per diem amount provided. Current period interest will not be charged on current invoice charges for the production month of March if it is paid in full by June 30, 2015.

The June 2015 Statement of Account shows your amount payable as of the Statement issue date. It includes any outstanding balances from your previous statement, your March 2015 invoice amount and any applicable current period interest charges. It also identifies refunds resulting from overpayments.

Note: If the due date falls on a non-business day, the next business day will apply as the due date except for the month of March due to the Government of Alberta's fiscal year end. In this situation, the due date will apply previous to the non-business day as the due date.

Cheques are made payable to the Government of Alberta.

#### **April 2015 VA4 due June 15, 2015**

The VA4 forms for the production month of April 2015 are due in the department offices by June 15, 2015.

2014	2015

# **Well Event Measured Depth Determination Letter**

The department has issued a "Well Event Measured Depth Determination Letter" under the Report Package DOE – Gas to facility operators via Petrinex on May 1, and May 15, 2015. This letter shows the confirmed Measured Depth (MD) of each active well event that will be used to calculate the Depth Factor (DF) of the quantity component rate under the Alberta Royalty Framework formula. A well event that is not listed on the letter and does not have a confirmed MD will receive a DF of 1. When the changes to the MD are confirmed by the department, a letter is issued to a facility operator who reports changes through Petrinex to well event attributes affecting MD. All changes to the MD are applied on a go forward basis only. Facility operators are advised to submit well event attribute changes by the last day of the calendar month in order for timely determination of MD.

#### **NGDDP Confidential Wells**

Wells designated as "confidential" will be reviewed prior to the removal of the "confidential" status, if the directional surveys and completion reports are provided to the department. Send directional surveys and completion reports to GasRoyaltyPrograms@gov.ab.ca

If you have any questions, please contact Lily Hiew in Gas Royalty Features at 780.427.1550.

#### **INFRASTRUCTURE DATA**

# **Business Associate ID Listing**

The BA Identifiers Report is a directory of Business Associate (BA) names, codes, status (e.g. struck, active, amalgamated, etc.), status effective dates, and effective August 2004, and includes Working Interest Owner (WIO) role start/end dates.

This report is also published daily on the Petrinex website.

The Department reminds Business Associates to review their WIO role to ensure that the start and end dates are reflected correctly. If the BA does not have an active WIO role, the operators cannot allocate volumes to the BA for the relevant production periods through the SAF/OAF allocations.

- If a BA has a WIO role, then that BA can receive SAF/OAF allocations from the WIO role start date forward.
- If a BA has a WIO role with an end date, then they can only receive SAF/OAF allocations
  from the WIO role start date until the end date. Any SAF/OAF allocations after the end date
  will be rejected.
- If a BA does not have a WIO role start date, then that BA cannot receive SAF/OAF allocations.

Please contact Client Registry/Crown Land Data at 780.422.1395 or <a href="mailto:CrownLandDataSupport@gov.ab.ca">CrownLandDataSupport@gov.ab.ca</a> if you have any questions regarding the information supplied in this article.

# **Client Status Changes**

Clients must ensure that all royalty documents are completed using only valid client names and IDs. It is critical that royalty clients use current legal client names and their appropriate IDs on all documents to ensure accurate royalty calculation and to prevent provisional assessment and penalties. Rejects will occur when invalid IDs are used.

If you require information regarding client status changes, names, or IDs, please contact Client Registry/Crown Land Data at 780.422.1395 or CrownLandDataSupport@gov.ab.ca.
