Wheelchair Accessories and Seating Benefit Policy Consultation

Effective October 1, 2016 AADL will be combining the Wheelchair Accessories (V) and Seating Benefits (X) policy and approved product lists.

AADL has been working with AHS seating experts to develop the new Seating Benefits policy manual, approved product listing and supporting forms. AADL is seeking feedback and input from current AADL wheelchair and wheelchair accessory authorizers. If you authorize these benefits and would like the opportunity to provide input contact Terri Gaunt at terri.gaunt@gov.ab.ca by August 19, 2016.

There will also be an AHS Practice Wise webinar on the new Seating Benefits policy on August 25, 2016.

Thank you for your feedback.
