

Emergency Financial Support and Benefits for Ukrainian Newcomers to Alberta

Alberta's government is helping Ukrainians fleeing the war by providing access to emergency financial benefits for those arriving in Alberta with little or no savings or income. Ukrainian newcomers with limited assets and resources are eligible for the same benefits as Albertans facing similar financial circumstances.

These supports are different from the federal financial supports.

Alberta Ukrainian Evacuee Emergency Financial Support and Benefits (UEEFSB) Program

The UEEFSB program provides monthly financial assistance, for up to six months, to eligible Ukrainian newcomers who do not have the resources to meet their basic needs, like food, clothing and shelter. This is a program of last resort and people applying for these benefits must demonstrate a financial need.

Benefit amounts are based on a person's income and assets, ability to work, and the number of people in a household.

UEEFSB Program eligibility

To qualify for the UEEFSB program an individual or family must:

- reside in Alberta;
- be approved under the federal Canada-Ukraine Authorization for Emergency Travel; and
- have accessed the federal one-time financial supports under the Canada-Ukraine Transitional Assistance Initiative (\$3,000/adult and \$1,500/child).
