

List of Publicly Funded Designated Supportive Living Accommodations and Long-Term Care Facilities

This document is a list of publicly funded designated supportive living (DSL) accommodations and long-term care (LTC) facilities in Alberta as of March 31, 2016. The list is broken down by:

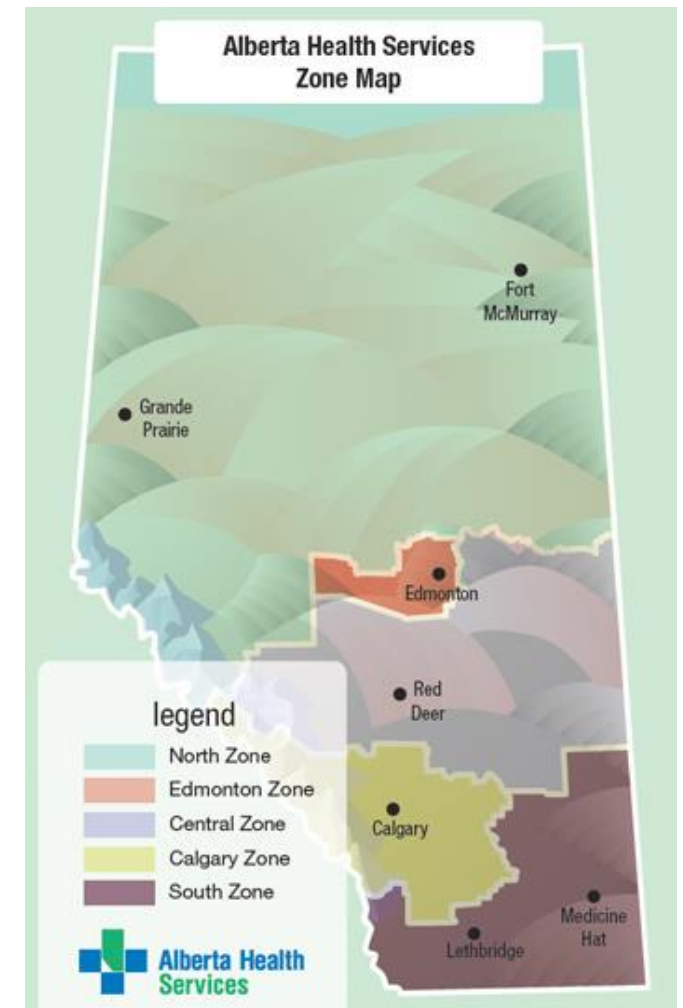

- Alberta Health Services (AHS) Zone (i.e., South, Calgary, Central, Edmonton and North);
- Location (Alphabetically);
- Facility Name, which is hyperlinked to the [Accommodation Standards Licensing and Public Reporting Website](#);
- Facility Address, including phone number;
- Operator Name;
- Operator Type (i.e., AHS, Private or Voluntary);
- Level of DSL accommodation (DSL 3, DSL 4 or DSL 4-D); and,
- Type of LTC Facility (Auxiliary Hospital or Nursing Home).

DSL Accommodations

In DSL accommodations, a higher level of care is provided than what is provided in other supportive living settings. DSL settings have staff on-site to provide personal care and health support services 24 hours a day. These staff may include Health Care Aides, Licensed Practical Nurses, on-call Registered Nurses and staff providing therapeutic services, such as Physical and Occupational Therapists.

The levels of DSL accommodations include (in order of lowest to higher care need provided):

- **DSL 3:** This community-based living option includes 24-hour on-site (scheduled and unscheduled) personal care and support services which are provided by Health Care Aides. Read more on DSL 3 at <http://www.albertahealthservices.ca/cc/Page13338.aspx>.
- **DSL 4:** This DSL level provides 24-hour on-site (scheduled and unscheduled) professional health and personal care and support, provided by Licensed Practical Nurses and Health Care Aides. Professional health services include Registered Nurse services with 24-hour on call availability, case management, assessment and other consultative services. Read more on DSL 4 at <http://www.albertahealthservices.ca/cc/Page13338.aspx>.
- **DSL 4-D:** This setting provides residents with dementia a home-like design with small groupings of private bedrooms and associated spaces in a secured therapeutic environment. This environment provides 24-hour on site scheduled and unscheduled professional health and personal care and support provided by Licensed Practical Nurses and Health Care Aides. Read more on DSL 4-D at <http://www.albertahealthservices.ca/cc/Page13338.aspx>.

Source: AHS Website

LTC Facilities

In LTC facilities, care is provided for people with medically complex, unpredictable health needs who are unable to remain at home or in a supportive living setting. Registered Nurse services are available 24 hours a day. Most personal care services are provided by Health Care Aides and Licensed Practical Nurses who are all available 24 hours a day, 7 days a week. Individuals also have access to therapeutic services, such as Physical and Occupational Therapists, and Physician services. **While there are two types of LTC facilities (i.e., auxiliary hospitals and nursing homes), the care provided in each type does not differ.**

Operator Type

While the health care services in DSL and LTC facilities are publicly funded, they can be operated by:

- AHS, which includes CapitalCare and Carewest;
- Private operators, which includes for-profit organizations; and,
- Voluntary operators, which includes non-profit organizations such as faith-based and charitable organizations.

Admission to DSL or LTC

To gain admission into either DSL or LTC, **individuals must be assessed by an AHS health care professional to determine their unmet health needs.** An assessment can be arranged by contacting the respective AHS Zone's Community Care Access office. More information about assessments is available at www.albertahealthservices.ca/seniors/if-sen-living-options-assessment.pdf.

Disclaimer

- Information in this list has been combined using information from AHS and the Accommodation Standards Licensing and Public Reporting website.
- This list excludes personal care homes, special care homes and family care homes.
- Please note that Pincher Creek Health Centre is not currently listed on the Accommodation Standards Licensing and Public Reporting website.
- This list is current as of March 31, 2016 and as such may not be complete/accurate when it is read.
- This list is expected to be updated once a year.
- **Questions regarding specific facilities appearing on this list should be directed to AHS.**
- Some facilities may be known by an alternative name. In these cases, the alternate name is included in “[]”.
