

Focus Alberta Omnibus

November 2013

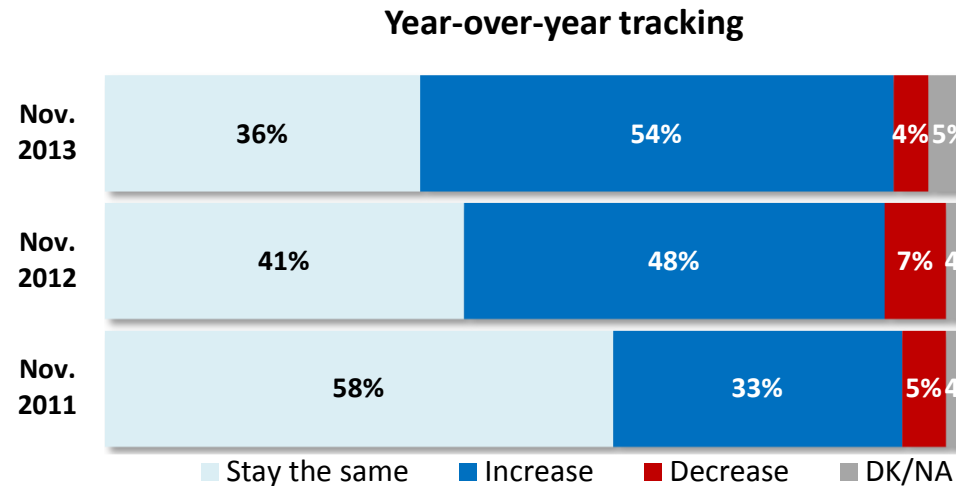

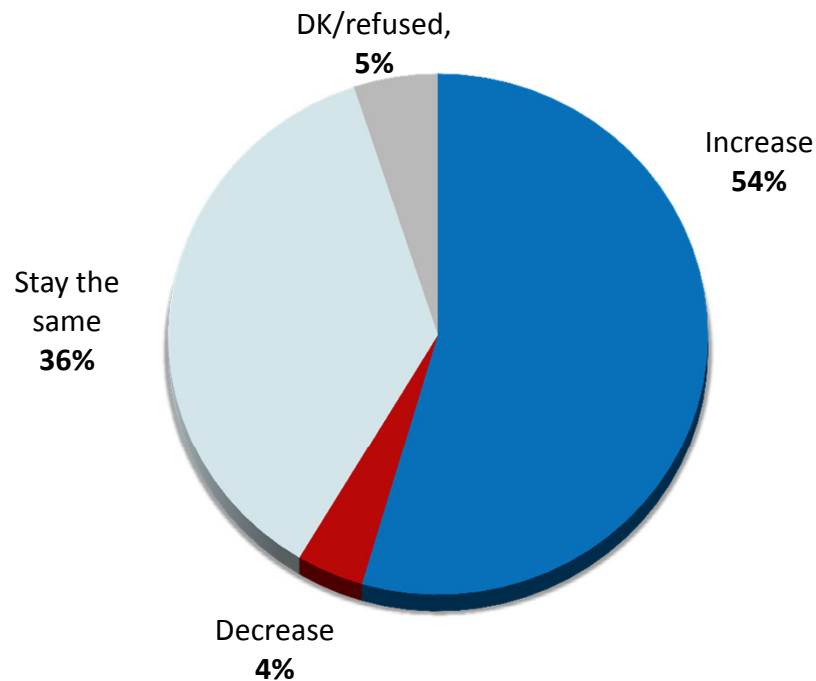

Methodology

Firm	Fieldwork dates	Type of poll	Sample size	Margin of error
EnviroNics	November 15-24, 2013	Telephone	1,013 (midfield)	± 3.1%, 19 times out of 20

- Only one respondent per household was eligible to complete this survey.
- The sample has been weighted by age, gender and region using the latest available Statistics Canada Census data to reflect the actual demographic composition of the population.
- The margin of error will be larger within each sub-grouping of the sample.
- Results are expressed as percentages unless otherwise noted. Results may not add to 100% due to rounding or multiple responses.
- Graphs and tables may not always total 100% due to rounding values rather than any error in data. Sums are added before rounding numbers.

Infrastructure investment

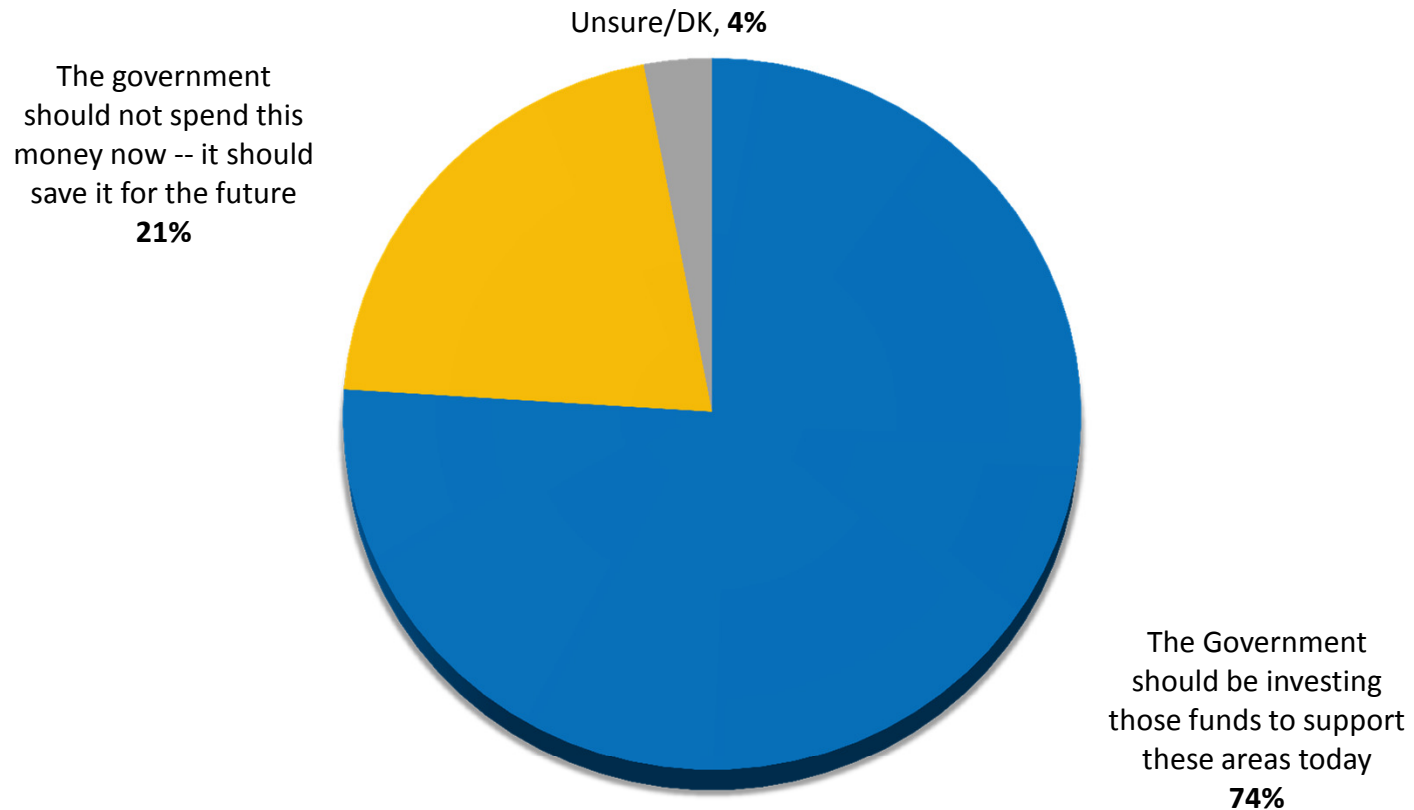

“In the current year, the government of Alberta is investing roughly 5.2 billion in roads, health facilities, schools and other infrastructure. In the coming years would you like to see these investments increase, decrease, or stay about the same?”

Re-investing surplus revenue

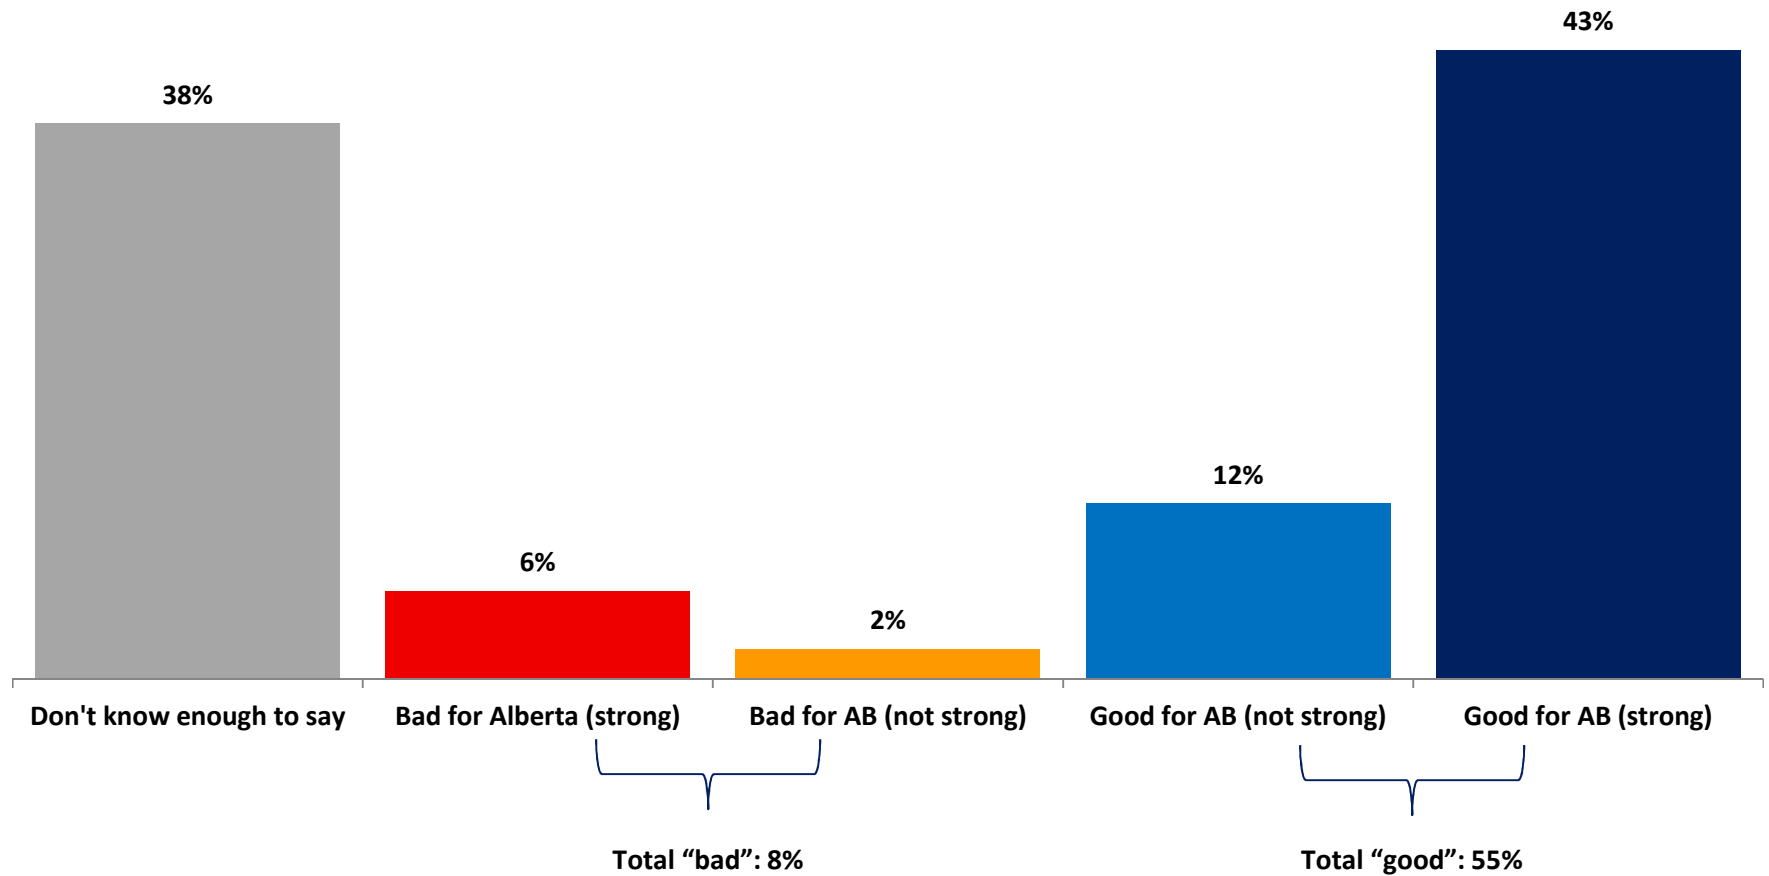

Recently, the government had higher-than-forecast revenue – it received more money than expected. As a result, the government is planning to provide increased funding to support grade schools, post-secondary institutions and persons with developmental disabilities this year. Which of the following statements is closer to your own view?

Opinion on taxes

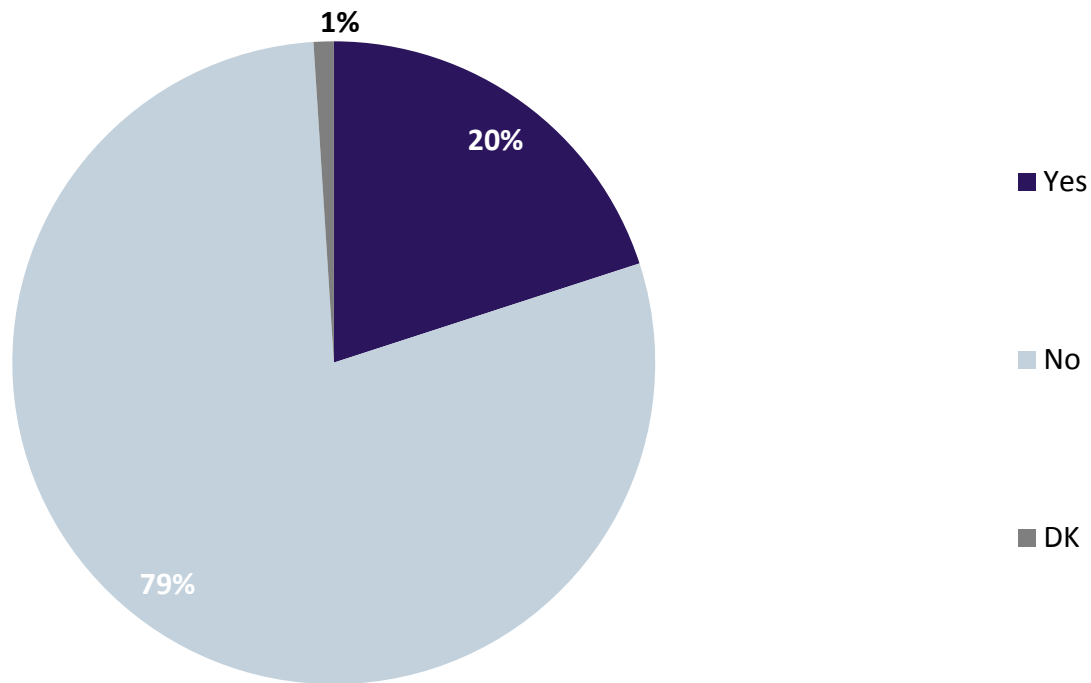

“Some people [ROTATE] think of taxes as mostly a positive thing because they are how we pay for the important things that make our quality of life good, such as health care, education, and roads. Other people [ROTATE] think of taxes as mostly a negative thing because they take money out of people’s pockets and hold back economic growth and the creation of wealth.”
