Manual Wheelchair Options.....	APL W-13

### Power Wheelchairs

Adult.....	APL W-14
Pediatric .....	APL W-15
Power Tilt and Specialty Controls.....	APL W-16

## WHEELCHAIRS

**Wheelchairs are Recycle Benefits:**

Wheelchairs funded by AADL that are no longer required by the client are returned to an AADL recycle vendor to be recycled except upgrade wheelchairs that are considered as client owned.

**Eligibility:**

Wheelchair eligibility is based on usage and clinically assessed needs, which determines the category funded by AADL. See eligibility under each category. Must attach the AADL Eligibility Summary for Manual Wheelchair Benefits.

**Costs:**

Clients are responsible for any upcharges or options not funded by AADL. These are listed on the individual wheelchair spec sheets available on the manufacturer website. Adult clients preferring a higher category (B or C) than they are eligible for are handled as upgrade wheelchairs; a grant of \$2,000.00 (subject to cost-share) may be provided toward the purchase. See W-5 for grant wheelchairs.

All AADL funded wheelchairs must meet the equipment standards listed below.

V-codes are for keyhole and K-backs only. Regular adjustable tension back upholstery for a new wheelchair must be ordered on the spec sheet. AADL will not accept work orders for new back upholstery for a minimum one year after initial order.

**Equipment Standards for all AADL funded Wheelchairs:**

Wheelchairs must meet RESNA standards. Product must have been on the North American market for a minimum of one year. Manufacturer must have an active representative in the province – includes regular visits to AADL Vendors and availability for consults. Distribution of equipment is through AADL Approved Vendors with a facility maintained in Alberta. Parts must be available from a Canadian Distributor warehouse. Minimum warranties: five years on frame and 12 months on wheels and casters.

### MANUAL WHEELCHAIRS: ADULT CATEGORY A

**Category A wheelchairs** have a weight capacity listed with each chair. Using a Heavy Duty package will increase the weight capacity of the wheelchair. See W-6 for heavy duty chairs.

**Clients must be willing to accept a comparable substitute for Category A wheelchairs.**

**Eligibility Category A:**

Part time wheelchair use or full time indoor use with occasional outdoor use or for use as back up when power wheelchair is in for repairs.

Must attach the AADL Eligibility Summary for Manual Wheelchair Benefits.

AADL will not accept work orders for new back upholstery for a minimum one year after initial order.

The W-code and clinical rationale must be written/ checked off on the eligibility summary form for elevating leg rests and angle adjustable foot plates.

**Costs: Maximum funding paid by AADL for an adult Category A wheelchair is \$2,500.00 subject to cost-share and including vendor discount.**

The price maximum does not include the W-option codes on APL W-13. Calculating client costs is required on Category A spec sheets.

Funding for additional options on Category A adult wheelchairs are separated. See APL W-13 for option codes for Category A wheelchairs.

### MANUAL WHEELCHAIRS: ADULT CATEGORY C

Funding for some additional options on Category C wheelchairs are separated and are found under Wheelchair Options benefit codes on page APL W-13.

**Eligibility:**

Category C: Full time wheelchair use, independent mobility (able to self-propel indoors and outdoors) and has a risk of U/E overuse/injury.

In addition, the client frequently (and independently) goes out in the community – at least 4/7 days a week.

Must attach the AADL Eligibility Summary for Manual Wheelchair Benefits.

**Costs: Maximum funding paid (for Category C clients) for a Category C wheelchair is \$3,900.00 subject to cost share and including vendor discount.**

Clients are responsible for any upcharges or options not funded by AADL. These are listed on the individual wheelchair spec sheets available on the manufacturer website.

Costs above this amount are the responsibility of the client. AADL funds repairs for wheelchair that are considered AADL owned. V-codes are for keyhole and K-backs only.

Regular adjustable tension back upholstery for a new wheelchair must be ordered on the spec sheet.

AADL Cat #	Manufacturer/Model	Description	Colour	Seat Width	Seat Depth	Vendor Discount	Spec Sheet Eff. Date

**MANUAL WHEELCHAIRS: GRANT WHEELCHAIRS  
 GROUP: ADULT CATEGORY A and B**

Adult clients preferring a higher category (B or C) than they are eligible for are handled as upgrade wheelchairs; a grant of \$2,000.00 (subject to cost-share) may be provided toward the purchase. Tilt-in space wheelchairs could be considered in this process.  
 All AADL funded wheelchairs must meet the same equipment standards and must be from an approved manufacturer.  
 Clients are responsible for all maintenance, parts changes and repairs (refer to Policy WM-Manual for details).

AADL Cat #	Description	Colour	Size	Vendor Discount	
W996	ADULT Client eligible for Category A and chooses a <b>higher category</b> W/C on APL. Grant of \$2,000.00 towards purchase subject to cost share. Remainder: client cost including repairs	Any	Any	See specific model	
W997	ADULT Client eligible for Cat. B and chooses Category C w/c on APL. Grant of \$2,000.00 towards purchase. Remainder: client cost including repairs	Any	Any	See specific model	

**MANUAL WHEELCHAIRS: GRANT WHEELCHAIRS  
 GROUP: ADULT CATEGORY D**

**Eligibility Category D:**  
 Adults with a **non-progressive condition** only. Full time wheelchair use, independent mobility (able to self-propel indoors and outdoors) and has a risk of U/E overuse/injury. In addition, the client frequently (and independently) goes out in the community (at least 4-7 days a week).  
 Requests from clients **eligible for Category C** Wheelchairs may apply for the higher-level Category D Wheelchairs, which are **considered and funded as Upgrade Wheelchairs** – see Policy WM-Manual. Client becomes the owner of Category D Wheelchairs. Repairs are the responsibility of the client.  
 Wheelchairs provided under Category D must meet the wheelchair standards listed on page W-1.

AADL Cat #	Description	Colour	Size	AADL Price	Client Costs
W998	Lightweight or Ultra-lightweight wheelchair, designed for use by individuals who are very independent and active.	Any	Any	\$3,900.00	

Alberta Health – Pharmaceutical and Supplementary Benefits  
 Alberta Aids to Daily Living – Manual W – Wheelchairs Approved Product List

Wheelchair must meet RESNA standards and must have been on North American market for one year. Must be obtained through an AADL approved wheelchair vendor

### MANUAL WHEELCHAIRS: ADULT TILT-IN-SPACE (Includes Back/Headrest)

Tilt-in-Space wheelchairs are provided to clients who are unable to maintain a sitting position with any other back types or seating device, or to clients with chronic wounds that cannot be managed in a non-tilt wheelchair using basic pressure redistribution strategies (pressure redistribution cushions, nutrition, incontinence management and regular repositioning). These wheelchairs are authorized with the back, seat and headrest included. Sizing is in 1" increments.

**Eligibility:**

Clients must be willing to accept a comparable substitute for Tilt-in-Space wheelchairs.  
 Must attach the AADL Eligibility Summary for Manual Wheelchair Benefits.

**Maximum Wt. Capacity:**

See individual spec sheets for maximum weight capacities.

**Costs:**

Clients are responsible for the costs of any options not funded by AADL. These are listed on the individual wheelchair spec sheets available on the manufacturer website.  
 AADL pays \$2,500.00 or 51% of the costs for an AADL Tilt-In-Space/Recline (subject to cost-share) whichever is greater to maintain ownership. W-codes are not used unless for OAD.

MANUAL WHEELCHAIRS: ADULT TILT-IN-SPACE (Base only)							
---	--	--	--	--	--	--	--

Tilt-in-Space wheelchairs are provided to clients who are unable to maintain a sitting position with any other back type or seating devices or to clients with chronic wounds that cannot be managed in a non-tilt wheelchair using basic pressure redistribution strategies (pressure redistribution cushions, nutrition, incontinence management and regular repositioning).

Adult Tilt-in-Space Wheelchairs in this section do not come with a back or headrest. Level A authorizers may authorize these wheelchairs bases. Authorizers would then choose the back, seat and headrest as Level A components or refer to Level B or C Seating Authorizers for Level B or C components.

Clients must be willing to accept a comparable substitute for Tilt-in-Space wheelchairs.

Must attach the AADL Eligibility Summary for Manual Wheelchair Benefits.

Sizing is in 1" increments.

**Maximum Wt. Capacity:** See individual spec sheets for maximum weight capacities.

**Costs:** Clients are responsible for the costs of any options not funded by AADL. These are listed on the individual wheelchair spec sheets available on the manufacturer website. W-codes are not used except for OAD option.

AADL pays \$2,500.00 or 51% of the costs for an AADL T-I-S/Recline (subject to cost-share) whichever is greater to maintain ownership.

AADL Cat #	Manufacturer/Model	Description	Colour	Seat Width	Seat Depth	Vendor Discount	Spec Sheet Eff. Date

### MANUAL WHEELCHAIRS: PEDIATRIC

**Eligibility:**

**Category A:** Part-time wheelchair use or full-time indoor use with occasional outdoor use or for use as backup when power wheelchair is in for repairs. For clients under the age of 18 years. Family of the client must be willing to accept a comparable substitute for Category A Wheelchairs. W-codes are not used on pediatric wheelchairs, except for W105 for One Arm Drive. Rigid frame or One Arm drive must be independent (self-propelling).

**Category B:** May be provided to children requiring speech generating communication device SGCD mounting (children already prior approved by AADL SLP consultant for A406 and A410). Must attach the AADL Eligibility Summary for Manual Wheelchair Benefits. Authorizer may request AADL hold authorization pending Seating Clinic verification of spec sheets. Request must be in writing on 1251 under section 5.

### MANUAL WHEELCHAIRS: PEDIATRIC CATEGORY A

W684	Invacare Freedom NXT	Folding Tilt. Handbrakes. Leaf Seat frame for L/E deformities (seating clinic only)	225 lbs	Black or blue	10-18"	12-22"	8%	Oct. 1, 2021

## MANUAL WHEELCHAIRS OPTIONS ON ADULT WHEELCHAIRS

**Eligibility:**

The AADL Eligibility Summary for Manual Wheelchair Benefits must reflect the clinical justification for each W-code selected. Clients are eligible for additional funding using W-codes on adult wheelchairs **except for** upgrade grants, Tilt-in-Space (see note under OAD below) and High Weight Capacity Wheelchairs.

**Heavy Duty (HD) Packages:** Client’s weight must support request for HD Packages (e.g., client must weigh more than 250 lbs to be eligible for HD1, more than 350 lbs to be eligible for HD2, etc.) Client’s weight must be on the 1251 form.

**One Arm Drive (OAD):** Client must be a full time user, have a unilateral U/E impairment and be independent in mobility (self-propelling). A One Arm Drive Code (W105) may be added to the Tilt-in-Space manual wheelchair for self-propelling full time clients.

**Costs:**  
 AADL funds options based on Manufacturer MSRP and vendor discounts UP TO the maximum price listed. Clients are responsible for costs over the maximum price. Costs for OAD are listed on individual wheelchair spec sheets.

AADL Cat #	Manual Wheelchair Option	Description	Maximum Weight Capacity	Maximum Price
W104	<b>OAD</b> - One Arm Drive	Standard wt. or HD (full-time user)		\$728.00
W105	<b>OAD</b> - One Arm Drive for Tilt-in-Space	Tilt or HD or Pediatric (full-time user)		\$1,200.00
W106	<b>EL/AEL</b> - Elevating Leg Rests	Category A only. Articulating or non-articulating		\$457.00
W107	<b>AAF</b> - Angle Adjustable Footplates	Category A only		\$240.00
W110	<b>O2</b> - Oxygen Holder	Replaces Z990 – Single holder is \$130 Double holder is \$311 Holder for a Recliner is \$278		\$311.00
W111	<b>XW</b> - Extra Wide Option	Includes additional charges related to: Widths 22" or greater. Depths 20" or greater Cannot be combined with Heavy Duty packages which include 22" widths or greater		\$644.00
W112	<b>Vent tray</b>	To be used with initial order. Comes in standard and heavy duty		Standard max \$730 Heavy duty max \$1165

## POWER WHEELCHAIRS

**Eligibility:**

A Power Wheelchair Application is reviewed to determine if a client is eligible for power mobility. Tilt options eligibility is determined by the Tilt-in-Space Form attached to the application. All power wheelchairs must be prior approved by AADL. Refer to the Policy Manual for details on eligibility.

Clients must be willing to accept a comparable substitute for power wheelchairs to be eligible for AADL funding.

Contoured backs must be ordered through the seating clinic to be eligible for funding. All private options, including no-charge options, are not covered for repairs by AADL.

The tilt option is funded for Adult clients only. High Speed Motors and repairs to high speed motors are not covered by AADL.

**Costs:**

Clients are responsible for any upcharges or options not funded by AADL. These include seat elevators, power elevating legrests and foot platforms. See the WP manual for a complete list of options not covered by AADL. Other options may be covered depending on clinical rationale. See W100 for Specialty Control coverage.

**Warranties:** Batteries: one year; Actuators: 18 months; Controllers/Joysticks/Motors: three years.

### POWER WHEELCHAIRS: PEDIATRIC

**Eligibility:**

A Power Wheelchair Application is reviewed to determine if a client is eligible for power mobility. All power wheelchairs must be prior approved by AADL. Refer to the Policy Manual for details on eligibility. Clients must be willing to accept a comparable substitute for power wheelchairs to be eligible for AADL funding. The tilt option on pediatric wheelchairs is considered an upgrade.

**Costs:**

Clients are responsible for any upcharges or options not funded by AADL. These are listed on the individual power wheelchair spec sheets available on the manufacturer website and include seat elevators, power elevating legrests, and foot platforms. The tilt option is not funded for pediatric clients. Other options may be covered depending on clinical rationale. See W100 for Specialty Control coverage on page APL W-16. See the WP manual for a complete list of options not covered by AADL.

AADL Cat #	Manufacturer/Model	Description	Wheel Drive	Colour	Seat Width	Seat Depth	Vendor Discount	Spec Sheet Eff. Date
W577	Sunrise ZM-310	165 lbs maximum wt. cap.	Mid	Black or blue	10-16"	10-19"	6%	May 1, 2019
W777	Invacare Rovi X3	300 lbs maximum wt. cap.	Mid	Black	11-20"	11-20"	6%	Oct. 1, 2021

## POWER WHEELCHAIRS: POWER TILT AND SPECIALTY CONTROLS

**Eligibility:**

All power wheelchair options must be prior approved by AADL. Power Tilts are funded for adult clients only and must be supported by a Power Tilt-in-Space Form. Refer to the Policy Manual for additional details on eligibility.

Clients funded for Specialty Controls own the controls and must be willing to accept responsibility for repairs.

Clients are provided with one type of control, and only one type of specialty control is funded. A client is not funded for both a basic joystick and specialty control.

Clients require a separate AADL 1251 form when the option is provided as a retrofit.

**Costs:**

Clients are responsible for any upcharges or options not funded by AADL. Options for each type of power wheelchair on the AADL program are listed on the individual power wheelchair spec sheets available on the manufacturer website. See the WP-manual for a complete list of options not covered by AADL.

**Approved Manufacturers:** Sunrise, Pride, Invacare, Permobil, NowTechnologies (Gynoset Vigo)

### SPECIALTY CONTROL OPTION

AADL Cat #	Description	Vendor Discount	Maximum Price	Spec Sheet Eff. Date
