WHEELCHAIRS

Wheelchairs are Recycle Benefits: Wheelchairs funded by AADL and are no longer required by the client are returned to an AADL vendor to be recycled except Upgrade wheelchairs that are considered as client owned.

Eligibility: Wheelchair eligibility is based on usage and clinically assessed needs which determines the category funded by AADL. See eligibility under each category.

Costs: Clients are responsible for any upcharges or options not funded by AADL. These are listed on the individual wheelchair spec sheets available on the AADL website.

Adult clients preferring a higher category (B or C) than they are eligible for are handled as upgrade wheelchairs; a grant of \$2000.00 (subject to cost-share) may be provided toward the purchase. All AADL funded wheelchairs must meet the equipment standards listed below.

Clients are responsible for all maintenance, parts changes and repairs on upgrade wheelchairs (refer to Policy WM-Manual for details).

Equipment Standards for all AADL funded Wheelchairs:

Wheelchairs must meet RESNA standards. Product must have been on the North American market for a minimum of one year.

Manufacturer must have an active representative in the province – includes regular visits to AADL Vendors and availability for consults.

Distribution of equipment is through AADL Approved Vendors with a facility maintained in Alberta.

Parts must be available from a Canadian Distributor warehouse.

Minimum warranties: 5 years on frame and 12 months on wheels and casters.

MANUAL WHEELCHAIRS: ADULT CATEGORY A

Category A wheelchairs have a weight capacity of 250 lbs. unless otherwise stated. Funding for additional options on wheelchairs are separated and are found under Wheelchair Options benefit codes on page APL W-9. **Clients must be willing to accept a comparable substitute for Category A wheelchairs.**

Eligibility Category A: Part time wheelchair use or full time indoor use with occasional outdoor use or for use as back-up when power wheelchair is in for repairs.

The W-code and clinical rationale must be written on the 1251 form for elevating legrests and angle adjustable foot plates.

Basic Price: based on seat width (15-18”) x depth (16-18”), 24” mag wheels, adjustable height armrests, 8” casters, composite handrims, standard 70° footrests, angle adjustable back canes, urethane tires and anti-tippers. This price is used for comparison purposes only and is not the final cost of an individualized wheelchair order.

Costs: Max.funding paid by AADL for an adult Category A wheelchair is \$2500.00. Calculating client costs is required on Category A spec sheets.

POWER WHEELCHAIRS

Eligibility: A Power Wheelchair Application is reviewed to determine if a client is eligible for power mobility. Tilt options eligibility is determined by the Tilt-in-Space Form attached to the application. All power wheelchairs must be prior approved by AADL. Refer to the Policy Manual for details on eligibility. Clients must be willing to accept a comparable substitute for power wheelchairs to be eligible for AADL funding. Contoured backs must be ordered through the seating clinic to be eligible for funding. The tilt option is funded for Adult clients only. High Speed Motors are not covered by AADL.

Costs: Clients are responsible for any upcharges or options not funded by AADL. These include seat elevators, power elevating legrests and foot platforms. See the WP-manual for a complete list of options not covered by AADL. Other options may be covered depending on clinical rationale. See W100 for Specialty Control coverage.

Warranties: Batteries: 1 year; Actuators: 18 months; Controllers/Joysticks/Motors: 3 years (manufacturers have until October 2018 to comply).

Refer to the Policy Manual for details on eligibility. Clients must be willing to accept a <u>comparable</u> substitute for power wheelchairs to be eligible for AADL funding. The tilt option on pediatric wheelchairs is considered an upgrade.</p> <p>Costs: Clients are responsible for any upcharges or options not funded by AADL. These are listed on the individual power wheelchair spec sheets available on the AADL website and include seat elevators, power elevating legrests, and foot platforms. The tilt option is not funded for pediatric clients. Other options may be covered depending on clinical rationale. See W100 for Specialty Control coverage on page APL W-12. See the WP-manual for a complete list of options not covered by AADL.</p>

POWER WHEELCHAIRS: POWER TILT AND SPECIALTY CONTROLS				
<p>Eligibility: All power wheelchair options must be prior approved by AADL. Power Tilts are funded for Adult clients only and must be supported by a Power Tilt in Space Assessment Form. Refer to the Policy Manual for additional details on eligibility. Clients funded for Specialty Controls own the controls and must be willing to accept responsibility for repairs. Clients are provided with one type of control and only one type of specialty control is funded. A client is not funded for both a basic joystick and specialty control. A separate AADL 1251 form when the option is provided as a retro-fit.</p> <p>Costs: Clients are responsible for any upcharges or options not funded by AADL. Options for each type of power wheelchair on the AADL program are listed on the individual power wheelchair spec sheets available on the AADL website. See the WP-manual for a complete list of options not covered by AADL.</p>
