

Overview of PDD Funding Categories – Home Living Supports

Overnight Staffed Living Arrangements	<p>An individual may live in a home that is staffed overnight to receive services up to 24 hours/day.</p> <p>Other individuals can also reside in the home and share services.</p> <p>Staff may be regularly scheduled or on call, sleep or awake flexibility employees and not considered part of the household.</p>
Support Home/ Supportive Roommate Living Arrangements	<p>An individual receiving PDD supports lives with a person(s) without a developmental disability who provides support to the individual in a family-type arrangement. These supports are not generally 'scheduled'.</p> <p>The home is considered to be the personal residence of all members of the household.</p>
Supported Independent Living Arrangements	<p>An individual can receive staff supports that will assist them to live in their home. They may or may not be living with others who also have a developmental disability.</p> <p>These supports focus on developing and maintain skills to live independently.</p>
Respite Supports	<p>Provides a short break for caregivers. These supports can be provided either in the home where the individual receiving PDD supports lives or outside the home.</p>

Numbers of People Accessing Home Living Supports¹

FMS – Family Managed Services

SP – Service Provider

Region	Overnight Staffed Living Arrangement			Support Home Supportive Roommate			Supported Independent Living			Total Individuals across all three			Individuals accessing multiple home living supports in one year
