

**2021-22 SATISFACTION WITH EDUCATION IN ALBERTA
TEACHER ONLINE SURVEY**

Login Page:

Thank you for your willingness to complete this teacher online survey. This is an online survey similar to the previous annual teacher telephone survey that gathers opinions from teachers on the education system in Alberta. We are looking for information from teachers about the level of satisfaction with Alberta’s education system, and to find out possible areas that can be improved or looked into further.

Your answers are completely confidential and will be grouped together with others for reporting purposes on this online survey.

The surveys will be conducted in compliance with requirements of the [Freedom of Information and Protection of Privacy \(FOIP\) Act](#) of Government of Alberta.

Detailed information about the survey:

1. Where can I find out more about this survey?

Please contact of Alberta Education at if you would like to know more about the survey. There is toll-free access to this number within Alberta if you dial 310-0000 first.

2. Who is?

..... is a survey research firm. We have been contracted by Alberta Education to conduct this survey to gather opinions on the education system in Alberta.

3. Why did contact me?

We are a Canadian company that conducts research for government and the education sector across the country. We have been contracted by Alberta Education to conduct this survey.

4. How did you get my name?

..... has received random samples of contact information from Alberta Education. We do not receive any information other than contact information about the survey participants. We are bound to manage all information in accordance with the *Freedom of Information and Protection of Privacy (FOIP) Act* and our contractual obligations to Alberta Education.

5. Why did you call me at home on my personal phone number?

The use of home numbers for the teachers survey was approved by Alberta Education so that classroom instruction time is not taken up doing surveys, and in order that teachers can freely express their opinions.

6. I recently completed an online survey questionnaire from Alberta Education. Is this the same survey?

No. Alberta Education is currently conducting two separate surveys. The online survey questionnaire you filled out previously is one of the Alberta Education Assurance (AEA) surveys (previously the Accountability Pillar surveys) that collect information about elementary, junior high and high schools at the jurisdiction level. This online survey is similar to the previous annual telephone survey of teachers to collect information about Alberta's education system on a provincial level. In the future, Alberta Education will be working with school jurisdictions to coordinate these activities for greater efficiency and effectiveness.

7. How long is the survey?

The online survey will take about 20 minutes to complete.

Alberta Education recognizes that COVID-19 has resulted in an unprecedented school year and that this may impact your responses to the survey. The Ministry thanks teachers for their diligence as everyone works through the challenges of learning in a COVID-19 environment. Your experiences and opinions given throughout this survey will help us understand how well key aspects of the school system have worked during this school year.

An opportunity to provide comments relating to the current situation will be provided at the end of the survey.

Your answers are completely confidential and will be grouped together with others for reporting purposes. You are free to refuse to answer any question at any time. Also remember, while answering the questions please provide your opinions based on your role as a teacher and for the school in which you are teaching.

When completing the survey, more information is available if you click/press on (?). Close the note box by clicking/pressing anywhere on the screen.

Please use the forward and back arrow buttons to go forward or backward between questions. If you wish to complete the survey at a later time, you may resume where you left off using the link sent to you.
