New		

Based on the new course outline for the cook apprenticeship, there is no one-to-one correlation from the old CKA 1-credit courses to the new CKA 1-credit courses. The instructor should review the new cook course outline from Apprenticeship and Industry Training to ensure all outcomes are being covered throughout the completion of this pathway.

If students have taken the courses on the left (green), they do not have to take the courses on the right (yellow). For example, if a student has taken *CKA3420: Breakfast Foods* and *CKA3425: Breakfast - Food Service*, the new *CKA3451: Breakfast & Dairy* course does not have to be completed.
