Back and Abdominal/Inguinal Hernia Supports

Procedure

Alberta Aids to Daily Living (AADL) back and abdominal/inguinal hernia supports vendors must offer clients a choice of products that meets AADL generic description and product standards, at or below AADL's maximum price.

These supports are not provided in acute/sub-acute care except as part of a discharge plan with a definitive discharge date.

A certified fitter is required.

A prescription is required that states the clients diagnosis is chronic, non-operable and indicates the type of support required.

Supports are not to be authorized for "work only" situations.

Products funded by AADL have metal stays; elastic garments are not included/funded.

The total quantity of these supports is two per 12 months.

Approved Manufacturers

- Airway
- Tru-Life
