Office of the Deputy Minister of Justice and Deputy Solicitor General  
2nd Floor, 9833-109 Street  
Edmonton, Alberta T5K 2E8

Dear Mr. Bosscha:

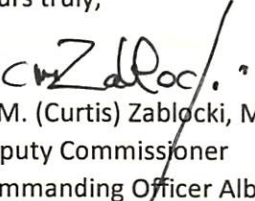

I am writing in response to your letter dated February 3, 2022.

Your letter, and the attached Public Fatality Inquiry Report in to the death of Nevaeh Charette completed by the Honourable T.W. Achtymichuk, have been reviewed by myself and my staff. The Alberta Royal Canadian Mounted Police (RCMP) are committed to the safety and well being of all Albertans, and as such, we agree to the recommendation made within the report.

In response to this Public Fatality Inquiry, the Alberta RCMP immediately initiated a review of the event and all associated Operational Communications Centre policies and procedures related to events involving rail transportation. As a result, the Alberta RCMP updated internal dispatch documentation in the Computerized Integrated Information and Dispatch System (CIIDS), to append to the emergency phone numbers for Canadian National (CN) and Canadian Pacific (CP) Rail. The option is now available to be selected, immediately connecting operators with the CP or CN Rail Emergency Dispatch centre.

The Alberta RCMP continues to be committed to the safety and well-being of all Albertans.

Yours truly,

  
C. M. (Curtis) Zablocki, M.O.M.  
Deputy Commissioner  
Commanding Officer Alberta RCMP
