## PREFACE

**Supplementary Estimates** for the General Revenue Fund are presented for twelve departments of the Government of Alberta. The Legislative Assembly will be asked to appropriate spending authority from the General Revenue Fund, pursuant to the *Appropriation (Supplementary Supply) Act, 2006*. These Supplementary Estimates reflect the same budgeting methodology as the 2005-06 Estimates which were tabled on April 13, 2005.

These Supplementary Estimates will authorize a \$1,354,485,000 increase in voted Expense and Equipment / Inventory Purchases, including a \$1,000,000,000 transfer from the General Revenue Fund to the Alberta Heritage Savings Trust Fund.

### **Definition of Terms:**

**Adjusted Gross Amount** includes amounts voted in the 2005-06 Estimates, Supplementary Estimates previously authorized by the *Appropriation (Supplementary Supply) Act, 2005 (No.2)*, and changes in expense authorized by section 24(2) of the *Financial Administration Act* for net budgeting.

**Net budgeting** provides a means of budgeting for goods and services which are subject to variable demand and for which a credit or recovery is received from external or internal sources. The Supplementary Estimates show the total gross amount, credit or recovery, and the net amount for net budgeted initiatives. If, during the fiscal year, expenses and credits or recoveries are both expected to exceed the amount budgeted, Treasury Board may increase the voted authorization pursuant to section 24(2) of the *Financial Administration Act*. If the budgeted credits or recoveries are not realized, the gross expense is managed so that it does not exceed the gross estimate less the shortfall in credits or recoveries, except where noted.
