

WHY LEARN A LANGUAGE?

As our world becomes increasingly connected and interdependent, it has become necessary for students to learn the skills to effectively communicate with others around the world.

Learning a language benefits students in the following ways:

Academic and Intellectual Achievement

- Students have higher test scores in reading, language and mathematics
- Students score higher in both verbal and non-verbal intelligence
- Students are better in divergent thinking tasks and in memory ability and attention span

Post-Secondary Admission

- Language courses may be used to meet the Alberta High School Diploma requirements. Up to 25 credits of the 100 credits required for a high school diploma can be earned in one or more second language
- A 30-level language course is accepted for university entrance and is a requirement for some faculties and programs. It may also help students meet the requirements for the Rutherford scholarship
- Students can continue to study Chinese in many post-secondary institutions

Enhanced First Language Skills

- Students' first language skills are strengthened in areas of reading, vocabulary development, grammar and communication skills

Cultural Understanding

- Students display enhanced cultural sensitivity, gain cross-cultural skills, and are better able to adapt to varying cultural contexts

Greater Career Opportunities

- There is a growing need for qualified speakers of languages other than English in areas of science, technology, medicine and global commerce

EDUCATOR SUPPORT

Alberta school authorities benefit from the expertise and assistance of the Special Language Advisor for Chinese Language and Culture through an agreement between **Alberta Education** and the **Confucius Institute Headquarters (Hanban)** in China.

The Chinese Language Advisor:

- Leads professional development sessions with Chinese language teachers
- Helps develop and maintain strong relationships with Alberta schools that offer Chinese language and culture programs
- Provides support to Alberta's Chinese language teachers
