SIGNIFICANT OPPORTUNITIES AND CHALLENGES

The Ministry has identified the following environmental trends, which may influence its ability to achieve its goals:

Department of Human Resources and Employment: Alberta is expected to enjoy continued economic growth, low unemployment, high labour force participation rates, and high workforce productivity. Strong economic growth leads to labour shortages and skills deficits, wage demands and more pressure on the workplace. Other factors such as the value of the Canadian dollar, Bovine Spongiform Encephalopathy (BSE), U.S. protectionism and offshoring of jobs could result in the need for labour market adjustments and supports for transitions in some industries. The social fabric of Alberta is changing. The fast-growing population is aging and becoming more ethnically diverse with increased immigration. Despite the prosperity enjoyed by most Albertans, there are still people with incomes below the Market Basket Measure low-income threshold. There continues to be a need for greater labour force participation by groups under-represented in the workforce such as Aboriginal people and persons with disabilities. Also, the Government of Alberta continues to emphasize making government more efficient and effective and is striving to ensure the long-term sustainability of its programs and services.

Personnel Administration Office: The government's vision for the Alberta public service is "The Alberta public service is respected for its attitudes, knowledge and skills, its effective management of public policy and its dedication to achieving quality, affordable services for Albertans." Achieving this vision within a competitive labour market with changing demographic and economic trends presents challenges for human resource management.

Alberta Labour Relations Board: The Alberta labour relations field is a dynamic one that responds to changes in the economy, demographics, technology and other factors. The Board must respond to these changes while maintaining the underlying principles of Alberta's labour relations legislation. Specifically, the Board is currently meeting the challenges created by the Labour Relations (Regional Health Authorities Restructuring) Amendment Act, providing mediation and adjudication services for the affected parties as they deal with the transition from seventeen Regional Health Authorities to nine.

Appeals Commission for Alberta Workers' Compensation (Appeals Commission): The Appeals Commission provides a fair, independent and timely final level of appeal. While initial appeals being received are significantly above previous five-year averages and general administrative workloads continue to increase, the challenge is to provide timely, quality decisions based on a fair and accessible appeal process within the principles of natural justice.

The Ministry has identified significant opportunities arising from these challenges to focus on over the next three years:

DEPARTMENT

Human Resource Development
• To help develop Alberta's human resource capacity in order to realize the benefits which a skilled and productive workforce offers all Albertans.

The Department will place a greater emphasis on workforce development initiatives that acknowledge industry's need for greater access to skilled workers. In addition, the Department recognizes the importance of workforce productivity in keeping Alberta internationally competitive and will also ensure alignment of its objectives with trends in education, including apprenticeship training.
**Partnerships**
- To be a leader and innovator in developing strategic alliances and networks with others to address the people, skills and workplace agendas of the Department.

The Department will continue to consider a broad range of stakeholders as potential partners including industry, professional associations, unions, municipalities, other departments, Aboriginal governments and organizations, training providers, clients and others, and will design innovative and collaborative models to work with them.

**Workplace**
- To work across government and with external groups to ensure a fair, safe, healthy and balanced workplace.

The Department will continue to be an honest broker and respected voice on matters related to workplace health and safety, collective bargaining and employment standards for all Albertans.

**Innovative Delivery**
- To continue to pursue new and innovative ways of delivering programs and services.

The Department will take advantage of opportunities such as new technologies, integration and streamlining of policies, bundling of programs and services, outsourcing, effective resource allocation and partnerships in pursuing excellence in its business practices.

**Sustainability**
- To continue to support the government's sustainability agenda across various programs and services.

The Department's programs and services will continue to support the Government of Alberta's long-term overall objective of fiscal responsibility and the sustainability of programs and services.

**PERSONNEL ADMINISTRATION OFFICE**

**Alberta Public Service**
- To work collaboratively with ministries to develop innovative and leading human resource practices that effectively position the Alberta public service as an employer that offers a challenging, diverse and rewarding team environment, dedicated to making Alberta the best place to live, work and visit.

**ALBERTA LABOUR RELATIONS BOARD**

**Labour Relations**
- To continue to provide investigation, adjudication and mediation services to the Alberta labour relations community.

(Services include education and consultation with stakeholders.)

**APPEALS COMMISSION FOR ALBERTA WORKERS' COMPENSATION**

**Stakeholder Education**
- To continue to work with stakeholders to enhance their understanding of the appeals process.

**STRATEGIC PRIORITIES 2005-08**

Through the Ministry's review of external and internal challenges, the following strategic priorities have been identified. APPEALS COMMISSION FOR ALBERTA WORKERS' COMPENSATION

7. **Appeals**
   
   The Appeals Commission will provide accessible and transparent appeals services in a timely manner while maintaining an uncompromised fairness of process.

   **Linkage:** Goals 10, 11 and 12
Low-income Albertans can meet their basic needs

What it means
Albertans who are unable to provide for their basic needs will receive help. Government, community and business resources are available to assist those in need. The Department, through Alberta Works, provides financial assistance, health benefits, and child support services to low-income Albertans so they can meet their basic needs and be as independent as possible.

Strategies
1.1 Provide financial and health benefits, and child support services to meet the basic needs of low-income Albertans who are eligible to receive financial assistance.

1.2 Extend health benefits and child support services to former recipients of financial assistance so they can remain independent of financial assistance.

1.3 Provide low-income families with health benefits for their children and child support services so they do not become dependent on financial assistance.

1.4 Provide low-income Albertans experiencing family violence with financial benefits to relocate and/or establish themselves in the community.

Albertans have the skills, supports and information they need to succeed in the labour market

What it means
Albertans are the province's most important resource. They will continue to acquire the knowledge and skills they need to identify and participate in future opportunities, and be self-reliant and contributing members of society. The Department, through Alberta Works and other programs, supports individual Albertans, including those with barriers to employment, to get the skills, services, and career and labour market information they need to find and keep a job.

Strategies

2.1 Provide programs and services to help Albertans develop skills, find and keep employment, manage their careers and adapt to the changing labour market.

2.2 Provide programs and services to assist youth, immigrants, Aboriginal people, older workers, persons with disabilities, and income support and employment insurance clients to develop skills to increase their labour force participation.

2.3 Develop and publish career and labour market information products and resources.

1 Caseloads for 2006-07 include 330 cases, which were previously Widows' Pension clients.
2 Current Widows' Pension clients grandfathered for two years.
3 Includes full-time and part-time provincial and federal learners receiving income support and/or training allowance. Number of learners is the yearly number of students assisted, not a monthly average. These learners are in tuition-based training only.

The framework provides a corporate approach that is established in collaboration and consultation with stakeholders. It includes the areas of benefits, compensation, classification, labour relations, collective bargaining, staffing, workforce development and workplace health. Functional experts provide consulting services to ministries to support the effective implementation of human resource initiatives. Information technology tools and strategies are sought out and used to leverage the effectiveness of human resource programs.

Core Business Five: Labour Relations - Adjudication, Investigations and Mediation

– Impartial application of Alberta’s labour laws

The Alberta labour relations community receives timely, effective and efficient services

What it means

It is important that labour relations matters be dealt with as quickly as possible to ensure situations do not grow into larger more complicated issues. The Alberta Labour Relations Board ensures the effectiveness of the investigation process.

Strategies

7.1 Investigate applications in a timely and accurate manner to ensure early resolution of differences.

1 Certifications and Revocations are not included as they are mandated to go to hearing if applicant demonstrates sufficient statutory requirements. However, it is common for the numerous and sometimes complicated issues relating to these applications to benefit from Board settlement efforts.

GOAL NINE

Make clear and timely decisions for the parties to quickly implement the resolution

What it means
It is important for labour relations decisions to be well reasoned and researched, but this must be tempered by the needs of the parties to have issues resolved quickly. The Alberta Labour Relations Board balances the needs for accuracy with the effectiveness of the decision-making process and the needs of the parties.

Strategies
9.1 Render decisions within 90 calendar days from the completion of the hearing.

GOAL ELEVEN

Provide fair decisions on appeals

What it means
Quality and consistency of decisions and fairness of processes are indicators of the effectiveness of the appeal system and are important, as the Appeals Commission is the final level of appeal. The fair and consistent application of legislation, policy and the principles of natural justice ensures administrative practices and decisions are upheld on review.

Strategies

11.1 Continue to build and develop the competency base of the Appeals Commission through training and effective recruitment.

</tr>
</tbody>

GOAL TWELVE

Provide accessible and transparent appeal services

What it means

The rules, practices and procedures used in the appeal process by the Appeals Commission must be documented, clear and available for those who are or who may chose to participate in an appeal. The Appeals Commission works to improve understanding and readiness of the parties through education and the provision of information.

Strategies

12.1 Ensure accurate, informative and up to date information that is available and provided through various means including publications and the Appeals Commission Web site.

12.2 Continue the publication of Appeals Commission decisions.

Performance Measures

Two performance measures, "Satisfaction with accessibility of information and services" and "Satisfaction with transparency of procedures and policies used", will be added to Goal 12 once sufficient baseline data has been collected.
