

Seniors Home Adaptation and Repair Program

Information guide, loan application and agreement

The Seniors Home Adaptation and Repair Program (SHARP) provides low-interest home equity loans for home repairs, adaptations and renovations that help seniors:

- Remain independent in their homes.
- Be safe in their homes.
- Adapt and modify their homes to improve accessibility and mobility.
- Improve the energy efficiency of their homes.

Examples include but are not limited to plumbing, heating and furnace upgrades, electrical, fencing, roof repairs, widening doorways, window replacement and stair lifts (see page three for additional examples).

SHARP will not provide a loan for repairs and adaptations that are non-essential and/or products (e.g., appliances, furnishings and portable devices) and services (e.g., cosmetic gardening) not related to home repairs.

If you qualify for a loan you do not need to make monthly repayments. You repay the loan when you sell your home, move, or sooner if you choose, without penalty.

If you are a senior homeowner with low income who is not eligible for a loan you may be considered for a grant. You will be contacted by the program during the review of your application and informed about any financial assistance for which you may qualify.

Loan eligibility

You may be eligible for a loan if your income does not exceed the maximum allowed and you are:

- Age 65 or older and listed as a registered owner of a residential property in a Land Titles Office (only one spouse/partner needs to be 65).
- A Canadian citizen or permanent resident of Canada.
- An Alberta resident who has lived in Alberta for at least three months.

Property qualifications

Your property may qualify for a loan if it meets the following conditions:

- Primary residence of the owner (where the owner ordinarily resides). Second homes, such as summer homes, rental properties and commercial properties, do not qualify.
- Covered by home insurance at full replacement value (loan only).
- Sufficient equity (see Equity Calculator, page 2).

Only residential properties qualify.

Mobile homes and manufactured homes on residential property owned by the senior are eligible to apply.

The residential portion of farmland or commercial property may be considered.

If you are a mobile homeowner and you do not own the land on which your mobile home resides, you will not be eligible to receive the loan. If you are lower-income, your application may be considered for a grant to cover some or all of the cost of your requested home repair (see SHARP Grant, page 4).

Registered owners

You may be eligible for a loan if your primary residence is registered with a Land Titles Office as a fee simple (typical homeowner) or leasehold.

The applicant and, if applicable, a spouse/ adult interdependent partner (partner) and all registered owners of the property are required to sign the application form.

Registration of security for the loan

SHARP will register a caveat against your certificate of title to secure any loan you receive.

The information contained in this publication is subject to change. The most recent information is available online at alberta.ca/seniors-financial-assistance.aspx or by calling the Alberta Supports Contact Centre at 1-877-644-9992.

Income eligibility

Your and your spouse/partner's (if applicable) total combined income (line 15000 of your 2022 tax return) is used to determine your eligibility for a loan.

You may be eligible for a loan if your 2022 total combined income is less than \$75,000 (single senior or senior couples).

With your consent, income information for you and your spouse (if applicable) will be obtained directly from the Canada Revenue Agency.

Income information for other property owners is not required unless they are a spouse/ partner of the applicant.

Only the income sources needed to determine your eligibility will be collected. The following deductions from total income may be considered.

- Adjustments for pension income splitting
- Registered Disability Savings Plan income
- Canada Pension Plan Death Benefit
- Supplementary Accommodation Benefit
- A one-time payment under the Heroes' Fund

Equity calculator

Use this calculator to determine if you have the minimum equity to qualify for a loan.

Assessment value of your home	\$	
Assessment value x 0.75 =	\$	A
Total charges (e.g. line(s) of credit, mortgage(s) and any other registered charges)	\$	B
Amount of the loan you are applying for (cannot exceed \$40,000)	\$	C
Add Line B and Line C	\$	D
To be eligible for a loan	D must be LESS THAN or EQUAL to A	

Registered charges affecting eligibility for a loan

Any charges registered against your primary residence that may prevent you from being able to repay your loan must be removed from your land title certificate before you can qualify for a loan.

Some common examples of charges that may prevent you from being eligible for a loan are:

- Certificate of Lis Pendens (pending litigation)
- Reverse mortgage
- Maintenance enforcement
- Bankruptcy

Minimum equity

To qualify for a loan, you must maintain a minimum of 25 per cent equity in your primary residence after the loan amount is applied. This means that all charges registered against the land title of your primary residence, including the requested SHARP loan, cannot exceed 75 per cent of the property's assessed value.

The property's assessed value is based on the property tax assessment prepared by your municipality. All charges registered against your primary residence, including the registered value of your mortgage, line of credit, the amount of the loan you are requesting from SHARP and any other registered charge that has a monetary value, will be used to determine your equity.

If you are low income and do not have sufficient equity to qualify for a loan, your application may be considered for a grant to cover some or all of the cost of your requested home repair.

The following is a list of some of the home repairs, adaptations and renovations for which you could receive a loan. SHARP may provide a loan for repairs and adaptations that are essential to the structure, upkeep or energy efficiency of the home, as well as the health, safety and mobility of its occupants. Consumer information and right to cancel certain contracts

Before you hire a contractor, do your homework. Refer to the Consumer Tips Home Renovations insert that was provided with your application package.

Under this program you have cancellation rights if you sign a contract for home repairs, adaptations and renovations and it is determined you are ineligible for a loan. Services or materials agreed to in the contract cannot be accepted by you (for example, received or installed) before you are notified by the program that you are ineligible for a loan or you will lose your cancellation rights.

To enable your cancellation rights you must apply to SHARP within 45 days of the date you sign the contract. If you cancel a contract within 30 days of receiving notification from the program that you are ineligible for a loan, you are not required to begin or pay for the home repairs, adaptations and renovations agreed to in the contract and the contractor must refund any money you have paid to them under the contract within 15 days.

If you are eligible for a loan, you do not have cancellation rights under SHARP but you may have other rights under the *Consumer Protection Act*.

Interest on the loan

Interest will start on the date SHARP direct deposits the loan into your bank account and will end when the loan has been repaid.

The interest rate is variable and set to match the prime interest rate every six months on April 1st and October 1st.

The program charges simple rather than compounded interest. This means interest is charged only on the loan amount and not on the accumulated interest.

You will receive semi-annual loan statements in April and October confirming the balance of the outstanding loan, including interest.

For the current interest rate or to estimate your loan charges, please visit our website at seniors-housing.alberta.ca/seniors/home-adaptation-repair-loan-calculator.html or you

may call the Alberta Supports Contact Centre toll-free at 1-877-644-9992 or 780-644-9992 in the Edmonton area.

Survivorship

Typically, when an applicant who has a SHARP loan passes away, the full amount of the loan and any interest will become due. However, existing loans and eligibility to apply for future loans may continue for a surviving spouse/partner if the spouse/partner:

- Is 55 years or older.
- Is a registered owner of the primary residence.
- Lived in the primary residence before their spouse/partner passed away.
- Continues to live in the primary residence.

Repaying the loan

Monthly repayments are not required.

The loan (principal together with interest) will be due when:

- You sell your primary residence.
- You are no longer a registered owner.
- Your home is no longer your primary residence.

You may choose to repay all or part of the loan and interest at any time without penalty.

Payments toward the loan will apply to interest first.

You may repay all or part of the loan online through most financial institutions' bill payment function, or by cheque or money orders payable to the Government of Alberta.

Once the loan has been repaid in full, the caveat will be discharged from your land title certificate.

Direct deposit

If you are eligible for a loan, it will be deposited directly into your bank account.

If you receive a monthly direct deposit from the Alberta Seniors Benefit (ASB) program, the loan will be deposited into the same bank account unless otherwise indicated.

If you do not receive ASB, complete the direct deposit section of the application form.

Payments by installments

If you are eligible for a loan the program may disburse the loan to you in installments depending on the size of the loan required and the expected duration of the home repair, adaptation or renovation project.

Power of attorney or trustee

A power of attorney or trustee may sign the application form on behalf of an applicant and/or registered owner if that individual has authority to administer the property on the applicant or registered owner's behalf and proper supporting documentation is provided.

Accounting

If you provide an estimate rather than a receipt, you will be asked to send in receipts showing that you completed and paid for the home repairs, adaptations and renovations for which you received a loan. Receipts should be mailed to the program within a reasonable timeframe (normally three to six months depending on the nature of the work).

Loan limitations

The minimum loan amount that a household may request per application is \$500. This may include any eligible home repairs, adaptations

and renovations completed within the previous 12 months. The costs for multiple home repairs, adaptations or renovations can be combined toward the \$500 minimum.

The maximum loan amount a household may have outstanding for their primary residence is \$40,000 (not including interest).

SHARP grant

If you own your home but are not eligible for a loan (e.g., not a fee simple owner, insufficient equity, or you are a mobile homeowner on rented land) and your 2022 income is below \$31,080 (single senior) or \$50,720 (senior couple), your application may be considered for a grant to help cover some basic and essential home repairs.

Home insurance at full replacement value is not an eligibility requirement for the grant.

You must submit a completed loan application (including all original signatures) in order to be considered for the grant.

You will be contacted by the program during the review of your application and informed of any financial assistance for which you may qualify.

For more detailed information on what home repairs are considered under the SHARP grant, please visit our website at: alberta.ca/sharp-grant.aspx.

After you apply

SHARP will review your application.

We may contact you or your contractor by phone for additional information.

When the review of your application is complete we will provide you with written notification of your eligibility.

If a loan is approved, a caveat will be registered on your certificate of title in a Land Titles Office.

Approved funds will be deposited into your bank account.

If you are issued a loan, you will receive semi-annual loan statements in April and October confirming the balance of your loan.

If you are notified you are not eligible for SHARP, you can request a review of the decision by writing to the program Executive Director outlining your reasons for requesting a review.
