Early Replacement Cushions

Early Replacement Cushion catalogue numbers may be used to provide a replacement cushion to a client who has experienced a significant change in clinical condition.

To confirm previous consumption of a Early Replacement Cushion on the IVR or E-Business use one of the catalogue numbers listed below. Early Replacement Cushion catalogue numbers do not compete with other cushion catalogue numbers.

Note: Occasional and Part-time wheelchair users are NOT eligible for early replacement cushions.

Eligible reasons for early replacement:

Due to Size Change

Client must meet the following criteria:

- Must have had the current cushion for at least 1 year.
- Must be a change of at least 2 inches in the client's anatomic measurements, or if client exceeds weight capacity of current cushion.

The authorizer MUST indicate the change in anatomic measurements or weight on the 1250/Authorization.

Due to Skin Integrity Issues

Client must meet the following criteria:

- Must have had pressure wound at least Stage II.
- Must have had the current cushion for at least 1 year.

The authorizer MUST indicate the following on the 1250/Authorization:

- Stage and location of wound(s).
- Indicate other wound prevention strategies that have been implemented.

Due to Significant Change in Functional Status

Client must meet the following criteria:

- Must have had the current cushion for at least 6 months.
- Must have progressed from occasional/part-time wheelchair user to full-time wheelchair user.

The authorizer MUST indicate the change of functional status the 1250/Authorization.

	Seating Level	Qty./Freq.		Max. Price
Adult Early Replacement Cushion
