**Re: Slave Lake Pulp (S20) DFMP Mountain Pine Beetle Amendment**

Dear Robert:

We are pleased to submit for your review and approval, the Slave Lake Pulp DFMP – Mountain Pine Beetle Amendment. Since September, 2008 the Plan Development Team has been working to develop a strategy that will address the threat of Mountain Pine Beetle in the S20 FMU. This plan has been a collaborative effort between Slave Lake Pulp Corporation, Quota holders and ASRD staff.

Further, our consultation process provided opportunity to solicit input from individuals and groups within and around the FMA. The issues brought forward are detailed in the plan and have been addressed in the plan development.

You will find the complete document on the attached digital media.

Please feel free to contact me if you require anything further.

Yours truly,

Gordon Sanders  
Woodland Manager  
Alberta Plywood Ltd. / Slave Lake Pulp
