Background

Alberta is a resilient and diverse economic destination of choice, with talent and potential throughout all its regions. The Government of Alberta is working with regions across the province to pursue our common goals of economic diversification, job creation and financial well-being.

Recognizing that not all regions of Alberta have the same challenges, priorities or access to the resources needed to accelerate economic development, Alberta Jobs, Economy and Northern Development (JEND) has developed the Northern and Regional Economic Development (NRED) Program to enhance economic conditions and leverage regional resources to build capacity for sustainable economic development and diversification.

The Program is based on engagement with community stakeholders and provides an opportunity for communities to work with partners to identify and allocate resources to a promising area of regional economic development. Although all communities can apply to the regional stream, there will be a dedicated stream for Northern and Indigenous communities in recognition of their unique challenges.

A Glossary of Terms and Definitions is provided in Appendix 1.

Program Overview

Program Summary

Eligible applicants may submit proposals that either immediately promote regional economic prosperity or those that lay the foundation for continued economic prosperity into the future. As such, the NRED Program will support projects in all stages, from planning and readiness to implementation of previous strategies and plans. Subsequent intakes will be designed to encourage previously successful applicants to progressively build on their projects.

For a project to be eligible, it must support economic development and have a clear path to achieving tangible and impactful results in one or more of the following priority areas:

- Investment in Economic Development Infrastructure
- Business Supports
- Labour Force Attraction and Retention
- Tourism Planning, Capacity Building and Infrastructure
- Economic Development Capacity Building

Eligible projects must not take more than two years to complete and successful applicants will receive grant funds up front so that their projects can commence immediately.

Eligibility

Eligible Applicants

Entities eligible to apply to the NRED Program include the following, which are further defined in Appendix 1:

- **Incorporated Non-Profits** with a mandate of economic development, that have been operating for a minimum of one year, and are in good standing with any provincial or federal filing requirements
- **Municipalities**
- **Indigenous Communities (First Nations or Métis Settlements)**

Applications from project-based partnerships are permitted provided the application is submitted by an eligible entity (listed above). This entity will be considered the “lead” and if successful, will enter an agreement with JEND on behalf of their organization and their partner(s).

Streams

In recognition that economic activity occurs in a number of forms, each with a unique perspective to contribute to economic growth and job creation, the Program has two streams of support:

Northern Development and Indigenous Stream	Regional Development Stream
<p>This stream is open to eligible projects based in Northern Alberta and projects that are Indigenous-led.</p> <p>Northern Alberta is defined by the Northern Alberta Development Council (NADC) as described in Appendix 1 and as shown on the map (page 14).</p>	<p>This stream is open to eligible projects based outside of Northern Alberta and to projects that are not Indigenous-led.</p>

Applicants are required to identify the stream they wish to be considered under and are eligible for. Applications from each stream will be reviewed alongside other eligible applications within that stream.

In order to be eligible for the Northern Development and Indigenous Stream projects must be either:

- a) based in Northern Alberta (see Appendix 1 for definition and map) with more than 50% of the benefits provided to a community (or communities) located in Northern Alberta; or
- b) Indigenous-led, where the applicant is either a First Nation or a Métis Settlement.

In order to be eligible for the Regional Development Stream projects must be:

- a) based outside of Northern Alberta; and
- b) led by an eligible entity that is not a First Nation or a Métis Settlement.

Funding

The Government of Alberta has committed a maximum of \$2 million in funding for this phase of the Program. There is no defined amount for each stream.

Funding Parameters

- **For applicants that are Indigenous* (First Nation or a Métis Settlement):**
 - The Program will provide up to 75% of total Eligible Project Costs.
 - Total Eligible Project Costs must be a minimum of \$26,675 and the Program will provide a maximum of \$200,000 in funding to any project.
 - Applicants must be able to match the funding requested at a minimum of 25% of the total Eligible Project Cost.
* In order for an applicant to be considered Indigenous, the lead organization must either be First Nation or a Métis Settlement.

- **For all other applicants (Northern projects and all Regional Development Stream applicants):**
 - The Program will provide up to 50% of total Eligible Project Costs.
 - Total Eligible Project Costs must be a minimum of \$40,000 and the Program will provide a maximum of \$200,000 in funding to any project.
 - Applicants must be able to match the funding requested at a minimum of 50% of the total Eligible Project Cost.

Approved applicants are eligible to receive between \$20,000 and \$200,000 in NRED funding to support Eligible Project Costs. There is no maximum amount for the total project cost, however the Program's support will not exceed \$200,000 per project.

To be eligible for funding, all projects that require regulatory approval (provincial or federal) must have those approvals in place prior to application.

Funding Limitations

NRED projects and their activities must not be a recipient of other funding through the Government of Alberta* or Government of Alberta's agencies. Appendix 2 provides examples of other programs that applicants should be aware of. In order to verify eligibility, applications will be reviewed by a committee composed of representatives from across Government and its agencies to ensure that there is no overlap.

* Note: while NRED Program activities must not be eligible for other Government of Alberta funding, activities that follow previously funded work are permitted. For example, if the Government of Alberta or one of its agencies previously provided funding to develop a strategy, the activities to implement the strategy are eligible for the NRED Program.

"Stacking" of funding from the Government of Alberta or its agencies (i.e. using multiple sources of Government of Alberta or agency funding for a single project) is not permitted.

Projects or their activities that are contrary to any applicable legislation or regulation are not permitted and NRED funding cannot be used to support such activities.

Matching Funding

Matching Funding includes the portion of the project costs supported by applicants and their partners, excluding costs supported by the NRED Program. All Matching Funds must be fully secured (i.e. received) or committed (i.e. approved) at the time of application. If funds have been committed, funding must be received before the end of the project or through a claim submitted at the end of the project. For additional details on these terms please refer to the definitions in Appendix 1.

Accepted sources of Matching Funding for all applicants include:

- An applicant's internal funds;
- Funding from project partners that may include: for-profit enterprises, non-profit entities, and post-secondary institutions;

 - In-kind contributions are subject to Program review and acceptance at the Program's discretion and may be adjusted if the applicant's valuation is deemed to be higher than market value; and
- Government of Canada or Municipal government funding (secured or committed).

Applicants must provide evidence that all Matching Funds are either committed or secured at the time of application. Evidence should be provided for each source of funding (including the applicant's) and may include letters from the organizations that are providing the funds confirming that the funds are committed, secured/approved (e.g. notice of approval or other award/funding notification) or equivalent. Applications will also be reviewed by a committee composed of representatives from across the Government of Alberta and/or Government of Alberta agencies to ensure that there is no overlap in funding of the proposed activities.

All validated applications will be reviewed by members of the Government of Alberta and/or Government of Alberta agencies who are not connected to the Program, or to any entity that would be eligible to apply to the Program. Panel members are chosen based on their area of expertise, senior leadership, knowledge of economic development, sector knowledge, knowledge of investment and capital attraction and for their collective ability to bring multidisciplinary expertise to the review process.
