

2020 Payday Loan Aggregate Data - Alberta

Definitions

The following represents the terminology used throughout this report. Data has been supplied by Alberta's payday lenders, and reflects the current state of the payday loan industry in Alberta.

Number of Loans: The total number of all payday loan agreements entered into by payday lenders throughout 2020.

Total Value of Loans: The sum of the principal of all payday loan agreements entered into by payday lenders during 2020. This does not include fees or interest.

Number of Loans Written Off: A loan is considered written off when the payday lender has declared a payday loan unrecoverable and closed the account without the borrower having fully repaid the outstanding balance.

Total Value of Loans Written Off: This is the value of the principal of the written off loans, minus any payments made.

Number of Defaulted Loans: A defaulted payday loan is one where the borrower did not meet the repayment provisions of the credit agreement, regardless of whether, at some point, the borrower repaid the payday loan in full.

Value of Defaulted Loans: Sum of the principal of all payday loan agreements entered into by payday lenders in 2020 where the borrower defaulted. This applies only to the initial default, not subsequent defaults.

Value of Default Loan Fees and Interest: The value of any default fees and interest on outstanding payday loans that the payday lender has not written off at the end of the reporting period.

Repeat Payday Loans: Payday loans issued to borrowers who had previously received a payday loan from the same payday lender during 2020.

Dishonoured Payment Fee: A fee charged by the payday lender when a pre-authorized debit or other form of payment is returned as "non-sufficient".

Payday loan licensees were required to submit information related to their operations during the 2020 calendar year. This information reflects the reported payday loan activity of Alberta's 15 licensed payday loan businesses between January 1 and December 31, 2020.
