

FAILS must be cleared within 10 minutes, otherwise it may result in an extension to the Mandatory IIP term. Your participation activity reports covering the final 3 months of the Mandatory IIP must be clear of any warn and fail readings to be considered for full driver's licence reinstatement.

- When you have successfully completed the IIP, your case will automatically be reviewed by Driver Fitness and Monitoring. Where Driver Fitness and Monitoring decides to extend your participation in the Mandatory IIP, official notice will be sent to your last registered address on file. You may request a review of this decision under the Registrar Reconsideration Process within 30 calendar days of the decision.
- You are hereby notified that certain actions may result in any of the following combinations: a warning letter, a term extension, referral to the Registrar Reconsideration Process, referral for a medical review, a Notice to Attend an Inquiry with Alberta Transportation or revocation from participating in the IIP. Examples of such actions include, but are not limited to:
 - **“Fail”** recorded on the interlock device (with a breath alcohol concentration level of 0.040 or higher)
 - **“Warn”** recorded on the interlock device (with a breath alcohol concentration level of 0.020 to 0.039)
 - Inappropriate use or handling of the interlock device (e.g. attempting to tamper, circumvent and/or by-pass the interlock device).
- A request to have the interlock device removed earlier in order to resume driving without participating in Alberta's Mandatory IIP will not be considered.
- Driver Fitness and Monitoring has a zero tolerance policy for client engagement that is harassing, repetitive, oppressive, or abusive behavior towards Government of Alberta staff, contractors, and staff of contractors. If you are unable to meet these expectations, your IIP participation may be revoked.

Contact Information:

- General information regarding your participation in Alberta's IIP, please visit the following website: www.alberta.ca/ignition-interlock-programs.aspx or contact Driver Fitness and Monitoring by telephone at 780-427-8230 (toll-free in Alberta by first dialing 310-0000).
- For information regarding interlock device costs,

installation, etc., please contact Smart Start by telephone at 1-844-432-4776 (toll-free) or visit their website at www.smartstartcanada.ca/contact-us.

- For information regarding Alberta's Impaired Driving Programs (Planning Ahead course or IMPACT Program), please contact the Alberta Motor Association (AMA) in Edmonton at 780-430-8811 (or toll-free in Alberta at 1-800-272-5698) or please visit their website: www.ama.ab.ca/knowledge-base/articles/how-do-i-register-for-the-alberta-impaired-drivers-program-aidp.
