# #171

## Product list updates: Incontinence products

Alberta Aids to Daily Living (AADL) has updated [Approved Product List I – Incontinence Supplies](#) to clarify and correct product names and SKUs and ensure that products listed are available in the Alberta market. Maximum prices for these products have not changed.

These changes will take effect July 1, 2024.

## What has changed

### M200 – Disposable adult briefs/diapers, small or youth

- Updated product information with current and available product names and manufacturer SKUs.
- Added Abena Abri-Form products.
- Added Lille Healthcare SUPREM fit products.
- Removed Molicare Premium Super Brief and Slimline Youth products.

### M203 – Disposable adult briefs/diapers, medium

- Updated product information with current and available product names and manufacturer SKUs.
- Added Abena Abri-Form products.
- Added Lille Healthcare SUPREM fit products.
- Removed Molicare Premium Super Brief and Slimline Youth products.

### M205, M207 and M214

- Updated and clarified product information with current and available product names and manufacturer SKUs.
- Removed Tena ProSkin™ Bariatric Ultra Briefs XL.

### M215 – Disposable child or youth briefs/diapers, 350 mL

- Added Attends Comfees Baby Diapers.

### M240, M242, M243 and M263– Disposable liners

- Updated product information with current and available product names and manufacturer SKUs.
- A reminder that AADL is phasing the incontinence liners out of the program; they are no longer funded for new clients. Liners are only available to clients who were authorized for them prior to July 1, 2020.
